ACCREDITATION

Vance-Granville Community College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award associate degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia, 30033-4097 or call (404) 679-4500 for questions about the accreditation of Vance-Granville Community College.

APPROVAL

Vance-Granville Community College is approved by the:

- NAEYC Early Childhood Associate Degree Accreditation
- North Carolina Community College System
- North Carolina Board of Nursing
- Joint Review Committee on Education in Radiologic Technology
- Commission on Accreditation of Allied Health Education Programs
- MAERB Medical Assisting Education Review Board Accreditation
- North Carolina Division of Vocational Rehabilitation
- North Carolina State Approving Agency for Veterans and Military Education Programs
- North Carolina Board of Cosmetic Art Examiners
- North Carolina Office of Emergency Services
- North Carolina Division of Health Service Regulation
- North Carolina Sheriffs' Education and Training Standards Commission
- North Carolina Criminal Justice Education and Training Standards Commission
- North Carolina State Bar Board of Paralegal Certification
- Automotive Service Excellence - National Automotive Technicians Education Foundation
- Council for Standards in Human Service Education

MEMBERSHIP

Vance-Granville Community College is a member of the following:

- North Carolina Community College System
- Southern Association of Colleges and Schools
- American Association of Community Colleges

CATALOG INFORMATION

Vance-Granville Community College has made every reasonable effort to determine that everything stated in this catalog is accurate at the time of publication. However, the N.C. General Assembly, the State Board of Community Colleges or the VGCC Board of Trustees may make changes in policy, graduation requirements, fees and other charges, curriculum course structure and content, and other such matters after the publication of this catalog. The N.C. General Assembly may make changes in tuition without notice. The official version of the college catalog can be found at www.vgcc.edu or by contacting the Vice President of Employee and Student Services.

Vance-Granville Community College is an equal opportunity institution. The College serves all students regardless of race, creed, color, age, sex, national origin, or disabling conditions.

Vance-Granville Community College is a Tobacco-Free College.

The College complies with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1991 prohibiting discrimination with regard to disabilities.

MESSAGE FROM THE PRESIDENT

Welcome to Vance-Granville Community College and thank you for your interest in our excellent programs and services. The dedicated faculty and staff at VGCC are here to educate, inspire and support students like you, so that you can prepare to transfer to a university or enter a career.

This catalog will be a valuable guide to the resources available to help you complete your educational journey. You will learn about our 40-plus curriculum programs of study, leading to certificates, diplomas, and degrees in exciting career fields, plus college transfer options. You also can find out about our adult high school equivalency programs and continuing education courses that provide job skills and lifelong learning opportunities for individuals, businesses and industries.

We serve our students in a variety of settings including classrooms and labs on our four campuses, on-site at locations throughout our communities, and online. A new initiative allows students to earn a half dozen degrees totally online. Our classes are taught by respected faculty members who have the academic credentials, commitment to teaching, and real-world experience to help you succeed.

Beyond the classroom, you have access to important student support opportunities, such as academic skills tutoring, advising, and library services. Vance-Granville benefits from incredible community support, which translates into hundreds of scholarship opportunities for our students. A new scholarship program guarantees that every student residing in the four-county area we serve can afford a college education.

We are delighted that you have chosen VGCC and encourage you to explore the options for education and training at the college.

Dr. Stelfanie Williams

VANCE-GRANVILLE COMMUNITY COLLEGE 2017-2018 ACADEMIC CALENDAR

SEMESTER SYSTEM

Vance-Granville Community College operates on the semester system. The fall and spring semesters are 16 weeks (80 days) in length. The summer term is 8 weeks (40 days) in length. In addition, mini-terms are offered during fall and spring and summer semesters. These include 12, 8, and 4 week terms. Each mini-term has a census date, add/drop period, and withdrawal dates that are published in ARCHES, Vance-Granville Community College's registration bulletin.

Fall Semester 2017

August 14	Monday	Curriculum Classes Begin (16-Wk & 1st 8-Wk)
August 15	Tuesday	Last Day To Add A Class (1st 8-Wk)*
August 16	Wednesday	Last Day To Add A Class (16-Wk)*

COLLEGE HISTORY

Vance-Granville Community College was founded by the North Carolina General Assembly as Vance County Technical Institute in 1969. After offering classes in various community locations, VCTI officially moved into renovated quarters of the former Maria Parham Hospital building near downtown Henderson in January 1970 and began offering extension classes. By the fall of that year, eight vocational and technical courses were added to the curriculum.

During the ensuing year, VCTI experienced a phenomenal growth in enrollment, and the need for larger, more permanent facilities became increasingly evident. The Board of Trustees requested that the Vance County Board of Commissioners hold a \$2 million bond referendum for that purpose. Granville County representatives expressed interest in supporting a united effort between the counties to construct and maintain a new campus. A joint bond issue passed in 1972, and the name of the institution was changed to Vance-Granville Technical Institute.

Located midway between Henderson and Oxford alongside Interstate 85, the new campus consisting of four buildings opened in August 1976, just six weeks after the Legislature granted community college status, and its name was changed to Vance-Granville Community College.

The College experienced such rapid growth that a fifth building was added in 1978, while the College service area was expanded to include Franklin County and a major portion of Warren County (VGCC was assigned responsibility for all of Warren County by the North Carolina Board of Community Colleges in 2001).

In 1981, the General Assembly funded a special appropriation for much-needed equipment for training purposes. That same year, seven new programs were added to the general curricula, resulting in record-breaking enrollments and the eventual opening of the first South Campus, a facility in southern Granville County.

VGCC reactivated its Endowment Fund Corporation in 1982 to seek contributions from the community for its scholarship program and other support for the college. The fund at that time held approximately \$15,000, but since then has received gifts of more than \$7 million. Over 8,800 students have received scholarships through the Endowment Fund in recognition of their academic achievement.

In 1984, the College reached another plateau in its physical growth plan when it received \$1.1 million in construction funds from the General Assembly. These funds supported a new Student Admissions/Skills Training Center, built in 1985 on the Main Campus; a new, permanent South Campus complex in Granville County; and a new campus in Warren County. Both campuses were completed in 1988.

With the opening of new entrance and exit ramps off Interstate 85 in 1988, improved access to the Main Campus resulted in bringing the College closer to its students as well as enhancing its visibility.

VGCC met still another long-range goal in 1989 with the construction of a \$2 million Small Business/Civic Center on the Main Campus.

Significant growth in the 1980s underscored VGCC's ongoing efforts in the 1990s to serve area citizens with new and improved educational opportunities that included the opening of a new campus in Franklin County in 1991, giving VGCC a campus in each of the four counties in its service area.

The year 1993 brought more good news for the College's growth plans, as North Carolina voters passed a \$200 million Community College Bond Referendum. VGCC's share of the monies, \$4.2 million, was earmarked for a

variety of construction and renovation projects. Part of the funds supported the construction of a new classroom/day care building, completed in the summer of 1996 on Main Campus. Other funds helped with construction, renovation and expansion needs at the other three campuses.

In 2000, growth plans received a significant boost as North Carolina voters passed a Higher Education Facilities bond referendum, from which VGCC received \$17.1 million over a six-year period for new construction and renovations at all four campuses. The first money from these funds was used for the construction of a new three-story Technology, Occupational Extension and Basic Skills building, completed on Main Campus in September 2003. The largest of all the College's facilities, the structure houses classrooms and labs for curriculum programs, Continuing Education, the Small Business Center and Basic Skills. The Student Services Building was also expanded to provide better service to students and to provide space for a lab for the Bioprocess Technology program, which began in Fall Semester 2005.

This expansion of Vance-Granville's total physical plant and equipment has helped accommodate a larger student enrollment. During 2015-2016, the College served nearly 11,000 curriculum and extension students. Consistent with the structural and enrollment growth of the College has been its increase in curriculum program offerings. To keep up with changing economic demands, several new areas of study – in fields including information technology, culinary arts, logistics, health and human services – were added during the first decade of the 21st century. Meanwhile, the College has expanded both its online course offerings and partnerships that allow high school students to earn college credits. Between 2008 and 2010, VGCC opened four Early College high schools -- one at each VGCC campus -- in partnership with local public school systems.

CAMPUSES

The Main Campus of Vance-Granville Community College is located midway between Oxford and Henderson on an 83-acre tract of land off Interstate 85. The original Main Campus consists of nine buildings, including a Civic Center, totaling 249,320 square feet. In July 2016, VGCC expanded the campus with the renovation of a facility, Building 10, that houses classrooms for workforce training. The 12,800-square-foot facility is located on a 21-acre tract on the west side of Poplar Creek Road across from the main entrance of the Main Campus. Combined, the ten buildings encompass 262,120 square feet.

The College also offers classes at three other campuses in the four-county service area: South Campus, between Butner and Creedmoor in southern Granville County; Warren County Campus, in downtown Warrenton; and Franklin County Campus, west of Louisburg.

Since their formal dedication in the fall of 1988, both South Campus and Warren County Campus have been renovated, enlarged and improved to accommodate a growing number of students.

South Campus consists of one building of 49,175 square feet, including a major two-story addition completed in January 2007.

Warren County Campus today includes four buildings totaling 29,505 square feet, the most recent addition being a classroom building that opened in January 2005.

Franklin County Campus, which first opened its doors to students in 1991, shared space in a local government building before moving in 1998 to its permanent new home outside Louisburg. The campus added two structures in 2001: the Biotechnology Lab/classroom building and a multipurpose facility. The completion of a two-story building in 2006 gave the campus five buildings, totaling 62,639 square feet.

MISSION

Vance-Granville Community College educates, inspires, and supports a diverse community of learners to achieve professional and personal success.

VISION

In partnership with our community, Vance-Granville Community College will lead the economic development of our region, be nationally-recognized for educational excellence, and improve our world through stewardship and sustainability.

VALUES

Excellence - We value working to our full potential and demonstrating quality at all levels by meeting or exceeding our goals and establishing high expectations for achievement by everyone through continuous improvement.

Teaching - We value rigorous, quality instruction that maximizes student success through focused and purposeful student support and activities.

Communication - We value decision making through broad-based, respectful team work and effective dialogue.

Respect - We value professional working relationships and exceptional service for our faculty, staff, students, and community.

Access - We value keeping our services accessible to our communities through a welcoming and supportive environment for all.

Diversity - We value the unique attributes and contributions of the members who enrich our college and its community.

Innovation - We value innovation and creativity through our leadership in learning, technology, and community partnerships.

Community - We value positive and supportive relationships among the faculty, staff, students, and community of our service area.

Sustainability - We value prudent stewardship of our resources and implementation of best practices in policies and operations that are ecologically, socially, and economically sustainable.

GOALS

Educational Excellence from Access to Success

- 1.1 Increase student achievement through student-centered teaching.
- 1.2 Increase student completion through effective academic advising.
- 1.3 Facilitate college growth.
- 1.4 Cultivate a college-wide culture of support for a diverse community of learners.
- 1.5 Provide resources and experiences to empower students and prepare them for work or higher education.

An *Organizational Culture* of Quality, Cooperation, and Engagement

- 2.1 Recruit and hire exceptional employees.
- 2.2 Retain qualified employees.
- 2.3 Foster participation in meaningful professional development opportunities.
- 2.4 Enhance open communication.
- 2.5 Develop a campus community valuing health, safety, and quality of life opportunities.

A Learning Community of *Continuous Improvement*

- 3.1 Develop a culture that prioritizes individualized service to students.
- 3.2 Develop a culture of continuous quality improvement and best practices.
- 3.3 Institute leadership development that supports and empowers all employees.

One College Experience

- 4.1 Enhance support services.
- 4.2 Foster student and employee engagement in college life.
- 4.3 Partner with community organizations to support the college mission.
- 4.4 Improve, maintain, and utilize adequate technology.

Institutional Stewardship: Securing and Sustaining Our Resources

- 5.1 Secure new and innovative resources to support institutional goals.
- 5.2 Implement risk assessment and management at the college.
- 5.3 Advance environmentally-friendly practices at the college.

OPEN DOOR PHILOSOPHY

Vance-Granville Community College, through its open door philosophy, is committed to serving all individuals who seek knowledge or new skills to improve their quality of life. This open door philosophy was described by W. Dallas Herring, the “father” of the North Carolina Community College System, in 1964.

The only valid philosophy for North Carolina is the philosophy of total education, a belief in the incomparable worth of all human beings, whose claims upon the state are equal before the law and equal before the bar of public opinion; whose talents (however great or however limited or however different from the traditional), the State needs and must develop to the fullest possible degree. That is why the doors to the institutions in North Carolina's System of Community Colleges must never be closed to anyone of suitable age who can learn what they teach. We must take the people where they are and carry them as far as they can go within the assigned function of the system. If they cannot read, then we will simply teach them to read and make them proud of their achievement. If they did not finish high school but have a mind to do it, then we will offer them a high school education at a time and in a place convenient to them and at a price within their reach. If their talent is technical or vocational, then we will simply offer them instruction, whatever the field, however complex or however simple, that will provide them with the knowledge and the skill they can sell in the marketplaces of our State, and thereby contribute to its scientific and industrial growth. If their needs are in the great tradition of liberal education, then we will simply provide them the instruction, extending through two years of standard college work, which will enable them to go to the University or to senior college and on into life in numbers unheard of before in North Carolina. If their needs are for cultural advancement, intellectual growth or civic understanding, then we will simply make available to them the wisdom of the ages and the enlightenment of our times and help them to maturity.

-W.D. Herring, 1964

Performance Measures

Since 1999, the North Carolina Board of Community Colleges has adopted performance measures for accountability. The list of performance measures focuses primarily on student success and serves as one of the college's accountability tools.

In 2010, President Scott Ralls appointed members of a Performance Measures Committee to review the current performance measures and recommend changes to the State Board of Community Colleges. These changes were approved by the State Board in 2011 and the General Assembly in 2012. The Performance Measures Committee was established to develop new performance-based student success measures to go in effect in 2013. During the development of these new measures, it was determined that it was important to establish a three-year review process to ensure the measures and methods for evaluating colleges were current and remained focused on improving student success. A Performance Measures Adjustment Committee was appointed to review the current set of measures and recommend deletions, revisions, and additions.

The chart below includes each of the seven current performance measures presented to the State Board in March 2015, the system-wide "excellence level" and "baseline" for each measure (based on the prior three years of historical data), the community college system's performance as a whole, and VGCC's performance for that measure. These measures were approved by the State Board and adopted by the General Assembly in 2016 through Section 10.1 of S.L.2016-94.

The information listed is the most recent data available. Additional information on performance measures and other accountability factors is available in Vance-Granville Community College's Office of Planning and Research.

NCCCS PERFORMANCE MEASURES 2014-2015

Performance Measures	System Excellence Level	System Baseline	System Total %	VGCC Achievement
A - Basic Skills Progress	68.3%	34.5%	55.7%	57.3%
B - Credit English Success	55.9%	23.8%	48.4%	40.9%
C - Credit Math Success	32.5%	10.1%	27.6%	9.6%
D - First Year Progression	75.0%	54.1%	67.6%	71.2%
E - Curriculum Completion Rate	51.9%	35.9%	43.7%	37.6%
F - Licensure Passing Rate	90.9%	69.9%	84.4%	79.6%
* Less than 5 students at Vance-Granville Community College took this exam during the year reported				
BLET	90.9%	69.9%	82.0%	69.0%
Detention Officer	90.9%	69.9%	96.0%	*
Cosmetology	90.9%	69.9%	90.0%	81.0%
Cosmetology Apprentice	90.9%	69.9%	92.0%	71.0%
Cosmetology Instructor	90.9%	69.9%	78.0%	*
Manicurist	90.9%	69.9%	79.0%	*
EMT	90.9%	69.9%	76.0%	76.0%

VISITORS

Visitors are always welcome at Vance-Granville Community College. Members of the Admissions Office or campus deans will conduct campus tours for individuals or groups as desired. Please call the Director of Admissions for an appointment.

Inquiries about the College and its programs should be directed to the Dean of Enrollment & Outreach or the Dean of Continuing Education.

Visitors are not permitted to attend classes or contact students on campus without permission from the Dean of Enrollment & Outreach or the campus deans at the Franklin, South, and Warren county campuses.

PUBLIC COMPLAINT PROCEDURES

Members of the public may register complaints by forwarding a signed, written statement to the Office of the President, Vance-Granville Community College, PO Box 917, Henderson, North Carolina 27536. Vance-Granville Community College will consider complaints that are in writing.

However, complaints that are anonymous, or sent electronically or through facsimile transmission may not be considered. The President, or the President's designee, shall investigate the complaint. The investigating individual may require further information from the complainant and may seek information from appropriate college offices, as needed, to respond to the complaint. The investigating individual, if not the President, shall make a written report to the President of his/her findings, and the President shall respond to the complaint. A log of all written complaints along with all materials and reports shall be maintained on file in the Office of the President for an indefinite period of time.

DISCLOSURE AND CONSUMER INFORMATION

The Higher Education Opportunity Act of 2008 (HEOA) contains numerous federal reporting and disclosure requirements for information from various administrative areas of higher education institutions.

In order to make this information readily available to the public, Vance-Granville Community College has created an information page at www.vgcc.edu/about-vgcc/consumer-information which is designed to provide quick access to this data. Available information includes general college information, student achievement & performance measures, financial aid, health, security & fire safety, legal information & policies, student life, athletics & student services, voter registration, contacts and Title IX. Gainful Employment programs and disclosures are also included. Questions may be directed to the Vice President of Employee and Student Services.

EMERGENCY INFORMATION

If an emergency arises, students should inform the nearest college employee. First aid equipment is located in key locations and shops throughout the Main Campus and satellite campuses. When an emergency exists that requires treatment beyond simple first aid, the nearest rescue unit will be notified. All emergency cases will be referred to the nearest hospital for treatment. Any expense for medical assistance will be the responsibility of the injured individual and his/her family.

The right to call for outside medical assistance in medical emergencies will be left to the judgment of the College staff member present at the scene of the emergency.

ID CARDS

All students enrolled in curriculum classes will be issued ID cards at the beginning of his or her initial enrollment.

Curriculum students should have their valid student ID at all times while on campus and be able to provide their ID when requested by VGCC staff or security personnel. There is a replacement cost to reissue lost or damaged ID cards.

INCLEMENT WEATHER

Should it appear that adverse weather or other factors would necessitate closing of Vance-Granville Community College, the President, or the President's representative, shall make the final decision. Classes missed as the result of the closing of the College due to adverse weather or other factors shall be made up using a method to be determined by the President of the College.

Notice of the College closing will be made on local television and radio stations, on a taped message at (252) 492-2061 and on the VGCC web page at www.vgcc.edu.

PHOTO USAGE STATEMENT

Vance-Granville Community College reserves the right to make photographs, video, motion pictures, and electronic images of students and others on the college's campuses and to use those images for news, marketing/advertising and promotional purposes.

All photographs are the exclusive property of Vance-Granville Community College and may be edited. Images may also be shared with the North Carolina Community College System Office and others. Objection to the use of an individual's image in the manner stated above must be made in writing to the Vice President of Employee and Student Services.

**ADMISSIONS,
REGISTRATION,
& RECORDS**

Vance-Granville Community College maintains an “open door” admissions policy. Placement of students in certain academic curriculum programs of instruction is selective and all students are required to be high school or High School Equivalency (HSE) graduates. The College serves all individuals who can benefit from instruction, regardless of race, creed, sex, age, religion, national origin, disability or other non-relevant factors.

Admission to a specific program of study is based upon guidelines developed to help the student determine his/her chances of success in that career field. Before the student is admitted to any curriculum degree, diploma, or certificate program, placement testing and academic advising are required. Students who are uncertain about a program of study are referred to the Career Center for assistance. When placement test scores or other evidence indicate a lack of readiness to pursue a specific curriculum, the student will be placed in developmental courses or may be encouraged to reevaluate occupational and/or educational goals.

Students entering all programs are required to be high school or HSE graduates. Exceptions to this rule require review by the appropriate department and division dean with a recommendation for approval/disapproval to the Vice President of Academic Affairs.

General Admissions Procedures

1. Submit a completed Application for Admission at <http://www.vgcc.edu/application>.
2. Complete NC residency determination at RDS (<http://www.NCresidency.org>).
3. Submit official transcripts of secondary education (high school). Students entering a program of study have up to one semester of attendance to submit their official secondary transcript. No financial aid will be awarded until all admissions requirements are met, including receipt of all secondary education transcripts. (Students who have graduated from institutions outside the United States must document completion of a nationally recognized secondary school diploma.)
Submit official post-secondary (college) transcripts if:
 - a. You desire to have your post-secondary transcript(s) evaluated for possible transfer credit. (See *Transfer Admissions* section);
 - b. You plan to use Veteran’s Educational benefits. The Veteran’s Administration requires that an official copy of all post-secondary transcripts be on file with the College;
 - c. You plan to participate in Athletics at the College.
4. Take placement test unless exempt by college credit or Multiple Measures for Placement Policy. (See *Student Assessment and Placement Testing* section.)
5. Attend New Student Orientation.
6. Meet with an Academic and Career Coach.

Note #1: *Students who have an associate degree or higher from an accredited college or university are not required to submit high school transcripts. An official College or University transcript is required to document the degree earned. (Exception: Students who plan to use Veteran’s Educational benefits, and students who plan to participate in Athletics at the College must submit high school transcripts.)*

Note #2: *An official transcript is one that is mailed directly from the previous high school, college or university to Vance-Granville Community College, is submitted by the applicant in an officially sealed envelope from the educational institution, or is submitted electronically from the educational institution.*

Selective Admissions

Selective admissions are used for programs of study that have limited openings. In addition to the standard procedures required of all applicants, students seeking enrollment in Associate Degree Nursing, Associate Degree Nursing LPN to ADN Transition, BLET, Cosmetology Instructor, Medical Assisting, Pharmacy Technology, Practical Nursing, Radiography and RIBN must meet specific departmental requirements. For selection to specific programs of study, students should direct inquiries to the Admissions/Records Office.

Selective Admissions Procedures

1. Applicants must qualify on placement examinations as prescribed by the program of study.
2. Applicants must meet secondary school or post-secondary course requirements as established for specific programs of study.
3. After all admissions requirements have been met by the applicant, official admission is contingent upon proof of satisfactory physical health as required by regulatory agencies.
4. Final selection will be determined by the number of openings in the program of study and by the applicant's evaluation and ranking.
5. Successful clinical placement requires a "clean" criminal background check conducted and reviewed by the clinical site.

Transfer Admissions

The student who has successfully completed courses at other post-secondary institutions must adhere to the same procedures as an incoming freshman. The student is responsible for submitting an application for admission and official transcripts of previous educational experience as stated under the *General Admissions Procedures* section. (An official transcript is one that is mailed directly from the previous high school, college or university to Vance-Granville Community College, is submitted by the applicant in an officially sealed envelope from the educational institution, or is submitted electronically from the educational institution.)

Upon receipt, official transcripts from accredited, post-secondary institutions will be evaluated by the Registrar's Office in accordance with the following statements:

1. Transfer credit may not exceed 75 percent of the total credit hours required to complete the desired program of study.
2. All credit to be transferred must be equivalent in credit hours and content to course offerings at Vance-Granville Community College.
3. No grade lower than a "C" will be transferred.
4. Applicants to the selective admissions Health Sciences programs must have completed BIO-prefix classes within **10 years** prior to date of enrollment in the selective program. The transfer of all MED-NUR-, PHM-, and RAD-prefix classes are subject to time restrictions determined by each department as outlined in the program-specific admissions documentation.
5. The transfer of all CCT-, CIS-, CSC-, CTI-, CTS-, DBA-, NET-, NOS-, OST-, SEC-, SGD-, and WEB-prefix classes completed more than **5 years** prior to a student's enrollment in any Computer Education and Office Administration related programs of study are subject to approval by the Academic Dean due to the rapid technological changes in those areas of study.

6. The transfer of Cosmetology (COS) hours and performances is limited to the State Board mandated 5 year expiration rule and the passing of a State board required entrance exam. Cosmetology hours expire 5 years from the date of enrollment at which time they become void or invalid and will no longer be eligible for transfer.
7. Transfer credit will not influence the student's quality point average or grade point average, and will not be evaluated in graduation honors or awards. Transfer credit is recorded on the VGCC transcript with a grade of "TR."
8. Students with questions regarding transfer credit should contact the Registrar's Office. Students have a right to appeal transfer credit decisions to the appropriate Academic Dean by submitting a transfer credit appeal request form to the Registrar's Office.

Reverse Transfer

Students who transfer from Vance-Granville Community College to an accredited four-year institution prior to completing their associate degree, may transfer credit from the four-year institution back to VGCC for review of degree completion.

To be eligible for reverse transfer consideration, a student must follow the same transfer credit requirements as outlined in the Transfer Admissions section of the catalog, including submitting official college transcripts.

Official transcripts may be sent to the VGCC Records Office by mail at PO Box 917 Henderson, NC 27536 or sent electronically to records@vgcc.edu. Students who submit their transcripts for reverse transfer consideration should contact the Registrar's Office to ensure the transcript is evaluated accordingly.

For more information on the reverse transfer program, please visit <http://www.northcarolina.edu/reversetransfer>.

Readmission Procedures

A student who previously attended VGCC but was not enrolled during the previous 18 months must submit a new application for admission to the Admissions/Records office and may need to update residency classification at RDS. Applicants must complete the regular admissions requirements as stated under the *General Admissions Procedures* section including New Student Orientation.

A former student will not be readmitted until all former and current indebted obligations to any program or activity under the administrative jurisdiction of the College have been satisfied.

Students seeking readmission into Health Sciences programs must meet additional requirements. Students may contact the Health Sciences Admissions Coordinator for details concerning these requirements.

Quarter Credits

Credits earned at Vance-Granville Community College under the quarter system (prior to the fall of 1997) were converted to semester hours and are reflected on the student's college transcript. In order to count towards a current program of study, the course(s) taken under the quarter system must be equivalent in credit hours and content to an existing VGCC semester credit course(s).

Previous courses taken under the quarter system that meet this criteria may be reviewed by the appropriate program head or department chair to ensure they meet the academic requirements of the discipline and current industry standards. If all requirements are met, the program head or department chair should submit a Course Substitution form for approval of academic credit.

ADMISSIONS UNDER SPECIAL CONDITIONS

Admission of Undocumented Immigrants: As of July 2010, undocumented immigrant students are admissible to North Carolina Community Colleges with the following limitations: 1) Community Colleges shall only admit an undocumented immigrant if he or she attended and graduated from a United States public high school, private high school or home school that operates in compliance with State or local law. 2) Any undocumented immigrant student is required to pay the out-of-state tuition rate regardless of the number of years he or she has resided in the state. 3) Additionally, undocumented immigrant students are not permitted to have registration priority over students who are lawfully present in the United States. Consequently, undocumented immigrant students are not permitted to register until the conclusion of the last published registration period.

In order to comply with these regulations, undocumented immigrant students should follow the same admission and residency classification procedures as all other students, but will not be allowed to register for classes through WebAdvisor or during any early registration period. Instead all students classified as undocumented immigrants should bring their completed registration forms to the Registrar to be held until the end of registration. After the close of registration, undocumented immigrant students will be registered into any available classes. This procedure is in keeping with the State Board of Community Colleges Code 1D SBCCC 400.2.

Special Credit Students: Students not seeking a certificate, diploma, or associate degree may enroll as a special credit student for a maximum of twelve (12) semester hours of credit. Students enrolled in this status are not required to take the placement test for enrollment into curriculum courses that do not have prerequisites and do not have to meet the transcript requirements for curriculum programs. Special credit students must take the placement test in order to enroll into courses which have prerequisite requirements.

Students classified as “special credit students” are ineligible to receive most types of financial aid. Students who plan to take more than twelve (12) semester hours of credit must take the placement test, complete the regular admission requirements, and declare an academic program of study.

Career and College Promise (CCP): Career and College Promise Programs offer structured opportunities for qualified high school students to pursue one of three pathways. A brief description of each pathway is listed below. For more detailed information and application procedures please visit the High School Students website at <http://www.vgcc.edu/HighSchoolStudents/index>.

1. **College Transfer (CT) Pathway.** The College Transfer Pathway is designed for high school juniors and seniors who wish to begin study toward an Associate degree and a baccalaureate degree. The transfer pathways are a structured set of courses in the Comprehensive Articulation Agreement (CAA) between the University of North Carolina (UNC) and the North Carolina Community College System, leading to completion of the Associate in Arts or Associate in Science degree. All courses in which the student earns a grade of "C" or better will transfer to the UNC universities upon the student's acceptance. These courses may also count as high school credit at the discretion of the high school administration.

2. **Career Technical Education (CTE) Pathway.** The Career Technical Education Pathway is designed for high school juniors and seniors who wish to begin the pathway towards completion of a credential prior to graduating high school. Students can choose one of many approved areas of study in which they can pursue courses that can lead to certification or licensure, and increased employment opportunities. These courses may also count as high school credit at the discretion of the high school administration. Freshmen and sophomores may participate in certain CTE pathways as designated by the College.

3. **Cooperative Innovative High School Program.** VGCC Cooperative Innovative High School Programs take the form of Early College High Schools and are located on or near the college’s campuses. Students enrolled in these programs can concurrently obtain a high school diploma and begin or complete an associate degree program or earn up to two years of college credit within five years. The application process to apply to one of these schools begins in middle school and is conducted by the Local Education Agency (LEA). To obtain additional information about our early college high school partnerships please visit our website. Application information and procedures can be obtained through your servicing LEA.

INTERNATIONAL STUDENT ADMISSIONS

International students are admitted in accordance with federal US Immigration and Customs Enforcement (USICE) regulations that govern non-immigrant student visa (F-1) status. Vance-Granville Community College is authorized by the USCIS to issue I-20 Forms to qualified international applicants for associate degree programs. In summary, before being admitted, an international student must:

1. Submit an online Application for Admission;
2. Present official TOEFL, SAT or ACT scores that document academic English ability, or acceptable scores in English, Reading and Mathematics on the college placement test battery. (This option is only available to international applicants who are already in the U.S. on another valid non-immigrant visa type);
3. Submit official secondary and/or high school and college or university transcripts (if applicable). Transcripts must be submitted with the application for admission in sealed envelopes or mailed directly to VGCC from the overseas institution, and must be translated to English if necessary;
4. Submit an Affidavit of Support completed by the applicant’s sponsor and accompanied by an original bank letter or statement that certifies the availability of sufficient funds to cover all expenses, food, housing, and transportation.
5. Submit a one semester tuition deposit (approximately \$3,500 to \$4,000.)

All admissions requirements must be met before the College can issue an I-20 Form to an international applicant.

International students are considered out-of-state for tuition purposes as long as they hold a non-immigrant visa, and are not eligible for state or federal financial aid. International students are required to study on a full-time basis (at least 12 hours) every fall and spring semester, and are not eligible for employment except under limited circumstances. All necessary forms and additional details regarding the application process for international applicants are available on the VGCC web site at: www.vgcc.edu/admissionsoffice/international_students.

STUDENT ASSESSMENT AND PLACEMENT TESTING

The purpose of placement testing is to assess students' English, reading and math college readiness skills. The NC DAP test will be administered to students who do not meet the placement criteria included in the Multiple Measures for Placement policy. (See Waiver of Placement Testing/ Multiple Measures of Placement Policy at <http://testing.vgcc.edu>.) Special credit students may be exempt from placement testing in some instances based on exemptions listed under the *Admissions Under Special Conditions* section. A returning student who has not been at VGCC during the past five calendar years and who has not successfully completed any General Education course numbered 111 or higher must retake the placement test and enroll in courses as indicated by his or her scores.

Placement test scores will be used for the purpose of academic advising and appropriate course placement, including remediation if needed, as indicated by the placement test results. Students are strongly encouraged to prepare for the placement test. Study resources are available on the Testing Center website at <http://testing.vgcc.edu>. Students who lack basic academic skills necessary to be successful in college course work as indicated by the results of the placement test will be given an opportunity to remediate academic deficiencies through developmental courses. Students who place at the Adult Basic Skills level in reading, writing, or math will not be allowed to enroll in any curriculum courses, including developmental courses, until additional assessment and remediation have been completed.

Students may test and retest once prior to the start of courses in which they are enrolling. The higher score will be used for placement. There is a minimum wait of ten days between the first and second administration of the test to ensure time for review.

Students who have not enrolled in a developmental English, reading, or math class within twelve months of testing may test and retest prior to the semester in which they are enrolling. The most recent scores (or the higher of the most recent test-retest scores) will be used for placement. Any additional testing beyond the initial test-retest will require special approval from the Director of Academic and Career Assessment or the Dean of Enrollment & Outreach. Placement test scores are valid for five years.

Diagnostic tests may be administered by the instructor to ensure correct placement. If scores on the diagnostic tests are sufficient to warrant retesting, then eligible candidates will be referred to the Testing Center for retesting using the College's official placement test. Students scoring high enough on the College placement test will be given an opportunity to advance to an appropriate course depending upon meeting patterns and availability. Retesting will only be allowed during the drop/add period of the term.

WAIVER OF PLACEMENT TESTING/ MULTIPLE MEASURES FOR PLACEMENT POLICY

The placement test may be waived under the following circumstances:

1. Transfer students who have successfully completed transferable college or university-level courses in English and/or mathematics from an accredited post-secondary institution.
2. Applicants who meet the Multiple Measures for Placement Policy. See Testing Center website for complete details: <http://testing.vgcc.edu>.
3. Applicants who have taken placement tests within five years at another NC Community College may transfer those scores to VGCC.

TESTING SCHEDULE

The placement test is periodically scheduled throughout each academic term. Placement testing sessions are available at all campuses during a variety of times to accommodate students. Placement testing appointments may be scheduled after an Application for Admission is received by the College. Applicants who may need special accommodations should contact the Counselor/Advisor for Disability Services prior to their scheduled test date. For more information, including how to prepare for placement testing, please visit the Testing Center website at <http://testing.vgcc.edu>. A valid photo ID is required for all testing.

Note: No food, drinks, or children are allowed in the Testing Center.

RESIDENCE STATUS FOR TUITION PURPOSES

In 2013 the NC General Assembly legislatively directed UNC General Administration (GA), the NC Community College System (NCCCS), the NC State Education Assistance Authority (SEAA) and the NC Independent Colleges and Universities (NCICU) to create a centralized, uniform process for determining residency for tuition purposes and for administration of state financial aid. This centralized process is known as the Residency Determination Service (RDS). In order for a student to receive the benefits of in-state tuition a residency determination from RDS is required as part of admission starting in February 2017.

Determining Residency Status

The specific requirements for establishing residency for tuition classification purposes are prescribed by state law. A North Carolina resident for tuition purposes is a person, or a dependent person (dependent according to IRS tax code), whose parent or legal guardian has established and maintained legal residence in North Carolina for at least 12 months. Residence in North Carolina must be legitimate and be a permanent situation rather than just for the purpose of maintaining a residence prior to enrollment at an institution of higher education.

Under North Carolina law, to qualify for in-state tuition, you must show that:

- You have established your legal residence (domicile) in North Carolina
- You have maintained that domicile for at least twelve (12) consecutive months before the beginning of the academic term or semester
- You have a residentiary presence in the state
- You intend to make North Carolina your permanent home indefinitely (rather than being in North Carolina solely to attend college)

Other persons not meeting the 12-month legal residence requirement may be classified as North Carolina residents for tuition purposes only if they fall within one of the limited categories authorized by the North Carolina Legislature. All other persons are ineligible for classification as a North Carolina "resident for tuition purposes" and will be charged out-of-state tuition. To learn more about residency and complete a determination go to www.NCresidency.org or contact RDS at: 844-896-2411 (phone), 919-835-2427 (fax)

What to Expect When Using RDS

Applicants can complete the RDS process before, during, or after completing the admissions application. You will only have to complete the process once, no matter how many NC college or university admissions applications you complete. You will complete an online interview and may

be asked to provide documentation afterward. Required information will include identification numbers for you and/or your parents, such as you might provide for the Free Application for Federal Student Aid (FAFSA).

REGISTRATION

Registration is the process of enrolling in a schedule of courses or a program at the beginning of each term or at other specified times. Enrollment in a course is determined by proper registration and subsequent payment for that course.

New Students

For registration purposes, “new students” are defined as those students who are enrolling at VGCC for the first time. New students should:

1. Complete an Application for Admission and apply for financial aid as early as possible (2 to 3 months before the start of classes);
2. Complete residency classification as explained in previous section;
3. Complete placement testing as defined under Student Assessment and Placement Testing;
4. Attend New Student Orientation;
5. Schedule an appointment to meet with their academic advisor;
6. Register on the designated registration dates;
7. Obtain a student I.D. and parking permit; and
8. Complete the registration process by paying tuition and fees.

Returning Students

For registration purposes “returning students” are defined as those students who are currently enrolled or who have been previously enrolled during the last year in the same academic program. Returning students may be eligible for priority registration and are encouraged to preregister with their academic advisor for the following term as soon as notification is given. Returning students need to follow steps 4 through 7 listed above (under New Students section.) Students must reapply for financial aid every year by March or April to ensure that funding is in place in time for registration.

Change of Academic Program

There are times when a student’s aptitude and interests may be better served by a change of academic program. A student who is considering a change from one program to another must meet with an Academic and Career Coach or Advisor to explore the possibilities and implications of such a change, and complete a Change of Academic Program form. Students should consider carefully before changing their academic program, and are discouraged from changing more than once per year. Academic program changes received after the published census date of each semester or term will not take affect until the next academic semester or term. The College reserves the right to evaluate academic program changes on a case by case basis.

Veterans should consult with the Veterans’ Officer before making a change; the Department of Veterans Affairs will not pay for some types of training.

Note: *Federal financial aid regulations require that all hours taken in all programs will be counted toward the maximum allowed for payment. (See the Financial Information section for a complete explanation.)*

Readmission of Students

A student who previously attended Vance-Granville Community College but was not enrolled during the previous three years must reactivate

an application with the Admissions/Records Office. If the applicant was enrolled in another college during the interval, he/she should request that college to send an official transcript of academic work to the Admissions/Records Office if transfer credit is expected. Students need to complete steps 1 through 7 listed above (under *New Students* section).

Drop and Add

Courses may be added during the registration dates and published drop/add dates at the beginning of each term. To add or drop classes, a student must follow the steps below or complete the procedure through WebAdvisor:

1. Obtain a Drop/Add Form from the Admissions/Records Office or Student Success Center and fill it out completely;
2. Have academic advisor or counselor approve the change and sign the form;
3. Sign the form and return it to the Admissions/Records Office or satellite campus office for updating registration;
4. If adding, take the form to the Business Office/Cashier for tuition payment, or pay through WebAdvisor.
5. If adding, attend next scheduled class meeting. Due to varied departmental attendance requirements, classes missed prior to registration may count as absences.

Note: *Adding or dropping a class may affect the financial aid award.*

Request for W Grade after the 75% Point

A student can petition in writing for a "W" Grade to the Vice President of Employee and Student Services after the 75% point of a term, if mitigating circumstances warrant. Approval can only be granted with permission of the instructor, academic dean, Vice President of Academic Affairs and Vice President of Employee and Student Services. The burden of explanation and documentation of mitigating circumstances lies with the student. Students should obtain the appropriate form from the Vice President of Employee and Student Services or Campus Deans.

Class Cancellation Policy

Vance-Granville Community College reserves the right to cancel any class due to low registration and/or attendance.

Withdrawal from a Course(s)

Withdrawal from a course(s) takes place after the refund period or census date of the term and on or before the 75% point of the term, and will be recorded as a "W" grade on the student's permanent transcript. A withdrawal will only be processed if the student or faculty initiates and properly completes the withdrawal process by the required deadline.

All withdrawals must be reviewed by the student's advisor, academic and career coach, program head, department chair or academic dean.

There is no academic penalty for a "W" grade; however, for federal financial aid purposes, "W" grades may count as hours attempted but not earned. Any student who is receiving Veteran's benefits should check with the Veterans' Officer prior to withdrawing from any course since benefits will not be paid for a "W" grade.

Note #1: *If a course is dropped before the first day of the semester or term, students will receive a 100% refund. If the course is dropped on or after the first day of the semester or term, but before the census date, students are eligible for a 75% refund of tuition, but will owe 25% of the tuition and 100% of fees.*

Note #2: *Students are advised that all signatures required to complete a Change of Registration form must be obtained by the student. Students must realize that instructors are not available at all times and gathering signatures on the final day of the withdrawal process may not be possible. Deadlines are enforced.*

Auditing Courses

A student may elect to audit a course or courses by checking the appropriate column on the Registration form. This option may only be selected during the official registration or drop/add period of each term. Those students who audit must meet the prerequisites of the course, receive no credit and do not have to take any examinations; otherwise, participation in class is on the same basis as a credit student. The fee for auditing is the same as the fee for credit.

Note: *No federal or state financial aid or veterans' benefits are payable for audit courses.*

Collection of Social Security Numbers

Vance-Granville Community College is legally authorized to collect student social security numbers in order to comply with certain federal and state reporting requirements, and to meet the business imperatives of the College. Effective fall semester 2007, the college no longer uses student social security numbers as the primary method for student identification, but rather uses a unique computer generated ID number. Questions concerning the use of social security numbers should be directed to the Vice President of Employee and Student Services or the Registrar.

Course Load

A student's normal load will be from 12 to 16 credit hours per term. Students enrolled for 12 or more credit hours will be considered full-time students. Students who wish to carry credit hour loads of more than 21 hours per term must obtain the written approval of their academic advisor and Academic Dean.

Course Substitution

Under extenuating circumstances, a student may apply to his/her advisor for approval of a course substitution. A course substitution requires final approval by the appropriate Academic Dean and the Vice President of Academic Affairs. The completed Course Substitution form will be received by the Registrar's Office and kept in the student's file. A student in technical or vocational programs may take higher level courses than those required for graduation in his/her curriculum in the following areas: math, English, humanities, science, or social sciences, if prerequisites have been met.

Release of Information

Written approval of the student is required before a transcript or any information from his/her official record may be released. Exceptions to the above include:

1. The Admissions/Records Office and Registrar's Office may release information from official records to faculty and staff members of Vance-Granville Community College whose responsibilities require this information.
2. The Admissions/Records Office and Registrar's Office may honor appropriate requests for directory-type information from student records. VGCC defines the following as directory:
 - Name
 - Address
 - Dates of Enrollment
 - Program of Study
 - Degrees and awards received
 - E-mail addresses
 - Participation in sanctioned campus activities or athletics

3. The Solomon Amendment requires by federal law that the college release the following information, in addition to directory information, to military recruiters when requested:

- Date of Birth
- Telephone Number

Each student has the right to inspect or review the educational records maintained by the College that are directly related to that student. Educational records include admission documents, registration documents, grades, and other supporting documents maintained by the College. Educational records also include tests, assignments, and grade calculations maintained by faculty.

All requests to inspect and review educational records shall be made by the student in writing to the Registrar with the exception of requests for tests, assignments, and grade calculations for specific courses. Those requests shall be made to the appropriate academic or campus dean. The College will comply within a reasonable time period not to exceed forty-five days after the request is made. It should be noted that some records such as tests, assignments, and grade calculations maintained by the faculty are only kept for a limited time and are not maintained permanently. Students may also request in writing to the Registrar to amend their educational record if they feel the record is in error. Such request will be reviewed by the Registrar and Vice President of Employee and Student Services, who will render a decision.

Students may file a written complaint with the Family Policy Compliance Office regarding an alleged violation by the College to comply with requirements of FERPA. The Office's address is Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave., S.W., Washington, DC 20202.

Release of Information: Family Educational Rights & Privacy Act (FERPA)

Vance-Granville Community College, in compliance with the Family Educational Rights and Privacy Act of 1974, releases no personal, identifiable information about students without the written approval from the student. Exceptions to this practice are those types of information defined by law as "directory information."

The directory information may be published or made available without the consent of the student. However, any student not wishing any of these types of information released may request in writing to the Registrar's Office that it not be released.

Student Records

An official record of all the student's courses, credits, grades, official transcripts, and other relevant documentation is kept in the Admissions/Records Office. Each student should maintain a record of courses, credits, and grades each term and periodically check to see that his/her records agree with that of the College.

Transcript Request

When an official request is made by the student in writing or through WebAdvisor, transcripts of the student's record will be sent to other colleges, universities, employers, and to the student. A Transcript Request form should be completed through WebAdvisor or submitted to the Admissions/Records Office a minimum of three business days prior to the time a student wants his/her transcript mailed. *A fee of \$5.00 will be charged for each official transcript requested by the student.*

In order to assure that transcripts will not be mailed until a student has discharged all obligations to the College, the student must complete a Transcript Request form (available in the Admissions/Records Office or at http://www.vgcc.edu/admissionoffice/transcript_request). Transcripts received by VGCC from other secondary or post-secondary institutions cannot be released to the student.

ACADEMIC INFORMATION

DEGREES, DIPLOMAS, AND CERTIFICATES

VGCC offers the following degrees, diplomas or certificates for students who successfully complete approved programs of instruction:

1. Associate in Arts and Associate in Science: the degrees are awarded to students majoring in college transfer programs and who may plan to transfer to four-year colleges or universities after completing their community college program.
2. Associate in Applied Science: the degree is awarded to students majoring in one of the technical curricula and who plan to obtain full-time employment upon graduation from VGCC.
3. Associate in General Education: the degree is awarded to students majoring in courses designed for personal growth and development leading to variable employment opportunities.
4. Diploma: a diploma is awarded to students who complete a minimum of 36 credit hours and a maximum of 48 credit hours based on the requirements for diploma curricula.
5. Certificate: a certificate is awarded to students who complete approved programs less than one year in length with a minimum of 12 credit hours and a maximum of 18 credit hours. Certificates are only awarded from core, major, or elective courses offered in the Diploma or AAS programs.

STUDENT CLASSIFICATION

FRESHMAN: A student who has earned fewer than 36 semester hours of credit.

SOPHOMORE: A student who has earned 36 or more semester hours of credit.

FULL-TIME OR REGULAR STUDENT: A student who is registered for 12 or more credit hours.

PART-TIME STUDENT: A student who is taking fewer than 12 credit hours.

SPECIAL CREDIT STUDENT: A student who is not seeking a certificate, diploma or degree or who is auditing a course. Special credit students are limited to a maximum of 12 credit hours at VGCC before choosing an academic program.

ADVANCED PLACEMENT

Advanced placement is offered to students who, because of their demonstrated abilities, are qualified to accelerate their studies. Advanced credit may be awarded in the following ways:

1. Credit by Examination administered at VGCC (see Credit by Examination section for details);
2. Successful completion of College Level Examination Program (CLEP) exams with a score of 50 or higher;
3. Successful completion of College Board Advanced Placement Exams with a score of 3 or higher;
4. Successful completion of ACE (American Council on Education) Credit approved courses as reflected on an official military JST (Joint Services Transcript) or other ACE credit approved institutions;
5. Transfer credit from accredited, post-secondary institutions as outlined in the Admissions section, or pre-approved Continuing Education credit as outlined in the following section.

In cases of all standardized examinations, official score reports must be submitted to the Admissions/Records Office or Registrar's Office for evaluation. Specific AP and CLEP exams and their transfer equivalencies are available on the Registrar's page of the VGCC website at <http://www.vgcc.edu/ap-clep-military-credits>.

CREDIT BY EXAMINATION

Regularly enrolled students who have reason to believe that previous educational studies, training programs, or work experiences may entitle them to course credit may request credit by examination (CE).

They must first register and pay the standard tuition fee per credit hour for the course and then request a challenge exam from the instructor by the first day of the term. All CE exams must be completed by the last day to ADD a class for that term.

The examination will be administered by the appropriate department and successful completion will result in a grade of "CE." The credit hours of the class will count toward graduation. Please note that most colleges do not accept a "CE" grade as transfer credit.

The Credit by Examination form may be obtained from the office of the Registrar.

Note: No federal financial aid or veterans' benefits are payable for Credit by Examination (CE) courses.

The College does not award credit for experiential learning.

CONTINUING EDUCATION-CURRICULUM AWARDED CREDIT

Students enrolled in pre-approved continuing education training courses may request awarded credit in corresponding curriculum programs. They must first register, pay, and pass the continuing education course with a grade of satisfactory. In order to request awarded credit, the student must be enrolled in the corresponding curriculum program.

The credit will be awarded by the appropriate department with a grade of "TR", Transfer Credit. The credit hours of the course will count toward graduation. Please note that most colleges do not accept a "TR" grade as transfer credit.

The Continuing Education – Curriculum Awarded Credit form and the list of pre-approved continuing education courses with corresponding curriculum programs may be obtained from the office of the Registrar.

Note: No federal financial aid or veteran's benefits are payable for Continuing Education - Curriculum Awarded Credit courses.

CONTACT HOURS AND CREDIT HOURS*

***Semester credit hours are awarded for classes as follows:**

Classroom:.....16 contact hours = 1 semester hour of credit
Laboratory:.....32 or 48 contact hours = 1 semester hour of credit
Clinical:.....48 contact hours = 1 semester hour of credit
Work-Based Learning:.....160 contact hours = 1 semester hour of credit

* Students should review specific courses in the course description section of this catalog to determine the exact hours of each course as assigned by the NC Community College System and described in the State Board of Community Colleges Code 1G SBCCC.100.1.

PREREQUISITES

Prerequisites are required for many courses offered at Vance-Granville Community College. These are intended to give the student some measure of the proficiency expected for those beginning a given course. The student, with assistance from his or her academic advisor, is responsible for checking prerequisites at the time of registration. Students failing to meet the required prerequisite(s) for a course(s) may be dropped or withdrawn at any time the deficiency is discovered. Under certain circumstances, local prerequisites or co-requisites may be waived by submitting a *Request to Waive Prerequisite and Co-requisite* form to the instructor of the class in question. Approval is also required from the appropriate academic program head/department chair and academic dean.

DEVELOPMENTAL STUDIES

Courses in the Developmental Studies Program are designed to help students gain the basic academic skills necessary to succeed in the vocational, technical and college transfer curricula offered by the college. Based on placement test scores, a student will be placed directly into college English and math or into one of the developmental studies courses that are designed to prepare the student for entry into his or her chosen program of study. To support student success, students are required to take the course sequences in English/reading and mathematics. In addition to the course offerings, staff members of the Advising Center and the Academic Skills Center provide special counseling and tutoring to students enrolled in developmental courses. To ensure that students have indeed mastered the skills necessary to succeed in curriculum programs, all developmental courses require students to pass an exit test in order to complete the course.

Vance-Granville Community College offers eight Developmental Math (DMA) modules: DMA 010, 020, 030, 040, 050, 060, 070, and 080. Course descriptions of the DMA classes are printed in the Curriculum Course Description section of this catalog.

Section numbers for DMA courses consist of three numbers. The first number indicates which of the four weeks the course is offered and the next two numbers indicate the campus location and whether it is a day or night section. Most DMA modules will combine multiple module sections within the same classroom. All DMA modules are taught with a combination of online and face-to-face instruction.

VGCC offers three Developmental English/Reading (DRE) courses: DRE 096, DRE 097, and DRE 098. Course descriptions of the DRE classes are printed in the curriculum course description section of this catalog. Section numbers are the same as for DMA courses.

Note: *Students receiving federal financial aid are limited to 30 credit hours of developmental courses. Department of Veterans Affairs educational benefits are payable only when placement test scores indicate the developmental course is needed.*

ATTENDANCE POLICY

Attendance is counted from the published first scheduled day of class. Students are expected to attend all classes, laboratories, clinical and shop sessions to attain the student learning outcomes of the courses for which they are registered.

When absences total more than fifteen percent (15%) of the total contact hours for a course, the student may be withdrawn from the class in accordance with the college's withdrawal procedures. With Dean approval, specific disciplines or programs with accrediting/licensing requirements may have more stringent attendance regulations, and in these cases, the discipline/program regulations shall be followed.

GRADING SYSTEM AND QUALITY POINTS

A grading system is a method of recording faculty evaluations of student progress and the fulfillment of class objectives. All students officially enrolled in courses must be awarded a grade in accordance with College policies.

Grade	Explanation	Quality Points
		Per Credit Hour
A	Excellent Quality	4
B	High Quality	3
C	Average Quality	2
D	Minimum Satisfactory Quality	1
F	Unacceptable Quality	0
F#	Failure due to Plagiarism	0
AU	Audit	*
CE	Credit by Examination	*
G#	Grade Forgiven	*
I	Incomplete Grades	*
PA, PB, PC	Passing Grade - Developmental	*
RF	Reschedule - Developmental	*
TR	Transfer Credit	*
W	Official Withdrawal	*

**Not computed in Grade Point Average.*

'AU' Grade (Audit)

(No Credit) The audit grade indicates the student is enrolled for non-credit. This is not counted in computing grade point averages. Neither federal financial aid nor veterans' benefits are payable for audited classes.

'CE' Grade (Credit by Examination)

The credit by examination grade indicates that the student has received credit by examination for a course. Details of this procedure appear in the chapter on Academic Information in the College catalog. Neither federal financial aid nor veterans' benefits are payable for Credit by Examination classes.

'F#' Grade (Plagiarism)

The F# is a plagiarism-specific grade that is assigned when a class is failed because of plagiarism.

'G#' Grade (Grade Forgiven)

(No Credit) The "G#" grade replaces a forgiven grade on the academic transcript. Students should apply for forgiveness of "D" or "F" grades on their transcript under specific conditions. See the Academic Forgiveness paragraph outlined later in this section for additional information.

'I' Grade (Incomplete)

(No Credit) The incomplete grade is assigned in place of a grade when students who are making satisfactory progress are unable to complete all class assignments by the end of the semester.

The requirements for satisfactory completion of a course will be established by the instructor in accordance with course objectives. The incomplete "I" is temporary and must be changed to a grade within the time period designated by the instructor, not to exceed eight weeks from the beginning of the term following the one in which the course was taken. At the end of the specified time period, unresolved "I" grades will be converted to "F" grades. The "I" is used for verifiable, unavoidable reasons and extends enrollment without requiring rescheduling of the course.

Note: An extension to the eight weeks may be granted under certain circumstances to Work-Based Learning students. All extensions must be approved by the Vice President of Academic Affairs and will be evaluated on a case-by-case basis.

The instructor will award a permanent grade by submitting a Change of Grade form to the academic dean when course objectives are successfully completed.

Incomplete grades are not payable by veterans' benefits and may also affect Federal Financial Aid Standards of Progress.

'PA,' 'PB,' and 'PC' Grades (Passing - Developmental)

(No Credit) The passing grades are awarded in developmental courses below the 100 level. The "PA", "PB", or "PC" indicates the student passed the developmental class with an "A", "B", or "C" average. "P" grades are not computed in grade point averages.

'RF' Grade (Reschedule - Developmental)

(No Credit) The reschedule grades are awarded in developmental courses below the 100 level. The "RF" indicates the student is making progress but has not met minimum course objectives. The student should reschedule the course during the next registration. The "RF" will not be computed in grade point averages and no credit is awarded. (For financial aid and/or veterans' benefits, the "RF" grade is classified as non-punitive for GPA purposes; however, it will affect Federal Financial Aid Standards of Progress.)

'TR' Grade (Transfer Credit)

The transfer credit grade is awarded based on review of an official transcript received from an accredited post-secondary institution. The "TR" grade is not computed in Grade Point Average, but credit toward graduation is earned.

'W' Grade (Official Withdrawal from a Course)

(No Credit) The "W" grade indicates withdrawal from a course and takes place after the refund period or census date of the term and on or before the 75% point of the term. It will be recorded as a "W" on the student's permanent transcript. A withdrawal will only be processed if the student or faculty initiates and properly completes the withdrawal process by the required deadline. All withdrawals must be reviewed by the student's advisor, academic and career coach, program head, department chairperson or academic dean.

There is no academic penalty for a "W" grade; however, for federal financial aid purposes, "W" grades may count as hours attempted but not earned. Any student who receives Veterans' benefits should check with the Veterans' Officer prior to withdrawing from any course since benefits will not be paid for a "W" grade.

GRADING POLICY

Vance-Granville Community College employs a letter grading system to evaluate student performance in meeting the stated objectives of the classroom, laboratory, shop, clinical setting, or work experience. Faculty have the academic freedom and responsibility to determine grades according to a method that is professionally acceptable, consistent across the specific academic department at the institution, communicated to all students in the class, and applied to all students equally. In the absence of a department-specific grading scale, the grade assigned will be based upon a 10 point scale.

CHANGE OF GRADE

Awarding grades to students is the responsibility of the instructor. Once awarded, a grade may only be changed with authorization of the instructor and Academic Dean, using the Change of Grade form. A student who wishes to contest a grade must follow the Academic Grievance/Grade Appeals Procedure outlined later in this section.

REPEATING COURSES

A course taken at Vance-Granville Community College may be repeated up to two times (three attempts total) in order to raise the grade if the previous grade was below a "C." For each repeated course, only the highest grade will be used to determine the student's GPA, eligibility for graduation, and eligibility for academic honors. Under extraordinary circumstances, students who earn a "C" or higher should submit a Special Permission Registration form to take the class one more time to fulfill specific program requirements. This form should be submitted, at the time of registration, to the Academic Dean of the division which offers the course.

No course may be repeated more than twice (three attempts total) regardless of previous grades, including "W," or "RF" grades without approval of the Vice President of Academic Affairs. To request a fourth attempt at a course, the student should complete a Special Permission Registration form.

Developmental classes completed more than five years ago no longer meet the prerequisite(s) for subsequent classes and must be repeated.

Note: *Veterans' benefits are not payable to students who repeat any course in which they made a grade of "D" or higher, except for Health Science core courses. Federal financial aid regulations require that both courses count toward the maximum number of hours that may be attempted.*

Note: *In the case of a transfer student, some colleges compute the GPA from all previous credit hours attempted.*

STANDARDS OF PROGRESS

Each student at Vance-Granville Community College is expected to maintain satisfactory academic progress toward completing requirements of a degree, diploma, or certificate. At the end of each term, a student's quality point average for that term and his/her cumulative Quality Point Average are examined. The College seeks to provide students with a warning when they fail to meet minimum academic performance standards, and to provide a means of preventing and/or terminating prolonged failure. This policy applies to all students regardless of their academic program.

Students whose grade point average (GPA) falls below 2.0 are subject to academic warning, which may be followed by probation and suspension. GPA will be calculated at the end of each term using the official grade for each course taken that semester at Vance-Granville Community College.

Academic Warning

Students failing to meet the minimum GPA of 2.0 during any semester will receive written notification of academic warning from the Student Learning and Success Center. This warning advises students of their academic status and encourages them to meet with their advisor immediately to examine present academic plans.

Probation

Students whose GPA falls below 2.0 for two successive semesters will be placed on probation, which means the student will have restricted scheduling and must meet with his or her advisor or a counselor to do one or more of the following:

- Limit the number of hours attempted
- Schedule preparatory or remedial courses as needed
- Schedule repeat of courses
- Reconsider academic program and/or receive career counseling

Students will be notified in writing of their status by the Student Learning and Success Center.

Suspension

Students whose GPA falls below 2.0 for three successive semesters will be placed on academic suspension for one semester, which means the students will not be allowed to register for curriculum courses. Continuing Education courses may still be taken. Students will be notified in writing of their status by the Student Learning and Success Center.

Appeals

Academic issues related to probation and suspension may be appealed through the appropriate Academic Dean. Students should follow the academic appeals process as outlined in the College catalog.

Enrollment after Suspension

Readmission decisions are based on the Academic Dean or Campus Dean judgment that the student has made sufficient changes in his or her commitment to college. The student should schedule an appointment to meet a counselor for academic/career advisement, and to complete a *Special Permission Registration* form. The form will be submitted to the appropriate Dean for final approval. The student will remain in academic probationary status until she or he achieves a semester GPA of 2.0 or higher.

Note: *The Standards of Progress as defined for financial aid and veterans' benefits are different from academic standards as stated above. The student needs to contact the Financial Aid Office for specific differences in Standards of Progress.*

ACADEMIC FORGIVENESS- "D," "F," "WP," and "WF" Grades

Students may request in writing to have previous grades of "D" or "F" excluded from calculation in their cumulative GPA under the following conditions: The coursework to be forgiven must be at least 5 years old, and consist of "D" or "F" grades. The student must have completed at least 12 credit hours of coursework since that time at an accredited college or university and earned a cumulative GPA of 2.5 or higher. A student may be granted academic forgiveness only one time, and a maximum of 16 semester credit hours total may be forgiven. Former BLET students may request forgiveness of all the credit hours included in the CJC 100 class, up to 19 credit hours.

Requests for academic forgiveness for "D" and "F" grades will be submitted to the Registrar's Office on the appropriate form and reviewed by the current Chair of the Academic Affairs Committee and approved by the Vice President of Academic Affairs. All forgiven "D" and "F" grades will be replaced on the transcript with a grade of "G#" to mark them as forgiven. A copy of the transcript reflecting the original grades will be kept in the student's permanent file with documentation of the forgiveness process.

Students may also request in writing to have previous grades of "WP" or "WF" changed to a "W" on their official transcript. While "WP" and "WF" grades are non-punitive at Vance-Granville Community College, they may be considered punitive at other colleges and could impact a transfer student's academic eligibility. Non-punitive grades do not have the same time frame and GPA requirement for forgiveness as punitive grades.

Requests for changes to withdrawal grades will be submitted to the Registrar's Office on the appropriate form and reviewed by the current Chair of the Academic Affairs Committee and approved by the Vice President of Academic Affairs. A copy of the transcript reflecting the original withdrawal grades will be kept in the student's permanent file.

Note: *Grades that are forgiven may not be exempt from academic progress relating to Financial Aid and Veterans benefits. Students should contact the Financial Aid office for more information. Students who plan to transfer to another college or university should contact that institution regarding the impact of forgiven grades on transferability.*

Health Science Students Standards of Progress

A student will not be allowed to continue in specified health science programs with a grade of "C" in certain courses. Refer to the handbook of the specific Health Science program. A grade of "C" or better is required for the general education classes and Radiography classes.

ACADEMIC GRIEVANCE/GRADE APPEALS PROCEDURE

Academic issues include, but are not limited to, the application of attendance policies, grades, classroom/lab or clinical/shop conduct, and admission to or dismissal from a class or program. Students should initiate the grievance/appeals process as soon as a concern develops rather than waiting until the end of the term, as some relevant faculty or staff may not be available between terms. Grade appeals must be on file no later than 20 working days (working days exclude weekends and holidays) after the end of the term in which the grade was awarded. Appeals related to dismissal from a course or program must be on file no later than 5 working days from the dismissal date. A student having an academic issue must discuss the problem in a calm and sincere manner. Most problems are resolved at the instructor level; however, the Appeals Procedure may involve the following levels of college faculty/staff in this order:

1. Instructor
2. Program Head if applicable
3. Department Chair/Director/Coordinator
4. Academic Dean/Dean of Continuing Education
5. Vice President of Academic Affairs

The procedure will occur in the following order:

1. The student will arrange a meeting with the instructor to discuss the problem as soon as it develops, preferably before the end of the term.

2. If the problem is not resolved with the instructor, the student will contact the Program Head (if applicable)/Department Chair/Director/Coordinator, who will arrange to meet with the student or the student and instructor.

3. If the problem is not resolved the student will obtain an Academic Appeals Procedure Form from the Program Head (if applicable)/Department Chair/Director/Coordinator or from the VGCC website. The student will complete the form and *personally, or electronically via the student's VGCC email address*, submit the form to the Dean detailing his/her academic concerns.

4. For grievances related to Curriculum Programs, the Academic Dean will meet with the instructor and Program Head (if applicable) and/or Department Chair/Director/Coordinator to discuss the concern. For grievances related to continuing education courses, the Dean of Continuing Education will meet the instructor and/or Director/Coordinator to discuss the concern.

5. A written response from the Dean will be provided to the student within 10 working days of receipt of the student's form. It is the student's responsibility to follow up with the Dean during this time period.

6. If not satisfied with the Dean's response, the student will have 5 working days to appeal to the office of the Vice President of Academic Affairs. Students are responsible for submitting the original appeal form with the Dean's response. Students should keep a copy of all documentation related to the appeal for their records.

7. If the concerns are not resolved, the student may request a hearing of the Judicial Committee. The office of the Vice President of Academic Affairs will contact the Judicial Co-chairs to arrange a hearing. A hearing will be scheduled within 10 working days from the receipt of the appeals request. The student will be notified by the office of the Vice President of Academic Affairs of the date, and location of the hearing.

8. The Judicial Committee will provide written recommendation of their decision to the President of the College within 5 working days. The President will make a decision and notify the student within five working days of receipt of the committee's recommendation. *The decision of the President is final.*

CATALOG OF RECORD

Beginning with the implementation of the semester system in the fall of 1997, the catalog that is current when the student enrolls at the institution is the "catalog of record." A student who is in continuous enrollment (except Summer Term or a break of less than one year) may graduate under the provision of his/her catalog of record or a subsequent issue. A student who is not in continuous enrollment or has a break in enrollment of one year or more must graduate under the provisions of the catalog in effect on his/her last re-entry date or a subsequent issue. Students may appeal to the academic dean to graduate from a previous catalog under extenuating circumstances.

STUDENT RESPONSIBILITIES

All students are responsible for the proper completion of their academic program, for familiarity with all requirements of the Vance-Granville Community College catalog under which they intend to graduate,

for maintaining the Grade Point Average required and knowing their academic standing, and for meeting all other degree requirements. Advisors and Academic and career success coaches are available to all students, but final responsibility for meeting program and graduation requirements remains with the students.

GRADUATION REQUIREMENTS

To be eligible for graduation from a diploma or degree program, a student must:

1. Have all official high school **and any required post-secondary transcripts** on file with the Admissions/Records Office at VGCC. (*See General Admissions Procedures section for details*)

2. Successfully complete his/her course of study.

3. Earn a cumulative quality point average of 2.0 on all work attempted that is applicable toward graduation.

The Associate Degree Nursing, Practical Nursing, Medical Assisting, and Radiography Programs have additional grade point average requirements for graduation.

4. Have no outstanding balance due to the Business Office. (No degree, diploma, certificate, or transcript of a record will be issued to a student who has not made satisfactory settlement with the Business Office for all indebtedness to the College.)

5. Complete WorkKeys Assessment. (**See note 2**)

6. Have submitted an Application for Graduation form, signed by his or her academic advisor, to the Registrar's Office.

7. Pay a graduation fee at the Business Office.

Note 1: *Transfer students must complete a minimum of 25 percent of the course credit hours as required in their program of study at Vance-Granville Community College.*

Note 2: *Beginning May 2013, all students will be **encouraged** to take this assessment before graduating from Vance-Granville Community College. WorkKeys is an assessment system used to measure job skills that are believed to be critical to success in the workplace. It provides students with a portable credential that is nationally recognized by business and industry, provides valuable feedback to curriculum programs, determines skills in need of improvement and offers participants opportunities for career exploration. Recipients can be awarded Career Readiness Certificates (CRC) of Gold, Silver or Bronze based on their skill levels in Applied Mathematics, Reading for Information and Locating Information. The cost of the assessment will be funded from a combination of grants, fees and institutional money. Please note that the required assessment results will not impact a student's GPA or program completion.*

APPLICATION FOR GRADUATION

Graduation exercises to award degrees and diplomas are held once a year in May for students who have met or will meet graduation requirements by the end of summer semester.

It is the responsibility of the student to complete the application for graduation by established due dates (approximately one month prior to completing course requirements.) The student should make an appointment with his/her advisor or the academic program head to determine the completion status of academic requirements, and obtain an Application for Graduation. The Curriculum Application for Graduation may also be found online at: <http://www.vgcc.edu/graduation/index>.

When this form has been completed by the student and signed by the advisor, it should be forwarded to the Registrar's Office with supporting documentation (a copy of the EVAL report or program checklist). The Registrar will certify the student for graduation once all final grades are received. This process can be completed at any of the VGCC campuses.

The \$20.00 diploma fee will be placed on the student's WebAdvisor account within 48 business hours from the receipt of the Application for Graduation and must be paid prior to the graduation ceremony, or by the end of the term for August and December graduates. For those students participating in the May graduation ceremony, a cap and gown must be purchased separately at the College bookstore by the first week in April.

AWARDING OF CURRICULUM CERTIFICATES

A certificate may be awarded with the approval of the Program Head for completing 12 or more credit hours within an approved program of study. The Program Head must submit an *Application for Curriculum Certificate* to the Registrar's Office so that it can be recorded on the student's transcript. An electronic copy of the certificate will be emailed to the student's college email address once eligibility is verified.

To be eligible to earn a certificate the following graduation requirements must be met: all official high school and post-secondary transcripts that are relevant to the certificate must be on file with the Admissions/Records Office, the student must have a cumulative quality point average of at least 2.0 in all courses in the program, and the student must have no indebtedness to the College.

DEAN'S LIST

At the close of each term, students who are carrying a full load (12 hours or more) in 100-level or higher courses leading to a diploma or degree will be included on the Academic Dean's List, provided they have no grade of "I" and no grade lower than a "B" and provided that the quality point average of all their grades for that term is 3.5 or better.

PRESIDENT'S LIST

At the close of each term, students who are carrying a full load (12 hours or more) in 100-level or higher courses leading to a diploma or degree will be included on the Academic President's List for that term, provided they have no grade of "I" and that the quality point average of all their grades for that term is 4.0.

DISTANCE EDUCATION

Curriculum distance education courses are a way for students to take courses for college credit away from the college campus. Web, hybrid, web-enhanced, and VNET courses are all part of Vance-Granville's curriculum distance education program.

Web courses reach the student over the Internet. Reading assignments, research, study sessions, discussion groups, and tests take place via the computer. Web courses are ideal for working parents, people on swing shifts, and others who find it difficult to come to campus regularly to take courses. Successful students in Internet courses typically have done well in other college courses and are self-motivated individuals who can learn on their own and do not require a great deal of help from others.

Hybrid and web-enhanced courses meet part of their credit/contact hour requirements in face-to-face meetings between students and instructor, and complete the remaining requirements via the Internet. In hybrid classes, students complete most of their coursework online, but also have required meetings with their instructor and class throughout the semester. In web-enhanced classes, students complete most of their coursework

in a traditional classroom, but satisfy some of their required hours and assignments online. Students in these classes get the benefit of meeting with their instructors regularly, while also having the convenience of completing some of their course hours and requirements at home.

VNET courses are broadcast from/to Vance-Granville's television studio/classroom on Main Campus, Franklin Campus, South Campus, or Warren Campus. These courses meet at regularly scheduled times. Students attending classes see their instructor on a television monitor and are able to converse with the instructor during class time using desktop microphones and after class via the telephone or the Internet. VNET allows the College to offer a broad range of courses that might otherwise not be offered at all campuses.

Note: *Students who wish to take a Distance Learning course using veterans' benefits should check with the Veterans' Officer concerning restrictions.*

Students enrolled in distance education courses are not charged a fee for the verification of their identity.

WORK-BASED LEARNING

Work-Based Learning enables a student to receive college credit by combining an academic education with practical work experience. It provides students an opportunity to gain the professional experience that will make them a valuable asset to future employers and give them an edge in today's competitive job market. Students may or may not be paid for their work. Emphasis is placed on parallel plans of school and work in business, industry, or government, and the program is structured by measurable learning objectives. Students who are interested in Work-Based Learning should see their Department/Program Head. The Work-Based Learning course is not available in all program areas. In applicable programs, students must have a major elective remaining in order to select Work-Based Learning. Human Services Technology and Culinary Arts require Work-Based Learning within their program of study.

Placement in Work-Based Learning is determined by the student's Department/Program Head and the Work-Based Learning Coordinator and is based upon selection criteria that includes, but is not limited to, the student's prior work experience, academic performance, attitude, health, position requirements, and position availability. Every effort is made to place all eligible students, but placement cannot be guaranteed.

Note: *Most of these courses are ineligible for veterans' benefits. Students should check with the Veterans' Officer, located in Building 8, on Main Campus.*

FINANCIAL INFORMATION

BUSINESS OFFICE

The Business Office is responsible for the collection of tuition and fees, student refunds, disbursement of financial aid funds to student accounts, and the distribution of parking permits. The Business Office is open to students between 8 a.m. and 5 p.m. Monday through Thursday and 8 a.m. to 3 p.m. Friday.

The Business Office accepts cash, checks and money orders. MasterCard and VISA card payments are accepted on-line through WebAdvisor. Payment plans are offered for all terms through NelNet Business Solutions, visit our website for more information (<http://www.vgcc.edu/bo/payment-options>).

TUITION/FEES

Tuition rates and fees are set by the N.C. Legislature and are subject to change without notice. The tuition rates effective Fall Semester 2016 are shown below. The cost of textbooks and additional fees may vary according to the program of study. The payment of all tuition and fees are required at the time of registration, and no student is officially registered until all fees are paid. There are no additional fees for distance education courses. There is no fee charged to students enrolled in distance education courses for the verification of identity.

CURRICULUM TUITION:*

COSTS PER TERM

Certificate, Diploma & Degree Programs	In-State*	Out-of-State*
16 or more credit hours	\$1,216.00	\$4,288.00
1-15 hours (per credit hour)	\$76.00	\$268.00

Note: For financial aid and registration purposes, 12 credit hours or more is considered full time.

CURRICULUM STUDENT ACTIVITY FEE/ACCIDENT INSURANCE:**

COSTS PER TERM

Fall and Spring Terms	In-State	Out-of-State
12 or more credit hours	\$30.00	\$30.00
1-11 credit hours	\$30.00	\$30.00
Summer Term	\$15.00	\$15.00

TECHNOLOGY FEE:**

COSTS PER TERM

Fall, Spring & Summer Terms	In-State	Out-of-State
12 or more credit hours	\$12.00	\$12.00
1-11 credit hours	\$ 6.00	\$ 6.00

CAMPUS ACCESS/SECURITY FEE:**

COSTS PER TERM

Fall, Spring & Summer Terms	In-State	Out-of-State
Per credit hour	\$ 1.50	\$ 1.50

*Tuition rates effective Fall Semester 2016 are shown above.

*Subject to change by the N.C. Legislature

**Subject to change by the VGCC Board of Trustees; (Accident Insurance fee (\$1.25) is included in the activity fee.)

(Check for updates on the VGCC Business Office page at, <http://www.vgcc.edu/bo/tuition-fees>)

BOOKSTORE

The College operates a Bookstore at each college location where students may purchase books, supplies, and gift items. The regular operating hours vary for each location. The operating hours can be found on the bookstore website at <http://www.vgcc.edu/bookstore/location-hours>.

The Bookstore accepts cash, checks, MasterCard, VISA, financial aid, and third party billings.

BOOKSTORE REFUND POLICY

Refunds on books are only allowed during designated time periods for each semester. These time periods and the complete refund policy are posted on the VGCC bookstore website and in the bookstore. To obtain a refund, the student must have the original cash register receipt and the return book(s) must be in the exact condition purchased and/or in the sealed shrink wrapped package. Please visit the bookstore refund policy online at <http://www.vgcc.edu/bookstore/refund-policy>.

TEXTBOOKS AND SUPPLIES

The costs of textbooks and supplies are additional expenses for which students should plan. These expenses vary according to the program of study.

USED BOOK BUY-BACK

The Bookstore will buy most used books **if they will be used the following term and if additional books are needed to meet estimated course enrollment**. Fifty percent (50%) of the original book price may be paid for books meeting these and other criteria. If the book is not needed, a wholesale price from a private vendor (if available) will be quoted. Used study guides and workbooks are generally not purchased.

A buy-back will be held at the end of each term. Dates will be posted on the website at <http://www.vgcc.edu/bookstore/buyback-dates>.

STUDENT ACTIVITY FEES

The proceeds from student activity fees are used to cover extra-curricular costs, such as student I.D. cards, student accident insurance and student activities.

CAMPUS ACCESS/SECURITY FEE

These fees are used to support the cost of campus access activities, parking, and security. This fee is approved annually by the Vance-Granville Community College Board of Trustees.

TECHNOLOGY FEE

All curriculum students will be assessed a technology fee. Technology fees are approved annually by the VGCC Board of Trustees. The proceeds from technology fees are used to cover the costs that accompany the use of instructional and student related technology.

GRADUATION FEE

A graduation fee of \$20.00 per degree or diploma will be due and payable to the Business Office once a curriculum student applies for a degree or diploma and is approved by the Registrar's Office for graduation. The fee covers the cost of the diploma and other graduation expenses not paid for by the College or the State. If participating in the graduation ceremony, an additional fee is paid to the Bookstore for cap and gown and invitations. For more information please visit our website at <http://www.vgcc.edu/graduation/index>.

CERTIFICATE FEE

A fee of \$5.00 per certificate will be due and payable to the Business Office if a curriculum student applies for and requests a printed certificate and is approved by the Program Head. The fee covers the cost of printing the certificate.

If a printed copy is not requested, an electronic copy will be emailed to the student's college email address once approved by the Program Head. The certificate completion will also appear on the student's official college transcript.

ACCIDENT INSURANCE

Students who register for curriculum classes and who pay student activity fees receive (at no additional cost) accident insurance covering the student while on campus. In addition, and depending on course requirements, some Occupational Extension students will be required to purchase student accident insurance. Accident insurance is secondary to the student's personal medical insurance.

STUDENT HEALTH INSURANCE

This coverage is required for certain Health Sciences programs in order to participate in clinical activities.

MALPRACTICE INSURANCE

Some curriculum programs and occupational extension courses require that students obtain liability (malpractice) insurance (e.g., Cosmetology, Radiography, Associate Degree Nursing, Practical Nursing, Pharmacy Technology, Medical Assisting, Emergency Medical Technician, Paramedic, Certified Nursing Assistant, etc.). The cost of this insurance may vary and is due at the time of registration.

INDEBTEDNESS TO COLLEGE

No student in any program will be permitted to register or remain enrolled in College-sponsored activities if he/she has an indebtedness to the College. Examples of indebtedness include unpaid tuition, fees, loans, parking fines, Childcare fees, and returned checks. Diplomas, certificates, and/or Academic transcripts will be withheld when financial obligations to the College are not met.

Exceptions Below can be found in 1E SBCC 200.2

A person or organization demonstrates to the satisfaction of the college the ability to pay the outstanding obligation and guarantees in writing to pay the balance if the student fails to do so;

A student is registered in a course section offered for the benefit of a company or agency. For the purpose of this rule, company or agency specific course sections are courses where the company pays the tuition or registration, and courses where attendance in the course section is limited to employees of the company or agency;

A student is registered in a course that is on a specialized course list approved by the State Board of Community Colleges and supports the organizational training needs for entities specified in G.S. 115D-5(b)(2)

Unless otherwise prohibited by law, colleges may withhold transcripts of grades and any other service pending resolution of outstanding monetary obligations. This statement shall not be construed to prohibit a college's board of trustees from adding more stringent provisions that are allowable under law regarding outstanding monetary balances.

TUITION REFUND POLICY

Eligibility for tuition refunds are determined by the state policy in effect during the specified term, which will be published prior to the beginning of each term. Currently, curriculum students who officially withdraw from the College prior to the first day of the semester are eligible for a 100-percent refund of tuition. Students who withdraw after the beginning of the term but by the 10-percent point are eligible for a 75-percent refund of tuition. The student activity fee, campus access/security fee, technology fee, and malpractice insurance fee (if applicable) will be 100% refunded when a student officially withdraws from all curriculum classes prior to the first day of the semester. These fees are not refundable once the semester begins. Official withdrawal forms may be obtained from the Main Campus Admissions/Records Office or from the Campus Dean.

Note: *The Refund policy is subject to change as directed by the N.C. Legislature and the N.C. Board of Community Colleges. Federal policy on Refund of Tuition for Title IV Funds will supersede the State policy on Refund of Tuition.*

STUDENT AID

Vance-Granville Community College makes every effort within the limitations of its available financial resources to assure that no qualified/eligible student will be denied the opportunity to attend the College because of the lack of adequate funds to meet expenses. Financial aid assistance is available in a variety of forms to help students who meet the financial need criteria for eligibility. Grants, work study, loans, and scholarships may be used singularly or in combination to meet a student's needs. In addition, most curriculum programs are approved for students to receive veterans' benefits. Childcare funds may also be available if the student is eligible.

Inquiries regarding scholarships should be directed to the College's Endowment Fund Office, and questions concerning federal-and-state-funded financial aid programs should be directed to the Financial Aid Office.

Special billings, including sponsorships, employer payments, and third party billing agreements, should be directed to the Business Office.

Eligibility

Detailed information concerning financial aid policies, student Standards of Academic Progress, deadlines and eligibility requirements is available from the Financial Aid Office by request. The Financial Aid website www.vgcc.edu/fao provides additional information regarding financial aid at VGCC.

Return of Funds

Federal regulations for Title IV aid require that students must attend their classes in order to maintain eligibility for financial aid. Colleges must perform "return of funds" calculations for each student who receives federal financial aid and withdraws, or stops attending prior to completing sixty percent of a semester/term. This means that a student is required to repay a portion of the funds he/she received for the term, including tuition, fees and charges at the bookstore. The student's calculation is based on his/her last date of attendance.

Regulations for state aid also require that students must attend their classes in order to maintain eligibility for financial aid. Colleges must perform a "state withdrawal" calculation for each student who receives state aid (North Carolina Community College Grant and North Carolina Education Lottery Scholarship programs) and withdraws or stops

attending courses during the first thirty-five (35) percent of the term. The amount of aid being returned depends on the student's last date of attendance, and the student is required to repay a portion of the funds he/she received for the term, including tuition, fees, and charges at the bookstore.

Students are encouraged to discuss the consequences of dropping or withdrawing from classes with their academic advisor and the Financial Aid Office before they stop attending. Additional information regarding the return of funds procedure is available at www.vgcc.edu/fao/r2t4.

CLOCK-TO-CREDIT HOUR CONVERSION

Federal regulation requires that the College use a special calculation to determine the enrollment status of students eligible for Title IV Financial Aid when enrolled in certain programs. The following diploma programs of study require the use of this formula when calculating enrollment status for Title IV Financial Aid:

- Air Conditioning, Heating & Refrigeration Technology
- Basic Law Enforcement Training
- Carpentry
- Cosmetology
- Electrical Systems Technology
- Practical Nursing
- Welding Technology

Full-time status:.....12 cr hrs and ≥ 29 contact hours

Three quarter time status:..... 9-11 cr hrs and 22-28 contact hours

Half-time status:..... 6-8 cr hrs and 15-21 contact hours

Less than half-time status:1-5 cr hrs and 03-14 contact hours

CLOCK HOUR PROGRAM

Federal regulation requires the College to administer Title IV funding to returning students in the *Cosmetology* program (prior to 2016-2017) solely by clock hour progression. For further information, please visit the Financial Aid website at www.vgcc.edu/fao.

FINANCIAL AID ASSISTANCE

Students may receive assistance with financial aid on an individual basis. Students requesting assistance should visit or call the Financial Aid Office at (252) 738-3280. Financial aid staff contact information is also available on the Financial Aid website at www.vgcc.edu/fao/fa-contactinfo. Assistance is also provided by the U.S. Department of Education at 1-800-443-3243. TTY users (hearing impaired) may call 1-800-730-8913.

Students may receive assistance in applying for financial aid from the Educational Opportunity Center. Representatives are located in the four counties served by the College. For information, students may call 1-800-682-1159.

HOW TO APPLY

To be considered for any type of financial aid handled by the Financial Aid Office, a student must complete the Free Application for Federal Student Aid (FAFSA).

Eligibility requirements include:

- A student must be a U.S. citizen or permanent resident.
- A student must have a valid Social Security card, and if the student is male, he must be registered with the Selective Service Administration.
- A student must be enrolled in an approved program of study at VGCC.
- A student must not be in default on a Guaranteed Student Loan or owe an overpayment on any Title IV grants at any educational institution.
- A student may not receive financial aid at VGCC until he/she has first been fully accepted for admission by the Admissions/Records Office.

Students must apply for financial aid each year. Students should complete the FAFSA online at <http://www.fafsa.gov>. Instructions and application worksheets are available on the FAFSA website. FAFSA on the Web Worksheets for the online application are also available in the Financial Aid Office in room 8212 and all of VGCC's campuses. In order to be considered for maximum need based grants, students should complete their FAFSA as soon as possible after October 1 each year.

AWARD PROCESS

The financial aid application process may take four weeks or longer during peak application periods prior to the beginning of the term. Once a student's FAFSA has been received, the Financial Aid Office will send a notification to his/her VGCC email account. Students may also view their financial aid information in WebAdvisor. Students who complete the application process and receive award notifications prior to registration may have their tuition and fees deducted from their grant award(s). Students should view VGCC's published tuition deadlines each semester online at <http://www.vgcc.edu>. It is important to note that students cannot receive financial aid, including grants, at two schools for the same time period.

Book charges and credit balance disbursement will be described in information provided to students with their award notification. Attendance verification is required prior to the disbursement of federal and state aid. If grant awards are approved too late for the registration process, students will receive their grant(s) at a designated point in the term after acceptable attendance verification is collected by the Student Development division.

Federal and state aid award amounts are determined in part by a student's enrollment status. Awards are subject to be reduced if a student drops courses, fails to attend through the published census date(s), or is dropped from class for nonattendance. Refer to the financial aid award notification to determine the monetary implications of dropping, withdrawing, or not attending classes. Contact the Financial Aid Office at (252) 738-3280 for any questions about awards, census date(s) or dropping/withdrawing from classes.

FINANCIAL AID STANDARDS OF ACADEMIC PROGRESS

To receive financial aid, students must meet VGCC's Standards of Academic Progress (SAP). Each student is expected to maintain SAP toward completing the requirements of a degree, diploma or certificate. These standards are applied to a student's entire academic history at

VGCC, including transfer hours from other schools and periods when financial aid was not received. Keeping your financial aid involves making continued successful progress toward obtaining a degree.

Standards of Academic Progress include:

- Maintain a 2.0 cumulative grade point average
- Complete at least 67% of credit hours attempted with a passing grade
- Complete program of study in a time frame not to exceed 150% of the published length of the program

The Financial Aid Office will check students' grades and progress at the end of each semester. Credit hours for course incompletes, withdrawals and repetitions will be counted as hours attempted for SAP. After grades and progress are checked, students will be sent a SAP notification to their VGCC email account from the Financial Aid Office.

Students who are meeting SAP requirements are given a Financial Aid Satisfactory status and remain eligible for financial aid. Students who are not meeting SAP are placed on Financial Aid Academic Warning and remain eligible for financial aid for one payment period. Students who fail to meet all SAP requirements at the end of the academic warning period will be placed on Financial Aid Suspension and are not eligible for financial aid. Students who exceed their program of study time frame will be placed on Financial Aid Suspension and are not eligible for financial aid.

Students suspended from financial aid may submit a Financial Aid Academic Appeal Form to the Financial Aid Office for reinstatement of aid. An appeal should only be submitted if a student's failure to maintain the standards of academic progress is based upon extenuating circumstances. Circumstances may include, but are not limited to, medical issues, death, or illness. Submission of an appeal form does not guarantee reinstatement of financial aid. Appeal forms are reviewed by the Financial Aid Academic Appeals Committee and their decision is final.

If the appeal is denied, the student may not submit another Financial Aid Academic Appeal in the current or following years until he/she has successfully completed a minimum of 9 hours with a 2.5 GPA and 100% completion rate (no F/RF, failing grades, or withdrawals).

If the appeal is approved, the student will be placed on Continued Probation. Before aid is awarded for an approved appeal, the student must establish a Financial Aid Academic Plan for one or more semesters with the Financial Aid Office. The Academic Plan outlines the requirements a student must meet in order to remain eligible for financial aid and achieve Satisfactory SAP status. In addition to the academic plan, students with an approved appeal for maximum timeframe are required to provide a degree completion plan signed by their academic advisor.

Students with a Continued Probation status will be evaluated at the end of each payment period (term) to determine his/her SAP status. Until the student achieves a Satisfactory SAP status or graduates, the student is expected to meet the Academic Plan requirements to remain eligible for financial aid. Failure to meet the Academic Plan requirements will result in the termination of financial aid eligibility.

Information about VGCC's Financial Aid Standards of Academic Progress is available in the Financial Aid Office and online at www.vgcc.edu/fao/fa-academicprogress. Students may also visit or contact the Financial Aid Office with SAP related questions.

TYPES OF FINANCIAL AID HANDLED BY FINANCIAL AID OFFICE GRANTS

Federal Pell Grant (Maximum Eligibility: 600%)

This federal program offers grants, which do not have to be repaid, to students who demonstrate financial need and meet eligibility requirements. To apply for a Federal Pell Grant, students must complete the FAFSA. The award amount is determined by cost of attendance, Expected Family Contribution (EFC) from student's FAFSA results, and enrollment status. The value of the grant is estimated to range from \$593 to \$5920 for the year for full-time enrollment.

A student's maximum lifetime eligibility for the Federal Pell Grant program is 600% or the equivalent of 12 full-time semesters. This includes courses taken at all institutions attended – past, present and future.

***Students who have earned a professional or bachelor's degree are not eligible for the Pell Grant.**

Federal Supplemental Educational Opportunity Grant (SEOG)

This federal program offers grants to Pell Grant recipients with exceptional financial need. No additional application is necessary to apply. All Pell recipients are automatically considered. However, early submission of the FAFSA is strongly encouraged. Full-time and part-time students are eligible to receive the grant. The value of the grant is estimated to range from \$100 to \$1,000 for the year depending on federal allocation.

***Students who have earned a professional or bachelor's degree are not eligible for the Federal SEOG award.**

North Carolina Community College Grant (Maximum Eligibility: 6 full-time semesters)

Grants are available to North Carolina residents who demonstrate financial need and are enrolled at a North Carolina community college. To apply, students must complete the FAFSA, which is also used to qualify for Federal Pell Grants.

Eligibility is determined by the same criteria as the Federal Pell Grant. In addition, students must be a North Carolina resident for tuition purposes and be enrolled for at least 6 credit hours per semester. Students not eligible for the Federal Pell Grant may be considered for the grant based on their demonstrated need. Award amounts are defined by the State each year. The value of the grant is estimated to range from \$100 to \$2370 for the year. The North Carolina General Assembly has authorized awarding additional NCCCG funds to students who meet the new "full-time PLUS" enrollment status (enrolled in 15 or more hours for a semester). If enrolled in less than 15 hours, the student's NCCCG award will be adjusted. State grants are not awarded during the summer semester.

A student's maximum lifetime eligibility for the NC Community College Grant is the equivalent of 6 full-time semesters.

***Students who have earned a professional or bachelor's degree are not eligible for the NC Community College Grant.**

Vance-Granville Departmental Grants

For the purpose of assisting full and part-time students with college tuition expenses, funds earned from Bookstore profits are made available in departmental grants each year. Recipients of these grants are selected by the Academic Dean, Campus Dean, Dean of Enrollment & Outreach, Student Learning & Success Center or Financial Aid Office. Grant amounts will vary depending on availability of funds and are non-refundable to students. Departmental Grants may be adjusted if additional financial aid or scholarship(s) is awarded.

SCHOLARSHIPS

North Carolina Education Lottery Scholarship (Maximum Eligibility: 10 full-time semesters)

The North Carolina Education Lottery Scholarship (ELS) was created by the 2005 General Assembly to provide financial assistance to needy North Carolina resident students attending eligible colleges and universities within the state of North Carolina. To apply, students must complete the FAFSA, which is also used to qualify for Federal Pell Grants.

Eligibility is determined by the same criteria as the Federal Pell Grant. In addition, students must be a North Carolina resident for tuition purposes and be enrolled for at least 6 credit hours per semester. Award amounts are defined by the State each year. The value of the Education Lottery Scholarship is estimated to range from \$100 to \$2950 for the year. The scholarship is not awarded during the summer semester.

A student's maximum lifetime eligibility for the NC Education Lottery Scholarship is the equivalent of 10 full-time semesters.

***Students who have earned a professional or bachelor's degree are not eligible for the NC Education Lottery Scholarship.**

Vance-Granville Scholarships

Vance-Granville Community College's scholarships are awarded individually to curriculum students based on criteria outlined for each award. Academic standing and need basis are factors in determining the recipients, but they are not the primary criteria in all cases. Students may apply online at scholarships.vgcc.edu.

Scholarship recipients are selected by a scholarship selection committee unless otherwise stipulated in the criteria of the scholarship.

The priority deadline date for full consideration to receive scholarships relating to the 2017-2018 academic year is June 30, 2017. Scholarship applications may be accepted after the priority deadline.

The VGCC Endowment Fund awards three levels of scholarships made possible by the contributions of various individuals, businesses, industries, civic clubs, churches and organizations.

Presidential Scholar Awards

The Presidential Scholar Award recognizes students who are currently or newly enrolled in at least nine credit hours with exemplary scholastic records. Currently, the scholarship award may be up to \$1,250 depending on the investment income earned the prior year.

Presidential Merit Awards

Candidates for these awards may be either currently or newly enrolled students who are enrolled in at least nine credit hours with excellent scholastic records. Currently the scholarship award may be up to \$750 depending on the investment income earned the prior year.

Academic Achievement Scholarships

Recipients of Academic Achievement Scholarships may be either currently or newly enrolled students who are enrolled in at least nine credit hours at VGCC with high scholastic ability, or graduating high school seniors selected by their counselors or principals. Currently the scholarship award may be up to \$500 depending on the investment income earned the prior year.

Annual Scholarships

In addition, a number of businesses, industries, and individuals fund annual scholarships for our students. To learn more about these scholarships and other scholarships, call the Endowment Office at (252) 738-3409 or (252) 738-3264. You may also visit our website at scholarships.vgcc.edu.

VanGuarantee Scholarship Program

The VanGuarantee program, funded by the Wilbert A. Edwards Estate Gift, guarantees student financial need, unmet by federal financial aid and other support, will be covered. Scholarship aid under this program is available for tuition, books or other college fees.

Recipients must meet eligibility criteria which include:

- The recipient must qualify for in-state tuition, based on qualifications defined by the State of North Carolina for community college admissions, and must have established and maintained legal, permanent residency within Vance, Granville, Franklin, or Warren county for at least twelve (12) consecutive months before the beginning of the term;
- The recipient must not possess a post-secondary degree from any degree-granting institution (including associate, baccalaureate, or graduate/professional degree credentials);
- The recipient must be enrolled in 9 or more credit hours in any curriculum program;
- The recipient must apply and meet eligibility requirements for both endowment scholarships and federal/state financial aid, and have financial need as reported in their Free Application for Student Assistance (FAFSA);
- The recipient must first utilize any federal/state aid, scholarships, voucher, waiver or third party sponsorship;
- The recipient must not owe any outstanding debts, be in default on any student loans, or owe an overpayment on any Title IV grants to the college or any other educational institution;
- The recipient must have a minimum cumulative GPA of 2.5 or higher and remain aid eligible.

For scholarship information and program updates, visit www.vgcc.edu/faol/vanguardtee.

OTHER FINANCIAL AID

High School Equivalency/Adult High School Diploma Completion Tuition Certificate

Recipients of this certificate are students who have successfully completed the High School Equivalency or Adult High School Diploma program at Vance-Granville Community College. The certificate, which has no cash value, provides a waiver of in-state tuition and fees for one semester of curriculum education at VGCC. Recipients are required to apply for financial aid by completing the FAFSA. If the recipient qualifies for

aid, the certificate may not be combined with financial aid awards and/or scholarships. The certificate may only be redeemed during the recipient's first semester of curriculum enrollment.

College Foundation, Inc.

College Foundation, Inc., (CFI), is a nonprofit corporation that offers students and parents financial assistance. To learn more about career related scholarships and other scholarships, visit the College Foundation of North Carolina website at www.cfnc.org.

Veterans Educational Assistance

The Department of Veterans Affairs offers educational assistance to veterans who contributed towards their education while on active duty; to those who were discharged from active duty for a service-connected disability; to dependents of deceased or totally and permanently disabled veterans whose death or disability occurred while in military service; to eligible members of the Selective Reserves and the National Guard; and to members of the Armed Forces who entered active duty on or after July 1, 1985.

VGCC is an eligible institution for Department of Veterans Affairs education benefits. The Financial Aid Office will assist all who have questions concerning eligibility.

Veterans and eligible recipients enrolling in approved courses must pursue the exact curriculum listed in the College catalog and maintain satisfactory academic progress, attendance, and conduct for continuing eligibility of payments. Veterans and eligible recipients, once dropped or withdrawn from class(es), normally are not eligible for VA education assistance for that entire term.

Benefits are based on the number of credit hours per term in which an individual is enrolled:

- Full Time.....12 or more credit hours
- 3/4 Time.....9-11 credit hours
- 1/2 Time.....6-8 credit hours

Student records are kept by the College on veteran and non-veteran students alike. Official records are kept in the Admissions/Records Office. Please refer to Student Records and/or Transcript Request in the *Admissions, Registration and Records* section of the catalog.

Note: *Summer term is considered an accelerated term; therefore, the enrollment status is calculated by the Department of Veterans Affairs.*

Federal Direct Loan Program

Vance-Granville Community College does not participate in the William D. Ford Federal Direct Loan Program. However, students with prior Stafford or Direct Loans are eligible for enrollment deferments while attending VGCC. Students wishing to have new student loans may pursue alternative education loans available from one of many private lenders. Information is available in the Financial Aid Office or online at www.vgcc.edu/faol/fa-loans.

Federal Work-Study Program

Vance-Granville Community College participates in the federally-supported Work-Study Program. Work-Study employment provides job opportunities for students with financial need and is available on a part-time basis while classes are in session (usually 12 to 15 hours per week). To apply, students must complete the FAFSA and meet eligibility requirements.

Interested and eligible students must complete the VGCC Federal Work-Study Application. Submitting an application does not guarantee the student a work-study position. Placement into a position is contingent on job availability, student's qualifications, and program funding.

Priority is given to students who are enrolled in 9 or more credit hours for the fall and spring semesters and 6 or more credit hours for the summer semester. Information is available in the Financial Aid Office and online at www.vgcc.edu/faoltypes-aid. Contact the Work-Study Coordinator at (252) 738-3280 with any questions related to the program.

Childcare Grant Program

For the purpose of assisting student-parents with childcare expenses, the North Carolina General Assembly appropriates funding each academic year for childcare grants. The intent of this grant is to assist need-based students with the financial responsibilities of childcare so they may enroll and complete their educational goals. To apply, students must complete the FAFSA and meet eligibility requirements. In addition, students must complete the childcare grant application which is available online and in the Financial Aid Office. Students should apply as early as possible; however, submitting an application does not guarantee a childcare grant will be awarded.

The selection process for this award includes many factors such as availability of funds, grades and academic progress, program of study, enrollment status, financial need and other criteria as deemed necessary. The award amount is determined by the student's cost of attendance and available funding. If selected, assistance begins September 1 of each school year and ends April 30 of the following year.

WORKFORCE INNOVATION AND OPPORTUNITY ACT

The Workforce Innovation and Opportunity Act (WIOA) is funded through the U.S. Department of Labor, which allocates funds to states, which allocate funds to local Workforce Development Boards. WIOA provides training and employment opportunities through one-stop delivery systems. Vance-Granville Community College serves as a key partner and contractor with NCWorks Career Centers, the local one-stop delivery system that is administered by the Region K Workforce Development Board through the Region K Council of Governments. Through this system, a variety of educational and occupational skills training opportunities are provided to eligible persons who are unemployed, underemployed or economically disadvantaged.

Core services provided include eligibility determination, outreach, recruitment, initial assessment, job search, job placement, and labor market information. Intensive services provided include comprehensive assessments, individual employment plans, group counseling, case management, and short-term prevocational services. Training services provided include occupational skills, combined workplace/classroom training, private sector training, skills upgrading and retraining, entrepreneurial training, job readiness training, adult education and literacy, and customized training for employers.

As a training provider, Vance-Granville will offer curriculum-based training for eligible persons where possible. Also, participants may receive financial assistance, counseling, tutoring and job placement services depending upon the availability of funds.

STUDENT RESOURCES

CHILD CARE SERVICES

The College operates full-time Child Care Centers on its Main Campus and Franklin County Campus as training laboratories for the Early Childhood Associate program.

The Main Campus center maintains a Five-Star License with the State of North Carolina. One to five-year-old children of students, staff, and others are eligible for admittance.

The center at Franklin County Campus also maintains a Five-Star License with the State of North Carolina and is for two- to five-year-old children.

The Main Campus and Franklin County Campus Centers open at 7:30 a.m. and close at 5:30 p.m. Breakfast, lunch, and snacks are served. Full-time students at Vance-Granville Community College are encouraged to use this resource for placement of their children.

Parents who are interested in placing their children at either of the VGCC child care facilities should contact the child care manager at the campus at which they wish to enroll. Because of the high demand for child care services depending on the age group, a waiting list for enrollment is maintained at both facilities.

CONFIDENTIALITY STATEMENT

All documentation provided will be strictly confidential. No information, except as provided by law, will be released to anyone, including parents, without the student's written consent.

HEALTH SERVICES

Since Vance-Granville is a commuter institution, the College maintains no health facilities other than first aid supplies. The responsibility for medical services rests with the student and his/her parents or guardian.

Students may purchase a major medical insurance plan available through <http://www.studentccsi.com/>.

HOUSING

The College does not have dormitory facilities, nor does it assume any responsibility for student housing. If a student attending Vance-Granville Community College must secure housing, it will be his/her responsibility to investigate possible sources and make the necessary financial arrangements. The student is urged to do this well in advance of his/her anticipated enrollment date.

LIBRARY SERVICES

Library Services provides reference and instructional support, print and non-print media, audio-visual equipment, online databases, Internet access, and supports distance education with remote access to resources and services. Students can find information in their field of study as well as general interest material and can benefit from interlibrary loan agreements. Library Services staff provide information literacy classes, and individual instruction is available as needed.

In addition to providing information resources, Library Services offers students a variety of other services, including places for quiet or group study and access to computers, printers, and copiers.

In order to check out materials or use computers, students must obtain a library card by completing an information form, providing their student ID, and signing a statement agreeing to Library Services procedures. For additional information please visit the VGCC website.

OPEN COMPUTER LABS

Each campus has an open computer lab where students may use computers to complete course assignments or to practice skills. Software is provided that will allow students to write papers, work on spreadsheets, create presentations, and do Internet research. Lab technicians are available to assist students. In order to use the lab, students must fill out a card each semester signed by an instructor, must sign a statement agreeing to follow the lab rules, and must sign in and out each time they use the lab.

ORGANIZATIONS AND ACTIVITIES

The College encourages student participation in student organizations and activities. Although student activities are viewed as secondary to the purpose of academic preparation, they are, nevertheless, an important part of student growth and development.

The student activities program is designed to provide a variety of meaningful educational, cultural, and social experiences. The program may include student government, publications, departmental clubs, and special interest groups. For additional information, visit the VGCC website at <http://www.vgcc.edu/saa>.

Ambassador Program

The Ambassador Program is composed of a group of students from various program areas who have been nominated by the faculty and selected by a committee for their academic achievement, leadership potential, and vocational promise. Those selected are given specialized leadership training designed to be useful well beyond their graduation. These student leaders represent the College at special events on campus as well as in the community for a term of one year. Ambassadors host campus activities, conduct campus tours, speak to community groups, assist with registration/orientation, and participate in endowment fund activities. VGCC student ambassadors are provided special apparel that identifies them as leaders, a financial award, and the opportunity to meet community, elected, and business leaders throughout the region. The Ambassadors meet regularly for leadership development and planning purposes. *For more information on the Ambassador Program, contact the Office of Student Activities and Athletics.*

Athletics

VGCC participates in the National Junior College Athletic Association (NJCAA) Intercollegiate Athletics in men's basketball and women's volleyball. Interested students should contact the Office of Student Activities and Athletics. For more information, visit the VGCC website at <http://athletics.vgcc.edu>.

Clubs

The VGCC Student Government Association sponsors clubs that support the academic mission of the college. A faculty or staff advisor is required by the administration for each student group and organization. All organizations must be chartered and approved by the Student Government Association and the College President. Should a sufficient number of students desire a particular college activity, they may petition the Student Government for official recognition. All campus organizations are prohibited from discrimination according to race, creed, color, sex, age, or disability. For more information, contact the Office of Student Activities & Athletics or visit the VGCC website at <http://www.vgcc.edu/saa>.

Minority Male Mentoring Program

The Minority Male Mentoring Program (3MP) is an empowering and engaging program that provides male students with support and guidance. 3MP helps male students in acquiring the confidence, resources and skills needed to succeed academically and socially at Vance-Granville Community College.

Incoming male students are invited to join the Minority Male Mentoring Program (3MP). Any male student that joins 3MP is known as a Mentee and is assigned a coach. Mentees participate in regular meetings that feature a speaker and/or a workshop on an academic topic or life skills. Mentees voluntarily participate in workshops, activities and programs that encourage student leadership. For more information, visit the VGCC website at <http://www.vgcc.edu/MaleMentoring/index>

Phi Theta Kappa

The purpose of the Alpha Sigma Chi chapter of Phi Theta Kappa is to recognize and encourage scholarship among two-year college students. The society provides opportunity for the development of leadership and service, an intellectual climate for exchange of ideas and ideals, lively fellowship for scholars, and stimulation of interest in continuing academic excellence.

Membership is by invitation only. Students must be enrolled in a regionally accredited institution offering an associate degree program, have completed at least 12 hours of course work leading to an associate degree, have a grade point average of 3.5 (3.75 for part-time students), and enjoy full rights of citizenship. Members are inducted during spring semester only and must meet all criteria at the time of induction. *For more information, contact the Office of Student Activities & Athletics or visit the VGCC website <http://www.vgcc.edu/saa>.*

Student Government Association (SGA)

The SGA is designed to promote the general welfare of the College in a democratic fashion and to facilitate communication among the student body, the faculty, and the administration. Student government provides a means through which students can promote interest in student activities both on and off campus. Representatives are elected both by academic departments and by student organizations. *For more information, contact Office of Student Activities & Athletics or visit the VGCC website at <http://www.vgcc.edu/saa>.*

PARKING

All campus students are required to obtain, and properly display, a parking permit. Parking permits and campus parking rules and regulations are available during registration at the Business Office.

Vance-Granville's campuses have paved, well-lighted parking areas. On Main Campus, short-term parking for visitors is available in front of Building 1 and across from Building 8. Visitors are required to have a temporary parking permit displayed on their vehicle's dashboard. Temporary parking permits may be obtained from the receptionist in Building 1.

The institution provides parking spaces for persons with disabilities in a number of locations on all campuses. All parking lots are equipped with ramps that make the institution accessible to those persons with disabilities. Eligibility for such a parking space generally requires display of the proper license plate or placard from the North Carolina Division of Motor Vehicles indicating the driver's disabilities. However, all persons displaying a handicap placard must be in possession of the corresponding DMV registration card. (See Student Code of Conduct, Policies and Procedures for rules on parking.)

STUDENT HANDBOOK

A student handbook is prepared by each of the academic departments of the College. The handbook is a guide for students in acquainting themselves with their specific program by providing the student with additional information not available in this catalog. Copies are issued during orientation and are available in the academic departments and counseling offices or from campus deans. It is the responsibility of each student to know the contents in order to ensure his or her success at VGCC. These handbooks are also available online at the Academics webpages.

TESTING CENTERS

VGCC's Main, South, and Franklin Campuses all have approved Pearson VUE Testing Centers. These testing centers accommodate all VGCC testing requirements and may provide proctoring services by appointment for a nominal fee. Warren County Campus provides limited testing options including placement testing for curriculum classes. *For contact information and directions, please visit our website at <http://www.vgcc.edu/testingcenter/locations>.*

**ACADEMIC
&
STUDENT AFFAIRS**

The Academic and Student Affairs Division at Vance-Granville Community College offers programs for educational improvement as well as a variety of services to ensure student success. Services that are available to students in the Student Learning and Success Center include advising, counseling, minority male mentoring, disability services, career and tutorial services. The division's Literacy programs include services to help students improve their reading, writing and math skills; earn a high school diploma or High School Equivalency (HSE); or improve English speaking, writing and reading skills for those whose native language is not English.

STUDENT LEARNING AND SUCCESS CENTER

Student success is the central goal of the Student Learning and Success Center. Central to this mission is the provision of a supportive environment that encourages and assists students in developing and achieving their personal and educational goals.

Whether students are having personal issues, having difficulty with a class, or are needing some direction, getting help is the smart thing to do. One of the great things about Vance-Granville Community College is that assistance is readily available and free.

The Student Learning and Success Center offers several services including: career services, personal counseling, academic advising, tutoring services, and disability services. Visit one of our three Student Learning and Success Centers: Main Campus, Building 1-3rd Floor, South Campus, Room G102, and Franklin Campus, Main Building. For more information on the services provided by the Center you may visit our website at <http://www.vgcc.edu/SLSC/index>.

The following services are provided through the Student Learning and Success Center:

- **ACADEMIC AND CAREER COACHING**

Academic and Career Coaching assists students in the planning and developing of educational and career goals. Students must have their selected courses approved by their Academic and Career Coach prior to registration. During the drop/add period of the term, students must contact their Coach to add a course, but may drop courses through their WebAdvisor account. It is highly recommended that students discuss all registration changes with their Coach. For more information, please see the Drop and Add and Withdrawal from a Course(s) sections of the catalog.

Students are also encouraged to meet with their Academic and Career Coach at a time other than registration each term to discuss their academic progress and planning.

Although Academic and Career Coaches assist students in planning course schedules, the final responsibility for meeting all academic requirements for graduation rests with the student.

Note: *Students receiving financial aid and/or Veteran's Assistance will receive aid only for courses included in their program of study. Financial aid recipients should consult with the Financial Aid Office before making changes to course schedules.*

- **ACADEMIC SKILLS CENTER**

The Academic Skills Center (ASC) provides free, appointment-based tutorial services for various subjects and is available on all VGCC campuses. A referral form must be completed before receiving in-person services; referral forms are available in the Academic Skills Center, open computer labs, the Student Learning and Success Center and from instructors on all campuses. Upon completing a referral form and submitting it to the ASC, students may start scheduling appointments to meet with a tutor. An email referral from an instructor can be used in lieu of a referral form for tutorial services at the ASC.

Additionally, free online tutoring support is available to all VGCC students through the online tutorial service Upswing. Students can set up appointments for any course through Upswing or use Upswing's drop-in tutorial services for help in Math and English courses. Students can access Upswing through its link in every course's Moodle page or by visiting <http://www.vgcc.edu/upswing.io>; access to Upswing does not require an email referral or complete referral form. Please contact the Academic Skills Center Coordinator for any information regarding the ASC or visit the ASC website at <http://www.vgcc.edu/asc/index>.

- **CAREER SERVICES**

Career Services are available to prospective students, current students, and alumni of Vance-Granville Community College who need assistance with career development. Resources are designed to encourage individuals to examine and understand their personal interests, abilities, skills, and values, and to use this information in exploring and establishing career goals. Career assessment tools are available to help students identify occupations that meet their individual interests and needs. Emphasis is placed on aligning academic and career goals to achieve personal and professional success. Students may access online career exploration and assessment tools at <http://www.vgcc.edu/career-services-overview>.

Career Services also offers assistance with resumes and job search correspondence, interview preparation, mock interviews, career coaching, workshops, and career fairs.

Vance-Granville Community College students and alumni are able to access an on-line job posting system, as well as career development tools and resources, from any location on or off campus free of charge. The system, managed by College Central Network, offers a local and national jobs board, a resume builder, electronic career portfolios, Career Advice Documents, podcasts, videos on various topics, career articles, and a Job Search Toolkit. Employers are able to post and manage their employment opportunities independently and at no charge.

Please contact the Director of Academic & Career Assessment for more information or visit <http://www.vgcc.edu/career-services-overview>.

- **COUNSELING SERVICES**

Counseling Services provides personal counseling and advising, guidance in life skills, and intervention to assist students who may be experiencing difficulties that influence student success. Services are provided to students who are experiencing stress due to academic, career, or personal problems which may interfere with their ability to take full advantage of their educational opportunities. Counselors are also involved in consultation with faculty and staff for student advocacy needs, program development and outreach programming. Counselors are actively involved with New Student Orientation and other retention activities.

Counseling Services maintains relationships with community mental health services in order to accommodate students who may have mental health issues. Services are free and confidentiality is guaranteed within legal and ethical guidelines. For more information, visit the VGCC website at <http://www.vgcc.edu/CounselingServices/index>.

- **NEW STUDENT ORIENTATION**

One of the most important things you can do to assure your success as a new student is to get to know your new college. Attending New Student Orientation is a great start for new students and students who have been away from VGCC for over three years. Attending an orientation session is **required**; each

campus has scheduled sessions at convenient times, and it is also available online. New Student Orientation will inform and prepare you for college life. During New Student Orientation you will meet resource people, learn where to find campus resources, and access online resources including how to register for classes. In addition, you will meet other new students and interact with student leaders. For more information, visit the VGCC website at <http://www.vgcc.edu/admissionsoffice/orientation>.

- **SERVICE LEARNING**

Service Learning integrates community service with academic instruction. By relating the learning objectives with the service objectives, all parties involved benefit. The student has specific objectives that relate to a curriculum for which he or she receives academic credit. The learning outcomes are dictated by program outcomes that support community needs. Information about Service Learning activities on campus may be obtained through Academic & Career Assessment located in Building 8 on Main Campus.

DISABILITY POLICIES AND ACCOMMODATIONS

The Americans with Disabilities Act (ADA) states:

"No otherwise qualified individual with a disability shall, solely by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity."

"Otherwise qualified" in the ADA means that only those people who are able to meet the technical and academic qualifications for entry into a school, program, or activity are protected by the ADA. This means accommodations which call for a "fundamental alteration" of a program or which would impose an undue financial or administrative burden are not required.

The College has no responsibility for identification and evaluation of students with disabilities. If an evaluation is needed, the expense is the student's responsibility.

Procedure for Requesting Reasonable Accommodations

To initiate a request for accommodations, a student must do the following:

- Meet the admission requirements: application for admission, transcripts, and placement testing. Alternate placement testing format must be arranged in advance.
- Self-identify to a Disability Services Counselor or staff member that he or she has a disability and is requesting accommodations.
- Arrange an appointment with a Disability Services Counselor to determine if he or she qualifies for reasonable accommodations 30 days prior to the beginning of the semester.
- Provide appropriate documentation of the disability (see the guidelines which follow).
- Allow ten (10) business days for all documentation to be reviewed and processed for potential accommodations. This process must be completed before accommodations are approved or denied. Additional time may be required to fully fulfill reasonable accommodations.
- Request specific accommodation(s), for optimal service, prior to the first day of class. Requests for accommodations can be made at any point in the semester. Mid-semester requests are not retroactive to the beginning of the semester of the request.
- Discuss the disability with his or her instructor(s) and provide the instructor(s) with a copy of the Request for Accommodations form letter.

Disability Services Documentation Guidelines

Students seeking academic accommodations are required to submit documentation verifying eligibility under Section 504 of the Rehabilitation Act of 1973 and the American with Disabilities Act. All documentation is confidential and is not considered a part of the academic transcript. The following guidelines are provided in the interest of identifying evaluation reports appropriate to document eligibility.

- The documentation must be comprehensive and include a clear diagnostic statement.
- Documentation must be current (within five years) and comprehensive.
- Reports must contain the names, titles, and license information of the evaluator(s), and the dates of evaluation(s).
- Reports must be submitted on professional letterhead. Prescription pads and copies of letterhead are not acceptable.
- Reports should contain recommendations for reasonable accommodations suitable to a postsecondary academic setting. Specific suggestions to best assist the identified student are also very helpful.

Americans with Disabilities Act Complaint Procedure

Vance-Granville Community College has adopted an internal procedure which provides for the prompt and equitable resolution of complaints alleging any action prohibited by the Americans with Disabilities Act (ADA). Complaints should be addressed to the Dean of Enrollment & Outreach, who has designated the Disability Services Counselor to coordinate disability services for students.

- A complaint should be filed in writing, contain the name and address of the person filing it, and briefly describe the alleged violation of the regulations.
- A complaint should be filed within 30 calendar days after the Complainant becomes aware of the alleged violation.
- An investigation, as may be appropriate, shall follow the filing of a complaint. The investigation shall be informal but thorough and afford all interested persons and their representatives, if any, an opportunity to submit evidence relevant to the complaint.
- A written determination as to the validity of the complaint and a description of the resolution, if any, shall be issued and forwarded to the complainant no later than 10 calendar days after its filing.
- The complainant can request a reconsideration of the case if he/she is dissatisfied with the resolution. The request for reconsideration should be made to the Dean of Enrollment & Outreach within 10 calendar days.
- The Dean of Enrollment & Outreach shall maintain the files and records relating to the complaints filed.
- The right of a person to a prompt and equitable resolution of the complaint filed hereunder shall not be impaired by nor shall the use of this procedure be a prerequisite to the pursuit of other remedies.

Other remedies include the filing of an ADA complaint with the Office of Civil Rights, a department of the U.S. Department of Education or other responsible federal agencies. For more information, visit the VGCC website at <http://www.vgcc.edu/DisabilityServices/index>.

LITERACY EDUCATION PROGRAMS

Literacy programs are located at all four of Vance-Granville Community College's campuses as well as several community based sites. These programs are offered day, evening and online. For more information on these programs you may visit our website at <http://www.vgcc.edu/Literacy-Education/index>.

Adult Basic Education (ABE)

The Adult Basic Education (ABE) Program is designed to develop and improve a person's mastery of basic skills in reading, writing, math, communication, and critical thinking. Adult participants improve basic skills for the workplace, achieve personal goals, and prepare for enrollment in the Adult High School (AHS) or High School Equivalency (HSE) program.

Adults 18 years of age or older with less than an eighth grade education or those assessed as performing at less than a high school level of proficiency in reading, math, or language skills may enroll in the Adult Basic Education (ABE) Program. Classes are available at each of Vance-Granville Community College's campuses and at other sites located throughout the college's service area. Instructors work individually with students in planning the most effective study program. Students enrolled in the program study in a classroom setting. Adult Basic Education classes are free.

Basic Skills Plus

The Basic Skills Plus program is designed to provide employability skills, job-specific occupational and technical skills, and developmental education instruction to students concurrently enrolled in a community college course leading to a high school diploma or equivalent certificate. Students who are seeking a high school diploma or equivalent and are enrolled in an Adult Basic Skills course are eligible for Basic Skills Plus.

Adult High School (AHS) Diploma

The Adult High School (AHS) Diploma Program is available to meet the needs of adults 18 years of age and older who have not completed high school. There are several steps in the application process. Applicants must first take a placement test in order to determine their skill level in reading, math and language. Since this is a high school program, the applicant's test results must demonstrate a high school proficiency level in the three tested areas. The next step is the evaluation of the official transcript from the former high school by lead instructors in the Adult Learning Centers at the campus sites or the AHS Coordinator on the main campus. Students requiring more than six (6) high school credits are encouraged to pursue their high school equivalency diploma. Once it is determined that the applicant will be accepted, the applicant will decide whether he/she would like to enroll in the more traditional classroom setting or the online program. The Adult High School Program requirements are the same for both programs. All requirements are based on the *revised* North Carolina Standard Course of Study. It is mandatory that students successfully master and complete the required courses. The basic courses required for high school completion according to the North Carolina Standard Course of Study are as follows:

COURSES	UNITS
English	4
Mathematics	4
Science	3
Social Studies	4
Health/PE	1
Electives	6
Total	22

Enrollment in the Adult High School Diploma Program (distance education/online) and enrollment in the Adult High School Diploma Program Adult Learning Centers (classrooms) provide students with professional support and constant encouragement. However, the Distance Education online setting is available 24 hours a day, seven days a week and utilizes Internet-based instruction to complete the necessary school credits. Both of the choices are equal in quality and will give students an opportunity to earn the necessary high school diploma in order to become more marketable in today's world. Adult High School classes are free. Students are encouraged to further their education at Vance-Granville Community College upon successful completion of the adult high school diploma.

Diplomas and Certificates

1. The Adult High School Diploma is awarded to students who successfully complete the credits required by the North Carolina Standard Course of Study. The diploma is awarded by all service area Boards of Education (Vance, Granville, Franklin, and Warren) in cooperation with Vance-Granville Community College.

2. The High School Equivalency Diploma is awarded by the North Carolina Community College System to individuals who achieve passing scores on the High School Equivalency Test.

High School Equivalency (HSE)

The High School Equivalency Program is designed to develop and improve a person's mastery of skills and general knowledge in the four content areas of language arts, social studies, science, and math. Any person 18 years of age or older may enroll in the program. Classes are available at each of Vance-Granville Community College's campuses and at other sites located throughout the college's service area.

Students entering the high school equivalency course of study are assessed to determine areas of strengths and weaknesses. Instructors work individually with students to set goals and plan the most effective study program. Classroom instruction for students in the program focuses on improving critical thinking, reading comprehension, writing ability, and mathematical reasoning in preparation for testing.

Preparation for the high school equivalency test through distance education (online) is available to students who cannot attend classes on campus. The distance education program is available 24 hours a day, seven days a week and utilizes Internet-based instruction to prepare the student for testing.

High School Equivalency (HSE) classes are free. Students are encouraged to further their education at Vance-Granville Community College upon successful completion of the high school equivalency diploma.

High School Equivalency (HSE) Test

The high school equivalency test measures a person's mastery of skills and general knowledge in four content areas: language arts, social studies, science, and math. Upon successful completion of the entire battery, a student is awarded a diploma that is considered the equivalent of a high school diploma. The high school equivalency test is administered often throughout the semester to meet the testing needs of students. The testing fee is subject to change by the State Board of Community Colleges. For more information on high school equivalency testing, please visit the Testing Center website at <http://testing.vgcc.edu>.

English as a Second Language Program (ESL)

This program offers individuals whose native language is not English an opportunity to improve their ability to understand, speak, read, and write in English. Students entering the program are assessed to determine areas of strengths or weaknesses. At the introductory level, instructors assist students with developing the conversational skills needed for day-to-day survival and success in the workplace. At the intermediate and advanced levels, more detailed attention is given to grammar, language usage, sentence structure, composition, and pronunciation in order to strengthen the student's confidence in using English. Instructors provide a variety of instructional activities for students including computer-assisted learning, small and whole group instruction, and individual assistance.

Classes are available at Vance-Granville Community College's campuses and other sites throughout the college's service area. All English as a Second Language classes are free.

Adult Learning Center

The Adult Learning Centers (ALC) are located at each of VGCC's campuses and are designed to provide Adult Basic Skills students with access to a variety of instructional approaches and materials. Technology is used to enhance traditional classroom instruction and provide an interactive learning experience for students. Student learning needs are assessed individually, and instructional plans are developed that take into account each learner's skill development level and preferred learning style.

Upon enrollment, students meet with the Adult Learning Center staff to discuss educational goals and to determine the most convenient schedule for each student. During the initial orientation process, the students are administered placement tests and inventories. This assessment procedure is necessary in order to establish precise learning goals and select the appropriate educational plans. Students and staff determine whether the appropriate path of learning is ABE, AHS, HSE, Distance Education, or ESL. Adults with intellectual disabilities (Compensatory Education students) are served in all program areas dependent upon their assessment scores. Students will then attend classes and are encouraged to participate in a variety of instructional activities that include independent study, small/whole group instruction classes, computer-assisted instruction, and class projects. Students are urged to participate in an ongoing self-assessment process that monitors progress and directs future learning and goal setting.

STUDENT CODE OF CONDUCT

CONDUCT

Students of all College programs, curriculum and non-curriculum, will be expected to conduct themselves at all times as mature and responsible individuals and should show a high regard for College facilities, property, and for the personal rights and property of others. Enrolling students are responsible for acquainting themselves with College regulations, including the Code of Conduct.

The act of enrollment at Vance-Granville Community College indicates an acceptance by the student of published rules and policies of the College. Each enrolled student is considered to be a responsible adult, and Vance-Granville Community College assumes and requires that men and women who enroll in various programs and classes will maintain standards of conduct appropriate to the collegiate atmosphere of Vance-Granville Community College. More stringent policies of professional behavior may be required in specific programs. Detailed information can be found in the program student handbook.

Students may be suspended or dismissed for conduct that is considered in violation of the Student Code of Conduct while on campus or while participating in school-sponsored activities either on or off campus.

The decision to suspend or dismiss students for violations of the College Code of Conduct will be at the discretion of the Vice President of Employee and Student Services. Pending an investigation, college administrators or campus security may require a student to leave campus and not return until instructed by the Vice President of Employee and Student Services.

I. Classroom Conduct

The classroom provides a place for learning and the exchange of ideas. In order for teaching and learning to occur, the appropriate environment must exist that includes respect, civility, and common courtesy. To help create this environment, the following items may be regulated on the course syllabus and may vary from instructor to instructor. Ask your instructor if you are unsure of the classroom rules. There may be additional items regulated by your instructor that are not listed here. Infractions of basic classroom rules will typically be addressed by your instructor; however, repeated or serious infractions may be referred for formal disciplinary sanction.

1. Tardiness
2. Attendance
3. Food and drink
4. Bringing guests to class
5. Conversation during class
6. Required protective equipment
7. Minor disruptions during class
8. Cell phones and other electronic devices
9. Temporary dismissal from class
10. Plagiarism or Academic Dishonesty*

(*An instructor may impose loss of credit for an individual assignment)

While students are on Vance-Granville Community College properties or at a Vance-Granville Community College-sponsored event, acts that are illegal or against the College's rules and regulations may be subject to disciplinary action. The following actions are specifically prohibited at Vance-Granville Community College.

Academic Dishonesty (Repeated or Severe Violations) – Students may not cheat or attempt to deceive instructors or any College staff member on assignments, tests, exams, etc. Plagiarism, which includes paraphrasing or summarizing another person’s words, without proper acknowledgement is prohibited. Academic dishonesty also includes assisting or attempting to assist another student in an act of academic dishonesty.

PLAGIARISM POLICY AND PROCEDURES

POLICY

The college recognizes plagiarism as defined in Black’s Law Dictionary as “the deliberate and knowing presentation of another person’s original ideas or creative expressions as one’s own.” Plagiarism will not be tolerated at Vance-Granville Community College.

Faculty will state the College’s definition of plagiarism on course syllabi. Individual departments/programs and instructors may have more stringent plagiarism standards, and in this case, the department/program/course standards shall be clearly stated on the syllabi and shall be followed. Faculty will apply the policy and procedures consistently.

CLASS PROCEDURE

a. Following the first recorded incident of plagiarism in a class:

The instructor records a zero for the student on the assignment and informs the student of the zero grade due to the plagiarism incident. The instructor will ask the student to acknowledge the first incident of plagiarism in writing. The instructor reports the student and the incident to the student’s academic advisor, department chair and/or program head, and academic dean, and Vice President of Academic Affairs. The instructor refers the student to the Academic Skills Center for coaching on how to recognize and how to avoid future incidents of plagiarism. This first incident will be documented in Starfish and an email will be sent to the student to advise him or her of this violation of the College’s Plagiarism Policy. In addition, a letter will be sent to the student from the Vice President of Academic Affairs.

b. Following the second recorded incident of plagiarism in the same class:

The instructor records a zero for the student on the assignment and informs the student of the zero grade. The instructor also informs the student that an F# grade will be entered for the course. The F# is a plagiarism-specific grade that is assigned when a class is failed because of plagiarism. In addition to informing the student of the F# grade, the instructor reports the student and the incident to the student’s academic advisor, department chair and/or program head, academic dean, and Vice President of Academic Affairs. The student is not allowed to return to the class for the duration of the semester. The F# grade should be entered immediately for the course grade. The student is not permitted to drop the course with a W grade to avoid the penalty. If a student does manage to drop the course (without the instructor’s approval) with a W grade, the instructor will submit a grade change form to replace the W grade with the F# grade. The Registrar should confirm the plagiarism acts and implement the change.

- c. The following documentation will record the plagiarism.

Grade F#	Explanation	Quality Points per Credit Hour
	Failure due to Plagiarism	0

The information from this section of the catalog is reproduced on the back side of official transcripts from the college. This information should also be updated on transcripts so that recipients of an official transcript are notified of what an F# grade represents.

COLLEGE PROCEDURE

The Vice President of Academic Affairs will enforce the college's policy as follows:

- a. Following a student's second offense at the College:

The Vice President of Academic Affairs sends a letter of academic warning to the student informing him/her that the discovery of any additional act(s) of plagiarism or other academic dishonesty in any course will result in suspension and/or expulsion from the College.

If two acts of plagiarism are committed in the same course, the Academic Dean submits an F# grade for that course.

Multiple acts of plagiarism in separate classes could lead to a suspension. Once an F# grade has been received or a suspension has been given to a student for multiple acts of plagiarism in separate courses, then any further acts of plagiarism in any course may lead to another suspension and/or expulsion.

Expulsion will not be the consequence of plagiarism until either one F# grade has been received or one period of suspension has been previously served.

- b. Following a student's third infraction:

The Vice President of Academic Affairs suspends or expels the student from the College and provides the student with written notification of the decision. An appeal of the suspension/expulsion decision can be made through the appropriate Academic Division Dean. Students should follow the academic appeals process as outlined in the College catalog. Notification of the decision is also given to the student's current instructor(s), academic advisor, academic deans, satellite campus deans, and security staff at all campuses.

- c. If, following suspension for a third infraction, a fourth infraction is discovered:

The Vice President of Academic Affairs informs the student in writing that the student is expelled from the College. An appeal of the expulsion decision can be made through the appropriate Academic Division Dean. Students should follow the academic appeals process as outlined in the College catalog. Notification of the decision is also given to the student's current instructor(s), academic advisor, academic deans, satellite campus deans, and security staff at all campuses.

Maintaining an account of all infractions will be the responsibility of the Office of the Vice President of Academic Affairs.

Temporary Dismissal From Class – When an instructor deems a student's behavior detrimental to the continuation of the class, an instructor may dismiss that student for the remainder of the individual class period. An instructor should complete and submit a Starfish referral to document the dismissal. Any dismissal beyond one class period must follow established College suspension procedures.

II. General Campus Conduct

- **Accessory-** You may not be an accessory or assist another in committing a violation of the Code of Conduct or other illegal act.
- **Alcoholic Beverages** – You may not possess, use, or be under the influence of alcoholic beverages while on campus or at a College sponsored event.
- **Animals** – You may not bring an animal of any kind on campus; this includes leaving animals in vehicles. Police dogs or animals sanctioned for the purpose of assisting the visually impaired are exempt.
- **Assault** – You may not threaten to strike or threaten to cause harmful or offensive contact with another person.
- **Battery** – You may not strike or cause intentional contact that causes harm or is offensive to another person.
- **Computer Use** –The College has a Computer and Network User Policy-VGCC Board Policy. Inappropriate or unauthorized use may result in disciplinary sanctions.
- **Disobedience** – You may not disregard reasonable directives of any College employee acting in the interest of the College.
- **Disorderly Conduct** – You may not act in a way that will create interruption and disturb the peace of the College.
- **Disrespect** – You may not speak or act in a manner that disrespects any person while on campus or while attending any College event.
- **Distribution and Display** - You may not distribute or place inappropriate, obscene, or libelous printed materials or pictures on campus.
- **Disruption** – You may not disrupt the normal activities of the College by verbally or physically interfering with instruction, meetings, events, or traffic. In addition, you may not cause disruption in buildings, hallways, or outside areas of campus.
- **Disruptive Clothing** – You may not wear clothing that may cause a disruption or that is provocative or obscene, including undergarments that are visible. Shirts and shoes are required.
- **Drugs** – You may not possess, use, or be under the influence of any narcotic or illegal drug in violation of state or federal law.
- **False Information** – You may not present false information that the College has properly and legally requested. Conversely, you may not withhold information that has been properly and legally requested by the College.

- **Gambling** – You may not gamble on campus.
- **Hazing**- No group or individual shall require another student to wear abnormal dress, play abusive or ridiculous tricks, or use frightening or other harassing behavior that subjects those individuals to personal indignity or harm.
- **Law Violations** – You may not violate any local, state, or federal criminal laws on College property. Note: Charges for breaking certain local, state or federal criminal laws off campus may result in disciplinary sanctions by the College.
- **Parking and Motor Vehicles** – You may not operate your vehicle in an unsafe manner, or violate rules for vehicle registration, display of decals, or parking.
- **Profanity and Offensive Language** – Profanity and offensive language are not permitted. While the College does not intend to scrutinize every word spoken, College staff may take issue in instances when a student’s language is deemed unacceptable.
- **Property Damage** – You may not damage property that belongs to the College or property of others.
- **Sexual and Other Types of Harassment** – You may not harass any person on campus. This includes sexual, verbal, or physical harassment for any reason.
- **Theft** – You may not steal property that belongs to the College or that of another individual.
- **Threat** – You may not engage in behavior that is clearly designed to present harm to the emotional or physical well-being of another person or yourself.
- **Tobacco** – VGCC is a 100% Tobacco-Free Campus. You may not use any tobacco product while on any VGCC College Campus property or inside a College vehicle.
- **Unauthorized Use of College Documents and Images** - You may not forge, alter or misuse College documents, records, or instruments of identification. You may not use the College name, logos, or mascot without proper authorization.
- **Weapons** – You may not have a weapon or facsimile of a weapon of any kind, including firearms, knives, and tasers. Law enforcement officials are exempt.

III. Disciplinary Sanctions

When students violate College regulations, they are subject to disciplinary action by the College. Disciplinary action may be initiated by a complaint by any person of the College. The complaint must be filed with the Vice President of Employee and Student Services or Campus Security. The Dean or his/her representative shall investigate all complaints and will assign in writing formal sanctions if justified. Once formal sanctions have

been determined, the student may appeal the decision. The Student Code of Conduct sanctions are listed below. These sanctions seek to preserve flexibility in the imposition of punishment and do not imply an order or sequence of sanctions. The sanctions in each case will be determined by the factors related to the specific case.

Sanctions include the following:

- **Reprimand** – A written communication which gives official notice to the student that he/she has violated the Student Code of Conduct and that any subsequent violation of the Student Code of Conduct may carry heavier penalties because of this prior infraction.

- **General Probation** – An individual may be placed on general probation when involved in a minor disciplinary offense. General probation has two important implications: first, the individual is given the chance to show his/her capability and willingness to observe the Student Code of Conduct without further violation; second, if an additional violation occurs, additional sanctions will be imposed. The probation will be in effect for no more than two terms.

- **Restrictive Probation** – Restrictive conditions may limit activity or access to certain places within the College community. Generally, the individual will not be eligible for initiation into any local or national organization, and may not receive any College award or other honorary recognition. The individual may not occupy a position of leadership or responsibility with any College or student organization, publication, or activity. This probation will be in effect for no more than two terms. Any violation of restrictive probation may result in immediate suspension.

- **Restitution** – A student may be required to pay for damaging, misusing, destroying, or losing property belonging to the College, College personnel, or student(s).

- **Loss of academic credit for a course** – This may be imposed as a result of severe or repeated academic dishonesty. Note: The instructor may impose loss of credit or grade for an individual assignment or assignments as an alternative.

- **Suspension** – This is defined as exclusion from class(es) and/or all other privileges or activities of the College for a specified period of time, generally up to one calendar year.

- **Expulsion** – This is defined as dismissal from the College for an indefinite period, generally more than one calendar year. The student may be re-admitted to the College only with the approval of the College President or his/her designee.

- **Group Probation** – This is assigned to a College club or other campus organization for a specified period of time. If group violations are repeated during the probationary period, the charter may be revoked or activities restricted.

- **Group Restriction** – While under restriction, a campus group may not seek or add members, hold or sponsor events in the College community, or engage in other activities as specified.

- **Group Charter Revocation** – This action removes recognition for a group, club, society, or other organization for a minimum of two (2) years. In order to be chartered again after the period of revocation has ended, the request must be approved by the Student Government Association and the College President.

Notice: Vance-Granville Community College reserves the right, under Federal law, to include notations of disciplinary sanctions on a student's academic transcript.

Order of Disciplinary Appeals Procedures

1. Once the Vice President of Employee and Student Services has assigned disciplinary sanctions, he/she will

- Provide written notice of the sanctions imposed to all persons accused of violations.

Rights of the Accused

The accused may elect to

- Voluntarily accept sanctions imposed by the Vice President of Employee and Student Services or

- Request a hearing before the Judicial Committee by completing a Disciplinary Appeals form requesting the hearing. The appeal must be filed with the Vice President of Employee and Student Services within 10 College working days from the date on the disciplinary action letter.

2. The Vice President of Employee and Student Services may summon the committee for a hearing within 10 working days from the receipt of the Appeals request. The committee is comprised of faculty, staff, and students.

Hearing

The Judicial Committee will

- Hear the complaint from those initiating disciplinary action, along with any witnesses.

- Hear the appeal from the accused, along with any witnesses (legal counsel may be present but cannot participate in this hearing process).

- Discuss facts to determine if disciplinary action was justified.

- Provide written recommendation to the President within five working days of their decision to support or not support the appeal.

- The President will make a decision and notify the student within five working days of receipt of committee's written recommendation. *The decision of the President is final.*

- The Vice President of Employee and Student Services and Vice President of Academic Affairs will decide if a student may attend classes during an Appeals process. Each case will be decided individually.

Note: Academic Grievance/Grade Appeals information is located in the Academic section of this catalog.

GENERAL INFORMATION

Access to Campus Facilities

Access to campus facilities is limited to the designed and intended purposes of the specific classroom, laboratory or shop. Individuals not scheduled to have access should not enter these areas without permission. Students shall not use shop equipment unless under the supervision of an instructor.

Alcohol and Drug Abuse - VGCC Board Policy

It is the policy of Vance-Granville Community College to comply with the Drug-Free Schools and Communities Act of 1989 (Public Law 101-226) as implemented by regulations contained in 34 CFR Part 86, Subpart B, (amended as Title IV Safe and Drug Free Schools and Communities Act of 1994.) Therefore, it is the policy of this College that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance on the College's campuses or at any site or activity operated by Vance-Granville Community College is prohibited. Any student violating this policy is in violation of the College's rules and regulations and also the Student Code of Conduct of Vance-Granville Community College. Any student violating this policy will be subject to disciplinary action up to and including permanent expulsion.

Students who violate the College's policies relating to drug abuse will be referred to the appropriate legal agencies for prosecution under the federal and state laws governing use and possession of a controlled substance. This includes, but is not limited to, narcotic drugs, hallucinogenic drugs, amphetamines, barbiturates, marijuana, anabolic steroids, or any other controlled substance as defined in Schedules I through V of Section 202 of the Controlled Substance Act (21 U.S.C. Section 812) and as further defined by regulation at 21 C.F.R. 1300.11 through 1300.15 or article 5 Chapter 90 of the North Carolina General Statute. Persons who violate this statute shall be guilty of a felony and may be imprisoned up to 10 years or fined up to \$10,000 or both at the discretion of the court.

Possession or use of alcoholic beverages or being in a state of intoxication on the college campus or at college-sponsored or supervised functions off-campus or in college-owned vehicles is prohibited. This includes, but is not limited to, alcoholic beverages, malt beverages, or fortified wine or other intoxicating liquor. Use of alcoholic beverages may result in referral to counseling programs and/or legal agencies for prosecution under federal and state laws.

Prescription drugs authorized by a registered physician or pharmacist are not in violation of the code of conduct as long as the individual intended to receive the prescription medication takes the drug according to the prescribed dosage. Any influence which may be attributed to the use of drugs or of alcoholic beverages shall not in any way limit the responsibility of the individual for the consequences of his/her actions.

Students should be aware that the use of alcohol, non-prescription use of depressants including sleeping pills, sedatives, tranquilizers, non-prescription use of stimulants including cocaine, prescription diet pills and marijuana can lead to lapses in attention, slowed reflexes and reaction time, impaired vision and impaired short term memory. Alcohol is strongly associated with the increased risk of cancers of the oral cavity, pharynx and larynx. Other research indicates chronic alcohol abuse may affect the immune system.

Alcohol and Drug Abuse Agency Resources

Students desiring counseling or treatment for the abuse of alcohol or drugs should contact Counseling Services at the College or any of the following agencies:

- Alcoholics Anonymous
 - Vance County:.....252-438-2395
 - Granville County:.....919-693-2329
 - Franklin County.....1-877-619-3761
 - Warren County:.....252-257-2774
 - Durham County:.....919-286-9499
 - Wake County:.....919-783-8214
 - TriCounty Intergroup:.....919-831-5100
- Narcotics Anonymous Hotline.....919-831-5100
- Alcohol Drug Council of N.C.....1-800-662-7030
- Alcohol Abuse 24-Hour Hotline & Treatment.....1-800-374-2800
- Alcohol Abuse 24-Hour Assistance & Treatment..... 1-800-234-1253
- Five County Mental Health Authority..... 1-877-619-3761
(TTY) 1-877-338-0788
- Alcohol & Substance Abuse Program UNC-Chapel Hill.....1-888-457-7457
- Durham Council of Alcoholism & Drug Dependence, Inc.....919-309-2600
- Duke Addiction Program..... 919-684-3850
- Wake County Programs and Clinics:..... 919-212-7000
- Al-Anon/Alateen:.....919-713-1516

Approval of Activities/Fund Raising

All club extracurricular activities and fund raising must be approved by the Dean of Enrollment & Outreach to ensure that they are coordinated throughout the entire College.

Bulletin Boards

- Posters of any type are not permitted on walls, doors, windows, or exterior surfaces of buildings. Important announcements concerning student activities, meetings, pre-registration, job openings, and special events are posted on the bulletin boards. Students are held responsible for removing all notices that are outdated or improperly posted.
- Ads (books for sale, rentals, items for sale, etc.) may be posted on a designated bulletin board located on the third floor of Building 1 on the Main Campus. Students at other campus locations must have postings approved by the Campus Dean. Permission to mount posters or notices on bulletin boards must be obtained from the Dean of Student's Office.
- Placing inappropriate or obscene material on bulletin boards or in any campus location is a violation of the Student Code of Conduct.

Campus Security

VGCC strives to provide a safe and secure working and learning environment for its faculty, staff, students, and visitors. Campus Security encourages everyone to be vigilant, to be aware of his/her surroundings, to keep his/her belongings secure, and to report any suspicious persons or behaviors to Campus Security or any College official. Victims or witnesses can report crimes or threats anonymously and confidentially by calling the Security Division at (252) 438-0446 or by emailing the Chief of Police/Director of Public Safety at newtonsg@vgcc.edu.

Children on Campus

Children are not allowed in classrooms or the testing center, nor should they be left alone in any area on campus. Students should not bring children on campus unless they are enrolled in the College child care program. The College cannot assume responsibility for these individuals while on campus. The recreational facilities, classrooms, and other areas of the College are designated primarily for the student population.

Communicable Disease

Communicable and infectious disease shall include, but is not limited to, chicken pox, influenza, tuberculosis, conjunctivitis, hepatitis A, B, and D, infectious mononucleosis, and acquired immune deficiency syndrome (AIDS).

Persons who know or have a reasonable basis for believing that they have an infectious/communicable disease which may pose a threat to others have an obligation to conduct themselves in accordance with such knowledge, so as to protect themselves and others. Accordingly, employees and student should report the information to the Vice President of Employee and Student Services. All information will be kept confidential except to those persons determined by the Vice President of Employee and Student Services as having a need to know. These persons will be informed after the individual is advised that such action will be taken.

Any student who believes or knows he/she is infected and is engaged in clinical patient-care is required to share that information as soon as possible with the Vice President of Employee and Student Services on a confidential basis, so that the College can protect the welfare of patients and others.

Computer and Network User Policy - VGCC Board Policy

Campus-wide access to computing facilities is restricted to Vance-Granville Community College faculty, staff, currently enrolled students and others as appropriate. Authorized users may use College computing facilities, including transmissions over and through the College network, for research and scholarly or educational purposes, and for official College business, so long as such does not

- Violate any law or College policy, or College procedure
- Involve significant use of College resources, direct costs, or substantial interference with the performance of College duties and work, or
- Result in commercial gain or profit.

Computing Facilities General Use

Access to Internet operations is restricted to faculty, staff, active curriculum students possessing a valid student identification card, and active extension or special students requiring access by nature of the course requirements or by an instructor's written permission.

No user shall disclose an account password or share an account with another person. Instructors will not share their accounts with students, work-study students, or temporary help of any kind. It is the responsibility of the user to protect the account from unauthorized use by changing the account password periodically and using passwords that are not easily guessed.

Any attempt to circumvent system security, guess passwords, or in any way gain unauthorized access to local or network resources is forbidden.

Transferring copyrighted materials to or from any system or via the College network without express consent of the copyright owner

is prohibited and may be a violation of Federal and State Law.

Use of electronic mail and other network communications facilities to harass, offend, or annoy other users of the network is forbidden. This includes electronic "chain letters."

1. Information Access and User Privacy

Electronic mail, information passing over the College network, and information stored in user accounts are considered to be private and confidential. Although this type of information must be accessed by system personnel for the purpose of backups, network management, etc., the content of user files and network transmissions will not be viewed, monitored, or altered without the express permission of the user except in the following circumstances:

- The College has reason to believe that an account or system has been breached and is being used by someone other than the authorized user;
- The College has received a complaint that an account or system is being used to gain unauthorized access or to attempt to gain unauthorized access to another network site;
- The College has reason to believe that an account or system is being used in violation of College policy, State Law, or Federal Law; or
- The LRC staff has reason to believe that the patron in the LRC is using the Internet inappropriately.

Under these circumstances, the College President and/or his/her designee may authorize staff to monitor the activities of a specified account or computer system, and to search electronic information stored in that account. The authority for this search must be requested on an account-by-account basis and monitoring will be restricted to the specified account. If this search provides evidence of violation, the account will be disabled, and action will be taken with appropriate authorities.

Users are expected to take proper care of the equipment in all College facilities and to abide by the rules of the staff and faculty supervising the equipment. They are to report any malfunction as soon as possible to the Office of Information Technology for repair. A user should not attempt to move, repair, reconfigure, modify, or attach external devices to the systems, including changing toolbars, screen savers or desktop themes. Users will be held responsible for any internal or external damage inflicted during use. Display of offensive or inappropriate materials on public workstations is expressly forbidden and may result in revocation of computing privileges at the discretion of the supervising staff. Staff will periodically monitor appropriate usage. Users are required to sign a copy of the policy statement before using computer workstations in the LRC to document that they understand and are willing to comply with this policy.

2. Ponzi Schemes

A *Ponzi Scheme* is a form of chain letter that requests recipients to send money to people on a list. The US Supreme Court has determined that Ponzi Schemes are inherently fraudulent. The US Criminal Code prohibits the use of mail or wire in any attempt to defraud. Users should note that under the wire fraud statutes, the attempt to defraud is a violation, and all who are involved in the attempt, whether intentionally or not, may also be in violation.

3. Sanctions for Policy Violations

Violations of policy will be treated as academic misconduct, misdemeanor, or felony as appropriate. For non-criminal matters, but serious misconduct, the following procedure will be followed:

- On the **first violation**, the user will be denied computing privileges for a period of one week.
- A **second violation** will result in the loss of computing privileges until the end of the semester.
- A **third violation** will result in permanent loss of computing privileges.

For minor violations of policy, such as non-educational electronic mail, non-educational chatting, or any form of non-educational electronic communication, the following procedure will be implemented:

- On the **first violation**, a warning will be issued and documented.
- On the **second violation**, the user will be denied computing privileges for a period on one week.
- **Any violation** after the second will result in loss of computing privileges for the rest of the semester with no other warnings issued.

Criminal violation will be prosecuted to the fullest extent of the law and will result in the immediate suspension of computing privileges. The outcome of such violations may result in student or staff disciplinary or termination proceedings and permanent revocation of computing privileges.

Electronic Signature Policy - VGCC Board Policy

Vance-Granville Community College (VGCC) recognizes an electronic signature as a valid signature from faculty, staff, and students subject to the conditions described below. An electronic signature is defined as any electronic process signifying an approval to terms, and/or ensuring the integrity of the document, presented in electronic format. Students use electronic signatures to register, check financial aid awards, pay student bills, obtain unofficial transcripts, update contact information, log into campus computers, complete forms, submission of class work, tests, etc.

Faculty and staff use electronic signatures for submitting grades and attendance roster information, viewing personal payroll data, logging into campus computers, accessing protected data through the administrative computing system and custom web applications provided by the College, etc.

An electronic signature is considered valid when the following conditions are met:

- Institution provides student or employee with a unique username
- Student or employee sets his or her own password
- Student or employee logs into the campus network and secure site using both username and the password, which is authenticated through LDAP

It is the responsibility and obligation of each individual to keep their username and their password private so others cannot use their credentials. Once logged in, the student or employee is responsible for any information they provide, update, or remove. VGCC will take steps to ensure both the username and password are protected and kept confidential. Furthermore, users are responsible for logging out of all systems and exercising the necessary precautions when using publicly accessible computers.

This policy is in addition to all applicable federal and state statutes, policies, guidelines, and standards.

General Student Grievance Procedure

Student grievances that are not academic or disciplinary in nature and/or involve conflicts with other students, alleged violation of students' civil rights, including sexual harassment, should be addressed according to the following procedures:

1. When circumstances occur that cause a student to feel that he/she has a grievance, the student should discuss the issue with a Dean or the Vice President of Employee and Student Services within a reasonable time after the grievance has occurred. The Dean or Vice President of Employee and Student Services may:
 - a. Disseminate information concerning the complaint to the appropriate College officials,
 - b. Investigate the complaint,
 - c. Refer the student to appropriate College officials, or
 - d. Negotiate a resolution to the grievance.
2. If a satisfactory resolution is not reached, the student may file a General Student Grievance Form with the Dean or Vice President of Employee and Student Services. If the student is not satisfied with the decision, he or she may request a formal hearing before the Judicial committee within 10 working days.
3. The Judicial committee will convene to hear the merits of the complaint and make a recommendation to the President.
4. The President will consider the Judicial committee's recommendation and will make a decision within five (5) College working days of receiving the committee's recommendation. *The President's decision will be final.*

Intellectual Property Policy

Vance-Granville Community College encourages the development, writing, invention, or production of intellectual property designed to improve the productivity of the College or to enhance the teaching/learning environment.

Intellectual property is defined as intellectual, technical, and creative works that can be copyrighted or patented, such as literary, dramatic, musical, and artistic works, computer software, multimedia presentations, web course design, logos, and inventions. VGCC owns all rights to its logo, seal, and other related material. The ownership of intellectual property will be determined in accordance with conditions listed below.

1. The employee or student retains ownership if all of the following criteria are met:
 - The work was created independently and as a result of the individual's own initiative, not requested by the College,
 - The work is not the product of a specific contract or assignment made as a result of employment of the College,
 - The work is prepared outside of the scope of the employee's job duties or student's course/program requirements,
 - The work does not involve significant use of College facilities, time and/or other resources.
2. The College retains ownership if any of the above criteria are not met by the employee or student or if one or more of the following criteria apply:
 - The work is prepared within the scope of the employee's job duties or student's course/program requirements,
 - The work is the product of a specific contract or assignment made in the course of the employee's employment or student's enrollment with the College,

- The development of the work involved significant facilities, time and/or other resources of the College including, but not limited to, released time, grant funds, College personnel, salary supplement, leave with pay, equipment or other materials or financial assistance.

Student Ownership of Intellectual Properties

Students who independently develop intellectual property arising out of their participation in programs of study at the College will retain the ownership rights to such property when the intellectual property does not result from their enrollment at VGCC and when the use of College facilities is minimal. Students using significant College resources or those employed by the College will be treated in the same manner as similarly situated College personnel. However, any student not employed by the College but engaging in research or development of intellectual property under the supervision and direction of a faculty member in connection with a program or activity subject to this policy shall have no ownership interest in the resulting property, but may be eligible to participate in the income distribution (see section Income Distribution). Faculty using such volunteer, non-employed students in their scholarly work projects should have the students sign a "Student Assignment of Ownership and Nondisclosure Agreement" form.

Significant Use of College Resources

Significant use of College resources in generating creative works is defined as use of College facilities, equipment, personnel, and one's time in excess of that needed to fulfill the required purpose of one's position, occupation, job description, appointment, and/or association with VGCC. Significant use of resources results when the creation of the work requires use of College resources beyond those allocated to the faculty or student in support of their academic work within their respective department or class. Such usage may occur as a result of actions of the College personnel involved or when specific assignments are given to students or where contracts or other obligations are involved. The College will retain title to all creative works that make significant use of College resources.

The following examples generally define such use when they are applied, singly or in combination, in support of a revenue-producing work. Although it is the responsibility of the dean or equivalent supervisor to evaluate situations and determine if significant use of resources has occurred, faculty members, employees or students have an obligation to notify their instructor, supervisor or dean when they believe that their work involves more than nominal use. The following are examples of criteria for establishment of significant use:

1. Extended use of time and energy by the developer(s) in creating or promoting the work that results in reducing the levels of teaching, scholarship, or citizenship activities, so that anticipated performance in these areas is at a level significantly less than normal.
2. Substantial use of College facilities such as laboratories, studios, equipment, production facilities, or specialized computing resources.
3. College funding in support of the work's creation.
4. Reduced teaching load without a salary reduction.
5. Paid professional development leave to develop or complete a work.

6. Direct assignment or commission from the College to undertake a creative project as a part of the developer's regular appointment or assignment.
7. Substantial use of funding from gifts to the College to support creation of the works involved.
8. Production of the work under specific terms of a sponsored research grant or contract.
9. Substantial subvention by the College in the publication of a scholarly book or creative work.
10. Use of specifically designated College funds or extensive use of the services of a support unit financed by the College for production of a creative work.
11. Use of College computers and servers for Web-based activities such as a distance-learning course.

Minimal Use of College Resources

Minimal use of college resources is use that is within the required activity of one's appointment or assignment at VGCC. College personnel may make such minimal use of college resources and devote office time in carrying out a range of professional activities, some of which may involve income-generating projects. Similarly, students may make such minimal use of college resources to carry out a range of academic assignments, some of which may involve income-generating projects. The College relinquishes (to the developers) ownership of creative works and its rights to any income generated as long as college resources are used in this nominal fashion, and the time involvement of the developer(s) of the project does not compromise their core responsibilities in teaching, scholarly work, and college citizenship.

The following examples generally define such use:

1. Minimal use of time and energy by the developer(s) in creating or promoting the creative work while maintaining assigned levels of teaching, scholarship, and citizenship activities, so that anticipated performance in these areas is at the expected level.
 - a. Student employees or technicians may not be used to do income-producing work or make up the slack in a faculty member's assignment so he or she can do income-producing work.
 - b. Developers may not receive additional released time to develop a work, other than that assigned to normal faculty or students.
2. Minimal use of college resources in the ordinary support of the developer's assignments, teaching, scholarly, and service activities.
 - a. Use of photocopying equipment, long distance telephone costs, postage, faxes, etc., specifically for a creative work may not exceed incidental use.
 - b. Office supplies or software may not be purchased specifically for a creative work.
 - c. Secretarial help, such as typing manuscripts, may not be used to generate income-producing products. Incidental help, such as formatting tables, is allowed.
 - d. Course or instructional materials may not be generated with the use of support units financed by the college. Courses or instructional materials generated in the normal course of teaching or assignments, without such support, are allowed.
 - e. Works may not be funded by outside grants or gifts nor produced under a sponsored research grant or contract.

Warranty Clause

The faculty, staff, or student shall warrant in writing that there are no third party claims against the intellectual property that has been disclosed to VGCC, that the intellectual property in question is the exclusive work of the faculty, staff, or student and other persons identified in the disclosure to VGCC, and that no other person or entity claims an interest in the intellectual property in question.

Indemnity Clause

The faculty, staff, or student must agree, in writing, to fully indemnify and hold harmless VGCC, its trustees, officers, faculty members, staff, and any and all other individuals associated with VGCC, from and against any and all claims, demands, actions, and causes of actions brought against VGCC, its trustees, officers, faculty members, staff, and any and all other individuals associated with VGCC, relating in any way to the intellectual property in question.

Repayment of College Support Funds

In certain situations of substantial use of college funds and other resources, it may be more appropriate for the developer(s) to repay such funds to the college and thus fall under the minimal rather than substantial use provisions of this policy. The division dean, Vice President of Academic Affairs, and Vice President of Finance and Operations, in consultation with the developer(s) and the appropriate office(s), will determine the appropriate level of repayment.

Income Distribution

All revenues derived from college-owned intellectual property or creative works will be received and administered by the Institutional Effectiveness Office. Costs incurred by the college in the process of perfecting, transferring, and protecting college rights to the property or works will be paid by the college and, together with interest costs, will first be deducted from the gross income available for distribution. An accurate accounting of all such costs shall be made available to the developer(s) upon request. The net income (gross income minus college expenses) from college-owned intellectual properties will be distributed to academic developers and to developers in support areas as follows:

- a. Developer(s)—40%
- b. College of the developer(s)—60%

Assignment of Intellectual Properties to the College

Students, college personnel, or individuals not affiliated with the college who own intellectual property may elect to voluntarily disclose and submit their properties to the Technology or Institutional Effectiveness Offices for the purpose of facilitating commercial development. In the event that either of the offices agrees to accept management of the property, the property shall be assigned to VGCC and the assignor shall be entitled to the same distribution of revenues and other rights and responsibilities as the academic developers of college-owned property, as specified in this policy.

Release of College Ownership

The college may, at its sole discretion, determine to release to the developer(s) its ownership rights to any intellectual property upon such conditions as the college deems beneficial and fair to all parties. However, VGCC may retain a royalty-free license to use this intellectual property for research and education.

Dispute Resolution

Any disputed issues related to intellectual property, or the interpretation of this Intellectual Property Policy, shall first be reviewed by the Institutional Effectiveness Office. Any disputed issues that cannot be resolved with the assistance of the Institutional Effectiveness Office shall be referred to the President of the college. The President may refer disputed issues to the Board for its recommendations and advice.

Operation and Parking of Motor Vehicles

1. Enforcement

Under the provisions of North Carolina Statute 115D-21, the College may enforce traffic and parking regulations on campus.

2. Application of State Law

All the provisions of Chapter 20 of the General Statutes relating to the use of the highways of the State of North Carolina and the operation of motor vehicles thereon shall apply to the streets, roads, and driveways of the Vance-Granville Community College campus, along with rules and regulations approved by the Board of Trustees.

3. General Rules

- **Parking:** Students must park in spaces marked for student parking.
- **Permit Decals:** The College issues a plastic decal that must be displayed from your car's rearview mirror.
- **Citations** will be issued for violations of the College traffic and parking regulations.
- **Accountability:** The person to whom a vehicle parking decal is issued shall be responsible for parking and traffic violations of the vehicle for which the permit is issued.
- **Citation Fees** for drivers not complying with parking and traffic violations have been established. Failure to pay citations may affect enrollment status.

Publications

Publications are defined to include but are not limited to the following: newspapers, pamphlets, newsletters, brochures, flyers, books, posters, or magazines. Publications are not to be printed, distributed, or displayed without official approval of the Vice President of Employee and Student Services. Off-campus organizations are not allowed to distribute their publications on any of the College's properties without the approval of the College President.

- **Offensive Publications:** Publications containing profanity, language that is offensive to race, sex, or creed, and incorrect statements will not be approved for printing or distribution. All publications must represent the dignity, mission, and standards of the College.

Recruiting/Solicitation on Campus

The College periodically allows representatives from the business community, government agencies, and other colleges access to campus for the purpose of providing opportunities for students.

Religious Observance Policy - VGCC Board Policy

The Board of Trustees grants each student two days of excused absences per academic year for religious observances. In order for the absence to be an excused absence, students must notify the College in writing within two weeks of the beginning of any class and/or course, in which they are enrolled, of the dates of any religious observance for which they request an excused absence.

For the purpose of this policy, an excused absence is an absence for which the student is held harmless for their failure to attend a scheduled class, and for which the instructor provides the student a reasonable opportunity to make up any tests, exams, assignments, or other work missed as a result of the absence. Academic year is defined as beginning the first day of fall semester and ending the last day of the summer semester. Should the student fail to complete the tests, exams, assignments, or other work missed during the excused absence, after the instructor has given a reasonable opportunity to complete them, the instructor is authorized to give no credit for any tests, exams, assignments, or other missed work. North Carolina General Statute 115D-5(u); SL 2010-112,5.2.

Sexual Assault

Vance-Granville Community College is committed to maintaining an environment that is supportive of its primary educational mission and free from all exploitation and intimidation. The College will not tolerate rape, sexual assault, or other forms of non-consensual sexual activity.

Vance-Granville Community College supports this effort for students, staff, and faculty through educational prevention programs and counseling.

Vance-Granville Community College will enforce violations through internal disciplinary procedures, educational programs, and the encouragement of external prosecution of alleged offenders through appropriate external law enforcement agencies. Violations shall include, but are not limited to, the following:

1. Any form of non-consensual sexual intercourse, committed by physical force, coercion, threat, or intimidation, actual or implied, by a person(s) known or unknown to the victim. Sexual intercourse can involve anal, oral, or vaginal penetration.
2. Any actual or attempted non-consensual sexual activity, by a person(s) known or unknown to the victim, including, but not limited to:
 - a) Sexual intercourse or sexual touching committed with or without physical force, coercion, threat, or intimidation
 - b) Exhibitionism
 - c) Sexual language of a threatening nature

Non-consensual sexual activity shall include, but is not limited to, situations where the victim is unable to consent because he/she is physically helpless or mentally incapacitated due to drug or alcohol consumption or is unconscious, regardless of whether or not the consumption was with the victim's consent. Victims of non-consensual

sexual intercourse and/or activity are encouraged to file a complaint through any College office as soon as possible after the alleged incident. Parties not directly related to the College may also file complaints when a significant relationship to the mission and interest of the College can be shown. If a complaint is filed with the College by a party not directly related to the College, the party will be advised to contact local law enforcement officials to file a report.

Complaints by or against students will be forwarded to the Dean of Enrollment and Outreach. The Dean of Enrollment and Outreach will work with the Vice President of Employee and Student Services for resolution within the College's Student Code of Conduct. Complaints by or against College employees will be forwarded to the Director of Human Resources.

Members of the College community found to be in violation shall be subject to sanctions including probation, suspension, and permanent expulsion for students, and probation and termination for employees.

Sexual Harassment - VGCC Board Policy

Vance-Granville Community College expressly forbids harassment of any type by College employees and students. The College will not tolerate sexual harassment of any student or employee, male or female. For employees, sexual harassment constitutes unsatisfactory job performance and is subject to disciplinary action up to and including dismissal. Students who engage in sexual harassment face disciplinary action up to and including expulsion. The Board of Trustees authorizes the President to develop and administer procedures for reporting, investigating and disciplining incidents of sexual harassment.

Definition - Sexual harassment is defined as unwelcome advances, requests or offers of sexual favors, or other verbal or physical conduct of a sexual nature by either a male or female toward a male, female or group when such conduct has the purpose or effect of interfering with an individual's work or educational performance or of creating an intimidating, hostile or offensive working or learning environment.

Harassment is defined as unwelcome behavior that creates an intimidating, hostile, or offensive working environment.

Reporting Sexual Harassment

In an effort to prevent sexual harassment from occurring at the institution, it is policy to encourage the reporting of sexual harassment to members of the College administration.

Speakers on Campus

When speakers are invited to campus under established procedures, they should be allowed to speak. Respect for the democratic principles of open discussions and the right to hold and present differing opinions carries with it the obligation to allow speakers to speak and to permit audiences to listen.

Tobacco-Free Policy - VGCC Board Policy

Vance-Granville Community College is committed to providing its students and employees a safe and healthy campus environment. The College recognizes that the use of tobacco products can be detrimental to the health of students, employees, and visitors, and recognizes that it has an obligation to promote a healthy learning and work environment free from unwanted smoke and by-products of tobacco use. Thus, all College campus properties, grounds, and vehicles are tobacco free. Students who repeatedly violate the policy shall be referred to the Vice

President of Employee and Student Services for action in accordance with the Student Conduct Code. College employees who repeatedly violate the policy shall be referred to their supervisor for appropriate action in accordance with personnel policies. Visitors unwilling to comply with the policy may be asked to leave the property and/or a college sponsored event.

Definitions used in this policy are as follows:

For the purpose of this policy, "tobacco products" are defined as any type of tobacco product including, but not limited to, cigarettes, cigars, cigarillos, blunts, pipes, bidis, hookahs, smokeless or spit tobacco or snuff, or any products resembling or suggesting tobacco use including, but not limited to, electronic cigarettes and vapor pipes.

Tobacco-Free Guidelines:

Use of tobacco products while on campus is a violation of campus rules and is subject to sanctions used to enforce the Student Code of Conduct. Beginning October 17, 2011 the College instituted a citation program to address smoking and tobacco use on campus. The following steps will be used to assist in campus-wide enforcement:

1. **First Violation**- warning citation issued to student;
2. **Second Violation**- required conference with the Vice President of Employee and Student Services or Campus Dean;
3. **Third Violation**- five day suspension.***

Any subsequent violation will result in suspension for the remainder of the current term.

*****Occupational Extension student suspensions may vary depending upon the length of the class in which the student is enrolled.**

Security may issue a citation directly to a student who has violated the tobacco-free policy. Faculty and staff may approach the student to ask their name, submit the student's name to the Vice President of Employee and Student Services if already known or request that security approach the student. In order to be enforced, reports must include the name of the faculty or staff reporting the violation. Records of violations will be cumulative throughout a student's enrollment at the College.

CONTINUING EDUCATION

The Continuing Education Division at Vance-Granville Community College offers a variety of continuing education programs to meet the needs, interests and life-learning opportunities for its citizens. There are opportunities for students to gain basic academic skills, develop job training and retraining skills, along with personal growth and cultural programs. The Continuing Education Division provides life-long learning opportunities. Some courses are offered on a semester basis and other courses are scheduled when a need is established and space as well as an instructor are available. To view a current schedule for Continuing Education go to: <http://www.vgcc.edu/schedules/index>.

Continuing Education Services to Minors

For the purposes of this subsection, the word “minor” shall not include minors who have graduated from high school. The major purpose of community colleges is to serve students who have graduated from high school, have obtained a high school equivalency diploma, or are beyond the compulsory age limit of the public school and have left public school. However, a minor may enroll in Continuing Education course sections subject to the following:

Minors Age 16 and 17. A minor, age 16 or 17, may enroll in Continuing Education course sections subject to the following conditions:

- Minors shall not displace adults.
- Minors shall pay the registration fees associated with the course section except for cases where they meet eligibility requirements for a fee waiver.
- If the minor is enrolled in high school, the following restrictions apply:
 - Colleges shall not designate Continuing Education course sections taken by the high school student to provide partial or full credit towards meeting high school graduation requirements.
 - Colleges shall not offer Continuing Education course sections that are specifically scheduled for high school students except:
 - Continuing Education course sections that maintain 90% (ninety percent) of instructional hours within the summer reporting term as defined in 1G SBCCC 200.99(a)(1)(B).
 - Self-supporting courses which may be provided during any reporting term.

Minors Less than Age 16. A minor less than 16 years old may enroll in Continuing Education course sections subject to the following conditions:

- Minors less than 16 years old may enroll in self-supporting safe driving course sections during any reporting term.
- A college may provide classes for minors less than 16 years old only during the summer reporting term. These classes must be self-supporting and may not be designated by the college to provide partial or full credit towards meeting high school graduation requirements.

Juvenile Justice

Colleges may provide Continuing Education course sections to juveniles of any age who are committed to the Division of Juvenile Justice of the Department of Public Safety, if the juvenile is otherwise qualified for registration in the Continuing Education class and has the approval of the Director of the Youth Development Center to which the juvenile is assigned.

Once enrolled, minors shall be treated the same as all other students.

Authority G.S. 115D-5; G.S. 115D-20(4)(b);

CEUs/Certificates

The Continuing Education Division will award Continuing Education Units (CEUs) for all appropriate programs to students who meet the satisfactory requirement. All students must attend scheduled class meetings and complete required assignments to earn a satisfactory grade (S). Students who do not meet this requirement will receive an unsatisfactory grade (U) and will not earn CEU's nor receive a certificate of completion. The CEU is an established method of recording an individual's participation in an organized continuing education experience under qualified instruction.

Anyone earning CEUs at Vance-Granville Community College can obtain an official transcript from the Records Office. A \$5.00 per copy transcript fee must be included with the request. Certificates of completion are normally awarded by request. For more information on transcript requests, please visit http://www.vgcc.edu/admissionsoffice/transcript_request.

Costs

Costs for Continuing Education courses follow an established fee schedule as listed on the Continuing Education website: <http://www.vgcc.edu/coned/index>. There are no fee exemptions for Self-Supporting courses. Most cultural activities are offered free to the public; however, there are times when a nominal fee may be charged. Registration for the Continuing Education Division is online or walk-in.

Refund Procedure

Students will be eligible for a 100 percent registration fee refund if official withdrawal occurs prior to the first course meeting or the course is canceled due to insufficient enrollment. A seventy-five (75) percent registration fee refund will be given if the student withdraws prior to or on the ten (10) percent point of the scheduled hours once the course begins. For contact-hour courses, five (5) calendar days from the first day of class is the determination date. Students must contact the Coordinator or Director of the program area to start the process for a refund. Additionally, a Request for Refund form must be completed and brought to the Continuing Education office to begin the refund process.

Additional fees (if applicable) will be 100 percent refunded when a student officially withdraws from a course prior to the first class meeting. These fees are non-refundable once the course begins. For Self-Supporting courses, no refund will be made unless the course is canceled.

Indebtedness to College

No student in any program will be permitted to register or remain enrolled in College-sponsored activities if he/she has an indebtedness to the College. Examples of indebtedness include unpaid tuition, fees, loans, parking fines, Childcare fees, and returned checks. Diplomas, certificates, and/or Academic transcripts will be withheld when financial obligations to the College are not met.

Exceptions Below can be found in 1E SBCC 200.2

A person or organization demonstrates to the satisfaction of the college the ability to pay the outstanding obligation and guarantees in writing to pay the balance if the student fails to do so;

A student is registered in a course section offered for the benefit of a company or agency. For the purpose of this rule, company or agency specific course sections are courses where the company pays the tuition or registration, and courses where attendance in the course section is limited to employees of the company or agency;

A student is registered in a course that is on a specialized course list approved by the State Board of Community Colleges and supports the organizational training needs for entities specified in G.S. 115D-5(b)(2)

Unless otherwise prohibited by law, colleges may withhold transcripts of grades and any other service pending resolution of outstanding monetary obligations. This statement shall not be construed to prohibit a college's board of trustees from adding more stringent provisions that are allowable under law regarding outstanding monetary balances.

Course Cancellation Policy

Vance-Granville Community College reserves the right to cancel any scheduled course or program due to low registration and/or attendance.

DEPARTMENTAL PROGRAMS

There are several programs offered through different departments within the Continuing Education Division. The N.C. Legislature establishes fees charged for these programs except for Self-Supporting courses. Registration fees, costs of books and supplies for these programs vary according to length and content of courses. There is no registration fee for most of the Law Enforcement, Fire Service, and some Emergency Medical Care courses provided for agency personnel.

Registration fees by length of course are as follows **beginning** August 15, 2013:*

- \$70 for 0-24 hours
- \$125 for 25-50
- \$180 for 50+ hours

*Subject to change by N.C. Legislature

Other Costs:

Campus Security Access Fee - \$4.00 per course*
 Technology Fee - \$3.00 per Computer Course*
 Insurance Fee- \$1.25 per course*

*Subject to change by the VGCC Board of Trustees

Occupational Extension Department

The Occupational Extension Department provides a variety of programs. Courses consist of, but are not limited to, Computer, Software and State Certification classes, Job Training Certification, Technician Programs in Logistics, Manicure Nails and Bioworks. Specialty courses are also offered including: Healthcare Coding and Billing, Health Unit Coordinator, Heavy Equipment Operator, OSHA 10, Forklift, Carpentry, Natural Hair Care, and Substitute Teacher.

Additionally, a number of online courses are available at ed2go through VGCC. Occupational Extension courses are scheduled during the day, at night, and occasionally on the weekends as needed to ensure training is available to all students.

Customized Training Department

The Customized Training Department works with new, expanding, and existing industries in providing customized training programs tailored to meet the needs of the industry and its employees. The training programs are flexible in design to accomplish specific objectives and are jointly planned by company personnel and industrial training specialists from the College.

Training includes:**1. Customized Training Program**

The program supports the economic development efforts of the State by providing education and training opportunities for eligible industries.

The program was developed in recognition of the fact that one of the most important factors for an industry considering locating, expanding or remaining in North Carolina is the ability of the State to ensure the presence of a well-trained workforce. The program is designed to react quickly to the needs of industries and to respect the confidential nature of proprietary processes and information within those industries.

The purpose of the Customized Training Program is to provide customized training assistance in support of full-time production and direct customer service positions created in North Carolina, thereby enhancing the growth potential of companies located in the state. It prepares the workforce with the skills essential to successful employment in emerging industries.

2. Occupational Training

This program provides numerous occupational related courses for employment in the fields of Biotechnology, Leadership, Safety & Health, Teams, Customer Service, Quality, Computers, Technical & Vocational and many more.

Occupational Healthcare Programs

This program provides Nurse Aide I & II certification programs in which classroom education, laboratory training, and clinical experiences in local nursing homes and hospitals are provided. The North Carolina Board of Nursing and the Division of Health Service Regulation recommend that students must be 16 ½ years old to register for a Nurse Aide 1 class.

Medication Aide, Phlebotomy, Home Care Aide, Geriatric Aide, and Nurse Aide I Refresher are also offered by the Occupational Healthcare Department.

The Medication Aide course prepares the student to administer medications in a nursing home setting under the direction of a licensed nurse. Students must pass a state exam after completion of the class to become listed on the Medication Aide registry. Requirements include listing on the Nurse Aide I registry and a high school diploma or HSE.

The Phlebotomy course includes classroom lecture, labs and individual clinical practice in venipuncture.

The Nurse Aide 1 Refresher course prepares students for the North Carolina Nurse Aide competency exam and for students seeking relisting on the NC Nurse Aide Registry. The pre-requisite for this class is successful completion of a NC Nurse Aide 1 State Approved Course OR previous listing on a Nurse Aide 1 registry.

The Nurse Aide Level 2 Refresher is for persons who have lost their Nurse Aide 2 certification. Students must be listed on an active Nurse Aide 1 registry. The pre-requisites for this class are Nurse Aide Level I & II.

Fire/Rescue Program

The Fire/Rescue Program provides educational and training programs for members of fire departments and rescue agencies, as well as for governmental agencies. In addition, other academic, vocational and technical courses are offered. Program offerings and services include, but are not limited to, the following:

1. Fire Service training designed to train and upgrade firefighters in all aspects of fire fighting procedures and equipment. Certification programs such as Firefighter I and II, Driver/Operator, and Hazardous Materials Responder are offered.
2. Rescue training, such as Rescue Technician training, to enable the participant to gain certification in this area. Specialized and customized training is also available.
3. Courses that prepare building, electrical, mechanical, plumbing, and fire prevention inspectors who enforce the State Building Codes. Continuing education courses are also offered for currently qualified inspectors.

Emergency Medical Services Programs

The Emergency Medical Services Programs of the College provide educational and training programs for emergency care units, industrial safety, and governmental agencies. In addition, other academic, vocational and technical courses are offered. The Emergency Medical Services offerings include, but are not limited to, the following:

1. Emergency Medical Service training designed to train people to become state certified as Emergency Medical Technicians from the basic through the paramedic level. Medical Responder and First Responder are also offered. Continuing Education and American Heart Association classes such as Advanced Cardiac Life Support and Pediatric Advanced Life Support are offered.
2. CPR and first aid courses to train students to provide immediate aid to victims of accidents and sudden illness. Many classes are offered on site at businesses, industries and government agencies.

Law Enforcement & Corrections Training Programs

Law Enforcement and Corrections Training is designed to meet the needs of state, county, city, and other law enforcement and correction agencies through a combination of required training for certification and in-service training to maintain and upgrade skills. The following in-service training opportunities are available: Firearm Re-Qualification, Officer Survival, Cultural Diversity, Detention Officer Certification, Basic Radar Operator, Straight Baton, State mandated topics and others. Official registration takes place the first day of the class. Walk-in registration will be allowed only if space is available. Pre-registration is required for most classes.

Human Resources Development

Human Resources Development (HRD) is a pre-vocational and pre-employment skills training program designed to educate and prepare students for success in the workplace. HRD is mainly intended for those individuals who are unemployed, underemployed, dislocated workers, or employed but seeking skills upgrading or retraining. It is state funded through the N.C. Community College System.

The HRD program focuses upon customer wants and needs. Training may include a variety of topics relating to job orientation and motivation, employability skills, self-sufficiency, or customized skills training. In-

struction can be provided on either an individual or group basis. Training length will vary according to customer needs. HRD can be linked to other college training programs or connected to agencies outside the institution where appropriate. Upon completing prescribed classes, students are assisted with job placement or further training.

Core Curriculum Components

The core curriculum for HRD training includes, but is not limited to the following components:

- Employability Skills.....self-assessment and values clarification
- Employability Lab open entry/exit employability skills
- Career Planning & Assessment.....goal setting and action plan
- Occupational Readiness/Pathways.....employability skills/occupational extension courses
- Technology Awareness.....information technology/applications for job search
- Employability Motivation & Retention.....self-esteem/keeping a job
- Economic Literacy.....personal finances, changing economy
- Working Smart Curriculum.....soft/critical skills for the workplace

Upon successful completion the student will receive a credential recognized in NC & SC. There is no cost to enroll in the HRD program for eligible students. For more information or to apply, those interested should contact the HRD office.

National Career Readiness Certification (NCRC)

The National Career Readiness Certificate is an assessment based credential that gives employers and career seekers a uniform measure of key workplace skills.

The National Career Readiness Certification is a portable credential that promotes career development and skill attainment for the individual and confirms to employers that an individual possesses basic workplace skills. National Career Readiness Certification participants are assessed in Reading for Information, Applied Mathematics, and Locating Information. Based on assessment results, customers may take the nationally recognized ACT WorkKeys® Assessment and earn a Bronze, Silver, Gold or Platinum certificate that will demonstrate proficiency in these areas.

SMALL BUSINESS CENTER

The Small Business Center of the College was created to provide the small businesses of the community with a focal point for training, education, counseling, and referral. The Small Business Center addresses the continuing need for updated information, refinement of management skills, and the improvement of profit advantage in risk-taking. Special attention is given to the critical areas of capital formation and prevention of business failures.

The Small Business Center program offerings and services include the following:

1. Seminars are designed to provide small business owners with updated information on various business topics.
2. Entrepreneurship program offerings, but not limited to, NC REAL Agricultural Entrepreneurship and NC REAL Craft Artists Entrepreneurship.
3. Counseling services to new and existing small businesses.
4. Referrals to appropriate agencies such as The Small Business and Technology Development Center (SBTDC), and the N.C. Department of Commerce.
5. A network of linkages with Chambers of Commerce, Small Business Administration, economic development agencies, related educational and development agencies, business volunteers, Department of Economic Development, banks, and other financial institutions.
6. A resource and information center provided for use by new and existing small businesses.

PERSONAL ENRICHMENT DEPARTMENT

Here at Vance-Granville Community College we offer a number of affordable, non-credit classes that allow attendees to explore their personal interests. The purpose of the Community Service Program is to provide a lifelong learning for adults to meet individual needs and interests and contribute to the community's overall cultural, civic, and intellectual growth. Some of the classes that we offer are arts, painting, quilting, motorcycle safety, and many other special interest classes. We thrive on helping you discover hidden talents and add excitement to your life.

GOVERNOR'S RAPID RESPONSE

The North Carolina Department of Commerce, through the Division of Employment and Training, provides the Governor's Rapid Response program designed to offer immediate assistance to workers being dislocated due to plant closings. Generally, a team of college staff from various departments provide information and orientation to potential or existing dislocated workers on educational opportunities available at the college including continuing education, occupational extension, community service, curriculum, special support programs, and workforce development services. Additionally, requested short-term skills training courses are usually planned and offered on short notice expressly for workers being permanently laid off, or pending lay-off, by a particular employer.

Comprehensive Articulation Agreement (CAA)

The North Carolina Comprehensive Articulation Agreement (CAA) is a statewide agreement governing the transfer of credits between NC community colleges and NC public universities. The goal of the CAA is to create clear pathways to college transfer associate degree completion and four-year degree completion for students who enroll in community college transfer programs.

Independent Comprehensive Articulation Agreement (ICAA)

The Independent Comprehensive Articulation Agreement (ICAA) is an agreement between the North Carolina Community College System and endorsing members of the North Carolina Independent Colleges and Universities to facilitate transfer between community colleges and private, North Carolina 4-year universities that endorse the agreement.

Virtual Learning Community (VLC)

The Virtual Learning Community is a service of the North Carolina Community College System that provides courses for colleges to use for distance education purposes.

CURRICULUM PROGRAM OF STUDY SEQUENCE KEY

Courses that are marked with the indicated number of asterisks below are part of the Comprehensive Articulation Agreement and are considered transferable to the sixteen constituent institutions of the University of North Carolina. Courses not marked with an asterisk are generally those in an Associate in Applied Science degree program and are not considered as transferable to four-year institutions.

- * **Universal General Education Transfer Component (UGETC) Courses**
- ** **General Education Courses**
- *** **Premajor/Elective Courses**

Universal General Education Transfer Component (UGETC)

Universal General Education Transfer Component courses are courses that are guaranteed to transfer for general education equivalency credit to each of the sixteen constituent institutions of the University of North Carolina.

General Education Courses

The Associate in Arts and Associate in Science degree programs include general education requirements in the areas of English, communications, natural sciences, mathematics, humanities, fine arts, social sciences and behavioral sciences.

Premajor/Elective Courses

Premajor/Elective courses prepare students for successful transfer into selected majors at UNC institutions.

ACCOUNTING

(A25100)

Associate in Applied Science Degree

The Accounting curriculum is designed to provide students with the knowledge and the skills necessary for employment and growth in the accounting profession. Using the “language of business,” accountants assemble and analyze, process, and communicate essential information about financial operations.

In addition to course work in accounting principles, theories, and practice, students will study business law, finance, management, and economics. Related skills are developed through the study of communications, computer applications, financial analysis, critical thinking skills, and ethics.

Graduates should qualify for entry-level accounting positions in many types of organizations including accounting firms, small businesses, manufacturing firms, banks, hospitals, school systems, and governmental agencies. With work experience and additional education, an individual may advance in the accounting profession.

SUGGESTED SEQUENCE OF REQUIRED COURSES:

AIR CONDITIONING, HEATING & REFRIGERATION TECHNOLOGY

(D35100)

Diploma

The Air Conditioning, Heating, and Refrigeration Technology curriculum provides the basic knowledge to develop skills necessary to work with residential and light commercial systems.

Topics include mechanical refrigeration, heating and cooling theory, electricity, controls, and safety. The diploma program covers air conditioning, furnaces, heat pumps, tools and instruments.

Diploma graduates should be able to assist in the start-up, preventive maintenance, service, repair, and/or installation of residential and light commercial systems.

SUGGESTED SEQUENCE OF REQUIRED COURSES:

	Title	Class	Lab	Work Exp/ Clinical	Credits

ASSOCIATE IN ARTS

(A10100)

College Transfer Degree

The Associate in Arts (A.A.) degree shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit of college transfer courses. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and basic computer use.

Courses are approved for transfer through the Comprehensive Articulation Agreement (CAA). The CAA enables North Carolina community college graduates of two-year associate in arts and associate in science programs who are admitted to constituent institutions of The University of North Carolina to transfer with junior status.

Community college graduates must obtain a "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale in order to transfer with a junior status. Courses may also transfer through bilateral agreements between institutions.

[**Note:** These programs are also offered as a Career and College Promise (CCP) Pathway for eligible high school students. For more information, please review the most current CCP Pathway Guide on the Vance-Granville website at www.vgcc.edu]

MINIMUM CREDIT HOURS REQUIRED FOR DEGREE:.....60/61*

* [Note: ENG 111A can only be counted as the 61st hour in the degree]

I. GENERAL EDUCATION CORE:.....31 or 32

A. English Composition.....6

The following two English composition courses are required:

		Class	Lab	Credit
ENG 111*	Writing and Inquiry	3	0	3
ENG 112*	Writing & Research in the Disciplines	3	0	3

B. Communications/Humanities/Fine Arts.....9

Select three courses from at least two different disciplines:

		Class	Lab	Credit
ART 111*	Art Appreciation	3	0	3
ART 114*	Art History Survey I	3	0	3
ART 115*	Art History Survey II	3	0	3

ASSOCIATE IN FINE ARTS

(A10600)

Associate in Fine Arts Degree

The Associate in Fine Arts- Visual Arts (A.F.A) degree shall be granted for a planned program of study consisting of a minimum of 60-61 semester hours of credit of college transfer courses, with a specialization of visual arts. Within the degree program, the institution shall include opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, as well as Art History and multi-dimensional design.

Courses are approved for transfer through the Comprehensive Articulation Agreement (CAA).

Community college graduates must obtain a "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale in order to transfer. Courses may also transfer through bilateral agreements between institutions.

MINIMUM CREDIT HOURS REQUIRED FOR DEGREE:.....60/61*

* [Note: WBL 111 can only be counted as the 61st hour in the degree]

I. GENERAL EDUCATION CORE:..... 25 or 26

A. English Composition..... 6

The following two English composition courses are required:

		Class	Lab	Credit
ENG 111*	Writing and Inquiry	3	0	3
ENG 112*	Writing & Research in the Disciplines	3	0	3

B. Communications/Humanities/Fine Arts..... 6

The following course is required:

		Class	Lab	Credit
COM 231*	Public Speaking	3	0	3

Select one course from the following:

		Class	Lab	Credit
ART 111*	Art Appreciation	3	0	3
ENG 231*	American Literature I	3	0	3
ENG 232*	American Literature II	3	0	3
ENG 241*	British Literature I	3	0	3
ENG 242*	British Literature II	3	0	3
MUS 110*	Music Appreciation	3	0	3
MUS 112*	Introduction to Jazz	3	0	3
PHI 215*	Philosophical Issues	3	0	3
PHI 240*	Introduction to Ethics	3	0	3

C. Social and Behavioral Sciences.....6

The following course is required:

		Class	Lab	Credit
PSY 150*	General Psychology	3	0	3

Select one course from the following:

		Class	Lab	Credit
ECO 251*	Principles of Microeconomics	3	0	3
ECO 252*	Principles of Macroeconomics	3	0	3

HIS 111*	World Civilization I	3	0	3
HIS 112*	World Civilization II	3	0	3
HIS 131*	American History I	3	0	3
HIS 132*	American History II	3	0	3
POL 120*	American Government	3	0	3
SOC 210*	Introduction to Sociology	3	0	3

D. Natural Sciences.....4

Select **one** course from the following (with accompanying laboratory work, if PHY 110* is selected):

		Class	Lab	Credit
BIO 110*	Principles of Biology	3	3	4
BIO 111*	General Biology I	3	3	4
CHM 151*	General Chemistry I	3	3	4
GEL 111*	Geology	3	2	4
PHY 110*	Conceptual Physics	3	0	3
PHY 110A*	Conceptual Physics Lab	0	2	1

E. Mathematics.....3 or 4

Select **one** course from the following:

		Class	Lab	Credit
MAT 143*	Quantitative Literacy	2	2	3
MAT 152*	Statistical Methods	3	2	4
MAT 171*	Precalculus Algebra	3	2	4

II. ADDITIONAL GENERAL EDUCATION HOURS.....6

The following courses are required:

		Class	Lab	Credit
ART 114*	Art History Survey I	3	0	3
ART 115*	Art History Survey II	3	0	3

TOTAL GENERAL EDUCATION HOURS REQUIRED.....31 or 32

III. OTHER REQUIRED HOURS.....29

The following courses are required:

		Class	Lab	Credit
ACA 122***	College Transfer Success	0	2	1
ART 121***	Two-Dimensional Design	0	6	3
ART 122***	Three-Dimensional Design	0	6	3
ART 131***	Drawing I	0	6	3

Take **19 hours** from the following courses:

		Class	Lab	Credit
ART 113***	Art Methods & Materials	0	6	3
ART 117**	Non-Western Art History	3	0	3
ART 132***	Drawing II	0	6	3
ART 135***	Figure Drawing I	0	6	3
ART 240***	Painting I	0	6	3
ART 241***	Painting II	0	6	3
ART 264***	Digital Photography I	0	6	3
WBL 111	Work-Based Learning I	0	0	1

[Note: WBL 111 can only count as the 61st hour in the degree.]

TOTAL SEMESTER HOURS REQUIRED FOR A.F.A. DEGREE: 60/61

ASSOCIATE IN GENERAL EDUCATION

(A10300)
Degree

The Associate in General Education curriculum is designed for the academic enrichment of students who wish to broaden their education with emphasis on personal interest, growth and development.

The two-year General Education program provides students opportunities to study English, literature, fine arts, philosophy, social science, science, and mathematics at the college level. Many of the courses are equivalent to college transfer courses; however, the program is not principally designed for college transfer.

Course work includes study in the areas of humanities and fine arts, social and behavioral sciences, natural sciences and mathematics, and English composition. Opportunities for the achievement of competence in reading, writing, oral communication, fundamental mathematical skills, and the basic use of computers will be provided.

Through these skills, students will have a sound base for lifelong learning. Graduates are prepared for advancements within their field of interest and become better qualified for a wide range of employment opportunities. *Students interested in this program should see the Dean of Arts & Sciences for enrollment requirements.*

COURSE AND HOUR REQUIREMENTS

Credit Hours

I. GENERAL EDUCATION COURSES

Communications:.....6

ENG 111* Writing and Inquiry

ENG 112* Writing/Research in the Disciplines

Humanities/Fine Arts:..... 3

Select from associate degree level courses in art, communications, drama, English, humanities, literature, music, and philosophy.

Natural Sciences/Mathematics:..... 3

Select from associate degree level courses in biology, chemistry, geology, mathematics, and physics.

Social/Behavioral Science:.....3

Select from associate degree level courses in economics, history, political science, psychology, and sociology.

II. MINIMUM MAJOR HOURS

Computer/Information Systems:.....2

CIS 111 Basic PC Literacy

Major Electives:.....47

Select from associate degree level courses in English/communications, humanities/fine arts, social/behavioral sciences, and natural sciences/mathematics, or any specialty courses as selected by the student and approved by the student's advisor.

TOTAL SEMESTER HOURS REQUIRED FOR A.G.E. DEGREE: 64

ASSOCIATE IN GENERAL EDUCATION GENERAL SCIENCE

(A10300S)

Degree

The Associate in General Education (AGE) curriculum is designed for individuals wishing to broaden their education, with emphasis on personal interest, growth, and development.

The two-year General Education program provides students opportunities to study English, literature, fine arts, philosophy, social science, science, and mathematics at the college level. Many of the courses are equivalent to college transfer courses; however, the program is not principally designed for college transfer.

The A.G.E. - General Science option is specifically designed for students who are attempting to enter a competitive health or science program and who need courses to improve their chances of admission or who have exited such a program and wish to complete an associate degree. *Completion of this program does not guarantee admission to any other academic program.*

ASSOCIATE DEGREE NURSING

(A45110)

Associate in Applied Science Degree

The Associate Degree Nursing curriculum provides knowledge, skills, and strategies to integrate safety and quality into nursing care, to practice in a dynamic environment, and to meet individual needs which impact health, quality of life, and achievement of potential.

Course work includes and builds upon the domains of healthcare, nursing practice, and the holistic individual. Content emphasizes the nurse as a member of the interdisciplinary team providing safe, individualized care while employing evidence-based practice, quality improvement, and informatics.

Graduates of this program are eligible to apply to take the National Council Licensure Examination (NCLEX-RN). Employment opportunities are vast within the global health care system and may include positions within acute, chronic, extended, industrial, and community health care facilities.

Mission Statement: The Associate Degree Nursing Program supports the mission of the North Carolina Community College System and the mission of Vance Granville Community College. The faculty is committed to providing accessible high quality nursing education to meet the diverse and changing healthcare needs of the service area and to promoting the development of qualified students prepared for the professional role of registered nurse at the entry level.

ASSOCIATE DEGREE NURSING-RIBN

(A10300S/A45110)

Dual Enrollment

Associate in Applied Science Degree-VGCC

Baccalaureate in Nursing Degree-NC A&T

The Associate Degree Nursing curriculum provides knowledge, skills, and strategies to integrate safety and quality into nursing care, to practice in a dynamic environment, and to meet individual needs which impact health, quality of life, and achievement of potential.

Course work includes and builds upon the domains of healthcare, nursing practice, and the holistic individual. Content emphasizes the nurse as a member of the interdisciplinary team providing safe, individualized care while employing evidence-based practice, quality improvement, and informatics.

Graduates of this program are eligible to apply to take the National Council Licensure Examination (NCLEX-RN). Employment opportunities are vast within the global health care system and may include positions within acute, chronic, extended, industrial, and community health care facilities.

The Regionally Increasing Baccalaureate Nurses (RIBN) program is a dual-enrollment option offered in collaboration with North Carolina A&T State University. An Associate in Applied Science in Nursing is awarded at the end of the third year from Vance-Granville Community College and a Baccalaureate in Nursing is awarded from North Carolina A&T State University at the end of the fourth year.

Mission Statement: The Associate Degree Nursing Program supports the mission of the North Carolina Community College System and the mission of Vance-Granville Community College. The faculty is committed to providing accessible high quality nursing education to meet the diverse and changing healthcare needs of the service area and to promoting the development of qualified students prepared for the professional role of registered nurse at the entry level.

AUTOMOTIVE SYSTEMS TECHNOLOGY

(A60160)

Associate in Applied Science Degree

The Automotive Systems Technology curriculum prepares individuals for employment as Automotive Service Technicians. It provides an introduction to automotive careers and increases student awareness of the challenges associated with this fast and ever-changing field.

Classroom and lab experiences integrate technical and academic coursework. Emphasis is placed on theory, servicing and operation of brakes, electrical/electronic systems, engine performance, steering/suspension, automatic transmission/transaxles, engine repair, climate control and manual drive trains.

The Automotive Systems Technology Program is an Automotive Service Excellence (ASE) Certified program under the standards set by the National Automotive Technicians Education Foundation (NATEF). This certification provides a means of identifying quality programs meeting national standards. Students are assured that training received is current, complete and applicable.

Upon completion of this curriculum, students should be prepared to take the ASE exam and be ready for full-time employment in dealerships and repair shops in the automotive service industry.

BASIC LAW ENFORCEMENT TRAINING

(C55120)

Certificate

Basic Law Enforcement Training (BLET) is designed to give students essential skills required for entry-level employment as law enforcement officers with state, county, or municipal governments, or with private enterprise.

This program utilizes State commission-mandated topics and methods of instruction. General subjects include, but are not limited to, criminal, juvenile, civil, traffic, and alcoholic beverage laws; investigative, patrol, custody, and court procedures; emergency responses; and ethics and community relations.

Students must successfully complete and pass all units of study mandated by the North Carolina Criminal Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission to receive a certificate.

This course covers the basic skills and knowledge needed for entry-level employment as a law enforcement officer in North Carolina. Topics are divided into general units of study: legal, patrol duties, law enforcement communications, investigation, practical application and sheriff-specific. Upon completion, students should be able to demonstrate competence in the topics and areas required for the state comprehensive examination. This is a certificate-level course.

Students who have successfully completed CJC-100 or CJC-3938 Basic Law Enforcement Training course accredited by the North Carolina Criminal Justice Education and Training Standards Commission and the North Carolina Sheriffs' Education and Training Standards Commission within 10 years prior to application and passed the Commission's comprehensive certificate examination may receive up to 19 hours credit toward the Associate in Applied Science degree in Criminal Justice Technology. Students may receive credit for the following courses: CJC 131, CJC 132, CJC 151, CJC 212, CJC 221, CJC 231. For students entering the Criminal Justice curriculum who completed the BLET curriculum greater than 10 years prior to application, course credit will be evaluated on a case-by-case basis. This course is governed by the North Carolina Administrative Code, Title 12, VGCC's BLET Academy Rules and Regulations, in addition to the Student Code of Conduct in this catalog.

BIOPROCESS TECHNOLOGY

(A50440)

Associate in Applied Science Degree

The Bioprocess Technology curriculum is designed to prepare individuals to work as Process Operators in biological products manufacturing facilities. Students will combine basic science and communication skills, manufacturing technologies, and good manufacturing practices in the course of study.

Students will be expected to develop a strong basic science foundation with a sound understanding of the major technologies employed by the industry. They will also be expected to develop collaborative and disciplined work ethics while consistently practicing problem-solving skills.

Upon successful completion of the program, individuals should possess the necessary skills to qualify for employment in a variety of Bioprocessing industries.

BUSINESS ADMINISTRATION

(A25120)

Associate in Applied Science Degree

The Business Administration curriculum is designed to introduce students to the various aspects of the free enterprise system. Students will be provided with a fundamental knowledge of business functions, processes, and an understanding of business organizations in today's global economy.

Course work includes business concepts such as accounting, business law, economics, management and marketing. Skills related to the application of these concepts are developed through the study of computer applications, communication, team building, and decision making.

Through these skills, students will have a sound business education base for lifelong learning. Graduates are prepared for employment opportunities in government agencies, financial institutions and large to small business or industry.

CARPENTRY

(D35180D)

Diploma

The Carpentry curriculum prepares individuals to apply technical knowledge and skills to lay out, cut, fabricate, erect, install, and repair wooden structures and fixtures, using hand and power tools. This includes instruction in technical mathematics, framing, construction materials and selection, job estimating, print reading, foundations and roughing-in, finish carpentry techniques, and applicable codes and standards.

Course work includes instruction in sustainable building and design, print reading, building codes, estimating, construction materials and methods, and other topics related to design and construction occupations. This curriculum is designed to prepare individuals to apply technical knowledge and skills to the fields of architecture, construction, construction management, and other associated professions.

Graduates of this pathway should qualify for entry-level jobs in architectural, engineering, construction and trades professions as well as positions in industry and government.

COMPUTED TOMOGRAPHY

(C45200A)

Certificate

The Computed Tomography Technology curriculum prepares students to use specialized equipment to visualize cross-sectional anatomical structures and aid physicians in the demonstration of pathologies and disease processes. Individuals entering this curriculum must be registered or registry-eligible by the American Registry of Radiologic Technologists (ARRT) in radiography, radiation therapy, or nuclear medicine technology. Nuclear medicine technology applicants may also be registered or registry eligible by the Nuclear Medicine Technology Certification Board (NMTCB).

Course work prepares the technologist to provide patient care and perform studies utilizing imaging equipment, professional communication, and quality assurance in scheduled and emergency procedures through academic and clinical studies.

Graduates may be eligible to sit for the American Registry of Radiologic Technologist Advanced-Level testing in Computed Tomography. They may find employment in facilities which perform these imaging procedures.

ECC is approved by the North Carolina Community College System to offer the Computed Tomography Technology Curriculum. ECC has entered into a Level III Instructional Service Agreement with Johnston Community College and Vance-Granville Community College to better meet the needs of health care facilities across eastern North Carolina. This collaborative program is referred to as the Eastern North Carolina Consortium of Computed Tomography and Magnetic Resonance Imaging program. Each semester the curriculum is offered through ECC and taught at one or more of the colleges within the Consortium.

In all health sciences programs, students are assigned clinical rotations with area health care agencies. The student must meet employee health standards and the criminal background and/or drug screening requirements of the agency at the student's expense prior to or at any time after beginning the program.

COSMETOLOGY

(D55140)

Diploma

The Cosmetology curriculum is designed to provide competency-based knowledge, scientific/artistic principles, and hands-on fundamentals associated with the cosmetology industry. The curriculum provides a simulated salon environment which enables students to develop manipulative skills.

Course work includes instruction in all phases of professional imaging, hair design, chemical processes, skin care, nail care, multi-cultural practices, business/computer principles, product knowledge, and other selected topics.

Graduates should qualify to sit for the State Board of Cosmetic Arts examination. Upon successfully passing the State Board exam, graduates will be issued a license. Employment is available in beauty salons and related businesses.

[**Note:** This program is also offered as a Career and College Promise (CCP) Pathway for eligible high school students. For more information, please review the most current CCP Pathway Guide on the Vance-Granville website at www.vgcc.edu]

COSMETOLOGY INSTRUCTOR

(C55160)

Certificate

The Cosmetology Instructor curriculum provides a course of study for learning the skills needed to teach the theory and practice of cosmetology as required by the North Carolina Board of Cosmetic Arts.

Course work includes requirements for becoming an instructor, introduction to teaching theory, methods and aids, practice teaching, and development of evaluation instruments.

Graduates of the program may be employed as cosmetology instructors in public or private education and business.

Enrollment in this program is restricted in accordance with regulations set forth by the North Carolina Board of Cosmetic Art Examiners.

CRIMINAL JUSTICE TECHNOLOGY

(A55180)

Associate in Applied Science Degree

The Criminal Justice Technology curriculum is designed to provide knowledge of criminal justice systems and operations. Study will focus on local, state, and federal law enforcement, judicial processes, corrections and security services. The criminal justice system's role within society will be explored.

Emphasis is on criminal justice systems, criminology, juvenile justice, criminal and constitutional law, investigative principles, ethics and community relations. Additional study may include issues and concepts of government, counseling, communications, computers and technology.

Employment opportunities exist in a variety of local, state, and federal law enforcement, corrections, and security fields. Examples include police officer, deputy sheriff, county detention officer, state trooper, intensive probation/parole surveillance officer, correctional officer, and loss prevention specialist.

Students who have successfully completed CJC-100 or CJC-3938 Basic Law Enforcement Training course accredited by the North Carolina Criminal Justice Education and Training Standards Commission and the North Carolina Sheriff's Education and Training Standards Commission within 10 years prior to application and passed the Commission's comprehensive certificate examination may receive up to 19 hours credit towards the Associate in Applied Science degree in Criminal Justice Technology. Students may receive credit for the following courses: CJC 131, CJC 132, CJC 151, CJC 212, CJC 221, and CJC 231. For students entering the Criminal Justice Technology curriculum program who completed the BLET curriculum at a non NCCCS institution or greater than 10 years prior to application, course credit will be evaluated on a case-by-case basis.

For employability reasons, the Criminal Justice Technology program recommends that students entering the Criminal Justice Technology program are U.S. citizens and have not committed or been convicted of any felony, and have not committed or been convicted of four or more crimes defined as Class A or B misdemeanors.

CULINARY ARTS

(A55150)

Associate in Applied Science Degree

The Culinary Arts curriculum provides specific training required to prepare students to assume positions as trained culinary professionals in a variety of foodservice settings including full service restaurants, hotels, resorts, clubs, catering operations, contract foodservice, and health care facilities.

Students will be provided theoretical knowledge/practical applications that provide critical competencies to meet industry demands, including environmental stewardship, operational efficiencies and professionalism. Courses include sanitation/safety, baking, garde manger, culinary fundamentals/production skills, nutrition, customer service, purchasing/cost control, and human resource management.

Graduates should qualify for entry-level opportunities including prep cook, line cook, and station chef.

American Culinary Federation certification is available to graduates. With experience, graduates may advance to positions including sous chef, pastry chef, executive chef, or foodservice manager.

EARLY CHILDHOOD EDUCATION

(A55220)

Associate in Applied Science Degree

The Early Childhood Education curriculum prepares individuals to work with children from birth through eight in diverse learning environments. Students will combine learned theories with practice in actual settings with young children under the supervision of qualified teachers.

Course work includes child growth and development; physical/nutritional needs of children; care and guidance of children; and communication skills with families and children. Students will foster the cognitive/language, physical/motor, social/emotional and creative development of young children.

Graduates are prepared to plan and implement developmentally appropriate programs in early childhood settings. Employment opportunities include child development and child care programs; preschools; public and private schools; recreational centers; Head Start Programs; and school-age programs.

ELECTRICAL SYSTEMS TECHNOLOGY

(D35130D)

Diploma

The Electrical Systems Technology curriculum is designed to provide training for persons interested in the installation and maintenance of electrical systems found in residential, commercial, and industrial facilities.

Course work, most of which is hands-on, will include such topics as AC/DC theory, basic wiring practices, programmable logic controllers, industrial motor controls, applications of the National Electric Code, and other subjects as local needs require.

Graduates should qualify for a variety of jobs in the electrical field as an on-the-job trainee or apprentice, assisting in the layout, installation and maintenance of electrical systems.

ELECTRONICS ENGINEERING TECHNOLOGY

(A40200)

Associate in Applied Science Degree

The Electronics Engineering Technology program is designed to prepare students for employment as engineering technicians through the study and application of mathematics, science, technology, and the applied processes based on these subjects.

This course of study prepares students to apply basic engineering principles and technical skills to design, build, install, test, troubleshoot, repair, and modify developmental and production electronic components, equipment, and systems such as industrial/computer controls, manufacturing systems, communication systems, and power electronic systems.

This program includes instruction in mathematics, basic electricity, solid-state fundamentals, digital concepts, microprocessors, and programmable logic controllers.

Graduates should qualify for employment as electronics engineering technicians, field service technicians, instrumentation technicians, maintenance technicians, electronics testers, electronic systems integrators, bench technicians, and production control technicians.

ENTREPRENEURSHIP

(A25490)

Associate in Applied Science Degree

The Entrepreneurship curriculum is designed to provide students with the knowledge and the skills necessary for employment and growth as self-employed business owners.

Course work includes developing a student's ability to make informed decisions as future business owners. Courses include entrepreneurial concepts learned in innovation and creativity, business funding, and marketing. Additional course work includes computers and economics.

Through these skills, students will have a sound education base in entrepreneurship for lifelong learning. Graduates are prepared to be self-employed and open their own businesses.

Note: This program is being phased out and will no longer be offered effective Spring Semester 2018.

HISTOTECHNOLOGY

(A45370)

Associate in Applied Science Degree

This curriculum provides individuals with the knowledge and skills necessary to prepare tissue specimens for microscopic examination using various stains and dyes to identify tissue and cell structures.

Course work emphasizes scientific concepts related to laboratory testing, quality assurance, histology, microscopy, and other related topics.

Graduates may be eligible to apply to take the national examination given by the Board of Registry of the American Society for Clinical Pathology. Employment opportunities include pathology laboratories in hospitals and clinics and medical or research laboratories.

TOTAL SEMESTER HOURS REQUIRED FOR A.A.S. DEGREE: 67

HUMAN SERVICES TECHNOLOGY

(A45380)

Associate in Applied Science Degree

The Human Services Technology Curriculum prepares students for entry-level positions in institutions and agencies which provide social, community, and educational services. Along with core courses, students take courses which prepare them for specialization in specific human service areas.

Students will take courses from a variety of disciplines. Emphasis in core courses is placed on development of relevant knowledge, skills, and attitudes in human services. Fieldwork experience will provide opportunities for application of knowledge and skills learned in the classroom.

Graduates should qualify for positions in mental health, child care, family services, social services, rehabilitation, correction, and educational agencies. Graduates choosing to continue their education may select from a variety of transfer programs at senior public and private institutions.

The VGCC Human Services Technology program is nationally accredited by the Council for Standards in Human Services Education. Since the program is accredited, students can apply to take the Human Services Board Certified Practitioner exam prior to graduating and do not need to complete the 4,500 hours of experience needed by graduates of non-accredited programs.

HUMAN SERVICES TECHNOLOGY/ GERONTOLOGY

(A4538B)

Associate in Applied Science Degree

The Human Services Technology/Gerontology concentration prepares students to specialize in direct service delivery work to older adults and their families. The curriculum provides both theoretical and applied models for understanding issues of aging.

Course work includes physical, psychological, and social aspects of the aging process; as well as health, wellness, nutrition, diet, exercise, and well-being. Fieldwork experiences provide opportunities to work in a variety of public and private agencies.

Graduates should qualify for employment in nursing and rest homes, specialized adult care services, respite services, and other programs servicing older adults and their families. Graduates choosing to continue their education may select a variety of programs at senior institutions.

The VGCC Human Services Technology program is nationally accredited by the Council for Standards in Human Services Education. Since the program is accredited, students can apply to take the Human Services Board Certified Practitioner exam prior to graduating and do not need to complete the 4,500 hours of experience needed by graduates of non-accredited programs.

HUMAN SERVICES TECHNOLOGY/ SUBSTANCE ABUSE

(A4538E)

Associate in Applied Science Degree

The Human Services Technology/Substance Abuse concentration prepares students to assist in drug and alcohol counseling, prevention-oriented educational activities, rehabilitation with recovering clients, managing community-based programs, counseling in residential facilities, and pursuit of four-year degrees.

Course work includes classroom and experiential activities oriented toward an overview of chemical dependency, psychological/sociological process, the twelve Core Functions, intervention techniques with individuals in groups, and follow-up activities with recovering clients.

Graduates should qualify for positions as substance abuse counselors, DUI counselors, halfway house workers, residential facility employees, and substance education specialists. With educational and clinical experiences, graduates can obtain certification by the North Carolina Substance Abuse Professional Practice Board.

The VGCC Human Services Technology program is nationally accredited by the Council for Standards in Human Services Education. Since the program is accredited, students can apply to take the Human Services Board Certified Practitioner exam prior to graduating and do not need to complete the 4,500 hours of experience needed by graduates of non-accredited programs.

INFANT/TODDLER CARE

(C55290C)

Certificate

The curriculum prepares individuals to work with children from infancy to three years of age in diverse learning environments. Students will combine learned theories, competency-based knowledge, and practice in actual settings with infants and toddlers.

Course work includes infant/toddler growth and development; physical/nutritional needs of infants and toddlers; safety issues in the care of infants and toddlers; care and guidance; communication skills with families and children; design an implementation of appropriate curriculum; and other related topics.

Graduates should be prepared to plan and implement developmentally appropriate infant/toddler programs in early childhood settings. Employment opportunities include child development and child care programs, preschools, public and private schools, recreational centers, Early Head Start Programs, and other infant/toddler programs.

INFORMATION TECHNOLOGY

(A25590)

Associate in Applied Science Degree

The Information Technology (IT) curriculum prepares graduates for employment in the technology sector as designers, testers, support technicians, system administrators, developers, or programmers who use computer software and/or hardware to design, process, implement and manage information systems in specialties such as database services, security, business intelligence, healthcare informatics and others depending on the technical path selected within this curriculum.

Course work includes development of a student's ability to create, store, communicate, exchange and use information to solve technical issues related to information support and services, interactive media, network systems, programming and software development, information security and other emerging technologies based on the selected area of study.

Graduates should qualify for employment in entry-level positions with businesses, educational systems, and governmental agencies which rely on computer systems to design and manage information. The program will incorporate the competencies of industry-recognized certification exams.

Note: The Information Technology program was formerly known as Computer Technology Integration (CTI). Students still coded under CTI should refer to their catalog of record.

LATERAL ENTRY

(C55430)

Certificate

The Lateral Entry curriculum, provides a course of study leading to the development of the general pedagogy competencies needed to become certified to teach by the North Carolina Department of Public Instruction.

Course work includes human growth and development, learning theory, instructional technology, school policies and procedures, home, school, and community collaborations, and classroom organization and management to enhance learning. Courses offered by partnering senior institutions include instructional methods, literacy and diversity.

Graduates should meet the general pedagogy competencies within the first three years of teaching, including a minimum of six semester hours per school year. Additional requirements, such as pre-service training and passing the PRAXIS, are required for licensure.

For further information go to the Regional Alternative Licensing Centers website at <http://www.ralc.us/>.

[Note: A baccalaureate degree is required for participation in the Lateral Entry Certificate program.]

MAGNETIC RESONANCE IMAGING

(D45800)

Diploma

The Magnetic Resonance Imaging (MRI) curriculum prepares students to become MRI technologists and skilled healthcare professionals who are trained to use magnetic energy fields to produce images of the human body.

Individuals entering this curriculum must be registered or registry-eligible by the American Registry of Radiologic Technologists (ARRT) in radiography, radiation therapy, nuclear medicine technology, or Sonography. Nuclear medicine technology applicants may also be registered or registry eligible by the Nuclear Medicine Technology Certification Board (NMTCB). Sonography applicants may also be registered or registry eligible by the American Registry for Diagnostic Medical Sonography (ARDMS).

Course work includes clinical rotations, imaging fundamentals, MRI physics, procedures, anatomy, pathology, patient care, and imaging ethics and law in a medical environment. Students should be able to demonstrate all functional areas related to the magnetic resonance imaging field.

Graduates of accredited programs may be eligible to take the ARRT national examination for certification and registration as MRI technologists. Graduates may be employed in hospitals, outpatient clinics, physicians' offices, government agencies, and research.

ECC is approved by the North Carolina Community College System to offer the Magnetic Resonance Imaging Curriculum. ECC has entered into a Level III Instructional Service Agreement with Johnston Community College and Vance-Granville Community College to better meet the needs of healthcare facilities across eastern North Carolina. This collaborative program is referred to as the Eastern North Carolina Consortium of Computed Tomography and Magnetic Resonance Imaging program. Each semester the curriculum is offered through ECC and taught at one or more of the colleges within the Consortium.

In all health sciences programs, students are assigned clinical rotations with area health care agencies. The student must meet employee health standards and the criminal background and/or drug screening requirements of the agency at the student's expense prior to or at any time after beginning the program.

MECHATRONICS ENGINEERING TECHNOLOGY

(A40350)

Associate in Applied Science Degree

This curriculum is designed to prepare students through the study and application of principles from mathematics, natural sciences, and technology and applied processes.

Course work will prepare students to use basic engineering principles and technical skills in developing and testing automated, servomechanical, and other electromechanical systems. The program includes instruction in prototype testing, manufacturing and operational testing, systems analysis and maintenance procedures.

Graduates should be qualified for employment in industrial maintenance and manufacturing including assembly, testing, startup, troubleshooting, repair, process improvement, and control systems, and should qualify to sit for Packaging Machinery Manufacturers Institute (PMMI) mechatronics or similar industry examinations.

MEDICAL ASSISTING

(A45400)

Associate in Applied Science Degree

The Medical Assisting curriculum prepares multi-skilled health care professionals qualified to perform administrative, clinical, and laboratory procedures.

Course work includes instruction in scheduling appointments, coding and processing insurance accounts, billing, collections, computer operations; assisting with examinations/treatments, performing routine laboratory procedures, electrocardiography, supervised medication administration; and ethical/legal issues associated with patient care.

Graduates of CAAHEP-accredited medical assisting programs may be eligible to sit for the American Association of Medical Assistants' Certification Examination to become Certified Medical Assistants. Employment opportunities include physicians' offices, health maintenance organizations, health departments, and hospitals.

MEDICAL OFFICE ADMINISTRATION- General

(A25310)

Associate in Applied Science Degree

This curriculum prepares individuals for employment in medical and other health-care related offices.

Course work will include medical terminology; information systems; office management; medical coding, billing and insurance; legal and ethical issues; and formatting and word processing. Students will learn administrative and support functions and develop skills applicable in medical environments.

Employment opportunities are available in medical and dental offices, hospitals, insurance companies, laboratories, medical supply companies, and other health-care related organizations.

OFFICE ADMINISTRATION

(A25370)

Associate in Applied Science Degree

The Office Administration curriculum prepares individuals for positions in administrative support careers. It equips office professionals to respond to the demands of a dynamic computerized workplace.

Students will complete courses designed to develop proficiency in the use of integrated software, oral and written communication, analysis and coordination of office duties and systems, and other support topics. Emphasis is placed on non-technical as well as technical skills.

Graduates should qualify for employment in a variety of positions in business, government, and industry. Job classifications range from entry-level to supervisor to middle management.

PARALEGAL TECHNOLOGY

(A25380)

Associate in Applied Science Degree

The Paralegal Technology curriculum prepares individuals to work under the supervision of attorneys by performing routine legal tasks and assisting with substantive legal work. A paralegal/legal assistant may not practice law, give legal advice, or represent clients in a court of law.

Course work includes substantive and procedural legal knowledge in the areas of civil litigation, legal research and writing, real estate, family law, wills, estates, trusts, and commercial law. Required courses also include subjects such as English, mathematics, and computer utilization.

Graduates are trained to assist attorneys in probate work, investigations, public records search, drafting and filing legal documents, research, and office management. Employment opportunities are available in private law firms, governmental agencies, banks, insurance agencies, and other business organizations.

PHARMACY TECHNOLOGY

(A45580)

Associate in Applied Science Degree

The Pharmacy Technology Program prepares individuals to assist the pharmacist in duties that a technician can legally perform and to function within the boundaries prescribed by the pharmacist and the employment agency.

Students will prepare prescription medications, mix intravenous solutions and other specialized medications, update patient profiles, maintain inventories, package medications in unit-dose or med-card form, and gather data used by pharmacists to monitor drug therapy.

Employment opportunities include retail, hospitals, nursing homes, research laboratories, wholesale drug companies, and pharmaceutical manufacturing facilities. Graduates from the program may be eligible to take the National Certification Examination to become a certified pharmacy technician.

PRACTICAL NURSING

(D45660)

Diploma

The Practical Nursing curriculum prepares individuals with the knowledge and skills to provide nursing care to meet the health care needs of the individual throughout their lifespan.

The role of the LPN is a dependent role under the supervision of the registered nurse (RN) and other healthcare providers approved by North Carolina law.

In accordance with the North Carolina Board of Nursing Administrative Code, 21NCAC 36.0225, Components of Nursing Practice for the Licensed Practical Nurse (LPN), the LPN accepts assignments that can be safely performed and participates in assessing, planning, implementing, and evaluating the client's response to healthcare interventions.

Graduates are eligible to apply to take the National Council Licensure Examination (NCLEX-PN) which is required for practice as a Licensed Practical Nurse. Employment opportunities include hospitals, rehabilitation/long term care/home health facilities, clinics, and physicians' offices.

Mission Statement: The nursing faculty of Vance-Granville Community College, in support of the philosophy, purpose and objectives of the College, believes that it is the purpose of the Practical Nursing program to produce advanced beginning practitioners (Benner, 2001, p. 22) for entry level practice in the practical nurse role.

SUGGESTED SEQUENCE OF REQUIRED COURSES:

	Title	Class	Work Exp/		
			Lab	Clinical	Credits
FIRST SEMESTER (Fall)					
BIO 163***	Basic Anatomy & Physiology	4	2	0	5
NUR 101	Practical Nursing I	7	6	6	11
		11	8	6	16
SECOND SEMESTER (Spring)					
ENG 111*	Writing and Inquiry	3	0	0	3
NUR 102	Practical Nursing II	7	0	9	10
PSY 150*	General Psychology	3	0	0	3
		13	0	9	16
THIRD SEMESTER (Summer)					
NUR 103	Practical Nursing III	6	0	9	9

TOTAL SEMESTER HOURS REQUIRED FOR DIPLOMA: 41

[Notes: Students must complete all courses listed in each semester together unless related courses have been previously completed with a "C" or better. Nursing courses are only offered in the semester listed. Course substitution forms will need to be completed for BIO 168 and BIO 169 in lieu of BIO 163 and PSY 241 in lieu of PSY 110]

RADIOGRAPHY

(A45700)

Associate in Applied Science Degree

The Radiography curriculum prepares the graduate to be a radiographer, a skilled health care professional who uses radiation to produce images of the human body.

Course work includes clinical rotations to area health care facilities, radiographic exposure, image processing, radiographic procedures, physics, pathology, patient care and management, radiation protection, quality assurance, anatomy and physiology, and radiobiology.

Graduates of accredited programs are eligible to apply to take the American Registry of Radiologic Technologists' national examination for certification and registration as medical radiographers. Graduates may be employed in hospitals, clinics, physicians' offices, medical laboratories, government agencies, and industry.

Mission Statement: The mission of the Vance-Granville Community College Radiography Program is to provide our students with a comprehensive education in radiography by which to prepare them to enter the radiographic profession as a competent entry-level radiographer.

SUPPLY CHAIN MANAGEMENT

(A25620)

Associate in Applied Science Degree

The Supply Chain Management curriculum prepares individuals for a multitude of career opportunities in distribution, transportation, warehousing, trucking operations, supply chain, and manufacturing organizations.

Course work includes the international and domestic movement of goods from the raw materials source(s) through production and ultimately to the consumer. Courses in economics and finance, transportation, warehousing, inventory control, material handling, purchasing, computerization, supply chain operations, federal transportation and safety regulations are emphasized.

Graduates should qualify for positions in a wide range of supply chain and logistics positions in government agencies, manufacturing, and service organizations. Employment opportunities include entry-level distribution, planning, material management, warehousing, inventory, transportation, trucking operations, international freight, and logistics.

Note: The Supply Chain Management program was formerly known as Global Logistics and Distribution Management Technology. Students still coded under Global Logistics should refer to their catalog of record.

WELDING TECHNOLOGY

(A50420)

Associate in Applied Science Degree

The Welding Technology curriculum provides students with a sound understanding of the science, technology, and applications essential for successful employment in the welding and metalworking industry.

Instruction includes consumable and non-consumable electrode welding and cutting processes. Courses may include math, print reading, metallurgy, welding inspection, and destructive and non-destructive testing providing the student with industry-standard skills developed through classroom training and practical application.

Graduates of the Welding Technology curriculum may be employed as entry-level technicians in welding and metalworking industries. Career opportunities also exist in construction, manufacturing, fabrication, sales, quality control, supervision, and welding-related self-employment.

CURRICULUM COURSE DESCRIPTIONS

The following section contains descriptions of courses offered by Vance-Granville Community College.

The following example explains each component of the course description.

<u>1</u>	<u>2</u>			
ACC 120***	Principles of Financial Accounting	3	2	0 4
<u>3</u> Prerequisites: Local, DMA 010, DMA 020, DMA 030, and DRE 098				
Corequisites: None				

4 Course Offering Availability: Fall

5 This course introduces business decision-making accounting information systems. Emphasis is placed on analyzing, summarizing, reporting and interpreting financial information. Upon completion, students should be able to prepare financial statements, understand the role of financial information in decision-making and address ethical considerations. *This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).*

1 -- Course prefix, course number, course title

2 -- Number of hours in class, lab, work experience/clinical each week and the number of hours the course is worth upon successful completion.

3 -- Prerequisites: Course or courses that must be successfully completed prior to registering for this course.

Corequisites: Course or courses that must be completed before or taken at the same time of this course.

4 -- Course Offering Availability per semester:

Ex. Fall, Spring, Summer, or at discretion of Dean

5 -- Course description: What the course is about and what you can expect to learn from the course.

NCCCS Crosswalk for DMA Modules:

MAT 060 = DMA 010, DMA 020, DMA 030

MAT 070 = DMA 040, DMA 050

MAT 080 = DMA 060, DMA 070, DMA 080

NCCCS Crosswalk DRE Modules:

RED 080 & ENG 080 or ENG 085/085A = DRE 097

RED 090 & ENG 090 or ENG 095/095A = DRE 098

Courses that are marked with the indicated number of asterisks below are part of the Comprehensive Articulation Agreement and are considered transferable to the sixteen constituent institutions of the University of North Carolina. Courses not marked with an asterisk are generally those in an Associate in Applied Science degree program and are not considered as transferable to four-year institutions.

* **Universal General Education Transfer Component (UGETC) Courses**

** **General Education Courses**

*** **Premajor/Elective Courses**

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ACA 111	College Student Success	1	0	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course introduces the college's physical, academic, and social environment and promotes the personal development essential for success. Topics include campus facilities and resources; policies, procedures, and programs; study skills; and life management issues such as health, self-esteem, motivation, goal-setting, diversity, and communication. Upon completion, students should be able to function effectively within the college environment to meet their educational objectives. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
ACA 115	Success & Study Skills	0	2	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course provides an orientation to the campus resources and academic skills necessary to achieve educational objectives. Emphasis is placed on an exploration of facilities and services, study skills, library skills, self-assessment, wellness, goal-setting, and critical thinking. Upon completion, students should be able to manage their learning experiences to successfully meet educational goals. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
ACA 122***	College Transfer Success	0	2	0	1
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course provides information and strategies necessary to develop clear academic and professional goals beyond the community college experience. Topics include the CAA, college policies and culture, career exploration, gathering information on senior institutions, strategic planning, critical thinking, and communications skills for a successful academic transition. Upon completion, students should be able to develop an academic plan to transition successfully to senior institutions. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ACC 120***	Principles of Financial Accounting	3	2	0	4
Prerequisites: Local, Take All: DMA 010, DMA 020, DMA 030, and DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces business decision-making accounting information systems. Emphasis is placed on analyzing, summarizing, reporting and interpreting financial information. Upon completion, students should be able to prepare financial statements, understand the role of financial information in decision-making and address ethical considerations. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
ACC 121***	Principles of Managerial Accounting	3	2	0	4
Prerequisites: State, ACC 120***					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course includes a greater emphasis on managerial and cost accounting skills. Emphasis is placed on managerial accounting concepts for external and internal analysis, reporting and decision-making. Upon completion, students should be able to analyze and interpret transactions relating to managerial concepts, including product-costing systems. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ACC 129	Individual Income Taxes	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the relevant laws governing individual income taxation. Topics include tax law, electronic research and methodologies, and the use of technology for preparation of individual income tax returns. Upon completion, students should be able to analyze basic tax scenarios, research applicable tax law, and complete various individual tax forms. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
ACC 130	Business Income Taxes	2	2	0	3
Prerequisites: Local, ACC 129					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the relevant laws governing business and fiduciary income taxes. Topics include tax law relating to business organizations, electronic research and methodologies, and the use of technology for the preparation of business tax returns. Upon completion, students should be able to analyze basic tax scenarios, research applicable tax law, and complete various business tax forms. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
ACC 140	Payroll Accounting	1	2	0	2
Prerequisites: State, ACC 120***					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course covers federal and state laws pertaining to wages, payroll taxes, payroll tax forms, and journal and general ledger transactions. Emphasis is placed on computing wages; calculating social security, income, and unemployment taxes; preparing appropriate payroll tax forms; and journalizing/posting transactions. Upon completion, students should be able to analyze data, make appropriate computations, complete forms, and prepare accounting entries using appropriate technology. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
ACC 150	Accounting Software Application	1	2	0	2
Prerequisites: State, ACC 120***					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces microcomputer applications related to accounting systems. Topics include general ledger, accounts receivable, accounts payable, inventory, payroll, and correcting, adjusting, and closing entries. Upon completion, students should be able to use a computer accounting package to solve accounting problems. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
ACC 220	Intermediate Accounting I	3	2	0	4
Prerequisites: State, ACC 120*** Local, ACC 121***					
Corequisites: None					
Course Offering Availability: Fall					
This course is a continuation of the study of accounting principles with in-depth coverage of theoretical concepts and financial statements. Topics include generally accepted accounting principles and extensive analysis of balance sheet components. Upon completion, students should be able to demonstrate competence in the conceptual framework underlying financial accounting, including the application of financial standards. <i>This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ACC 221	Intermediate Accounting II	3	2	0	4
Prerequisites: State, ACC 220					
Corequisites: None					
Course Offering Availability: Spring					
This course is a continuation of ACC 220. Emphasis is placed on special problems which may include leases, bonds, investments, ratio analyses, present value applications, accounting changes, and corrections. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered.					
ACC 225	Cost Accounting	3	0	0	3
Prerequisites: State, ACC 121***					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces the nature and purposes of cost accounting as an information system for planning and control. Topics include direct materials, direct labor, factory overhead, process, job order, and standard cost systems. Upon completion, students should be able to demonstrate an understanding of the principles involved and display an analytical problem-solving ability for the topics covered. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
ACC 269	Audit & Assurance Services	3	0	0	3
Prerequisites: State, ACC 220					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces selected topics pertaining to the objectives, theory and practices in engagements providing auditing and other assurance services. Topics include planning, conducting and reporting, with emphasis on the related professional ethics and standards. Upon completion, students should be able to demonstrate an understanding of the types of professional services, the related professional standards, and engagement methodology.					
AHR 110	Intro to Refrigeration	2	6	0	5
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the basic refrigeration process used in mechanical refrigeration and air conditioning systems. Topics include terminology, safety, and identification and function of components; refrigeration cycle; and tools and instrumentation used in mechanical refrigeration systems. Upon completion, students should be able to identify refrigeration systems and components, explain the refrigeration process, and use the tools and instrumentation of the trade.					
AHR 111	HVACR Electricity	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces electricity as it applies to HVACR equipment. Emphasis is placed on power sources, interaction of electrical components, wiring of simple circuits, and the use of electrical test equipment. Upon completion, students should be able to demonstrate good wiring practices and the ability to read simple wiring diagrams.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
AHR 112	Heating Technology	2	4	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the fundamentals of heating including oil, gas, and electric heating systems. Topics include safety, tools and instrumentation, system operating characteristics, installation techniques, efficiency testing, electrical power, and control systems. Upon completion, students should be able to explain the basic oil, gas, and electrical heating systems and describe the major components of a heating system.					
AHR 113	Comfort Cooling	2	4	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the installation procedures, system operations, and maintenance of residential and light commercial comfort cooling systems. Topics include terminology, component operation, and testing and repair of equipment used to control and produce assured comfort levels. Upon completion, students should be able to use psychrometrics, manufacturer specifications, and test instruments to determine proper system operation.					
AHR 114	Heat Pump Technology	2	4	0	4
Prerequisites: State, Take One: AHR 110 or AHR 113					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the principles of air source and water source heat pumps. Emphasis is placed on safety, modes of operation, defrost systems, refrigerant charging, and system performance. Upon completion, students should be able to understand and analyze system performance and perform routine service procedures.					
AHR 115	Refrigeration Systems	1	3	0	2
Prerequisites: State, AHR 110					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces refrigeration systems and applications. Topics include defrost methods, safety and operational control, refrigerant piping, refrigerant recovery and charging, and leak testing. Upon completion, students should be able to assist in installing and testing refrigeration systems and perform simple repairs.					
AHR 130	HVAC Controls	2	2	0	3
Prerequisites: State, Take One: AHR 111, ELC 111, or ELC 112					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the types of controls found in residential and commercial comfort systems. Topics include electrical and electronic controls, control schematics and diagrams, test instruments, and analysis and troubleshooting of electrical systems. Upon completion, students should be able to diagnose and repair common residential and commercial comfort system controls.					
AHR 133	HVAC Servicing	2	6	0	4
Prerequisites: None					
Corequisites: State, Take One: AHR 112 or AHR 113					
Course Offering Availability: Summer					
The course covers the maintenance and servicing of HVAC equipment. Topics include testing, adjusting, maintaining, and troubleshooting HVAC equipment and record keeping. Upon completion, students should be able to adjust, maintain, and service HVAC equipment.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
AHR 160	Refrigerant Certification	1	0	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Summer					
This course covers the requirements for the EPA certification examinations. Topics include small appliances, high pressure systems, and low pressure systems. Upon completion, students should be able to demonstrate knowledge of refrigerants and be prepared for the EPA certification examinations.					
AHR 180	HVACR Customer Relations	1	0	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Summer					
This course introduces common business and customer relation practices that may be encountered in HVACR. Topics include business practices, appearance of self and vehicle, ways of handling customer complaints, invoices, telephone communications, and warranties. Upon completion, students should be able to present themselves to customers in a professional manner, understand how the business operates, complete invoices, and handle complaints.					
AHR 211	Residential System Design	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the principles and concepts of conventional residential heating and cooling system design. Topics include heating and cooling load estimating, basic psychrometrics, equipment selection, duct system selection, and system design. Upon completion, students should be able to design a basic residential heating and cooling system.					
ALT 120	Renewable Energy Tech	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course provides an introduction to multiple technologies that allow for the production and conservation of energy from renewable sources. Topics include hydro-electric, wind power, passive and active solar energy, tidal energy, appropriate building techniques, and energy conservation methods. Upon completion, students should be able to demonstrate an understanding of renewable energy production and its impact on humans and their environment.					
ART 111*	Art Appreciation	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer-at the discretion of the Dean					
This course introduces the origins and historical development of art. Emphasis is placed on the relationship of design principles to various art forms including but not limited to sculpture, painting, and architecture. Upon completion, students should be able to identify and analyze a variety of artistic styles, periods, and media. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ART 113***	Art Methods and Materials	0	6	0	3
Prerequisites:	Local, DRE 098				
Corequisites:	None				
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides an overview of media and techniques. Emphasis is placed on exploration and manipulation of materials. Upon completion, students should be able to demonstrate familiarity with a variety of methods, materials, and processes. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ART 114*	Art History Survey I	3	0	0	3
Prerequisites:	Local, DRE 098				
Corequisites:	None				
Course Offering Availability: Fall and at the discretion of the Dean					
This course covers the development of art forms from ancient times to the Renaissance. Emphasis is placed on content, terminology, design, and style. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of human social development. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
ART 115*	Art History Survey II	3	0	0	3
Prerequisites:	Local, DRE 098				
Corequisites:	None				
Course Offering Availability: Spring and at the discretion of the Dean.					
This course covers the development of art forms from the Renaissance to the present. Emphasis is placed on content, terminology, design, and style. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of human social development. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
ART 117**	Non-Western Art History	3	0	0	3
Prerequisites:	Local, DRE 098				
Corequisites:	None				
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces non-Western cultural perspectives. Emphasis is placed on, but not limited to, African, Oriental, and Oceanic art forms throughout history. Upon completion, students should be able to demonstrate an historical understanding of art as a product reflective of non-Western social and cultural development. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					
ART 121***	Two-Dimensional Design	0	6	0	3
Prerequisites:	Local, DRE 098				
Corequisites:	None				
Course Offering Availability: Fall and at the discretion of the Dean					
This course introduces the elements and principles of design as applied to two-dimensional art. Emphasis is placed on the structural elements, the principles of visual organization, and the theories of color mixing and interaction. Upon completion, students should be able to understand and use critical and analytical approaches as they apply to two-dimensional visual art. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ART 122***	Three-Dimensional Design	0	6	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Spring and at the discretion of the Dean					
This course introduces basic studio problems in three-dimensional visual design. Emphasis is placed on the structural elements and organizational principles as applied to mass and space. Upon completion, students should be able to apply three-dimensional design concepts. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ART 131***	Drawing I	0	6	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall and at the discretion of the Dean					
This course introduces the language of drawing and the use of various drawing materials. Emphasis is placed on drawing techniques, media, and graphic principles. Upon completion, students should be able to demonstrate increased competence in the expressive use of graphic form and techniques. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ART 132***	Drawing II	0	6	0	3
Prerequisites: State, ART 131 Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course continues instruction in the language of drawing and the use of various materials. Emphasis is placed on experimentation in the use of drawing techniques, media, and graphic materials. Upon completion, students should be able to demonstrate competence in the use of graphic form and various drawing processes. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ART 135***	Figure Drawing I	0	6	0	3
Prerequisites: State, ART 131 Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces rendering the human figure with various drawing materials. Emphasis is placed on the use of the visual elements, anatomy, and proportion in the representation of the draped and undraped figure. Upon completion, students should be able to demonstrate competence in drawing the human figure. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ART 240***	Painting I	0	6	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring and at the discretion of the Dean					
This course introduces the language of painting and the use of various painting materials. Emphasis is placed on the understanding and use of various painting techniques, media, and color principles. Upon completion, students should be able to demonstrate competence in the use of creative processes directed toward the development of expressive form. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ART 241***	Painting II	0	6	0	3
Prerequisites: State, ART 240 Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides a continuing investigation of the materials, processes, and techniques of painting. Emphasis is placed on the exploration of expressive content using a variety of creative processes. Upon completion, students should be able to demonstrate competence in the expanded use of form and variety. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ART 264***	Digital Photography I	0	6	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces digital photographic equipment, theory and processes. Emphasis is placed on camera operation, composition, computer photo manipulation and creative expression. Upon completion, students should be able to successfully expose, digitally manipulate, and print a well-conceived composition. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ATR 112	Intro to Automation	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the basic principles of automated systems and describes the tasks that technicians perform on the job. Topics include the history, development, and current applications of robots and automated systems including their configuration, operation, components, and controls. Upon completion, students should be able to understand the basic concepts of automation and robotic systems.					
ATR 280	Robotic Fundamentals	3	2	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers application, programming, and maintenance fundamentals for robotic devices. Emphasis is placed on terminology, problem solving, robotic systems controls, and hands-on projects. Upon completion, students should be able to apply basic concepts in application, programming, and robotic control systems.					
AUT 114	Safety and Emissions	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the laws, procedures, and specifications needed to perform a North Carolina State Safety and Emissions inspection. Topics include brake, steering and suspension, lighting, horn, windshield wiper, tire, mirrors, and emission control devices inspection. Upon completion, students should be able to perform complete and thorough North Carolina State Safety and Emissions inspections.					
AUT 114A	Safety and Emissions Lab	0	2	0	1
Prerequisites: None					
Corequisites: State, AUT 114					
Course Offering Availability: Spring					
This course is an optional lab that allows students to enhance their understanding of North Carolina State Emissions Inspection failures. Topics include evaporative, positive crankcase ventilation, exhaust gas recirculation and exhaust emissions systems operation, including catalytic converter failure diagnosis. Upon completion, students should be able to employ diagnostic strategies to repair vehicle emissions failures resulting from North Carolina State Emissions inspection.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
AUT 116	Engine Repair	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the theory, construction, inspection, diagnosis, and repair of internal combustion engines and related systems. Topics include fundamental operating principles of engines and diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis, measurement and repair of automotive engines using appropriate tools, equipment, procedures, and service information.					
AUT 116A	Engine Repair Lab	0	3	0	1
Prerequisites: None					
Corequisites: State, AUT 116					
Course Offering Availability: Fall					
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include diagnosis, inspection, adjustment, and repair of automotive engines using appropriate service information. Upon completion, students should be able to perform basic diagnosis, measurement and repair of automotive engines using appropriate tools, equipment, procedures, and service information.					
AUT 123	Powertrain Diagn & Serv	1	3	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the diagnosis, repair and service of the vehicle powertrain and related systems. Topics include fundamental operating principles of engines and transmissions and use of proper service procedures for diagnosis, service and removal and replacement of major components. Upon completion, students should be able to perform basic service and diagnosis of the powertrain and related systems, and to perform in vehicle repairs and remove and replace components.					
AUT 141	Suspension & Steering Systems	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers principles of operation, types, and diagnosis/repair of suspension and steering systems to include steering geometry. Topics include manual and power steering systems and standard and electronically controlled suspension and steering systems. Upon completion, students should be able to service and repair steering and suspension components, check and adjust alignment angles, repair tires, and balance wheels.					
AUT 141A	Suspension & Steering Lab	0	3	0	1
Prerequisites: None					
Corequisites: State, AUT 141					
Course Offering Availability: Spring					
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include manual and power steering systems and standard and electronically controlled suspension and steering systems. Upon completion, students should be able to service and repair steering and suspension components, check and adjust alignment angles, repair tires, and balance wheels.					
AUT 151	Brake Systems	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers principles of operation and types, diagnosis, service, and repair of brake systems. Topics include drum and disc brakes involving hydraulic, vacuum boost, hydra-boost, electrically powered boost, and anti-lock and parking brake systems. Upon completion, students should be able to diagnose, service, and repair various automotive braking systems.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
AUT 151A	Brakes Systems Lab	0	3	0	1
Prerequisites: None					
Corequisites: State, AUT 151					
Course Offering Availability: Spring					
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include drum and disc brakes involving hydraulic, vacuum-boost, hydra-boost, electrically powered boost, and anti-lock, parking brake systems and emerging brake systems technologies. Upon completion, students should be able to diagnose, service, and repair various automotive braking systems.					
AUT 163	Adv Auto Electricity	2	3	0	3
Prerequisites: State, TRN 120					
Corequisites: None					
Course Offering Availability: Spring					
This course covers electronic theory, wiring diagrams, test equipment, and diagnosis, repair, and replacement of electronics, lighting, gauges, horn, wiper, accessories, and body modules. Topics include networking and module communication, circuit construction, wiring diagrams, circuit testing, and troubleshooting. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair wiring, lighting, gauges, accessories, modules, and electronic concerns.					
AUT 163A	Adv Auto Electricity Lab	0	3	0	1
Prerequisites: None					
Corequisites: State, AUT 163					
Course Offering Availability: Spring					
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include networking and module communication, circuit construction, wiring diagrams, circuit testing, troubleshooting and emerging electrical/electronic systems technologies. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair wiring, lighting, gauges, accessories, modules, and electronic concerns.					
AUT 181	Engine Performance 1	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the introduction, theory of operation, and basic diagnostic procedures required to restore engine performance to vehicles equipped with complex engine control systems. Topics include an overview of engine operation, ignition components and systems, fuel delivery, injection components and systems and emission control devices. Upon completion, students should be able to describe operation and diagnose/repair basic ignition, fuel and emission related driveability problems using appropriate test equipment/service information.					
AUT 181A	Engine Performance 1 Lab	0	3	0	1
Prerequisites: None					
Corequisites: State, AUT 181					
Course Offering Availability: Fall					
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include overviews of engine operation, ignition components and systems, fuel delivery, injection components and systems and emission control devices and emerging engine performance technologies. Upon completion, students should be able to describe operation and diagnose/repair basic ignition, fuel and emission related driveability problems using appropriate test equipment/service information.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
AUT 183	Engine Performance 2	2	6	0	4
Prerequisites: State, AUT 181					
Corequisites: None					
Course Offering Availability: Fall					
This course covers study of the electronic engine control systems, the diagnostic process used to locate engine performance concerns, and procedures used to restore normal operation. Topics will include currently used fuels and fuel systems, exhaust gas analysis, emission control components and systems, OBD II (on-board diagnostics) and inter-related electrical/electronic systems. Upon completion, students should be able to diagnose and repair complex engine performance concerns using appropriate test equipment and service information.					
AUT 212	Auto Shop Management	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers the principles of management essential to decision-making, communication, authority, and leadership. Topics include shop supervision, shop organization, customer relations, cost effectiveness and work place ethics. Upon completion, students should be able to describe basic automotive shop operation from a management standpoint.					
AUT 221	Automatic Transm/Transaxles	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Summer					
This course covers operation, diagnosis, service, and repair of automatic transmissions/transaxles. Topics include hydraulic, pneumatic, mechanical, and electrical/electronic operation of automatic drive trains and the use of appropriate service tools and equipment. Upon completion, students should be able to explain operational theory and diagnose and repair automatic drive trains.					
AUT 221A	Auto Transm/Transax Lab	0	3	0	1
Prerequisites: None					
Corequisites: State, AUT 221					
Course Offering Availability: Summer					
This course is an optional lab to be used as an alternative to co-op placement in meeting the NATEF standards for total hours. Topics include hydraulic, pneumatic, mechanical, and electrical/electronic operation of automatic drive trains and the use of appropriate service tools and equipment. Upon completion, students should be able to diagnose and repair automatic drive trains.					
AUT 231	Man Trans/Axles/Drtrains	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the operation, diagnosis, and repair of manual transmissions/transaxles, clutches, driveshafts, axles, and final drives. Topics include theory of torque, power flow, and manual drive train service and repair using appropriate service information, tools, and equipment. Upon completion, students should be able to explain operational theory, diagnose and repair manual drive trains.					
AUT 231A	Man Trans/Ax/Drtrains Lab	0	3	0	1
Prerequisites: None					
Corequisites: State, AUT 231					
Course Offering Availability: Spring					
This course is an optional lab for the program that needs to meet NATEF hour standards but does not have a co-op component in the program. Topics include manual drive train diagnosis, service and repair using appropriate service information, tools, and equipment. Upon completion, students should be able to diagnose and repair manual drive trains.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
AUT 281	Adv Engine Performance	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course utilizes service information and specialized test equipment to diagnose and repair power train control systems. Topics include computerized ignition, fuel and emission systems, related diagnostic tools and equipment, data communication networks, and service information. Upon completion students should be able to perform diagnosis and repair.					
BIO 110*	Principles of Biology	3	3	0	4
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides a survey of fundamental biological principles for non-science majors. Emphasis is placed on basic chemistry, cell biology, metabolism, genetics, evolution, ecology, diversity, and other related topics. Upon completion, students should be able to demonstrate increased knowledge and better understanding of biology as it applies to everyday life. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course.</i>					
BIO 111*	General Biology I	3	3	0	4
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the principles and concepts of biology. Emphasis is placed on basic biological chemistry, molecular and cellular biology, metabolism and energy transformation, genetics, evolution, and other related topics. Upon completion, students should be able to demonstrate understanding of life at the molecular and cellular levels. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
BIO 112*	General Biology II	3	3	0	4
Prerequisites: State, BIO 111*					
Corequisites: None					
Course Offering Availability: Spring					
This course is a continuation of BIO 111. Emphasis is placed on organisms, evolution, biodiversity, plant and animal systems, ecology, and other related topics. Upon completion, students should be able to demonstrate comprehension of life at the organismal and ecological levels. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
BIO 140**	Environmental Biology	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course introduces environmental processes and the influence of human activities upon them. Topics include ecological concepts, population growth, natural resources, and a focus on current environmental problems from scientific, social, political, and economic perspectives. Upon completion, students should be able to demonstrate an understanding of environmental interrelationships and of contemporary environmental issues. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
BIO 140A**	Environmental Biology Lab	0	3	0	1
Prerequisites: None					
Corequisites: State, BIO 140**					
Course Offering Availability: Fall, Spring, Summer					
This course provides a laboratory component to complement BIO 140. Emphasis is paced on laboratory and field experience. Upon completion, students should be able to demonstrate a practical understanding of environmental interrelationships and of contemporary environmental issues. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This course is also available through the Virtual Learning Community (VLC).</i>					
BIO 155***	Nutrition	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course covers the biochemistry of foods and nutrients with consideration of the physiological effects of specialized diets for specific biological needs. Topics include cultural, religious, and economic factors that influence a person's acceptance of food as well as nutrient requirements of the various life stages. Upon completion, students should be able to identify the functions and sources of nutrients, the mechanisms of digestion and the nutritional requirements of all age groups. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
BIO 160	Introductory Life Science	2	2	0	3
Prerequisites: Local, DRE 097					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces scientific and biological concepts. Topics include basic chemistry, cell structure and function, cell division, basic genetic concepts, anatomical terminology, and metric-English measurements and conversions. Upon completion, students should be able to demonstrate an understanding of basic chemistry, cell biology, genetic concepts; anatomical terminology; and metric-English measurements and conversions.					
BIO 163***	Basic Anat & Physiology	4	2	0	5
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course provides a basic study of the structure and function of the human body. Topics include a basic study of the body systems as well as an introduction to homeostasis, cells, tissues, nutrition, acid-base balance, and electrolytes. Upon completion, students should be able to demonstrate a basic understanding of the fundamental principles of anatomy and physiology and their interrelationships. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
BIO 168***	Anatomy and Physiology I	3	3	0	4
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides a comprehensive study of the anatomy and physiology of the human body. Topics include body organization, homeostasis, cytology, histology, and the integumentary, skeletal, muscular, and nervous systems and special senses. Upon completion, students should be able to demonstrate an in-depth understanding of principles of anatomy and physiology and their interrelationships. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
BIO 169***	Anatomy and Physiology II	3	3	0	4
Prerequisites:	State, BIO 168***				
Corequisites:	None				
Course Offering Availability:	Spring, Summer				
This course provides a continuation of the comprehensive study of the anatomy and physiology of the human body. Topics include the endocrine, cardiovascular, lymphatic, respiratory, digestive, urinary, and reproductive systems as well as metabolism, nutrition, acid-base balance, and fluid and electrolyte balance. Upon completion, students should be able to demonstrate an in-depth understanding of principles of anatomy and physiology and their interrelationships. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
BIO 175***	General Microbiology	2	2	0	3
Prerequisites:	State, Take One: BIO 110*, BIO 111*, BIO 163***, BIO 165, or BIO 168***;				
	Local, BIO 169*** (if BIO 168 is the applied State prerequisite)				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer				
This course covers principles of microbiology with emphasis on microorganisms and human disease. Topics include an overview of microbiology and aspects of medical microbiology, identification and control of pathogens, disease transmission, host resistance, and immunity. Upon completion, students should be able to demonstrate knowledge of microorganisms and the disease process as well as aseptic and sterile techniques. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
BIO 271***	Pathophysiology	3	0	0	3
Prerequisites:	State, Take One: BIO 163*** or BIO 169***				
Corequisites:	None				
Course Offering Availability:	Fall, Summer				
This course provides an in-depth study of human pathological processes and their effects on homeostasis. Emphasis is placed on interrelationships among organ systems in deviations from homeostasis. Upon completion, students should be able to demonstrate a detailed knowledge of pathophysiology. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
BIO 275***	Microbiology	3	3	0	4
Prerequisites:	State, Take One BIO 110*, BIO 111*, BIO 163***, BIO 165, or BIO 168***;				
	Local, BIO 169*** (if BIO 168 is the applied State prerequisite)				
Corequisites:	None				
Course Offering Availability:	Spring				
This course covers principles of microbiology and the impact these organisms have on man and the environment. Topics include the various groups of microorganisms, their structure, physiology, genetics, microbial pathogenicity, infectious diseases, immunology, and selected practical applications. Upon completion, students should be able to demonstrate knowledge and skills including microscopy, aseptic technique, staining, culture methods, and identification of microorganisms. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
BPM 110	Bioprocess Practices	3	4	0	5
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall and at the discretion of the Dean					
This course provides a study of plant operations including various plant utility systems and detailed study of the varied plant environments in a bioprocessing facility. Emphasis is placed on quality mindset and principles of validation through applications of monitoring procedures. Upon completion, students should be able to demonstrate the rigors of industry regulation and its necessity. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
BPM 111	Bioprocess Measurements	3	3	0	4
Prerequisites: State, Take All: BIO 110* and BPM 110					
Corequisites: None					
Course Offering Availability: Spring and at the discretion of the Dean					
This course covers a variety of physical measurements. Emphasis is placed on pH, temperature, pressure and flow rates, as well as spectrophotometry, and biochemical and chemical analytical methods. Upon completion, students should be able to demonstrate and perform many aspects of process monitoring.					
BPM 112	Upstream Bioprocessing	3	4	0	5
Prerequisites: State, BPM 111					
Corequisites: None					
Course Offering Availability: Fall and at the discretion of the Dean					
This course introduces techniques involved in cell growth and fractionation. Topics include fermentation theory and application, as well as cell harvesting, cell disruption, and fractionation methods. Upon completion, students should be able to grow cells as well as isolate and collect various fractions.					
BPM 113	Downstream Bioprocessing	3	3	0	4
Prerequisites: State, Take All: BPM 111, CHM 131** and CHM 131A**					
Corequisites: None					
Course Offering Availability: Spring and at the discretion of the Dean					
This course introduces a variety of techniques involved in separation procedures. Topics include extraction and precipitation, concentration and molecular filtration methods as well as different types of chromatography. Upon completion, students should be able to perform most separation procedures with an understanding of industrial scale proportions.					
BPR 111	Print Reading	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the basic principles of print reading. Topics include line types, orthographic projections, dimensioning methods, and notes. Upon completion, students should be able to interpret basic prints and visualize the features of a part or system.					
BPR 130	Print Reading - Construction	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the interpretation of prints and specifications that are associated with design and construction projects. Topics include interpretation of documents for foundations, floor plans, elevations, and related topics. Upon completion, students should be able to read and interpret construction prints and documents.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
BUS 110***	Introduction to Business	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course provides a survey of the business world. Topics include the basic principles and practices of contemporary business. Upon completion, students should be able to demonstrate an understanding of business concepts as a foundation for studying other business subjects. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
BUS 115***	Business Law I	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the student to the legal and ethical framework of business. Contracts, negotiable instruments, the law of sales, torts, crimes, constitutional law, the Uniform Commercial Code, and the court systems are examined. Upon completion the student should be able to identify legal and ethical issues that arise in business decisions and the laws that apply to them. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
BUS 116	Business Law II	3	0	0	3
Prerequisites: State, BUS 115***					
Corequisites: None					
Course Offering Availability: Spring					
This course includes the study of the legal and ethical framework of business. Business Organizations, property law, intellectual property law, agency and employment law, consumer law, secured transactions, and bankruptcy are examined. Upon completion, the student should be able to identify legal and ethical issues that arise in business decisions and the laws that apply to them. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
BUS 121	Business Math	2	2	0	3
Prerequisites: Local, Take All: DMA 010, DMA 020, and DMA 030					
Corequisites: None					
Course Offering Availability: Fall					
This course covers fundamental mathematical operations and their application to business problems. Topics include payroll, pricing, interest and discount, commission, taxes, and other pertinent uses of mathematics in the field of business. Upon completion, students should be able to apply mathematical concepts to business. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
BUS 137***	Principles of Management	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to be an overview of the major functions of management. Emphasis is placed on planning, organizing, controlling, directing, and communicating. Upon completion, students should be able to work as contributing members of a team utilizing these functions of management. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
BUS 153	Human Resource Management	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the functions of personnel/human resource management within an organization. Topics include equal opportunity and the legal environment, recruitment and selection, performance appraisal, employee development, compensation planning, and employee relations. Upon completion, students should be able to anticipate and resolve human resource concerns. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
BUS 217	Employment Law and Regulations	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the principle laws and regulations affecting public and private organizations and their employees or prospective employees. Topics include fair employment practices, EEO, affirmative action, and employee rights and protections. Upon completion, students should be able to evaluate organization policy for compliance and assure that decisions are not contrary to law. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
BUS 225	Business Finance	2	2	0	3
Prerequisites: State, ACC 120***					
Corequisites: None					
Course Offering Availability: Spring					
This course provides an overview of business financial management. Emphasis is placed on financial statement analysis, time value of money, management of cash flow, risk and return, and sources of financing. Upon completion, students should be able to interpret and apply the principles of financial management. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
BUS 260	Business Communication	3	0	0	3
Prerequisites: State, Take One: ENG 110 or ENG 111*					
Corequisites: None					
Course Offering Availability: Fall					
This course is designed to develop skills in writing business communications. Emphasis is placed on business reports, correspondence, and professional presentations. Upon completion, students should be able to communicate effectively in the work place. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
BUS 270	Professional Development	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course provides basic knowledge of self-improvement techniques as related to success in the professional world. Topics include positive human relations, job-seeking skills, and projecting positive self-image. Upon completion, students should be able to demonstrate competent personal and professional skills necessary to get and keep a job.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
BUS 280	REAL Small Business	4	0	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean.					
This course introduces hands-on techniques and procedures for planning and opening a small business, including the personal qualities needed for entrepreneurship. Emphasis is placed on market research, finance, time management, and day-to-day activities of owning/operating a small business. Upon completion, students should be able to write and implement a viable business plan and seek funding.					
CAR 111	Carpentry I	3	15	0	8
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the theory and construction methods associated with the building industry, including framing, materials, tools, and equipment. Topics include safety, hand/power tool use, site preparation, measurement and layout, footings and foundations, construction framing, and other related topics. Upon completion, students should be able to safely lay out and perform basic framing skills with supervision.					
CAR 112	Carpentry II	3	15	0	8
Prerequisites: State, CAR 111					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the advanced theory and construction methods associated with the building industry including framing and exterior finishes. Topics include safety, hand/power tool use, measurement and layout, construction framing, exterior trim and finish, and other related topics. Upon completion, students should be able to safely frame and apply exterior finishes to a residential building with supervision.					
CAR 113	Carpentry III	3	9	0	6
Prerequisites: State, CAR 111					
Corequisites: None					
Course Offering Availability: Summer					
This course covers interior trim and finishes. Topics include safety, hand/power tool use, measurement and layout, specialty framing, interior trim and finishes, cabinetry, and other related topics. Upon completion, students should be able to safely install various interior trim and finishes in a residential building with supervision.					
CAR 114	Residential Building Codes	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers building codes and the requirements of state and local construction regulations. Emphasis is placed on the minimum requirements of the North Carolina building codes related to residential structures. Upon completion, students should be able to determine if a structure is in compliance with North Carolina building codes.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CAR 115	Residential Planning/Estimating	3	0	0	3
Prerequisites: State, BPR 130					
Corequisites: None					
Course Offering Availability: Spring					
This course covers project planning, management, and estimating for residential or light commercial buildings. Topics include planning and scheduling, interpretation of working drawings and specifications, estimating practices, and other related topics. Upon completion, students should be able to perform quantity take-offs and cost estimates.					
CAT 210	CT Physics & Equipment	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers the system operations and components, image processing and display, image quality, and artifacts in computed tomography. Emphasis is placed on the data acquisition components, tissue attenuation conversions, image manipulation, and factors controlling image resolution. Upon completion, students should be able to understand the physics and instrumentation used in computed tomography.					
CAT 211	CT Procedures	4	0	0	4
Prerequisites: None					
Corequisites: State, CAT 210					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is designed to cover specialized patient care, cross-sectional anatomy, contrast media, and scanning procedures in computed tomography. Emphasis is placed on patient assessment and monitoring, contrast agents' use, radiation safety, methods of data acquisition, and identification of cross-sectional anatomy. Upon completion, students should be able to integrate all facets of the imaging procedures in computed tomography.					
CAT 231	CT Clinical Practicum	0	0	33	11
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides the opportunity to apply knowledge gained from classroom instruction to the computed tomography clinical setting. Emphasis is placed on patient care and positioning, scanning procedures, and image production in computed tomography. Upon completion, students should be able to assume a variety of duties and responsibilities within the computed tomography clinical environment.					
CCT 112	Ethics & High Technology	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers ethical considerations and accepted standard practices applicable to technological investigations and computer privacy issues relative to the cybercrime investigator. Topics include illegal and unethical investigative activities, end-justifying-the-means issues, and privacy issues of massive personal database information gathered by governmental sources. Upon completion, students should be able to examine their own value systems and apply ethical considerations in identifiable cybercrime investigations.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CCT 121	Computer Crime Invest.	3	2	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the fundamental principles of computer crime investigation processes. Topics include crime scene/incident processing, information gathering techniques, data retrieval, collection and preservation of evidence, preparation of reports and court presentations. Upon completion, students should be able to identify cybercrime activity and demonstrate proper investigative techniques to process the scene and assist in case prosecution.					
CCT 220	Forensic Accounting	3	3	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the basic principles and procedures of investigative accounting and analysis of financial evidence. Emphasis is placed on collecting data and evidence, evaluation of internal control systems, accounting systems, concealed income analysis, and fraud detection. Upon completion, students should be able to apply generally accepted accounting standards and procedures for conducting a criminal investigation audit for financial information.					
CCT 231	Technology Crimes & Law	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers the applicable technological laws dealing with the regulation of cyber security and criminal activity. Topics include an examination of state, federal and international laws regarding cybercrime with an emphasis on both general and North Carolina statutes. Upon completion, students should be able to identify the elements of cybercrime activity and discuss the trends of evolving laws.					
CCT 260	Mobile Phone Examination	1	4	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the unique skills and methodologies necessary to assist in the investigation and prosecution of cybercrimes involving mobile phones. Topics include the basics of the cellular networks as well as data extraction from GSM, iDEN and CDMA handsets. Upon completion, students should be able to use the course processes and methodologies to obtain forensic evidence from GSM, iDEN and CDMA handsets.					
CCT 273	Registry Forensics	1	4	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides unique skills and methodologies necessary to assist in the investigation and prosecution of cybercrimes involving the Windows registry. Emphasis is placed on the processes used to locate registry artifacts, including security, SAM, software, system, and NT user data. Upon completion, students should be able to use the course processes and methodologies to obtain forensic evidence from a Windows registry.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CHM 130***	Gen, Org, & Biochemistry	3	0	0	3
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	Local, CHM 130A				
Course Offering Availability:	Fall				
	This course provides a survey of basic facts and principles of general, organic, and biochemistry. Topics include measurement, molecular structure, nuclear chemistry, solutions, acid-base chemistry, gas laws, and the structure, properties, and reactions of major organic and biological groups. Upon completion, students should be able to demonstrate an understanding of fundamental chemical concepts. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>				
CHM 130A***	Gen, Org, & Biochem Lab	0	2	0	1
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	State, CHM 130				
Course Offering Availability:	Fall				
	This course is a laboratory for CHM 130. Emphasis is placed on laboratory experiences that enhance materials presented in CHM 130. Upon completion, students should be able to utilize basic laboratory procedures and apply them to chemical principles presented in CHM 130. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>				
CHM 131**	Introduction to Chemistry	3	0	0	3
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	Local, CHM 131A				
Course Offering Availability:	Fall				
	This course introduces the fundamental concepts of inorganic chemistry. Topics include measurement, matter and energy, atomic and molecular structure, nuclear chemistry, stoichiometry, chemical formulas and reactions, chemical bonding, gas laws, solutions, and acids and bases. Upon completion, students should be able to demonstrate a basic understanding of chemistry as it applies to other fields. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This course is also available through the Virtual Learning Community (VLC).</i>				
CHM 131A**	Intro to Chemistry Lab	0	3	0	1
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	State, CHM 131**				
Course Offering Availability:	Fall				
	This course is a laboratory to accompany CHM 131. Emphasis is placed on laboratory experiences that enhance materials presented in CHM 131. Upon completion, students should be able to utilize basic laboratory procedures and apply them to chemical principles presented in CHM 131. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This course is also available through the Virtual Learning Community (VLC).</i>				

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CHM 132**	Organic and Biochemistry	3	3	0	4
Prerequisites: State, Take one set: Set 1: CHM 131 and CHM 131A Set 2: CHM 151					
Corequisites: None					
Course Offering Availability: Spring					
This course provides a survey of major functional classes of compounds in organic and biochemistry. Topics include structure, properties, and reactions of the major organic and biological molecules and basic principles of metabolism. Upon completion, students should be able to demonstrate an understanding of fundamental chemical concepts needed to pursue studies in related professional fields. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This course is also available through the Virtual Learning Community (VLC).</i>					
CHM 151*	General Chemistry I	3	3	0	4
Prerequisites: Local, DRE 098					
Corequisites: Local, Take One: MAT 171* or MAT 271*					
Course Offering Availability: Fall, Spring					
This course covers fundamental principles and laws of chemistry. Topics include measurement, atomic and molecular structure, periodicity, chemical reactions, chemical bonding, stoichiometry, thermochemistry, gas laws, and solutions. Upon completion, students should be able to demonstrate an understanding of fundamental chemical laws and concepts as needed in CHM 152. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
CHM 152*	General Chemistry II	3	3	0	4
Prerequisites: State, CHM 151*					
Corequisites: None					
Course Offering Availability: Spring, Summer					
This course provides a continuation of the study of the fundamental principles and laws of chemistry. Topics include kinetics, equilibrium, ionic and redox equations, acid-base theory, electrochemistry, thermodynamics, introduction to nuclear and organic chemistry, and complex ions. Upon completion, students should be able to demonstrate an understanding of chemical concepts as needed to pursue further study in chemistry and related professional fields. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
CHM 251***	Organic Chemistry I	3	3	0	4
Prerequisites: State, CHM 152*					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides a systematic study of the theories, principles, and techniques of organic chemistry. Topics include nomenclature, structure, properties, reactions, and mechanisms of hydrocarbons, alkyl halides, alcohols, and ethers; further topics include isomerization, stereochemistry, and spectroscopy. Upon completion, students should be able to demonstrate an understanding of the fundamental concepts of covered organic topics as needed in CHM 252. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CHM 252***	Organic Chemistry II	3	3	0	4
Prerequisites: State, CHM 251***					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides continuation of the systematic study of the theories, principles, and techniques of organic chemistry. Topics include nomenclature, structure, properties, reactions, and mechanisms of aromatics, aldehydes, ketones, carboxylic acids and derivatives, amines and heterocyclics; multi-step synthesis will be emphasized. Upon completion, students should be able to demonstrate an understanding of organic concepts as needed to pursue further study in chemistry and related professional fields. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
CIS 110**	Introduction to Computers	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces computer concepts, including fundamental functions and operations of the computer. Topics include identification of hardware components, basic computer operations, security issues, and use of software applications. Upon completion, students should be able to demonstrate an understanding of the role and function of computers and use the computer to solve problems. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics (Quantitative). This course is also available through the Virtual Learning Community (VLC).</i>					
CIS 111	Basic PC Literacy	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides an overview of computer concepts. Emphasis is placed on the use of personal computers and software applications for personal and fundamental workplace use. Upon completion, students should be able to demonstrate basic personal computer skills. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
CIS 115**	Intro. to Prog. & Logic	2	3	0	3
Prerequisites: State, Take One Set: Set 1: DMA 010, DMA 020, DMA 030, and DMA 040 Set 2: MAT 121 Set 3: MAT 171*					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces computer programming and problem solving in a structured program logic environment. Topics include language syntax, data types, program organization, problem solving methods, algorithm design, and logic control structures. Upon completion, students should be able to manage files with operating system commands, use top-down algorithm design, and implement algorithmic solutions in a programming language. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics (Quantitative). This course is also available through the Virtual Learning Community (VLC).</i>					
CIS 162	MM Presentation Software	2	2	0	3
Prerequisites: Local, Take One: CIS 110** or CIS 111					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to integrate visual and audio resources using presentation software in a simple interactive multimedia project. Emphasis is placed upon design and audience considerations, general prototyping, and handling of media resources. Upon completion, students should be able to demonstrate an original interactive multimedia presentation implementing all of these resources in a professional manner.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CJC 100	Basic Law Enforcement Training	9	30	0	19
Prerequisites: Local, Sponsorship from a Public Law Enforcement Agency					
Corequisites: None					
Course Offering Availability: Fall, Spring,					
This course covers the basic skills and knowledge needed for entry-level employment as a law enforcement officer in North Carolina. Topics are divided into general units of study: legal, patrol duties, law enforcement communications, investigations, practical application and sheriff-specific. Upon successful completion, the student will be able to demonstrate competence in the topics and areas required for the state comprehensive certification examination. <i>This is a certificate-level course.</i>					
CJC 111***	Introduction to Criminal Justice	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the components and processes of the criminal justice system. Topics include history, structure, functions, and philosophy of the criminal justice system and their relationship to life in our society. Upon completion, students should be able to define and describe the major system components and their interrelationships and evaluate career options. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
CJC 112	Criminology	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces deviant behavior as it relates to criminal activity. Topics include theories of crime causation; statistical analysis of criminal behavior; past, present, and future social control initiatives; and other related topics. Upon completion, students should be able to explain and discuss various theories of crime causation and societal response. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
CJC 113	Juvenile Justice	3	0	0	3
Prerequisites: None

Course Offering Availability: Fall, Spring					
This course provides instruction and experience in preparation and delivery of speeches within a public setting and group discussion. Emphasis is placed on research, preparation, delivery, and evaluation of informative, persuasive, and special occasion public speaking. Upon completion, students should be able to prepare and deliver well-organized speeches and participate in group discussion with appropriate audiovisual support. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in English Composition. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
COS 111	Cosmetology Concepts I	4	0	0	4
Prerequisites: None					
Corequisites: State, COS 112					
Course Offering Availability: Fall, Spring					
This course introduces basic cosmetology concepts. Topics include safety, first aid, sanitation, bacteriology, anatomy, diseases and disorders, hygiene, product knowledge, chemistry, ethics, manicures, and other related topics. Upon completion, students should be able to safely and competently apply cosmetology concepts in the salon setting.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
COS 112	Salon I	0	24	0	8
Prerequisites: None					
Corequisites: State, COS 111					
Course Offering Availability: Fall, Spring					
This course introduces basic salon services. Topics include scalp treatments, shampooing, rinsing, hair color, design, haircutting, permanent waving, pressing, relaxing, wigs, and other related topics. Upon completion, students should be able to safely and competently demonstrate salon services.					
COS 113	Cosmetology Concepts II	4	0	0	4
Prerequisites: State, Take All: COS 111 and COS 112					
Corequisites: None					
Course Offering Availability: Spring					
This course covers more comprehensive cosmetology concepts. Topics include safety, product knowledge, chemistry, manicuring, chemical restructuring, and hair coloring. Upon completion, students should be able to safely and competently apply these cosmetology concepts in the salon setting.					
COS 114	Salon II	0	24	0	8
Prerequisites: State, Take All: COS 111 and COS 112					
Corequisites: None					
Course Offering Availability: Spring					
This course provides experience in a simulated salon setting. Topics include basic skin care, manicuring, nail application, scalp treatments, shampooing, rinsing, hair color, design, haircutting, chemical restructuring, pressing, wigs, and other related topics. Upon completion, students should be able to safely and competently demonstrate these salon services.					
COS 115	Cosmetology Concepts III	4	0	0	4
Prerequisites: State, Take All: COS 111 and COS 112					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course covers more comprehensive cosmetology concepts. Topics include safety, product knowledge, salon management, salesmanship, skin care, electricity/light therapy, wigs, thermal hair styling, lash and brow tinting, superfluous hair removal, and other related topics. Upon completion, students should be able to safely and competently apply these cosmetology concepts in the salon setting.					
COS 116	Salon III	0	12	0	4
Prerequisites: State, Take All: COS 111 and COS 112					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides comprehensive experience in a simulated salon setting. Emphasis is placed on intermediate-level of skin care, manicuring, scalp treatments, shampooing, hair color, design, haircutting, chemical restructuring, pressing, and other related topics. Upon completion, students should be able to safely and competently demonstrate these salon services.					
COS 117	Cosmetology Concepts IV	2	0	0	2
Prerequisites: State, Take All: COS 111 and COS 112					
Corequisites: None					
Course Offering Availability: Fall					
This course covers advanced cosmetology concepts. Topics include chemistry and hair structure, advanced cutting and design, and an overview of all cosmetology concepts in preparation for the licensing examination. Upon completion, students should be able to demonstrate an understanding of these cosmetology concepts and meet program completion requirements.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
COS 118	Salon IV	0	21	0	7
Prerequisites:	State, Take All: COS 111 and COS 112				
Corequisites:	None				
Course Offering Availability:	Fall				
This course provides advanced experience in a simulated salon setting. Emphasis is placed on efficient and competent delivery of all salon services in preparation for the licensing examination and employment. Upon completion, students should be able to demonstrate competence in program requirements and the areas covered on the Cosmetology Licensing Examination and meet entry-level employment requirements.					
COS 223	Contemp Hair Coloring	1	3	0	2
Prerequisites:	State, Take All: COS 111 and COS 112				
Corequisites:	None				
Course Offering Availability:	Fall				
This course covers basic color concepts, hair coloring problems, and application techniques. Topics include color theory, terminology, contemporary techniques, product knowledge, and other related topics. Upon completion, students should be able to identify a clients color needs and safely and competently perform color applications and correct problems.					
COS 271	Instructor Concepts I	5	0	0	5
Prerequisites:	Local, DRE 098 and a Cosmetology License with six months experience as a licensed cosmetologist				
Corequisites:	State, COS 272				
Course Offering Availability:	Fall				
This course introduces the basic cosmetology instructional concepts. Topics include orientation, theories of education, unit planning, daily lesson planning, laboratory management, student assessment, record keeping, and other related topics. Upon completion, students should be able to identify theories of education, develop lesson plans, demonstrate supervisory techniques, and assess student performance in a classroom setting.					
COS 272	Instructor Practicum I	0	21	0	7
Prerequisites:	Local, DRE 098 and a Cosmetology License with six months experience as a licensed cosmetologist				
Corequisites:	State, COS 271				
Course Offering Availability:	Fall				
This course covers supervisory and instructional skills for teaching entry-level cosmetology students in a laboratory setting. Topics include demonstrations of services, supervision, and entry-level student assessment. Upon completion, students should be able to demonstrate salon services and instruct and objectively assess the entry-level student.					
COS 273	Instructor Concepts II	5	0	0	5
Prerequisites:	State, Take All: COS 271 and COS 272				
Corequisites:	State, COS 274				
Course Offering Availability:	Spring				
This course covers advanced cosmetology instructional concepts. Topics include practical demonstrations, lesson planning, lecture techniques, development and administration of assessment tools, record keeping, and other related topics. Upon completion, students should be able to develop lesson plans, demonstrate supervision techniques, assess student performance in a classroom setting, and keep accurate records.					
COS 274	Instructor Practicum II	0	21	0	7
Prerequisites:	State, Take All: COS 271 and COS 272				
Corequisites:	State, COS 273				
Course Offering Availability:	Spring				
This course is designed to develop supervisory and instructional skills for teaching advanced cosmetology students in a laboratory setting. Topics include practical demonstrations, supervision, and advanced student assessment. Upon completion, students should be able to demonstrate competence in the areas covered by the Instructor Licensing Examination and meet program completion requirements.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CSC 133	C Programming	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces computer programming using the C programming language with structured programming principles. Topics include input/output operations, iteration, arithmetic operations, arrays, pointers, filters, and other related topics. Upon completion, students should be able to design, code, test and debug at a beginning level.					
CSC 134***	C++ Programming	2	3	0	3
Prerequisites: Local, CIS 115**					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces computer programming using the C++ programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test, and debug at a beginning level. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
CSC 139***	Visual BASIC Programming	2	3	0	3
Prerequisites: Local, CIS 115**					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces computer programming using the Visual BASIC programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion, students should be able to design, code, test and debug at a beginning level. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
CSC 151***	JAVA Programming	2	3	0	3
Prerequisites: Local, CIS 115**					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces computer programming using the JAVA programming language with object-oriented programming principles. Emphasis is placed on event-driven programming methods, including creating and manipulating objects, classes, and using object-oriented tools such as the class debugger. Upon completion students should be able to design, code, test, debug JAVA language programs. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).</i>					
CTI 110	Web, Pgm, & Db Foundation	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the introduction of the tools and resources available to students in programming, mark-up language and services on the Internet. Topics include standard mark-up language Internet services, creating web pages, using search engines, file transfer programs; and database design and creation with DBMS products. Upon completion students should be able to demonstrate knowledge of programming tools, deploy a web-site with mark-up tools, and create a simple database table.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CTI 120	Network & Sec Foundation	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces students to the Network concepts, including networking terminology and protocols, local and wide area networks, and network standards. Emphasis is placed on securing information systems and the various implementation policies. Upon completion, students should be able to perform basic tasks related to networking mathematics, terminology, media and protocols.					
CTI 141	Cloud & Storage Concepts	1	4	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces cloud computing and storage concepts. Emphasis is placed on cloud terminology, virtualization, storage networking and access control. Upon completion, students should be able to perform tasks related to installation, configuration and management of cloud storage systems.					
CTI 150	Mobile Computing Devices	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces mobile computing devices, including topics related to their selection, usage, deployment, and support in enterprise environments. Emphasis is placed on the evaluation, usage, deployment, security, and support of mobile devices, applications (apps), and peripherals. Upon completion, students should be able to select, deploy, and support mobile devices in an enterprise environment.					
CTI 289	CTI Capstone Project	1	6	0	3
Prerequisites: State, Take All: CTI 110, CTI 120 and CTS 115					
Corequisites: None					
Course Offering Availability: Spring					
This course provides students an opportunity to complete a significant integrated technology project from the design phase through implementation with minimal instructor support. Emphasis is placed on technology policy, process planning, procedure definition, systems architecture, and security issues to create projects for the many areas in which computer technology is integrated. Upon completion, students should be able to create, implement, and support a comprehensive technology integration project from the planning and design phase through implementation.					
CTS 115***	Info Sys Business Concepts	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
The course introduces the role of IT in managing business processes and the need for business process and IT alignment. Emphasis is placed on industry need for understanding business challenges and developing/managing information systems to contribute to the decision making process based on these challenges. Upon completion, students should be able to demonstrate knowledge of the 'hybrid business manager' and the potential offered by new technology and systems. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CTS 120	Hardware/Software Support	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the basic hardware of a personal computer, including installation, operations and interactions with software. Topics include component identification, memory-system, peripheral installation and configuration, preventive maintenance, hardware diagnostics/repair, installation and optimization of system software, commercial programs, system configuration, and device-drivers. Upon completion, students should be able to select appropriate computer equipment and software, upgrade/maintain existing equipment and software, and troubleshoot/repair non-functioning personal computers.					
CTS 130	Spreadsheet	2	2	0	3
Prerequisites: Local, Take One: CIS 110**, CIS 111, or OST 137					
Local, Take All: DMA 010, DMA 020, and DMA 030					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces basic spreadsheet design and development. Topics include writing formulas, using functions, enhancing spreadsheets, creating charts, and printing. Upon completion, students should be able to design and print basic spreadsheets and charts. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
CTS 220	Adv Hard/Software Support	2	3	0	3
Prerequisites: State, Take CTS 120					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides advanced knowledge and competencies in hardware and operating system technologies for computer technicians to support personal computers. Emphasis is placed on: configuring and upgrading; diagnosis and troubleshooting; as well as preventive maintenance of hardware and system software. Upon completion, students should be able to install, configure, diagnose, perform preventive maintenance, and maintain basic networking on personal computers.					
CTS 230	Advanced Spreadsheet	2	2	0	3
Prerequisites: State, CTS 130					
Corequisites: None					
Course Offering Availability: Fall					
This course covers advanced spreadsheet design and development. Topics include advanced functions and statistics, charting, macros, databases, and linking. Upon completion, students should be able to demonstrate competence in designing complex spreadsheets. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
CUL 110	Sanitation & Safety	2	0	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the basic principles of sanitation and safety relative to the hospitality industry. Topics include personal hygiene, sanitation and safety regulations, use and care of equipment, the principles of food-borne illness, and other related topics. Upon completion, students should be able to demonstrate an understanding of the content necessary for successful completion of a nationally recognized food/safety/sanitation exam.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CUL 112	Nutrition for Foodservice	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the principles of nutrition and its relationship to the foodservice industry. Topics include personal nutrition fundamentals, weight management, exercise, nutritional adaptation/analysis of recipes/menus, healthy cooking techniques and marketing nutrition in a foodservice operation. Upon completion, students should be able to apply basic nutritional concepts to food preparation and selection.					
CUL 120	Purchasing	2	0	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers purchasing for foodservice operations. Emphasis is placed on yield tests, procurement, negotiating, inventory control, product specification, purchasing ethics, vendor relationships, food product specifications and software applications. Upon completion, students should be able to apply effective purchasing techniques based on the end-use of the product.					
CUL 135	Food & Beverage Service	2	0	0	2
Prerequisites: None					
Corequisites: Local, CUL 135A					
Course Offering Availability: Spring					
This course is designed to cover the practical skills and knowledge necessary for effective food and beverage service in a variety of settings. Topics include greeting/service of guests, dining room set-up, profitability, menu sales, and merchandising, service styles and reservations. Upon completion, students should be able to demonstrate competence in human relations and the skills required in the service of foods and beverages.					
CUL 135A	Food & Beverage Service Lab	0	2	0	1
Prerequisites: None					
Corequisites: State, CUL 135					
Course Offering Availability: Spring					
This course provides a laboratory experience for enhancing student skills in effective food and beverage service. Emphasis is placed on practical experiences including greeting/service of guests, dining room set-up, profitability, menu sales and merchandising, service styles and reservations. Upon completion, students should be able to demonstrate practical applications of human relations and the skills required in the service of foods and beverages.					
CUL 140	Culinary Skills I	2	6	0	5
Prerequisites: None					
Corequisites: State, CUL 110					
Course Offering Availability: Fall					
This course introduces the fundamental concepts, skills, and techniques in basic cookery, and moist, dry and combination heat. Emphasis is placed on recipe conversion, measurements, terminology, classical knife cuts, safe food/equipment handling, flavorings/seasonings, stocks/sauces/soups, and related topics. Upon completion, students should be able to exhibit the basic cooking skills used in the food service industry.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
CUL 160	Baking I	1	4	0	3
Prerequisites: None

This course is designed to further students' knowledge in ingredients, weights and measures, baking terminology and formula calculation. Topics include classical desserts, frozen desserts, cake and torte production, decorating and icings/glazes, dessert plating and presentation. Upon completion, students should be able to demonstrate pastry preparation, plating, dessert buffet production skills.					
CUL 270	Garde Manger II	1	4	0	3
Prerequisites:	State, Take All: CUL 110, CUL 140, and CUL 170				
Corequisites:	Local, CUL 270A				
Course Offering Availability:	Spring				
This course is designed to further students' knowledge in basic cold food preparation techniques and pantry production. Topics include patés, terrines, galantines, decorative garnishing skills, carving, characuterie, smoking, canapés, hors d'oeuvres, and related food items. Upon completion, students should be able to design, set up, and evaluate a catering/event display to include a cold buffet with appropriate showpieces.					
CUL 270A	Garde Manger II Lab	0	3	0	1
Prerequisites:	State, Take All: CUL 110, CUL 140, and CUL 170				
Corequisites:	State, CUL 270				
Course Offering Availability:	Spring				
This course provides a laboratory experience for enhancing students skills in basic food preparation techniques and pantry production. Emphasis is placed on practical experiences with patés, terrines, galantines, decorative garnishing skills, carving, characuterie, smoking, canapés, hors d'oeuvres, and related food items. Upon completion, students should be able to demonstrate proficiency in the design/technical applications of advanced garde manger work including classical cold buffets incorporating appropriate showpieces.					
CUL 280	Pastry & Confections	1	4	0	3
Prerequisites:	State, Take All: CUL 110, CUL 140, and CUL 160				
Corequisites:	None				
Course Offering Availability:	Fall				
This course includes confections and candy, chocolate techniques, transfer sheets, pulled and blown sugar, pastillage, marzipan, and custom silicon molding. Emphasis is placed on showpieces, pre-set molding, stencil cutouts, pattern tracing and/or free-hand shaping. Upon completion, students should be able to design and produce centerpieces and showpieces.					
DBA 110	Database Concepts	2	3	0	3
Prerequisites:	Local, CTI 110 or OST 138				
Corequisites:	None				
Course Offering Availability:	Spring				
This course introduces database design and creation using a DBMS product. Emphasis is placed on data dictionaries, normalization, data integrity, data modeling, and creation of simple tables, queries, reports, and forms. Upon completion, students should be able to design and implement normalized database structures by creating simple database tables, queries, reports, and forms. <i>This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
DBA 115	Database Applications	2	2	0	3
Prerequisites: State, DBA 110					
Corequisites: None					
Course Offering Availability: Fall					
This course applies concepts learned in DBA 110 to a specific DBMS. Topics include manipulating multiple tables, advanced queries, screens and reports, linking, and command files. Upon completion, students should be able to create multiple table systems that demonstrate updates, screens, and reports representative of industry requirements. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
DBA 260	Oracle DBMS Admin	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course examines advanced Oracle database administration issues and distributed database concepts. Topics include backup and recovery, transporting of data between databases, database networking concepts, and resolution of database networking issues. Upon completion, students should be able to manage backup recovery and implement networked database solutions.					
DDF 211	Design Process I	1	6	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course emphasizes design processes for finished products. Topics include data collection from manuals and handbooks, efficient use of materials, design sketching, specifications, and vendor selection. Upon completion, students should be able to research and plan the design process for a finished product.					
DFT 154	Intro Solid Modeling	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course is an introduction to basic three-dimensional solid modeling and design software. Topics include basic design, creation, editing, rendering and analysis of solid models, and creation of multiview drawings. Upon completion, students should be able to use design techniques to create, edit, render and generate a multiview drawing.					
DMA 010	Operations With Integers	0.75	0.50	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course provides a conceptual study of integers and integer operations. Topics include integers, absolute value, exponents, square roots, perimeter and area of basic geometric figures, Pythagorean theorem, and use of the correct order of operations. Upon completion, students should be able to demonstrate an understanding of pertinent concepts and principles and apply this knowledge in the evaluation of expressions.					
DMA 020	Fractions and Decimals	0.75	0.50	0	1
Prerequisites: State, DMA 010					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course provides a conceptual study of the relationship between fractions and decimals and covers related problems. Topics include application of operations and solving contextual application problems, including determining the circumference and area of circles with the concept of pi. Upon completion, students should be able to demonstrate an understanding of the connections between fractions and decimals.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
DMA 030	Propor/Ratio/Rate/Percent	0.75	0.50	0	1
Prerequisites:	State, Take All: DMA 010 and DMA 020				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer				
This course provides a conceptual study of the problems that are represented by rates, ratios, percent, and proportions. Topics include rates, ratios, percent, proportion, conversion of English and metric units, and applications of the geometry of similar triangles. Upon completion, students should be able to use their understanding to solve conceptual application problems.					
DMA 040	Express/Lin Equat/Inequal	0.75	0.50	0	1
Prerequisites:	State, Take All: DMA 010, DMA 020 and DMA 030				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer				
This course provides a conceptual study of problems involving linear expressions, equations, and inequalities. Emphasis is placed on solving contextual application problems. Upon completion, students should be able to distinguish between simplifying expressions and solving equations and apply this knowledge to problems involving linear expressions, equations, and inequalities.					
DMA 050	Graphs/Equations of Lines	0.75	0.50	0	1
Prerequisites:	State, Take All: DMA 010, DMA 020, DMA 030 and DMA 040				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer				
This course provides a conceptual study of problems involving graphic and algebraic representations of lines. Topics include slope, equations of lines, interpretation of basic graphs, and linear modeling. Upon completion, students should be able to solve contextual application problems and represent real-world situations as linear equations in two variables.					
DMA 060	Polynomial/Quadratic Appl	0.75	0.50	0	1
Prerequisites:	State, Take All: DMA 010, DMA 020, DMA 030, DMA 040 and DMA 050				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer				
This course provides a study of problems involving algebraic representations of quadratic equations. Topics include basic polynomial operations, factoring polynomials, and solving polynomial equations by means of factoring. Upon completion, students should be able to find algebraic solutions to contextual problems with quadratic applications.					
DMA 070	Rational Express/Equation	0.75	0.50	0	1
Prerequisites:	State, Take All: DMA 010, DMA 020, DMA 030, DMA 040 and DMA 060				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer				
This course provides a study of problems involving algebraic representations of rational equations. Topics include simplifying and performing operations with rational expressions and equations, understanding the domain, and determining the reasonableness of an answer. Upon completion, students should be able to find algebraic solutions to contextual problems with rational applications.					
DMA 080	Radical Express/Equations	0.75	0.50	0	1
Prerequisites:	State, Take All: DMA 010, DMA 020, DMA 030, DMA 040 and DMA 050, DMA 060, and DMA 070				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer				
This course provides a study of problems involving algebraic representation of the manipulation of radical expressions and the application of radical equations. Topics include simplifying and performing operations with radical expressions and rational exponents, solving radical equations, and determining the reasonableness of a solution. Upon completion, students should be able to find algebraic solutions to contextual problems with radical applications.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
DRA 111**	Theatre Appreciation	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides a study of the art, craft, and business of the theatre. Emphasis is placed on the audience's appreciation of the work of the playwright, director, actor, designer, producer, and critic. Upon completion, students should be able to demonstrate a vocabulary of theatre terms and to recognize the contributions of various theatre artists. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					
DRA 112**	Literature of the Theatre	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall					
This course provides a survey of dramatic works from the classical Greek through the present. Emphasis is placed on the language of drama, critical theory, and background as well as on play reading and analysis. Upon completion, students should be able to articulate, orally and in writing, their appreciation and understanding of dramatic works. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					
DRA 122**	Oral Interpretation	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces the dramatic study of literature through performance. Emphasis is placed on analysis and performance of poetry, drama, and prose fiction. Upon completion, students should be able to embody and discuss critically the speakers inherent in literature. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					
DRA 130***	Acting I	0	6	0	3
Prerequisites: Local, DRA 122**					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides an applied study of the actor's craft. Topics include role analysis, training the voice, and body concentration, discipline, and self-evaluation. Upon completion, students should be able to explore their creativity in an acting ensemble. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
DRA 131***	Acting II	0	6	0	3
Prerequisites: State, DRA 130***					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides additional hands-on practice in the actor's craft. Emphasis is placed on further analysis, characterization, growth, and training for acting competence. Upon completion, students should be able to explore their creativity in an acting ensemble. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
DRA 145***	Stage Make-Up	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the research, design, selection of materials, and application of stage make-up, prosthetics, wigs, and hairpieces. Emphasis is placed on the development of techniques, style, and presentation of the finished make-up. Upon completion, students should be able to create and apply make-up, prosthetics, and hairpieces. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
DRA 170***	Play Production I	0	9	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides an applied laboratory study of the processes involved in the production of a play. Topics include fundamental practices, principles, and techniques associated with producing plays of various periods and styles. Upon completion, students should be able to participate in an assigned position with a college theatre production. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
DRA 171***	Play Production II	0	9	0	3
Prerequisites: State, DRA 170***					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides an applied laboratory study of the processes involved in the production of a play. Topics include fundamental practices, principles, and techniques associated with producing plays of various periods and styles. Upon completion, students should be able to participate in an assigned position with a college theatre production. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
DRA 230***	Acting III	0	6	0	3
Prerequisites: State, DRA 131***					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is designed to include an exploration of acting styles. Emphasis is placed on putting the actor's skills to work in a major theatrical form-musical, comedy, or drama. Upon completion, students should be able to explore their creativity in an acting ensemble. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
DRE 096	Integrated Reading and Writing	2.5	1	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course is designed to develop proficiency in specific integrated and contextualized reading and writing skills and strategies. Topics include reading and writing processes, critical thinking strategies, and recognition and composition of well-developed, coherent, and unified texts; these topics are primarily taught at the introductory level using texts primarily in a Lexile® range of 960 to 1115. Upon completion, students should be able to apply those skills toward understanding a variety of academic and career-related texts and composing effective paragraphs. <i>This course is designed for delivery in 8 weeks, with 7 contact hours per week.</i>					
DRE 097	Integrated Reading Writing II	2.5	1	0	3
Prerequisites: State, DRE 096					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course is designed to develop proficiency in integrated and contextualized reading and writing skills and strategies. Topics include reading and writing processes, critical thinking strategies, and recognition and composition of well-developed, coherent, and unified texts; except where noted, these topics are taught at a reinforcement level using texts primarily in a Lexile® range of 1070 to 1220. Upon completion, students should be able to demonstrate and apply those skills toward understanding a variety of complex academic and career texts and composing essays incorporating relevant, valid evidence. <i>This course is designed for delivery in 8 weeks, with 7 contact hours per week.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
DRE 098	Integrated Reading Writing III	2.5	1	0	3
Prerequisites:	State, DRE 097				
Corequisites:	None				

Course Offering Availability: Fall, Spring, Summer

This course is designed to develop proficiency in integrated and contextualized reading and writing skills and strategies. Topics include reading and writing processes, critical thinking strategies, and recognition and composition of well-developed, coherent, and unified texts; these topics are taught using texts primarily in the Lexile® range of 1185 to 1385. Upon completion, students should be able to apply those skills toward understanding a variety of texts at the career and college ready level and toward composing a documented essay. *This course is designed for delivery in 8 weeks, with 7 contact hours per week.*

ECO 151**	Survey of Economics	3	0	0	3
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, and DRE 098				
Corequisites:	None				

Course Offering Availability: Fall, Spring

This course, for those who have not received credit for ECO 251 or 252, introduces basic concepts of micro- and macroeconomics. Topics include supply and demand, optimizing economic behavior, prices and wages, money, interest rates, banking system, unemployment, inflation, taxes, government spending, and international trade. Upon completion, students should be able to explain alternative solutions for economic problems faced by private and government sectors. *This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This course is also available through the Virtual Learning Community (VLC).*

ECO 251*	Principles of Microeconomics	3	0	0	3
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, and DRE 098				
Corequisites:	None				

Course Offering Availability: Fall, Spring

This course introduces economic analysis of individual, business, and industry in the market economy. Topics include the price mechanism, supply and demand, optimizing economic behavior, costs and revenue, market structures, factor markets, income distribution, market failure, and government intervention. Upon completion, students should be able to identify and evaluate consumer and business alternatives in order to efficiently achieve economic objectives. *This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).*

ECO 252*	Principles of Macroeconomics	3	0	0	3
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, and DRE 098				
Corequisites:	None				

Course Offering Availability: Fall, Spring

This course introduces economic analysis of aggregate employment, income, and prices. Topics include major schools of economic thought; aggregate supply and demand; economic measures, fluctuations, and growth; money and banking; stabilization techniques; and international trade. Upon completion, students should be able to evaluate national economic components, conditions, and alternatives for achieving socioeconomic goals. *This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).*

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
EDU 119	Intro to Early Child Educ	4	0	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
<p>This course introduces the foundations of early childhood education, the diverse educational settings for young children, professionalism and planning intentional developmentally appropriate experiences for each child. Topics include theoretical foundations, national early learning standards, NC Foundations for Early Learning and Development, state regulations, program types, career options, professionalism, ethical conduct, quality inclusive environments, and curriculum responsive to the needs of each child/family. Upon completion, students should be able to design a career/professional development plan, appropriate environments, schedules, and activity plans. <i>This course is also available through the Virtual Learning Community (VLC). This course is part of the NCCDA credential. Note: Students must earn a grade of "C" or better in this course to qualify for the North Carolina Early Childhood Credential (NCECC) or the School-Age Child Care Credential (NCSACCC).</i></p>					
EDU 131	Child, Family, & Community	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 097					
Course Offering Availability: Spring, Summer					
<p>This course covers the development of partnerships between culturally, linguistically and ability diverse families, children, schools and communities through the use of evidence-based strategies. Emphasis is placed on developing skills and identifying benefits for establishing, supporting, and maintaining respectful, collaborative relationships between diverse families, programs/schools, and community agencies/resources reflective of the NAEYC Code of Ethical Conduct. Upon completion, students should be able to identify appropriate relationship building strategies between diverse families, children, schools, and communities and demonstrate a variety of communication skills including appropriate use of technology to support every child. <i>This course is part of the NCCDA credential. This course is also available through the Virtual Learning Community (VLC).</i></p>					
EDU 144	Child Development I	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 097					
<p>This course includes the theories of child development, observation and assessment, milestones, and factors that influence development, from conception through approximately 36 months. Emphasis is placed on knowledge, observation and assessment of developmental sequences in approaches to play/learning, emotional/social, health/physical, language/communication and cognitive domains. Upon completion, students should be able to compare/contrast typical/atypical developmental characteristics, explain biological and environmental factors that impact development, and identify evidence-based strategies for enhancing development for children that are culturally, linguistically, and ability diverse. <i>This course is part of the NCCDA Infant credential. This course is also available through the Virtual Learning Community (VLC).</i></p>					
EDU 145	Child Development II	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 097					
Course Offering Availability: Spring					
<p>This course includes the theories of child development, observation and assessment, milestones, and factors that influence development, from preschool through middle childhood. Emphasis is placed on knowledge, observation and assessment of developmental sequences in approaches to play/learning, emotional/social, health/physical, language/communication and cognitive domains. Upon completion, students should be able to compare/contrast typical/atypical developmental characteristics, explain biological and environmental factors that impact development, and identify evidence-based strategies for enhancing development for children that are culturally, linguistically, and ability diverse. <i>This course is also available through the Virtual Learning Community (VLC).</i></p>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
EDU 146	Child Guidance	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 097					
Course Offering Availability: Fall					
This course introduces evidence-based strategies to build nurturing relationships with each child by applying principles and practical techniques to facilitate developmentally appropriate guidance. Topics include designing responsive/supportive learning environments, cultural, linguistic and socio-economic influences on behavior, appropriate expectations, the importance of communication with children/families including using technology and the use of formative assessments in establishing intentional strategies for children with unique needs. Upon completion, students should be able to demonstrate direct/indirect strategies to encourage social skills, self-regulation, emotional expression and positive behaviors while recognizing the relationship between children's social, emotional and cognitive development. <i>This course is part of the NCCDA Preschool credential. This course is also available through the Virtual Learning Community (VLC).</i>					
EDU 151	Creative Activities	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 097					
Course Offering Availability: Spring					
This course introduces developmentally supportive creative learning environments with attention to divergent thinking, creative problem-solving, evidence-based teaching practices, and open-ended learning materials while applying NC Foundations for Early Learning and Development. Emphasis is placed on observation of process driven learning experiences in art, music, creative movement, dance, and dramatics for every young child age birth through eight, integrated through all domains and academic content. Upon completion, students should be able to examine, create, and adapt developmentally creative learning materials, experiences, and environments for children that are culturally, linguistically, and ability diverse. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
EDU 152	Music, Movement, & Language	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 097					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces a historical perspective of music and movement while integrating whole language learning concepts with emphasis on differentiated instruction. Topics include music, movement, and whole language concepts, learning approaches for culturally, linguistically, and ability diverse children, and use of assistive technology. Upon completion, students should be able to integrate music, movement and language across the curriculum for each child.					
EDU 153	Health, Safety & Nutrition	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 097					
Course Offering Availability: Fall					
This course covers promoting and maintaining the health and well-being of every child. Topics include health and nutritional guidelines, common childhood illnesses, maintaining safe and healthy learning environments, health benefits of active play, recognition and reporting of abuse/neglect, and state regulations. Upon completion, students should be able to apply knowledge of NC Foundations for Early Learning and Development for health, safety, nutritional needs and safe learning environments. <i>This course is part of the NCCDA credential. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
EDU 154	Social/Emotion/Behav Dev	3	0	0	3
Prerequisites:	State, Take All: EDU 144 and EDU 145				
Corequisites:	State, DRE 097				
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers the emotional/social development of children and the causes, expressions, prevention and management of challenging behaviors in all children. Emphasis is placed on caregiver/family/child relationships, positive emotional/social environments, developmental concerns, risk factors, and intervention strategies. Upon completion, students should be able to identify factors influencing emotional/social development, utilizing screening measures, and designing positive behavioral supports.					
EDU 162	Observ & Assess in ECE	3	0	0	3
Prerequisites:	None				
Corequisites:	State, DRE 097				
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the research, benefits, goals, and ethical considerations associated with observation and formative assessment in early childhood education. Emphasis is placed on the implementation of multiple observation/assessment strategies including anecdotal records, event samples, rating scales, and portfolios to create appropriate learning experiences. Upon completion, students should be able to practice responsible assessment and effectively use tools to assess the child, teacher practices and indoor and outdoor environments to enhance programming; and explain the importance of assessment partnerships with families and other professionals.					
EDU 163	Classroom Mgmt & Instruction	3	0	0	3
Prerequisites:	None				
Corequisites:	State, DRE 097				
Course Offering Availability: Fall					
This course examines classroom management and evidence-based instructional strategies that create supportive learning environments to provide developmentally appropriate guidance for school-age populations. Topics include classroom management and organization, teaching strategies, individual student differences and learning styles, ongoing systematic observation, and developmentally appropriate classroom guidance techniques. Upon completion, students should be able to utilize developmentally appropriate behavior management and high quality instructional strategies that enhance the teaching/learning process and promote students' academic success.					
EDU 216	Foundations of Education	4	0	0	4
Prerequisites:	None				
Corequisites:	State, DRE 098				
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the American educational system and the teaching profession. Topics include the historical and philosophical influences on education, various perspectives on educational issues, and experiences in K-12 classrooms. Upon completion, students should be able to reflect on classroom observations, analyze the different educational approaches, including classical/traditional and progressive, and have knowledge of the various roles of educational systems at the federal, state and local level. <i>This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
EDU 220	Prog Poli in Early Interv	3	0	0	3
Prerequisites:	State, Take One: EDU 144 or EDU 234				
Corequisites:	State, DRE 098				
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers program policies, issues, legislation, and service delivery models included in early intervention. Emphasis is placed on trends and policies in early intervention relating to programs for infants and young children with disabilities, family roles, and research outcomes. Upon completion, students should be able to identify roles and responsibilities, describe the referral and placement options and explain the different service delivery models.					
EDU 221	Children with Exceptionalities	3	0	0	3
Prerequisites:	State, Take All: EDU 144 and EDU 145				
Corequisites:	State, DRE 098				
Course Offering Availability: Fall					
This course covers atypical patterns of child development, inclusive/diverse settings, evidenced-based educational/family plans, differentiated instruction, adaptive materials, and assistive technology. Emphasis is placed on the characteristics of exceptionalities and delays, early intervention/special education, transitions, observation, developmental screening, formative assessment of children, and collaborating with families and community partners. Upon completion, students should be able to recognize diverse abilities, describe the referral process, identify community resources, explain the importance of collaboration with families/professionals, and develop appropriate strategies/adaptations to support children in all environments with best practices as defined by laws, policies and the NC Foundations for Early Learning and Development.					
EDU 223	Specific Learning Disab	3	0	0	3
Prerequisites:	State, Take All: EDU 144 and EDU 145				
Corequisites:	State, DRE 098				
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides a comprehensive study of characteristics, alternative assessments, teaching strategies, placement options, inclusion, and family intervention for children with specific learning disabilities. Topics include causes, assessment instruments, learning strategies, and collaborative/inclusion methods for children with specific learning disabilities. Upon completion, students should be able to assist in identifying, assessing, and providing educational interventions for children with specific learning disabilities and their families. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
EDU 234	Infants, Toddlers, & Twos	3	0	0	3
Prerequisites:	State, EDU 119				
Corequisites:	State, DRE 098				
Course Offering Availability: Spring					
This course covers the development of high-quality, individualized, responsive/engaging relationships and experiences for infants, toddlers, and twos. Emphasis is placed on typical and atypical child development, positive early learning experiences, supporting and engaging diverse families, providing safe, warm and nurturing interactions, and the application of the NC Foundations for Early Learning and Development. Upon completion, students should be able to demonstrate responsive planning, respectful relationships and exposure to a variety of developmentally appropriate experiences/materials that support a foundation for healthy development and growth of culturally, linguistically and ability diverse children birth to 36 months. <i>This course is part of the NCCDA Infant credential.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
EDU 243	Learning Theory	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 098					
Course Offering Availability: Fall					
This course provides lateral entry teachers an introduction to learning theory, various styles of learning, and motivational factors involved in the learning process. Emphasis is placed on the development of cognitive skills using the eight types of intelligence and applying these to practical classroom situations. Upon completion, students should be able to describe theories and styles of learning and discuss the relationship between different types of intelligence to learning motivation.					
EDU 244	Human Growth/Development	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 098					
Course Offering Availability: Spring					
This course introduces lateral entry teachers to theories and ages and stages related to human growth and development from birth through adolescence. Emphasis is placed on development through the stages of a child's life in the areas of physical, emotional, social, intellectual, and moral development. Upon completion, students should be able to identify and describe milestones of each stage in all areas of development and discuss factors that influence growth.					
EDU 245	Policies and Procedures	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 098					
Course Offering Availability: Spring					
This course is designed to introduce new lateral entry teachers to the policies and procedures established by the local education agency. Topics include emergency situation procedures, acceptable discipline, chain of command, role of mentors, evaluation procedures, employment requirements, dress codes, and other policies and procedures. Upon completion, students should be able to explain the policies and procedures to students, parents, or others and discuss the purpose of each policy category.					
EDU 247	Sensory & Physical Disab	3	0	0	3
Prerequisites: State, Take All: EDU 144 and EDU 145					
Corequisites: State, DRE 098					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers characteristics, intervention strategies, assistive technologies, and inclusive practices for children with sensory and physical disabilities. Topics include inclusive placement options, utilization of support services, other health impairments and family involvement for children with sensory and physical disabilities. Upon completion, students should be able to identify and utilize intervention strategies and service delivery options for those specific disabilities. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
EDU 248	Developmental Delays	3	0	0	3
Prerequisites: State, Take All: EDU 144 and EDU 145					
Corequisites: State, DRE 098					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers the causes and assessment of developmental delays and individualized instruction and curriculum for children with developmental delays. Emphasis is placed on definition, characteristics, assessment, educational strategies, inclusion, family involvement, and services for children with developmental delays. Upon completion, students should be able to identify, assess, and plan educational intervention strategies for children with developmental delays and their families. <i>This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
EDU 251	Exploration Activities	3	0	0	3
Prerequisites: None					
Corequisites: State, DRE 098					
Course Offering Availability: Spring					
This course covers fundamental concepts in the content areas of science, technology, engineering, math and social studies through investigative experiences. Emphasis is placed on exploring fundamental concepts, developmentally appropriate scope and sequence, and teaching strategies to engage each child in the discovery approach. Upon completion, students should be able to understand major concepts in each content area and implement appropriate experiences for young children.					
EDU 259	Curriculum Planning	3	0	0	3
Prerequisites: State, EDU 119					
Corequisites: State, DRE 098					
Course Offering Availability: Fall					
This course is designed to focus on using content knowledge to build developmentally effective approaches for culturally/linguistically/ability diverse young children. Topics include components of curriculum, a variety of curriculum models, authentic observation and assessment, and planning developmentally appropriate experiences aligned with the NC Foundations for Early Learning and Development. Upon completion, students should be able to understand, evaluate, and use curriculum to plan for individual/group needs.					
EDU 261	Early Childhood Admin I	3	0	0	3
Prerequisites: None					
Corequisites: State, Take All: DRE 098 and EDU 119					
Course Offering Availability: Fall					
This course introduces principles and practices essential to preparing and supporting child care administrators. Topics include program philosophy, policies and procedures, NC Child Care Law and Rules, business planning, personnel and fiscal management, and NAEYC Code of Ethical Conduct Supplement for Early Childhood Program Administration. Upon completion, students should be able to articulate a developmentally appropriate program philosophy, locate current state licensing regulations, analyze a business plan and examine comprehensive program policies and procedures. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
EDU 262	Early Childhood Admin II	3	0	0	3
Prerequisites: State, EDU 261					
Corequisites: State, Take All: DRE 098 and EDU 119					
Course Offering Availability: Spring					
This course focuses on advocacy/leadership, public relations/community outreach and program quality/evaluation for diverse early childhood programs. Topics include program evaluation/accreditation, involvement in early childhood professional organizations, leadership/mentoring, family, volunteer and community involvement and early childhood advocacy. Upon completion, students should be able to define and evaluate all components of early childhood programs, develop strategies for advocacy and integrate community into programs. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
EDU 271	Educational Technology	2	2	0	3
Prerequisites: None					
Corequisites: State, DRE 098					
Course Offering Availability: Fall					
This course introduces the ethical use of technology to enhance teaching and learning in all educational settings. Emphasis is placed on technology concepts, ethical issues, digital citizenship, instructional strategies, assistive technology, and the use of technology for professional development and communication. Upon completion, students should be able to discuss technology concepts, ethically use a variety of technology resources, demonstrate appropriate technology skills in educational environments, and identify assistive technology. <i>This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
EDU 280	Language & Literacy Experiences	3	0	0	3
Prerequisites:	None				
Corequisites:	State, DRE 098				
Course Offering Availability: Spring					
This course provides evidence-based strategies for enhancing language and literacy experiences that align with NC Foundations for Early Learning and Development. Topics include developmental sequences for children's emergent receptive and expressive language, print concepts, appropriate observations/assessments, literacy enriched environments, quality selection of diverse literature, interactive media, and inclusive practices. Upon completion, students should be able to select, plan, implement and evaluate developmentally appropriate language and literacy experiences for children who are culturally, linguistically and ability diverse. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
EDU 284	Early Child Capstone Prac	1	9	0	4
Prerequisites:	State, Take All: EDU 119, EDU 144, EDU 145, EDU 146, and EDU 151				
Corequisites:	State, DRE 098				
Course Offering Availability: Fall, Spring					
This course is designed to allow students to demonstrate acquired skills in a three star (minimum) or NAEYC accredited or equivalent, quality early childhood environment. Emphasis is placed on designing, implementing and evaluating developmentally appropriate activities and environments for all children; supporting/engaging families; and modeling reflective and professional practices based on national and state guidelines. Upon completion, students should be able to apply NC Foundations for Early Learning and Development to demonstrate developmentally appropriate plans/assessments, appropriate guidance techniques and ethical/professional behaviors, including the use of appropriate technology, as indicated by assignments and onsite faculty assessments.					
EDU 287	Leadership/Early Child Ed	3	0	0	3
Prerequisites:	State, Take All: EDU 119, EDU 131, EDU 144, and EDU 145				
Corequisites:	State, DRE 098				
Course Offering Availability: Spring					
This course is designed to facilitate and guide the development of early childhood professionals preparing for leadership roles in improving community early childhood services. Topics include principles of social change, characteristics of effective leaders, techniques of action research, childcare funding mechanisms, quality initiatives, and key issues in early care. Upon completion, students should be able to identify key issues; develop strategic plans; establish relationships with community leaders; and identify opportunities and barriers for advocacy.					
ELC 112	DC/AC Electricity	3	6	0	5
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability: Fall					
This course introduces the fundamental concepts of and computations related to DC/AC electricity. Emphasis is placed on DC/AC circuits, components, operation of test equipment; and other related topics. Upon completion, students should be able to construct, verify, and analyze simple DC/AC circuits.					
ELC 113	Residential Wiring	2	6	0	4
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability: Fall					
This course introduces the care/usage of tools and materials used in residential electrical installations and the requirements of the National Electrical Code. Topics include NEC, electrical safety, and electrical print reading; planning, layout; and installation of electrical distribution equipment; lighting; overcurrent protection; conductors; branch circuits; and conduits. Upon completion, students should be able to properly install conduits, wiring, and electrical distribution equipment associated with residential electrical installations.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ELC 114	Commercial Wiring	2	6	0	4
Prerequisites: Local, ELC 113					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides instruction in the application of electrical tools, materials, and test equipment associated with commercial electrical installations. Topics include the NEC; safety; electrical blueprints; planning, layout, and installation of equipment and conduits; and wiring devices such as panels and overcurrent devices. Upon completion, students should be able to properly install equipment and conduits associated with commercial electrical installations.					
ELC 115	Industrial Wiring	2	6	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers layout, planning, and installation of wiring systems in industrial facilities. Emphasis is placed on industrial wiring methods and materials. Upon completion, students should be able to install industrial systems and equipment.					
ELC 117	Motors and Controls	2	6	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the fundamental concepts of motors and motor controls. Topics include ladder diagrams, pilot devices, contactors, motor starters, motors, and other control devices. Upon completion, students should be able to properly select, connect, and troubleshoot motors and control circuits.					
ELC 118	National Electrical Code	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the use of the current National Electrical Code. Topics include the NEC history, wiring methods, overcurrent protection, materials, and other related topics. Upon completion, students should be able to effectively use the NEC.					
ELC 125	Diagrams and Schematics	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the interpretation of electrical diagrams, schematics, and drawings common to electrical applications. Emphasis is placed on reading and interpreting electrical diagrams and schematics. Upon completion, students should be able to read and interpret electrical diagrams and schematics.					
ELC 128	Intro to PLC	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Summer					
This course introduces the programmable logic controller (PLC) and its associated applications. Topics include ladder logic diagrams, input/output modules, power supplies, surge protection, selection/installation of controllers, and interfacing of controllers with equipment. Upon completion, students should be able to understand basic PLC systems and create simple programs.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ELC 130	Advanced Motors/Controls	2	2	0	3
Prerequisites:	State, Take One: ELC 111, ELC 112, ELC 131, or ELC 138				
Corequisites:	None				
Course Offering Availability:	Spring				
This course covers motors concepts, construction and characteristics and provides a foundation in motor controls. Topics include motor control ladder logic, starters, timers, overload protection, braking, reduced voltage starting, SCR control, AC/DC drives, system and component level troubleshooting. Upon completion, students should be able to specify, connect, control, troubleshoot, and maintain motors and motor control systems.					
ELC 131	Circuit Analysis I	3	3	0	4
Prerequisites:	Local, Take All: DMA 010, DMA 020 and DMA 030				
Corequisites:	None				
Course Offering Availability:	Fall and Spring				
This course introduces DC and AC electricity with an emphasis on circuit analysis, measurements, and operation of test equipment. Topics include DC and AC principles, circuit analysis laws and theorems, components, test equipment operation, circuit simulation, and other related topics. Upon completion, students should be able to interpret circuit schematics; design, construct, verify, and analyze DC/AC circuits; and properly use test equipment.					
ELC 133	Circuit Analysis II	3	3	0	4
Prerequisites:	Local, ELC 131				
Corequisites:	None				
Course Offering Availability:	Spring				
This course covers additional concepts of DC/AC electricity, the use of test equipment, and measurement techniques. Topics include the application of network theorems such as delta/wye transformations, Superposition Theorem, and other advanced circuit analysis principles. Upon completion, students should be able to construct and analyze DC/AC circuits used advanced circuit analysis theorems, circuit simulators, and test equipment.					
ELC 213	Instrumentation	3	2	0	4
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Spring				
This course covers the fundamentals of instrumentation used in industry. Emphasis is placed on electric, electronic, and other instruments. Upon completion, students should be able to install, maintain, and calibrate instrumentation.					
ELC 215	Electrical Maintenance	2	3	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Spring				
This course introduces the theory of maintenance and the skills necessary to maintain electrical equipment found in industrial and commercial facilities. Topics include maintenance theory, predictive and preventive maintenance, electrical equipment operation and maintenance, and maintenance documentation. Upon completion, students should be able to perform maintenance on electrical equipment in industrial and commercial facilities.					
ELC 220	Photovoltaic Sys Tech	2	3	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Spring				
This course introduces the concepts, tools, techniques, and materials needed to understand systems that convert solar energy into electricity with photovoltaic (pv) technologies. Topics include site analysis for system integration, building codes, and advances in photovoltaic technology. Upon completion, students should be able to demonstrate an understanding of the principles of photovoltaic technology and current applications.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ELN 131	Analog Electronics I	3	3	0	4
Prerequisites:	Local, ELC 131				
Corequisites:	None				
Course Offering Availability:	Spring				
This course introduces the characteristics and applications of semiconductor devices and circuits. Emphasis is placed on analysis, selection, biasing, and applications. Upon completion, students should be able to construct, analyze, verify, and troubleshoot analog circuits using appropriate techniques and test equipment.					
ELN 132	Analog Electronics II	3	3	0	4
Prerequisites:	Local, ELN 131				
Corequisites:	None				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course covers additional applications of analog electronic circuits with an emphasis on analog and mixed signal integrated circuits (IC). Topics include amplification, filtering, oscillation, voltage regulation, and other analog circuits. Upon completion, students should be able to construct, analyze, verify, and troubleshoot analog electronic circuits using appropriate techniques and test equipment.					
ELN 133	Digital Electronics	3	3	0	4
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Fall				
This course covers combinational and sequential logic circuits. Topics include number systems, Boolean algebra, logic families, medium scale integration (MSI) and large scale integration (LSI) circuits, analog to digital (AD) and digital to analog (DA) conversion, and other related topics. Upon completion, students should be able to construct, analyze, verify, and troubleshoot digital circuits using appropriate techniques and test equipment.					
ELN 150	CAD for Electronics	1	3	0	2
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Spring				
This course introduces computer-aided drafting (CAD) with an emphasis on applications in the electronics field. Topics include electronics industry standards (symbols, schematic diagrams, layouts); drawing electronic circuit diagrams; and specialized electronic drafting practices and components such as resistors, capacitors, and ICs. Upon completion, students should be able to prepare electronic drawings with CAD software.					
ELN 229	Industrial Electronics	3	3	0	4
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Spring				
This course covers semiconductor devices used in industrial applications. Topics include the basic theory, application, and operating characteristics of semiconductor devices. Upon completion, students should be able to construct and/or troubleshoot these devices for proper operation in an industrial electronic circuit.					
ELN 232	Introduction to Microprocessors	3	3	0	4
Prerequisites:	Local, ELN 133				
Corequisites:	None				
Course Offering Availability:	Fall				
This course introduces microprocessor architecture and microcomputer systems including memory and input/output interfacing. Topics include low-level language programming, bus architecture, I/O systems, memory systems, interrupts, and other related topics. Upon completion, students should be able to interpret, analyze, verify, and troubleshoot fundamental microprocessor circuits and programs using appropriate techniques and test equipment.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ELN 233	Microprocessor Systems	3	3	0	4
Prerequisites: Local, ELN 232, CSC 133					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the application and design of microprocessor control systems. Topics include control and interfacing of systems using AD/DA, serial/parallel I/O, communication protocols, and other related applications. Upon completion, students should be able to design, construct, program, verify, analyze, and troubleshoot fundamental microprocessor interface and control circuits using related equipment.					
ELN 235	Data Communication Sys	3	3	0	4
Prerequisites: Local, ELN 133					
Corequisites: None					
Course Offering Availability: Fall					
This course covers data communication systems and the transmission of digital information from source to destination. Topics include data transmission systems, interfaces and modems, protocols, networks, and other related topics. Upon completion, students should be able to demonstrate knowledge of the concepts associated with data communication systems.					
ELN 247	Electronic App Project	1	3	0	2
Prerequisites: None					
Corequisites: Local, ELN 233					
Course Offering Availability: Spring					
This course provides a structured approach to an application-oriented electronics project. Emphasis is placed on selecting, planning, implementing, testing, and presenting an application-oriented project. Upon completion, students should be able to present and demonstrate an electronics application-oriented project.					
ELN 260	Prog Logic Controllers	3	3	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course provides a detailed study of PLC applications, with a focus on design of industrial controls using the PLC. Topics include PLC components, memory organization, math instructions, documentation, input/output devices, and applying PLCs in industrial control systems. Upon completion, students should be able to select and program a PLC system to perform a wide variety of industrial control functions.					
ELN 275	Troubleshooting	1	3	0	2
Prerequisites: Local, ELN 131, ELN 133					
Corequisites: None					
Course Offering Availability: Fall					
This course covers techniques of analyzing and repairing failures in electronic equipment. Topics include safety, signal tracing, use of service manuals, and specific troubleshooting methods for analog, digital, and other electronics-based circuits and systems. Upon completion, students should be able to logically diagnose and isolate faults and perform necessary repairs to meet manufacturers' specifications.					
ENG 102	Applied Communications II	3	0	0	3
Prerequisites: Local, DRE 097					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course is designed to enhance writing and speaking skills for the workplace. Emphasis is placed on generating short writings such as job application documents, memoranda, and reports and developing interpersonal communication skills with employees and the public. Upon completion, students should be able to prepare effective, short, and job-related written and oral communications. <i>This is a diploma level course.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ENG 110	Freshman Composition	3	0	0	3
Prerequisites: State, DRE 097					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course is designed to develop informative and business writing skills. Emphasis is placed on logical organization of writing, including effective introductions and conclusions, precise use of grammar, and appropriate selection and use of sources. Upon completion, students should be able to produce clear, concise, well-organized short papers.					
ENG 111*	Writing and Inquiry	3	0	0	3
Prerequisites: State, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course is designed to develop the ability to produce clear writing in a variety of genres and formats using a recursive process. Emphasis includes inquiry, analysis, effective use of rhetorical strategies, thesis development, audience awareness, and revision. Upon completion, students should be able to produce unified, coherent, well-developed essays using standard written English. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in English Composition. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
ENG 111A	Writing and Inquiry Lab	0	2	0	1
Prerequisites: State, DRE 098					
Corequisites: State, ENG 111					
Course Offering Availability: Course offered at the discretion of the Dean					
This writing laboratory is designed to apply the skills introduced in ENG 111. Emphasis is placed on the editing and revision components of the writing process. Upon completion, students should be able to apply those skills in the production of final drafts in ENG 111.					
ENG 112*	Writing & Research in the Disciplines	3	0	0	3
Prerequisites: State, ENG 111*					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course, the second in a series of two, introduces research techniques, documentation styles, and writing strategies. Emphasis is placed on analyzing information and ideas and incorporating research findings into documented writing and research projects. Upon completion, students should be able to evaluate and synthesize information from primary and secondary sources using documentation appropriate to various disciplines. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in English Composition. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
ENG 116	Technical Report Writing	3	0	0	3
Prerequisites: State, Take One: ENG 110 or ENG 111*					
Corequisites: None					
Course Offering Availability: Spring					
This course, the second in a series of two, introduces layout and design of technical reports used in business and industry. Emphasis is placed on audience analysis, data collection and analysis, technical writing style and organization, oral presentation of technical data, and the appropriate use of graphics in written and oral presentations. Upon completion, students should be able to produce written and oral reports using a variety of technical communication models.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ENG 125***	Creative Writing I	3	0	0	3
Prerequisites: State, ENG 111*					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to provide students with the opportunity to practice the art of creative writing. Emphasis is placed on writing fiction, poetry, and sketches. Upon completion, students should be able to craft and critique their own writing and critique the writing of others. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
ENG 231*	American Literature I	3	0	0	3
Prerequisites: State, Take One: ENG 112* or ENG 114**					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course covers selected works in American literature from its beginnings to 1865. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to analyze and interpret literary works in their historical and cultural contexts. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
ENG 232*	American Literature II	3	0	0	3
Prerequisites: State, Take One: ENG 112* or ENG 114**					
Corequisites: None					
Course Offering Availability: Spring, Summer					
This course covers selected works in American literature from 1865 to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to analyze and interpret literary works in their historical and cultural contexts. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
ENG 241*	British Literature I	3	0	0	3
Prerequisites: State, Take One: ENG 112* or ENG 114**					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course covers selected works in British literature from its beginnings to the Romantic Period. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
ENG 242*	British Literature II	3	0	0	3
Prerequisites: State, Take One: ENG 112* or ENG 114**					
Corequisites: None					
Course Offering Availability: Spring, Summer					
This course covers selected works in British literature from the Romantic Period to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to literary works in their historical and cultural contexts. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ENG 261**	World Literature I	3	0	0	3
Prerequisites:	State, Take One: ENG 112* or ENG 114**				
Corequisites:	None				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course introduces selected works from the Pacific, Asia, Africa, Europe, and the Americas from their literary beginnings through the seventeenth century. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This course is also available through the Virtual Learning Community (VLC).</i>					
ENG 262**	World Literature II	3	0	0	3
Prerequisites:	State, Take One: ENG 112* or ENG 114**				
Corequisites:	None				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course introduces selected works from the Pacific, Asia, Africa, Europe, and the Americas from the eighteenth century to the present. Emphasis is placed on historical background, cultural context, and literary analysis of selected prose, poetry, and drama. Upon completion, students should be able to interpret, analyze, and respond to selected works. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This course is also available through the Virtual Learning Community (VLC).</i>					
ETR 210	Intro to Entrepreneurship	3	0	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Fall				
This course provides a survey of the starting and operating of an entrepreneurial venture. Topics include new venture creation, the business plan, economics of the business, determining resource needs and acquiring resources, marketing, technology, leadership skills, and business ethics. Upon completion, students should be able to demonstrate an understanding of entrepreneurship concepts and how to use the entrepreneurial mindset to succeed in their careers.					
ETR 220	Innovation and Creativity	3	0	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Fall				
This course provides a study of developing and enhancing individual and organizational creativity and innovation. Topics include that innovation needs to be applied to products, services, and processes to increase competitive advantages and add value to businesses. Upon completion, students should be able to apply innovation and creativity principles in the work place.					
ETR 230	Entrepreneur Marketing	3	0	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Fall				
This course covers the techniques to correctly research and define the target market to increase sales for start up businesses or to expand current businesses. Topics include how to target market and meet customers' needs with a limited budget in the early stages of the life of a start up business. Upon completion, students should be able to demonstrate an understanding of how to correctly target market for a start-up business with limited resources.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
ETR 240	Funding for Entrepreneurs	3	0	0	3
Prerequisites: State, ACC 120***					
Corequisites: None					
Course Offering Availability: Spring					
This course provides a focus on the financial issues and needs confronting entrepreneurs attempting to grow their businesses by attracting startup and growth capital. Topics include sources of funding including angel investors, venture capital, IPO's, private placement, banks, suppliers, buyers, partners, and the government. Upon completion, students should be able to demonstrate an understanding of how to effectively finance a business venture.					
ETR 270	Entrepreneurship Issues	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces current and emerging entrepreneurship issues and opportunities. Topics include franchising, import/export, small business taxes, legal structures, negotiations, contract management, and time management. Upon completion, students should be able to apply a variety of analytical and decision-making requirements to start a new business.					
GEL 111*	Geology	3	2	0	4
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces basic landforms and geological processes. Topics include rocks, minerals, volcanoes, fluvial processes, geological history, plate tectonics, glaciers, and coastal dynamics. Upon completion, students should be able to describe basic geological processes that shape the earth. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course.</i>					
GRO 120	Gerontology	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers the psychological, social, and physical aspects of aging. Emphasis is placed on the factors that promote mental and physical well-being. Upon completion, students should be able to recognize the aging process and its psychological, social, and physical aspects.					
GRO 220	Psy/Soc Aspects of Aging	3	0	0	3
Prerequisites: State, PSY 150*					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the individual and social aspects of the aging process. Topics include psychological and social factors of aging; roles of older adults within families, work, and community; and adjustments to aging and retirement.					
GRO 230	Health, Wellness, & Nutrition	3	2	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers basic concepts of health, wellness, and nutrition related to aging. Emphasis is placed on nutrition and diet, physical activity and exercise, and maintenance of well-being. Upon completion, students should be able to identify health, wellness, and nutrition concepts related to aging.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
GRO 240	Gerontology Care Managing	3	0	0	3

Prerequisites: State, GRO 120
Corequisites: None

Course Offering Availability: Fall

This course covers community resources; discusses care management, including assessment, care-planning, evaluation, issues of family, high-risk and self-care. Topics include funding, eligibility for community and health resources, care management protocols, care plan development, identification of major resources and barriers to self-care. Upon completion, students will be able to develop a care plan for older adults at various levels of needs, including community and health resources.

HEA 110***	Personal Health/Wellness	3	0	0	3
-------------------	---------------------------------	----------	----------	----------	----------

Prerequisites: Local, DRE 098
Corequisites: None

Course Offering Availability: Fall, Spring

This course provides an introduction to basic personal health and wellness. Emphasis is placed on current health issues such as nutrition, mental health, and fitness. Upon completion, students should be able to demonstrate an understanding of the factors necessary to the maintenance of health and wellness. *This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement. This course is also available through the Virtual Learning Community (VLC).*

HEA 112***	First Aid & CPR	1	2	0	2
-------------------	----------------------------	----------	----------	----------	----------

Prerequisites: Local, DRE 098
Corequisites: None

Course Offering Availability: Course offered at the discretion of the Dean

This course introduces the basics of emergency first aid treatment. Topics include rescue breathing, CPR, first aid for choking and bleeding, and other first aid procedures. Upon completion, students should be able to demonstrate skills in providing emergency care for the sick and injured until medical help can be obtained. *This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.*

HIS 111*	World Civilizations I	3	0	0	3
-----------------	------------------------------	----------	----------	----------	----------

Prerequisites: Local, DRE 098
Corequisites: None

Course Offering Availability: Fall, Spring, Summer-at the discretion of the Dean

Corequisites: None					
Course Offering Availability: Spring					
This course introduces basic principles and practices of masonry. Topics include standard tools, materials, and practices used in basic masonry and other related topics. Upon completion, students should be able to demonstrate an understanding of masonry and be able to use basic masonry techniques.					
MAT 110	Math Measurement & Literacy	2	2	0	3
Prerequisites: State, Take All: DMA 010, DMA 020, and DMA 030					
Corequisites: None					
Course Offering Availability: Fall, Spring and at the discretion of the Dean					
This course provides an activity-based approach that develops measurement skills and mathematical literacy using technology to solve problems for non-math intensive programs. Topics include unit conversions and estimation within a variety of measurement systems; ratio and proportion; basic geometric concepts; financial literacy; and statistics including measures of central tendency, dispersion, and charting of data. Upon completion, students should be able to demonstrate the use of mathematics and technology to solve practical problems, and to analyze and communicate results.					
MAT 121	Algebra/Trigonometry I	2	2	0	3
Prerequisites: State, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050 and DMA 060					
Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall and at the discretion of the Dean					
This course provides an integrated approach to technology and the skills required to manipulate, display, and interpret mathematical functions and formulas used in problem solving. Topics include the properties of plane and solid geometry, area and volume, and basic proportion applications; simplification, evaluation, and solving of algebraic equations and inequalities and radical functions; complex numbers; right triangle trigonometry; and systems of equations. Upon completion, students will be able to demonstrate the ability to use mathematics and technology for problem-solving, analyzing and communicating results.					
MAT 122	Algebra/Trigonometry II	2	2	0	3
Prerequisites: State, MAT 121					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to cover concepts in algebra, function analysis, and trigonometry. Topics include exponential and logarithmic functions, transformations of functions, Law of Sines, Law of Cosines, vectors, and statistics. Upon completion, students should be able to demonstrate the ability to use mathematics and technology for problem-solving, analyzing and communicating results.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MAT 143*	Quantitative Literacy	2	2	0	3
Prerequisites:	State, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer-at the discretion of the Dean				
This course is designed to engage students in complex and realistic situations involving the mathematical phenomena of quantity, change and relationship, and uncertainty through project- and activity-based assessment. Emphasis is placed on authentic contexts which will introduce the concepts of numeracy, proportional reasoning, dimensional analysis, rates of growth, personal finance, consumer statistics, practical probabilities, and mathematics for citizenship. Upon completion, students should be able to utilize quantitative information as consumers and to make personal, professional, and civic decisions by decoding, interpreting, using, and communicating quantitative information found in modern media and encountered in everyday life. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics (Quantitative). This is a Universal General Education Transfer Component (UGETC) course.</i>					
MAT 152*	Statistical Methods I	3	2	0	4
Prerequisites:	State, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	None				
Course Offering Availability:	Fall, Spring, Summer-at the discretion of the Dean				
This course provides a project-based approach to introductory statistics with an emphasis on using real-world data and statistical literacy. Topics include descriptive statistics, correlation and regression, basic probability, discrete and continuous probability distributions, confidence intervals and hypothesis testing. Upon completion, students should be able to use appropriate technology to describe important characteristics of a data set, draw inferences about a population from sample data, and interpret and communicate results. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics (Quantitative). This is a Universal General Education Transfer Component (UGETC) course.</i>					
MAT 171*	Precalculus Algebra	3	2	0	4
Prerequisites:	State, Take One Set: Set 1: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, DMA 060, DMA 070, and DMA 080 Set 2: MAT 121 Local, DRE 098				
Corequisites:	None				
Course Offering Availability:	Fall, Spring				
This course is designed to develop topics which are fundamental to the study of Calculus. Emphasis is placed on solving equations and inequalities, solving systems of equations and inequalities, and analysis of functions (absolute value, radical, polynomial, rational, exponential, and logarithmic) in multiple representations. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to algebra-related problems with and without technology. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics. This is a Universal General Education Transfer Component (UGETC) course.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MAT 172*	Precalculus Trigonometry	3	2	0	4
Prerequisites:	State, MAT 171* Local, DRE 098				
Corequisites:	None				
Course Offering Availability:	Spring, Summer				
<p>This course is designed to develop an understanding of topics which are fundamental to the study of Calculus. Emphasis is placed on the analysis of trigonometric functions in multiple representations, right and oblique triangles, vectors, polar coordinates, conic sections, and parametric equations. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to trigonometry-related problems with and without technology. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics. This is a Universal General Education Transfer Component (UGETC) course.</i></p>					
MAT 263*	Brief Calculus	3	2	0	4
Prerequisites:	State, MAT 171* Local, DRE 098				
Corequisites:	None				
Course Offering Availability:	Course offered at the discretion of the Dean				
<p>This course is designed to introduce concepts of differentiation and integration and their applications to solving problems. Topics include graphing, differentiation, and integration with emphasis on applications drawn from business, economics, and biological and behavioral sciences. Upon completion, students should be able to demonstrate an understanding of the use of basic calculus and technology to solve problems and to analyze and communicate results. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics. This is a Universal General Education Transfer Component (UGETC) course.</i></p>					
MAT 271*	Calculus I	3	2	0	4
Prerequisites:	State, MAT 172** Local, DRE 098				
Corequisites:	None				
Course Offering Availability:	Fall				
<p>This course is designed to develop the topics of differential and integral calculus. Emphasis is placed on limits, continuity, derivatives and integrals of algebraic and transcendental functions of one variable. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to derivative-related problems with and without technology. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i></p>					
MAT 272*	Calculus II	3	2	0	4
Prerequisites:	State, MAT 271*				
Corequisites:	None				
Course Offering Availability:	Spring				
<p>This course is designed to develop advanced topics of differential and integral calculus. Emphasis is placed on the applications of definite integrals, techniques of integration, indeterminate forms, improper integrals, infinite series, conic sections, parametric equations, polar coordinates, and differential equations. Upon completion, students should be able to select and use appropriate models and techniques for finding solutions to integral-related problems with and without technology. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i></p>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MAT 273**	Calculus III	3	2	0	4
Prerequisites:	State, MAT 272*				
Corequisites:	None				
Course Offering Availability:	Summer				
<p>This course is designed to develop the topics of multivariate calculus. Emphasis is placed on multivariate functions, partial derivatives, multiple integration, solid analytical geometry, vector valued functions, and line and surface integrals. Upon completion, students should be able to select and use appropriate models and techniques for finding the solution to multivariate-related problems with and without technology. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Mathematics. This course is also available through the Virtual Learning Community (VLC).</i></p>					
MEC 130	Mechanisms	2	2	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Fall				
<p>This course introduces the purpose and action of various mechanical devices. Topics include cams, cables, gear trains, differentials, screws, belts, pulleys, shafts, levers, lubricants, and other devices. Upon completion, students should be able to analyze, maintain, and troubleshoot the components of mechanical systems.</p>					
MEC 161	Manufacturing Processes I	3	0	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Fall				
<p>This course provides the fundamental principles of value-added processing of materials into usable forms for the customer. Topics include material properties and traditional and non-traditional manufacturing processes. Upon completion, students should be able to specify appropriate manufacturing processing for common engineering materials.</p>					
MEC 161A	Manufacturing Proc I Lab	0	3	0	1
Prerequisites:	None				
Corequisites:	State, Take MEC-161				
Course Offering Availability:	Fall				
<p>This course is a laboratory for MEC 161. Emphasis is placed on experiences that enhance the materials presented in MEC 161. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in MEC 161.</p>					
MEC 260	Fundamentals of Machine Design	2	3	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Spring				
<p>This course introduces the fundamental principles of machine design. Topics include simple analysis of forces, moments, stresses, strains, friction, kinematics, and other considerations for designing machine elements. Upon completion, students should be able to analyze machine components and make component selections from manufacturers' catalogs.</p>					
MED 110	Orientation to Medical Assisting	1	0	0	1
Prerequisites:	Local, Enrollment in the Medical Assisting Program				
Corequisites:	Local, Take All: MED 130 and MED 140				
Course Offering Availability:	Fall				
<p>This course covers the history of medicine and the role of the medical assistant in the health care setting. Emphasis is placed on professionalism, communication, attitude, behaviors, and duties in the medical environment. Upon completion, students should be able to project a positive attitude and promote the profession of medical assisting.</p>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MED 118	Medical Law and Ethics	2	0	0	2
Prerequisites:	Local, Take All: MED 110, MED 130, and MED 140				
Corequisites:	Local, Take All: MED 131 and MED 150				
Course Offering Availability: Spring					
This course covers legal relationships of physicians and patients, contractual agreements, professional liability, malpractice, medical practice acts, informed consent, and bioethical issues. Emphasis is placed on legal terms, professional attitudes, and the principles and basic concepts of ethics and laws involved in providing medical services. Upon completion, students should be able to meet the legal and ethical responsibilities of a multi-skilled health professional. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
MED 121	Medical Terminology I	3	0	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability: Fall					
This course introduces prefixes, suffixes, and word roots used in the language of medicine. Topics include medical vocabulary and the terms that relate to the anatomy, physiology, pathological conditions, and treatment of selected systems. Upon completion, students should be able to pronounce, spell, and define medical terms as related to selected body systems and their pathological disorders. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
MED 122	Medical Terminology II	3	0	0	3
Prerequisites:	State, MED 121				
Corequisites:	None				
Course Offering Availability: Spring					
This course is the second in a series of medical terminology courses. Topics include medical vocabulary and the terms that relate to the anatomy, physiology, pathological conditions, and treatment of selected systems. Upon completion, students should be able to pronounce, spell, and define medical terms as related to selected body systems and their pathological disorders. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
MED 130	Administrative Office Procedures I	1	2	0	2
Prerequisites:	Local, Enrollment in the Medical Assisting Program				
Corequisites:	Local, Take All: MED 110 and MED 140				
Course Offering Availability: Fall					
This course introduces medical office administrative procedures. Topics include appointment processing, written and oral communications, medical records, patient orientation, and safety. Upon completion, students should be able to perform basic administrative skills within the medical environment.					
MED 131	Administrative Office Procedures II	1	2	0	2
Prerequisites:	Local, Take All: MED 110, MED 130 and MED 140				
Corequisites:	Local, Take All: MED 118 and MED 150				
Course Offering Availability: Spring					
This course provides medical office procedures in both economic and management skills. Topics include physical plant maintenance, equipment and supplies, liability coverage, medical economics, and introductory insurance procedures. Upon completion, students should be able to manage the economics of the medical office and supervise personnel.					
MED 140	Exam Room Procedures I	3	4	0	5
Prerequisites:	Local, Enrollment in the Medical Assisting Program				
Corequisites:	Local, Take All: MED 110 and MED 130				
Course Offering Availability: Fall					
This course provides instruction in clinical examining room procedures. Topics include asepsis, infection control, assisting with exams and treatment, patient education, preparation and administration of medications, EKG, vital signs, and medical emergencies. Upon completion, students should be able to demonstrate competence in exam room procedures.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MED 150	Laboratory Procedures I	3	4	0	5
Prerequisites:	Local, Take All: MED 110, MED 130, and MED 140				
Corequisites:	Local, Take All: MED 118 and MED 131				
Course Offering Availability: Spring					
This course provides instruction in basic lab techniques used by the medical assistant. Topics include lab safety, quality control, collecting and processing specimens, performing selective tests, phlebotomy, screening and follow-up of test results, and OSHA/CLIA regulations. Upon completion, students should be able to perform basic lab tests/skills based on course topics.					
MED 232	Medical Insurance Coding	1	3	0	2
Prerequisites:	Local, Diploma in Medical Assisting				
Corequisites:	Local, MED 272				
Course Offering Availability: Fall					
This course is designed to develop coding skills. Emphasis is placed on advanced diagnostic and procedural coding in the outpatient facility. Upon completion, students should be able to demonstrate proficiency in coding for reimbursement.					
MED 260	MED Clinical Practicum	0	0	15	5
Prerequisites:	Local, Take All: MED 118, MED 131, and MED 150				
Corequisites:	None				
Course Offering Availability: Summer					
This course provides the opportunity to apply clinical, laboratory, and administrative skills in a medical facility. Emphasis is placed on enhancing competence in clinical and administrative skills necessary for comprehensive patient care and strengthening professional communications and interactions. Upon completion, students should be able to function as an entry-level health care professional.					
MED 262	Clinical Perspectives	1	0	0	1
Prerequisites:	Local, MED 260				
Corequisites:	Local, Take All: MED 232 and MED 272				
Course Offering Availability: Fall					
This course is designed to explore personal and occupational responsibilities of the practicing medical assistant. Emphasis is placed on problems encountered during externships and development of problem-solving skills. Upon completion, students should be able to demonstrate courteous and diplomatic behavior when solving problems in the medical facility.					
MED 264	MED Assisting Overview	2	0	0	2
Prerequisites:	Local, Take All: MED 232, MED 262, and MED 272				
Corequisites:	Local, MED 270				
Course Offering Availability: Spring					
This course provides an overview of the complete medical assisting curriculum. Emphasis is placed on all facets of medical assisting pertinent to administrative, laboratory, and clinical procedures performed in the medical environment. Upon completion, students should be able to demonstrate competence in the areas covered on the national certification examination for medical assistants.					
MED 270	Symptomatology	2	2	0	3
Prerequisites:	Local, Take All: MED 232, MED 262, and MED 272				
Corequisites:	Local, MED 264				
Course Offering Availability: Spring					
This course covers the study of disease symptoms and the appropriate actions taken by medical assistants in a medical facility in relation to these symptoms. Emphasis is placed on interviewing skills and appropriate triage, preparing patients for procedures, and screening test results. Upon completion, students should be able to recognize how certain symptoms relate to specific diseases, recognize emergency situations, and take appropriate actions.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MED 272	Drug Therapy	3	0	0	3
Prerequisites: Local, Diploma in Medical Assisting					
Corequisites: Local, MED 232					
Course Offering Availability: Fall					
This course focuses on major drug groups, including their side effects, interactions, methods of administration, and proper documentation. Emphasis is placed on the theory of drug administration. Upon completion, students should be able to identify, spell, recognize side effects of, and document the most commonly used medications in a physician's office.					
MKT 120	Principles of Marketing	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces principles and problems of marketing goods and services. Topics include promotion, placement, and pricing strategies for products. Upon completion, students should be able to apply marketing principles in organizational decision making. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
MNT 110	Intro to Maint Procedures	1	3	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers basic maintenance fundamentals for power transmission equipment. Topics include equipment inspection, lubrication, alignment, and other scheduled maintenance procedures. Upon completion, students should be able to demonstrate knowledge of accepted maintenance procedures and practices according to current industry standards.					
MNT 165	Mechanical Industrial Systems	1	3	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers mechanical components used in industrial machine operation. Emphasis is placed on mechanical drives, belts, gears, couplings, electrical drives, and other related topics. Upon completion, students should be able to demonstrate an understanding of industrial machines and be able to maintain this equipment.					
MRI 213	MRI Patient Care & Safety	2	0	0	2
Prerequisites: None					
Corequisites: State, Take All: MRI 216 and MRI 250					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers magnetic field safety issues concerning patients and other healthcare personnel. Emphasis is placed on screening skills, biological magnetic field effects, and the management of an MR facility. Upon completion, the student should be able to demonstrate a safe MR environment for patients and all personnel.					
MRI 214	MRI Procedures I	2	0	0	2
Prerequisites: None					
Corequisites: State, Take All: MRI 217, MRI 241 and MRI 260					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces scan procedures for the central nervous and musculo-skeletal systems with MRI imaging. Emphasis is placed on patient set-up, scan parameters, methods of data acquisition, and contrast administration with each of these types of procedures. Upon completion, students should be able to demonstrate all aspects of MR imaging to successfully scan the central nervous and musculoskeletal systems.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MRI 215	MRI Procedures II	2	0	0	2
Prerequisites:	State, MRI 214				
Corequisites:	State, Take All: MRI 218, MRI 242 and MRI 270				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course provides advanced scan procedures for the neck, chest, abdomen, and pelvic systems with MR imaging. Emphasis is placed on patient set-up, scan parameters, methods of data acquisition, and contrast administration with each of these types of procedures. Upon completion, students should be able to demonstrate all aspects of MR imaging to successfully scan the chest, abdomen, and pelvic systems.					
MRI 216	MRI Instrumentation	2	0	0	2
Prerequisites:	None				
Corequisites:	State, Take All: MRI 213 and MRI 250				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course covers instrumentation utilized to produce the magnetic fields allowing MRI imaging to take place. Emphasis will be placed on equipment operations and use, inclusive of the static field, gradient fields, and the radiofrequency fields. Upon completion, the student should be able to demonstrate an understanding of the utilization of all MRI equipment in an MRI facility.					
MRI 217	MRI Physics I	2	0	0	2
Prerequisites:	State, MRI 216				
Corequisites:	State, Take All: MRI 214, MRI 241 and MRI 260				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course is designed to cover the basic physics fundamentals of magnetic resonance imaging. Emphasis is placed on the historical development, basic imaging principles, and use of basic scan parameters and pulse sequences. Upon completion, the student should be able to demonstrate an understanding of the basic fundamentals of magnetic resonance.					
MRI 218	MRI Physics II	2	0	0	2
Prerequisites:	State, MRI 217				
Corequisites:	State, Take All: MRI 215, MRI 242 and MRI 270				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course is designed to cover the advanced physics concepts of magnetic resonance imaging. Emphasis is placed on advanced imaging parameters and techniques, angiography methods, image artifacts, and quality control. Upon completion, the student should be able to demonstrate an understanding of the advanced physics concepts of magnetic resonance imaging.					
MRI 241	MRI Anatomy & Pathology I	2	0	0	2
Prerequisites:	None				
Corequisites:	State, Take All: MRI 214, MRI 217 and MRI 260				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course covers anatomical and pathological information about the components of the central nervous and musculoskeletal system. Emphasis is placed upon identification of anatomy and pathology on MRI images of the central nervous and musculoskeletal systems. Upon completion, the student should be able to identify anatomy and pathology of the central nervous and musculoskeletal systems.					
MRI 242	MRI Anatomy & Pathology II	2	0	0	2
Prerequisites:	State, MRI 241				
Corequisites:	State, Take All: MRI 215, MRI 218 and MRI 270				
Course Offering Availability:	Course offered at the discretion of the Dean				
This course covers anatomical and pathological information about the components of the neck, chest, abdomen, and pelvic systems. Emphasis is placed upon identification of anatomy and pathology on MRI images of the neck, chest, abdomen, and pelvic systems. Upon completion, the student should be able to identify anatomy and pathology of the neck, chest, abdomen, and pelvic systems.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MRI 250	MRI Clinical Education I	0	0	12	4
Prerequisites:	None				
Corequisites:	State, Take All: MRI 213 and MRI 216				
Course Offering Availability:	Course offered at the discretion of the Dean				
	This course provides experience in the MR clinical setting with attention to basic MR scan procedures. Emphasis is placed on patient care, screening, contrast administration, and manipulation of MR equipment. Upon completion, students should be able to demonstrate selected MR procedures/techniques in the areas of patient screening, contrast administration, and manipulation of MR equipment.				
MRI 260	MRI Clinical Education II	0	0	21	7
Prerequisites:	State, MRI 250				
Corequisites:	State, Take All: MRI 214, MRI 217 and MRI 241				
Course Offering Availability:	Course offered at the discretion of the Dean				
	This course provides advanced experience in the MR clinical setting with attention to central nervous and musculoskeletal system imaging. Emphasis is placed on demonstration of methods of data acquisition with respect to central nervous and musculoskeletal system imaging. Upon completion, students should be able to demonstrate selected MR procedures/techniques as they relate to the central nervous system and musculoskeletal imaging.				
MRI 270	MRI Clinical Education III	0	0	24	8
Prerequisites:	State, MRI 260				
Corequisites:	State, Take All: MRI 215, MRI 218, and MRI 242				
Course Offering Availability:	Course offered at the discretion of the Dean				
	This course provides additional advanced experience in the MR clinical setting with attention to neck, chest, abdomen, and pelvic system imaging. Emphasis is placed on demonstration of methods of data acquisition with respect to neck, chest, abdomen, and pelvic system imaging. Upon completion, students should be able to selected MR procedures/techniques that are used in neck, chest, abdomen, and pelvic system imaging.				
MRI 271	MRI Capstone	1	0	0	1
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Course offered at the discretion of the Dean				
	This course provides experience using problem solving skills required for certification. Emphasis is placed on critical thinking and integration of didactic and clinical components. Upon completion, students should be able to demonstrate knowledge required of any entry level MR technologist.				
MUS 110*	Music Appreciation	3	0	0	3
Prerequisites:	Local, DRE 098				
Corequisites:	None				
Course Offering Availability:	Fall, Spring				
	This course is a basic survey of the music of the Western world. Emphasis is placed on the elements of music, terminology, composers, form, and style within a historical perspective. Upon completion, students should be able to demonstrate skills in basic listening and understanding of the art of music. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>				

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
MUS 112*	Introduction to Jazz	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer-at the discretion of the Dean					
This course introduces the origins and musical components of jazz and the contributions of its major artists. Emphasis is placed on the development of discriminating listening habits, as well as the investigation of the styles and structural forms of the jazz idiom. Upon completion, students should be able to demonstrate skills in listening and understanding this form of American music. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course.</i>					
MUS 133***	Band I	0	2	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides an opportunity for those who play a band instrument to gain experience playing in an ensemble. Emphasis is placed on band techniques and the study and performance of a variety of styles and periods of band literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
MUS 141***	Ensemble I	0	2	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides an opportunity to perform in any combination of instrumental, vocal, or keyboard groups of two or more. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
MUS 142***	Ensemble II	0	2	0	1
Prerequisites: State, MUS 141***					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is a continuation of MUS 141. Emphasis is placed on the development of performance skills and the study of a variety of styles and periods of ensemble literature. Upon completion, students should be able to demonstrate skills needed to participate in ensemble playing leading to performance. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
NET 125	Introduction to Networks	1	4	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the architecture, structure, functions, components, and models of the Internet and computer networks. Topics include introduction to the principles of IP addressing and fundamentals of Ethernet concepts, media, and operations. Upon completion, students should be able to build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
NET 126	Routing Basics	1	4	0	3
Prerequisites:	Local, NET 125				
Corequisites:	None				
Course Offering Availability:	Fall				
<p>This course focuses on initial router configuration, router software management, routing protocol configuration, TCP/IP, and access control lists (ACLs). Emphasis will be placed on the fundamentals of router configuration, managing router software, routing protocol, and access lists. Upon completion, students should have an understanding of routers and their role in WANs, router configuration, routing protocols, TCP/IP, troubleshooting, and ACLs.</p>					
NET 225	Routing & Switching I	1	4	0	3
Prerequisites:	Local, NET 126				
Corequisites:	None				
Course Offering Availability:	Spring				
<p>This course focuses on advanced IP addressing techniques, intermediate routing protocols, command-line interface configuration of switches, Ethernet switching, VLANs, STP, and VTP. Emphasis will be placed on application and demonstration of skills acquired in pre-requisite courses. Upon completion, students should be able to perform tasks related to VLSM, routing protocols, switching concepts and configuration, STP, VLANs, and VTP.</p>					
NET 226	Routing & Switching II	1	4	0	3
Prerequisites:	Local, NET 225				
Corequisites:	None				
Course Offering Availability:	Spring				
<p>This course introduces WAN theory and design, WAN technology, PPP, Frame Relay, ISDN, and additional case studies. Topics include network congestion problems, TCP/IP transport and network layer protocols, advanced routing and switching configuration, ISDN protocols, PPP encapsulation operations on a router. Upon completion, students should be able to provide solutions for network routing problems, identify ISDN protocols, and describe the Spanning Tree protocol.</p>					
NOS 110	Operating Systems Concepts	2	3	0	3
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Fall				
<p>This course introduces students to a broad range of operating system concepts, including installation and maintenance. Emphasis is placed on operating system concepts, management, maintenance, and resources required. Upon completion of this course, students will have an understanding of OS concepts, installation, management, maintenance, using a variety of operating systems. <i>This course is also available through the Virtual Learning Community (VLC).</i></p>					
NOS 120	Linux/UNIX Single User	2	2	0	3
Prerequisites:	Local, CTI 120 and NET 125				
Corequisites:	None				
Course Offering Availability:	Fall				
<p>This course develops the necessary skills for students to develop both GUI and command line skills for using and customizing a Linux workstation. Topics include Linux file system and access permissions, GNOME Interface, VI editor, X Window System expression pattern matching, I/O redirection, network and printing utilities. Upon completion, students should be able to customize and use Linux systems for command line requirements and desktop productivity roles.</p>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
NUR 101	Practical Nursing I	7	6	6	11
Prerequisites: Local, Enrollment in the Practical Nursing Program					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts within each domain including assessment, clinical decision making, professional behaviors, caring interventions, biophysical and psychosocial concepts, communication, collaboration, teaching/learning, safety, ethical principles, legal issues, informatics, and evidence-based practice. Upon completion, students should be able to provide safe nursing care across the lifespan incorporating the concepts identified in this course. <i>This is a diploma-level course.</i>					
NUR 102	Practical Nursing II	7	0	9	10
Prerequisites: State, NUR 101					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to further develop the concepts within the three domains of the individual, nursing, and healthcare. Emphasis is placed on the concepts within each domain including clinical decision making, caring interventions, biophysical and psychosocial concepts, communication, collaboration, teaching and learning, accountability, safety, informatics, and evidence-based practice. Upon completion, students should be able to provide safe nursing care across the lifespan incorporating the concepts identified in this course. <i>This is a diploma-level course.</i>					
NUR 103	Practical Nursing III	6	0	9	9
Prerequisites: State, NUR 101					
Corequisites: None					
Course Offering Availability: Summer					
This course is designed to assimilate the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on biophysical and psychosocial concepts, professional behaviors, healthcare systems, health policy, and quality improvement. Upon completion, students should be able to demonstrate the knowledge, skills, and attitudes necessary to provide safe, quality, and individualized entry level nursing care. <i>This is a diploma-level course.</i>					
NUR 111	Intro to Health Concepts	4	6	6	8
Prerequisites: Local, Enrollment in the Associate Degree Nursing Program					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts within each domain including medication administration, assessment, nutrition, ethics, interdisciplinary teams, informatics, evidence-based practice, individual-centered care, and quality improvement. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.					
NUR 112	Health-Illness Concepts	3	0	6	5
Prerequisites: State, NUR 111					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of acid-base, metabolism, cellular regulation, oxygenation, infection, stress/coping, health-wellness-illness, communication, caring interventions, managing care, safety, quality improvement, and informatics. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
NUR 113	Family Health Concepts	3	0	6	5
Prerequisites: State, NUR 111					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of oxygenation, sexuality, reproduction, grief/loss, mood/affect, behaviors, development, family, health-wellness-illness, communication, caring interventions, managing care, safety, and advocacy. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.					
NUR 114	Holistic Health Concepts	3	0	6	5
Prerequisites: State, NUR 111					
Corequisites: None					
Course Offering Availability: Fall					
This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of cellular regulation, perfusion, inflammation, sensory perception, stress/coping, mood/affect, cognition, self, violence, health-wellness-illness, professional behaviors, caring interventions, and safety. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.					
NUR 211	Health Care Concepts	3	0	6	5
Prerequisites: State, NUR 111					
Corequisites: None					
Course Offering Availability: Fall					
This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of cellular regulation, perfusion, infection, immunity, mobility, comfort, behaviors, health-wellness-illness, clinical decision-making, caring interventions, managing care, and safety. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.					
NUR 212	Health System Concepts	3	0	6	5
Prerequisites: State, NUR 111					
Corequisites: None					
Course Offering Availability: Summer					
This course is designed to further develop the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of grief/loss, violence, health-wellness-illness, collaboration, managing care, safety, advocacy, legal issues, policy, healthcare systems, ethics, accountability, and evidence-based practice. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.					
NUR 213	Complex Health Concepts	4	3	15	10
Prerequisites: State, Take NUR 111					
Corequisites: State, Take All: NUR 112, NUR 113, NUR 114, NUR 211, and NUR 212					
Course Offering Availability: Spring					
This course is designed to assimilate the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of fluid/electrolytes, metabolism, perfusion, mobility, stress/coping, violence, health-wellness-illness, professional behaviors, caring interventions, managing care, healthcare systems, and quality improvement. Upon completion, students should be able to demonstrate the knowledge, skills, and attitudes necessary to provide quality, individualized, entry level nursing care.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
NUR 214	Nsg Transition Concepts	3	0	3	4
Prerequisites: Local, Enrollment in the LPN to ADN Transition Program					
Corequisites: None					
Course Offering Availability: Summer					
This course is designed to introduce concepts within the three domains of the individual, healthcare, and nursing as the LPN transitions to the ADN role. Emphasis is placed on the concepts within each domain including evidenced-based practice, quality improvement, communication, safety, interdisciplinary team, clinical decision-making, informatics, assessment, caring, and health-wellness-illness. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.					
NUR 221	LPN to ADN Concepts I	6	0	9	9
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is designed for the LPN to ADN student to explore the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of safety, perfusion, inflammation, oxygenation, mood/affect, behavior, development, family, health-wellness-illness, sensory perception, stress/coping, cognition, self, violence, and professional behaviors. Upon completion, students should be able to provide safe nursing care incorporating the concepts identified in this course.					
NUR 223	LPN to ADN Concepts II	6	0	9	9
Prerequisites: State, NUR 221					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is designed for the LPN to ADN student to assimilate the concepts within the three domains of the individual, healthcare, and nursing. Emphasis is placed on the concepts of fluid/electrolytes, metabolism, thermoregulation, oxygenation, tissue integrity, infection, perfusion, mobility, reproduction, sexuality, health-wellness-illness, professional behaviors, accountability, advocacy, and collaboration. Upon completion, students should be able to demonstrate the knowledge, skills, and attitudes necessary to provide quality, individualized, entry-level nursing care.					
OST 131	Keyboarding	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course covers basic keyboarding skills. Emphasis is placed on the touch system, correct techniques, and development of speed and accuracy. Upon completion, students should be able to key at an acceptable speed and accuracy level using the touch system.					
OST 132	Keyboard Skill Building	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to increase speed and improve accuracy in keyboarding. Emphasis is placed on diagnostic tests to identify accuracy and speed deficiencies followed by corrective drills. Upon completion, students should be able to keyboard rhythmically with greater accuracy and speed.					
OST 134	Text Entry & Formatting	2	2	0	3
Prerequisites: Local, OST 131					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to provide the skills needed to increase speed, improve accuracy, and format documents. Topics include letters, memos, tables, and business reports. Upon completion, students should be able to produce documents and key timed writings at speeds commensurate with employability. <i>This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
OST 135	Adv Text Entry & Format	2	2	0	3
Prerequisites: State, OST 134					
Corequisites: None					
Course Offering Availability: Fall					
This course is designed to incorporate computer application skills in the generation of office documents. Emphasis is placed on advanced document production. Upon completion, students should be able to make independent decisions regarding planning, style, and method of presentation.					
OST 136	Word Processing	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course is designed to introduce word processing concepts and applications. Topics include preparation of a variety of documents and mastery of specialized software functions. Upon completion, students should be able to work effectively in a computerized word processing environment. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
OST 138	Office Applications II	2	2	0	3
Prerequisites: State, Take One: OST 137, CIS 110, or CIS 111					
Corequisites: None					
Course Offering Availability: Fall					
This course is designed to improve the proficiency in the utilization of software applications used in business offices through a hands-on approach. Emphasis is placed on in-depth usage of software to create a variety of documents applicable to current business environments. Upon completion, students should be able to master the skills required to design documents that can be customized using the latest software applications. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
OST 140	Internet Comm/Research	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course provides a working knowledge of Internet usage and research for the modern office. Emphasis is placed on using search engines, email, Web sites, Web servers, communication services, and e-business to obtain information vital to the current office environment. Upon completion, students should be able to use the Internet to research any office topics required for employment.					
OST 141	Med Office Terms I	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course uses a language-structure approach to present the terminology and vocabulary that will be encountered in medical office settings. Topics include word parts that relate to systemic components, conditions, pathology, and disorder remediation in approximately one-half of the systems of the human body. Upon completion, students should be able to relate words to systems, pluralize, define, pronounce, and construct sentences with the included terms.					
OST 142	Med Office Terms II	3	0	0	3
Prerequisites: State, Take one: OST 141 or MED 121					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course is a continuation of OST 141 and continues the study, using a language-structure approach, of medical office terminology and vocabulary. Topics include word parts that relate to systemic components, conditions, pathology, and disorder remediation in the remaining systems of the human body. Upon completion, students should be able to relate words to systems, pluralize, define, pronounce, and construct sentences with the included terms.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
OST 145	Social Media for Office Prof	2	2	0	3
Prerequisites: State, Take one: CIS 110, CIS 111, or OST 137					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to introduce the office professional to the concepts of social media. Topics include goal setting and strategies, identifying target audiences, rules of engagement, blogs, podcasts and webinars, sharing videos, pictures, and images, social networks, mobile computing, and social media monitoring. Upon completion, students should be able to create and utilize social media tools in the workplace setting.					
OST 148	Med Ins & Billing	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces fundamentals of medical insurance and billing. Emphasis is placed on the medical billing cycle to include third party payers, coding concepts, and form preparation. Upon completion, students should be able to explain the life cycle of and accurately complete a medical insurance claim. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
OST 149	Medical Legal Issues	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the complex legal, moral, and ethical issues involved in providing health-care services. Emphasis is placed on the legal requirements of medical practices; the relationship of physician, patient, and office personnel; professional liabilities; and medical practice liability. Upon completion, students should be able to demonstrate a working knowledge of current medical law and accepted ethical behavior. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
OST 153	Office Finance Solutions	2	2	0	3
Prerequisites: State, Take One: CIS 110, CIS 111, or OST 137					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces basic bookkeeping concepts. Topics include entering data in accounts payable and receivable, keeping petty cash records, maintaining inventory, reconciling bank statements, running payroll, and generating simple financial reports. Upon completion, students should be able to demonstrate competence in the entry and manipulation of data to provide financial solutions for the office.					
OST 159	Office Ethics	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the complex ethical and legal issues involved in the role of administrative support personnel in a variety of offices. Emphasis is placed on ethics, diversity, morality, and ethical standards of the administrative support professional. Upon completion, students should be able to conduct themselves in an ethical manner appropriate to a variety of offices.					
OST 161	Medical Ofc Procedures	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides instruction on the skills and procedures needed in today's medical office. Topics include medical data entry, medical communications, phone etiquette, use and maintenance of office equipment, inventory control, patient scheduling, and managing the financial aspects of a practice. Upon completion, students should be able to display skills and decision-making abilities essential in the medical office.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
OST 164	Office Editing	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course provides a comprehensive study of editing skills needed in the workplace. Emphasis is placed on grammar, punctuation, sentence structure, proofreading, and editing. Upon completion, students should be able to use reference materials to compose and edit text. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
OST 165	Adv Office Editing	2	2	0	3
Prerequisites: State, OST 164					
Corequisites: None					
Course Offering Availability: Fall					
This course is designed to develop proficiency in advanced editing skills needed in the office environment. Emphasis is placed on the application of creating effective electronic office documents. Upon completion, students should be able to apply advanced editing skills to compose text.					
OST 181	Office Procedures	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the skills and abilities needed in today's office. Topics include effectively interacting with co-workers and the public, processing simple financial and informational documents, and performing functions typical of today's offices. Upon completion, students should be able to display skills and decision-making abilities essential for functioning in the total office context.					
OST 184	Records Management	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course includes the creation, maintenance, protection, security, and disposition of records stored in a variety of media forms. Topics include alphabetic, geographic, subject, and numeric filing methods. Upon completion, students should be able to set up and maintain a records management system. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
OST 236	Adv Word Processing	2	2	0	3
Prerequisites: State, OST 136					
Corequisites: None					
Course Offering Availability: Fall					
This course develops proficiency in the utilization of advanced word processing functions. Emphasis is placed on advanced word processing features. Upon completion, students should be able to produce a variety of complex business documents. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
OST 241	Med Ofc Transcription I	2	2	0	3
Prerequisites: State, Take One: MED 121 or OST 141					
Local, OST 136					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces current transcription techniques as applied to medical documents. Emphasis is placed on accurate transcription, proofreading, editing and use of reference materials as well as vocabulary building. Upon completion, students should be able to prepare accurate and usable medical documents in the covered specialties.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
OST 242	Med Ofc Transcription II	2	2	0	3
Prerequisites:	State, OST 241				
Corequisites:	None				
Course Offering Availability: Course offered at the discretion of the Dean					
This course continues building transcription techniques as applied to medical documents. Emphasis is placed on accurate transcription and text editing, efficient use of reference materials, increasing transcription speed and accuracy, and improving understanding of medical terminology. Upon completion, students should be able to display competency in accurately transcribing and editing medical documents.					
OST 247	Procedure Coding	2	2	0	3
Prerequisites:	State, Take One: MED 121 or OST 141				
Corequisites:	None				
Course Offering Availability: Fall					
This course provides in-depth coverage of procedural coding. Emphasis is placed on CPT and HCPCS coding systems. Upon completion, students should be able to properly code procedures and services performed in a medical facility.					
OST 248	Diagnostic Coding	2	2	0	3
Prerequisites:	State, Take One: MED 121 or OST 141				
Corequisites:	None				
Course Offering Availability: Spring					
This course provides an in-depth study of diagnostic coding. Emphasis is placed on ICD coding system. Upon completion, students should be able to properly code diagnoses in a medical facility.					
OST 249	Med Coding Certification Prep	2	3	0	3
Prerequisites:	State, Take All: OST 247 and OST 248				
Corequisites:	None				
Course Offering Availability: Spring					
This course provides instruction that will prepare students to sit for a national coding certification exam. Topics include diagnostic and procedural coding. Upon completion, students should be able to sit for various medical coding certification exams.					
OST 250	Long-Term Care Coding	2	2	0	3
Prerequisites:	State, Take One: MED 121 or OST 141				
Corequisites:	None				
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers diagnostic coding as it applies to long-term care facilities and home care. Topics include diagnostic coding and reimbursement in long-term care facilities and home care. Upon completion, students should be able to properly code conditions for long-term care and home care services.					
OST 260	Adv Coding Methodologies	2	2	0	3
Prerequisites:	State, Take All: OST 247 & OST 248				
Corequisites:	None				
Course Offering Availability: Spring					
This course provides advanced instruction in a variety of emergent methodologies in medical coding. Topics include advanced outpatient coding, inpatient coding, risk adjustment coding, online encoder software, Correct Coding Initiatives (CCI), and advanced record abstraction. Upon completion, students should be able to perform advanced coding in a healthcare facility.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
OST 263	Healthcare Customer Relations	3	0	0	3
Prerequisites:	State, Take One: OST 148 or HMT 210				
Corequisites:	None				
Course Offering Availability:	Spring				
This course provides the soft skills necessary for effective communication and maintaining customer satisfaction in healthcare. Emphasis is placed on the importance of positive attitudes, techniques for handling difficult/angry customers, rephrasing blunt communication for better results, and the communication skills required to discuss topics such as insurance and billing issues with the patient and other medical personnel. Upon completion, students should be able to communicate information in a professional manner.					
OST 280	Electronic Health Records	2	2	0	3
Prerequisites:	State, Take One: CIS 110, CIS 111, or OST 137				
Corequisites:	None				
Course Offering Availability:	Spring				
This course focuses on the use of electronic health records in medical documentation and patient management. Emphasis is placed on creating and maintaining patient medical information, scheduling patient appointments, documenting patient encounters, and billing/insurance claim processing. Upon completion, students should be able to perform the required software tasks following a patient visit from start to finish.					
OST 289	Office Admin Capstone	2	2	0	3
Prerequisites:	State, Take One Set: Set 1: OST-134 and OST-164 Set 2: OST-136 and OST-164				
Course Offering Availability:	Spring				
This course is designed to be a capstone course for the office professional and provides a working knowledge of administrative office procedures. Emphasis is placed on written and oral communication skills, office software applications, office procedures, ethics, and professional development. Upon completion, students should be able to adapt in an office environment. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
PED 110***	Fit and Well for Life	1	2	0	2
Prerequisites:	Local, DRE 097				
Corequisites:	None				
Course Offering Availability:	Fall, Spring				
This course is designed to investigate and apply the basic concepts and principles of lifetime physical fitness and other health-related factors. Emphasis is placed on wellness through the study of nutrition, weight control, stress management, and consumer facts on exercise and fitness. Upon completion, students should be able to plan a personal, lifelong fitness program based on individual needs, abilities, and interests. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
PED 117***	Weight Training I	0	3	0	1
Prerequisites:	None				
Corequisites:	None				
Course Offering Availability:	Spring				
This course introduces the basics of weight training. Emphasis is placed on developing muscular strength, muscular endurance, and muscle tone. Upon completion, students should be able to establish and implement a personal weight training program. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
PED 120***	Walking for Fitness	0	3	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces fitness through walking. Emphasis is placed on stretching, conditioning exercises, proper clothing, fluid needs, and injury prevention. Upon completion, students should be able to participate in a recreational walking program. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
PED 142***	Lifetime Sports	0	2	0	1
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is designed to give an overview of a variety of sports activities. Emphasis is placed on the skills and rules necessary to participate in a variety of lifetime sports. Upon completion, students should be able to demonstrate an awareness of the importance of participating in lifetime sports activities. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
PHI 215*	Philosophical Issues	3	0	0	3
Prerequisites: State, ENG 111*					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer-at the discretion of the Dean					
This course introduces fundamental issues in philosophy considering the views of classical and contemporary philosophers. Emphasis is placed on knowledge and belief, appearance and reality, determinism and free will, faith and reason, and justice and inequality. Upon completion, students should be able to identify, analyze, and critically evaluate the philosophical components of an issue. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course.</i>					
PHI 240*	Introduction to Ethics	3	0	0	3
Prerequisites: State, ENG 111*					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer-at the discretion of the Dean					
This course introduces theories about the nature and foundations of moral judgments and applications to contemporary moral issues. Emphasis is placed on moral theories such as consequentialism, deontology, and virtue ethics. Upon completion, students should be able to apply various ethical theories to moral issues such as abortion, capital punishment, poverty, war, terrorism, the treatment of animals, and issues arising from new technologies. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
PHM 110	Introduction to Pharmacy	3	0	0	3
Prerequisites: Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces pharmacy practice and the technician's role in a variety of pharmacy settings. Topics include medical terminology and abbreviations, drug delivery systems, law and ethics, prescription and medication orders, and the health care system. Upon completion, students should be able to explain the role of pharmacy technicians, read and interpret drug orders, describe quality assurance, and utilize pharmacy references.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
PHM 111	Pharmacy Practice I	3	3	0	4
Prerequisites:	Local, Enrollment in the Program				
Corequisites:	State, Take All: PHM 110 and PHM 115				
Course Offering Availability:	Fall, Spring				
This course provides instruction in the technical procedures for preparing and dispensing drugs in the hospital and retail settings under supervision of a registered pharmacist. Topics include drug packaging and labeling, out-patient dispensing, hospital dispensing procedures, controlled substance procedures, inventory control, and non-sterile compounding. Upon completion, students should be able to perform basic supervised dispensing techniques in a variety of pharmacy settings.					
PHM 115	Pharmacy Calculations	3	0	0	3
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	None				
Course Offering Availability:	Fall, Spring				
This course provides an introduction to the metric, avoirdupois, and apothecary systems of measurement and the calculations used in pharmacy practice. Topics include ratio and proportion, dosage determinations, percentage preparations, reducing and enlarging formulas, dilution and concentration, aliquots, specific gravity and density, and flow rates. Upon completion, students should be able to correctly perform calculations required to properly prepare a medication order.					
PHM 115A	Pharmacy Calculations Lab	0	2	0	1
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	Local, PHM 115				
Course Offering Availability:	Fall, Spring				
This course provides an opportunity to practice and perform calculations encountered in pharmacy practice. Emphasis is placed on ratio and proportion, dosage calculations, percentage, reduction/enlargement formulas, aliquots, flow rates, and specific gravity/density. Upon completion, students should be able to perform the calculations required to properly prepare a medication order.					
PHM 118	Sterile Products	3	3	0	4
Prerequisites:	State, Take All: PHM 110 and PHM 111				
Corequisites:	None				
Course Offering Availability:	Spring, Summer				
This course provides an introduction to intravenous admixture preparation and other sterile products, including total parenteral nutrition and chemotherapy. Topics include aseptic techniques; facilities, equipment, and supplies utilized in admixture preparation; incompatibility and stability; laminar flow hoods; immunizations and irrigation solutions; and quality assurance. Upon completion, students should be able to describe and demonstrate the steps involved in preparation of intermittent and continuous infusions, total parenteral nutrition, and chemotherapy.					
PHM 120	Pharmacology I	3	0	0	3
Prerequisites:	Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098				
Corequisites:	None				
Course Offering Availability:	Spring, Summer				
This course introduces the study of the properties, effects, and therapeutic value of the primary agents in the major drug categories. Topics include nutritional products, blood modifiers, hormones, diuretics, cardiovascular agents, respiratory drugs, and gastrointestinal agents. Upon completion, students should be able to place major drugs into correct therapeutic categories and identify indications, side effects, and trade and generic names.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
PHM 125	Pharmacology II	3	0	0	3
Prerequisites: State, PHM 120					
Corequisites: None					
Course Offering Availability: Fall, Summer					
This course provides a continuation of the study of the properties, effects, and therapeutic value of the primary agents in the major drug categories. Topics include autonomic and central nervous system agents, anti-inflammatory agents, and anti-infective drugs. Upon completion, students should be able to place major drugs into correct therapeutic categories and identify indications, side effects, and trade and generic names.					
PHM 132	Pharmacy Clinical	0	0	6	2
Prerequisites: Local, Enrollment in the Program					
Corequisites: None					
Course Offering Availability: Summer					
This course provides an opportunity to work in pharmacy settings under a pharmacist's supervision. Emphasis is placed on effective communication with personnel, developing proper employee attitude, and dispensing of medications. Upon completion, students should be able to demonstrate an understanding of pharmacy operations, utilize references, dispense medications, prepare patient charges, and efficiently operate computers.					
PHM 133	Pharmacy Clinical	0	0	9	3
Prerequisites: Local, Enrollment in the Program					
Corequisites: Local, Approval by the Program Head					
Course Offering Availability: Fall					
This course provides an opportunity to work in pharmacy settings under a pharmacist's supervision. Emphasis is placed on effective communication with personnel, developing proper employee attitude, and dispensing of medications. Upon completion, students should be able to demonstrate an understanding of pharmacy operations, utilize references, dispense medications, prepare patient charges, and efficiently operate computers.					
PHM 134	Pharmacy Clinical	0	0	12	4
Prerequisites: Local, Enrollment in the Program					
Corequisites: None					
Course Offering Availability: Spring					
This course provides an opportunity to work in pharmacy settings under a pharmacist's supervision. Emphasis is placed on effective communication with personnel, developing proper employee attitude, and dispensing of medications. Upon completion, students should be able to demonstrate an understanding of pharmacy operations, utilize references, dispense medications, prepare patient charges, and efficiently operate computers.					
PHM 135	Pharmacy Clinical	0	0	15	5
Prerequisites: Local, Enrollment in the Program					
Corequisites: Local, Approval by the Program Head					
Course Offering Availability: Fall					
This course provides an opportunity to work in pharmacy settings under a pharmacist's supervision. Emphasis is placed on effective communication with personnel, developing proper employee attitude, and dispensing of medications. Upon completion, students should be able to demonstrate an understanding of pharmacy operations, utilize references, dispense medications, prepare patient charges, and efficiently operate computers.

This course provides an opportunity to work in pharmacy settings under a pharmacist's supervision. Emphasis is placed on effective communication with personnel, developing proper employee attitude, and dispensing of medications. Upon completion, students should be able to demonstrate an understanding of pharmacy operations, utilize references, dispense medications, prepare patient charges, and efficiently operate computers.					
PHM 138	Pharmacy Clinical	0	0	24	8
Prerequisites: Local, Enrollment in the Program					
Corequisites: Local, Approval by the Program Head					
Course Offering Availability: Fall, Spring, Summer					
This course provides an opportunity to work in pharmacy settings under a pharmacist's supervision. Emphasis is placed on effective communication with personnel, developing proper employee attitude, and dispensing of medications. Upon completion, students should be able to demonstrate an understanding of pharmacy operations, utilize references, dispense medications, prepare patient charges, and efficiently operate computers.					
PHM 140	Trends in Pharmacy	2	0	0	2
Prerequisites: Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course covers the major issues, trends, and concepts in contemporary pharmacy practice. Topics include professional ethics, continuing education, job placement, and the latest developments in pharmacy technician practice. Upon completion, students should be able to demonstrate a basic knowledge of the topics discussed.					
PHM 150	Hospital Pharmacy	3	3	0	4
Prerequisites: None					
Corequisites: State, PHM 118					
Course Offering Availability: Fall					
This course provides an in-depth study of hospital pharmacy practice. Topics include hospital organizational structure, committee functions, utilization of reference works, purchasing and inventory control, drug delivery systems, and intravenous admixture preparation. Upon completion, students should be able to explain hospital organization/committee functions, interpret and enter patient orders, fill unit-dose cassettes, and prepare intravenous admixtures.					
PHM 155	Community Pharmacy	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the operational procedures relating to retail pharmacy. Emphasis is placed on a general knowledge of over-the-counter products, prescription processing, business/inventory management, and specialty patient services. Upon completion, students should be able to provide technical assistance and support to the retail pharmacist.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
PHM 160	Pharm Dosage Forms	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course is a study of pharmaceutical dosage forms and considerations in their manufacture. Topics include bioavailability, routes of administration, tablets, capsules, solutions, syrups, suspensions, elixirs, aerosols, transdermals, topicals, ophthalmics, otics, and other dosage forms. Upon completion, students should be able to describe the characteristics of the major dosage forms and explain how these characteristics affect the action of the drug.					
PHM 165	Pharmacy Prof Practice	2	0	0	2
Prerequisites: Local, Take All: DMA 010, DMA 020, DMA 030, DMA 040, DMA 050, and DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Summer					
This course provides a general overview of all aspects of pharmacy technician practice. Emphasis is placed on pharmacy law, calculations, compounding, pharmacology, and pharmacy operations. Upon completion, students should be able to demonstrate competence in the areas required for the Pharmacy Technician Certification Examination.					
PHY 110*	Conceptual Physics	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: Local, PHY 110A*					
Course Offering Availability: Fall, Spring					
This course provides a conceptually-based exposure to the fundamental principles and processes of the physical world. Topics include basic concepts of motion, forces, energy, heat, electricity, magnetism, and the structure of matter and the universe. Upon completion, students should be able to describe examples and applications of the principles studied. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
PHY 110A*	Conceptual Physics Lab	0	2	0	1
Prerequisites: Local, DRE 098					
Corequisites: State, PHY 110*					
Course Offering Availability: Fall, Spring					
This course is a laboratory for PHY 110. Emphasis is placed on laboratory experiences that enhance materials presented in PHY 110. Upon completion, students should be able to apply the laboratory experiences to the concepts presented in PHY 110. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course.</i>					
PHY 131	Physics-Mechanics	3	2	0	4
Prerequisites: State, Take One: MAT 121 or MAT 171*					
Corequisites: None					
Course Offering Availability: Spring					
This algebra/trigonometry-based course introduces fundamental physical concepts as applied to engineering technology fields. Topics include systems of units, problem-solving methods, graphical analysis, vectors, motion, forces, Newton's laws of motion, work, energy, power, momentum, and properties of matter. Upon completion, students should be able to apply the principles studied to applications in engineering technology fields.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
PHY 151*	College Physics I	3	2	0	4
Prerequisites:	State, MAT 171* Local, DRE 098				
Corequisites:	None				
Course Offering Availability:	Spring				
<p>This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include units and measurement, vectors, linear kinematics and dynamics, energy, power, momentum, fluid mechanics, and heat. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i></p>					
PHY 152*	College Physics II	3	2	0	4
Prerequisites:	State, PHY 151*				
Corequisites:	None				
Course Offering Availability:	Summer				
<p>This course uses algebra- and trigonometry-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include electrostatic forces, electric fields, electric potentials, direct-current circuits, magnetostatic forces, magnetic fields, electromagnetic induction, alternating-current circuits, and light. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i></p>					
PHY 251*	General Physics I	3	3	0	4
Prerequisites:	State, MAT 271*; Local, DRE 098				
Corequisites:	State, MAT 272*				
Course Offering Availability:	Spring				
<p>This course uses calculus-based mathematical models to introduce the fundamental concepts that describe the physical world. Topics include units and measurement, vector operations, linear kinematics and dynamics, energy, power, momentum, rotational mechanics, periodic motion, fluid mechanics, and heat. Upon completion, students should be able to demonstrate an understanding of the principles involved and display analytical problem-solving ability for the topics covered. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Natural Science. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i></p>					
PHY 252*	General Physics II	3	3	0	4
Prerequisites:	State, Take All: MAT 272* and PHY 251*				
Corequisites:	None				
Course Offering Availability:	Course offered at the discretion of the Dean

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
POL 120*	American Government	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is a study of the origins, development, structure, and functions of American government. Topics include the constitutional framework, federalism, the three branches of government including the bureaucracy, civil rights and liberties, political participation and behavior, and policy process. Upon completion, students should be able to demonstrate an understanding of the basic concepts and participatory processes of the American political system. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
PSY 118	Interpersonal Psychology	3	0	0	3
Prerequisites: Local, DRE 097					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the basic principles of psychology as they relate to personal and professional development. Emphasis is placed on personality traits, communication/leadership styles, effective problem solving, and cultural diversity as they apply to personal and work environments. Upon completion, students should be able to demonstrate an understanding of these principles of psychology as they apply to personal and professional development.					
PSY 150*	General Psychology	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course provides an overview of the scientific study of human behavior. Topics include history, methodology, biopsychology, sensation, perception, learning, motivation, cognition, abnormal behavior, personality theory, social psychology, and other relevant topics. Upon completion, students should be able to demonstrate a basic knowledge of the science of psychology. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
PSY 241**	Developmental Psychology	3	0	0	3
Prerequisites: State, PSY 150*					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course is a study of human growth and development. Emphasis is placed on major theories and perspectives as they relate to the physical, cognitive, and psychosocial aspects of development from conception to death. Upon completion, students should be able to demonstrate knowledge of development across the life span. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This course is also available through the Virtual Learning Community (VLC).</i>					
PSY 281**	Abnormal Psychology	3	0	0	3
Prerequisites: State, PSY 150*					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course provides an examination of the various psychological disorders, as well as theoretical, clinical, and experimental perspectives of the study of psychopathology. Emphasis is placed on terminology, classification, etiology, assessment, and treatment of the major disorders. Upon completion, students should be able to distinguish between normal and abnormal behavior patterns as well as demonstrate knowledge of etiology, symptoms, and therapeutic techniques. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
PTC 110	Industrial Environment	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Summer and at the discretion of the Dean					
This course provides the pharmaceutical industry, including a broad overview of work in this field. Emphasis is placed on good manufacturing practices (GMP), work conduct, company organization, job expectations, personal safety, hygiene, and company rules and regulations. Upon completion, students should be able to follow good manufacturing practice regulations and inspect a pharmaceutical manufacturing facility for compliance with GMP. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
RAD 110	Radiography Introduction & Patient Care	2	3	0	3
Prerequisites: Local, Enrollment in the Radiography Program					
Corequisites: State, Take All: RAD 111 and RAD 151					
Course Offering Availability: Fall					
This course provides an overview of the radiography profession and student responsibilities. Emphasis is placed on basic principles of patient care, radiation protection, technical factors, and medical terminology. Upon completion, students should be able to demonstrate basic skills in these areas.					
RAD 111	RAD Procedures I	3	3	0	4
Prerequisites: Local, Enrollment in the Radiography Program					
Corequisites: State, Take All: RAD 110 and RAD 151					
Course Offering Availability: Fall					
This course provides the knowledge and skills necessary to perform standard radiographic procedures. Emphasis is placed on radiography of the chest, abdomen, extremities, spine, and pelvis. Upon completion, students should be able to demonstrate competence in these areas.					
RAD 112	RAD Procedures II	3	3	0	4
Prerequisites: State, Take All: RAD 110, RAD 111, and RAD 151					
Local, BIO 163***					
Corequisites: Local, Take All: RAD 121 and RAD 161					
Course Offering Availability: Spring					
This course provides the knowledge and skills necessary to perform standard radiographic procedures. Emphasis is placed on radiography of the skull, bony thorax, and gastrointestinal, biliary, and urinary systems. Upon completion, students should be able to demonstrate competence in these areas.					
RAD 121	Radiographic Imaging I	2	3	0	3
Prerequisites: State, Take All: RAD 110, RAD 111, and RAD 151					
Corequisites: State, Take All: RAD 112 and RAD 161					
Course Offering Availability: Spring					
This course provides the basic principles of imaging. Emphasis is placed on the factors that impact density, contrast, recorded detail, and distortion. Upon completion, students should be able to demonstrate an understanding of basic radiographic imaging.					
RAD 122	Radiographic Imaging II	1	3	0	2
Prerequisites: State, Take All: RAD 112, RAD 121, and RAD 161					
Local, BIO 163*** or BIO 168*** and BIO 169***					
Corequisites: State, Take All: RAD 131 and RAD 171					
Course Offering Availability: Summer					
This course provides advanced principles of imaging including digital radiography. Emphasis is placed on the factors that impact brightness, contrast, recorded detail, and distortion. Upon completion, students should be able to demonstrate an understanding of advanced principles of imaging.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
RAD 131	Radiographic Physics I	1	3	0	2
Prerequisites:	State, Take: RAD 121				
Corequisites:	State, Take All: RAD 122 and RAD 171				
Course Offering Availability: Summer					
This course introduces the principles of radiation characteristics and production. Emphasis is placed on imaging equipment. Upon completion, students should be able to demonstrate a basic understanding of radiation characteristics and production.					
RAD 151	RAD Clinical Ed I	0	0	6	2
Prerequisites:	Local, Enrollment in the Radiography Program				
Corequisites:	State, Take All: RAD 110 and RAD 111				
Course Offering Availability: Fall					
This course introduces patient management and basic radiographic procedures in the clinical setting. Emphasis is placed on mastering positioning of the chest and extremities, manipulating equipment, and applying principles of ALARA. Upon completion, students should be able to demonstrate successful completion of clinical objectives.					
RAD 161	RAD Clinical Ed II	0	0	15	5
Prerequisites:	State, Take All: RAD 110, RAD 111, and RAD 151				
Corequisites:	State, Take All: RAD 112 and RAD 121				
Course Offering Availability: Spring					
This course provides additional experience in patient management and in more complex radiographic procedures. Emphasis is placed on mastering positioning of the spine, pelvis, head and neck, and thorax and adapting procedures to meet patient variations. Upon completion, students should be able to demonstrate successful completion of clinical objectives.					
RAD 171	RAD Clinical Ed III	0	0	12	4
Prerequisites:	State, Take All: RAD 112, RAD 121, and RAD 161				
Corequisites:	State, Take All: RAD 122 and RAD 131				
Course Offering Availability: Summer					
This course provides experience in patient management specific to fluoroscopic and advanced radiographic procedures. Emphasis is placed on applying appropriate technical factors to all studies and mastering positioning of gastrointestinal and urological studies. Upon completion, students should be able to demonstrate successful completion of clinical objectives.					
RAD 211	RAD Procedures III	2	3	0	3
Prerequisites:	State, Take All: RAD 122, RAD 131, and RAD 171				
Corequisites:	State, Take All: RAD 231, RAD 241, and RAD 251				
Course Offering Availability: Fall					
This course provides the knowledge and skills necessary to perform standard and specialty radiographic procedures. Emphasis is placed on radiographic specialty procedures, sectional anatomy, and advanced imaging. Upon completion, students should be able to demonstrate an understanding of these areas.					
RAD 231	Radiographic Physics II	1	3	0	2
Prerequisites:	State, Take One: RAD 131 or RAD 171				
Corequisites:	State, Take All: RAD 211, RAD 241, and RAD 251				
Course Offering Availability: Fall					
This course provides advanced principles of radiation characteristics and production including digital imaging and Computed Tomography (CT). Emphasis is placed on imaging equipment. Upon completion, students should be able to demonstrate an understanding of radiation characteristics and production.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
RAD 241	Radiobiology/Protection	2	0	0	2
Prerequisites:	State, Take All: RAD 122, RAD 131, and RAD 171				
Corequisites:	State, Take All: RAD 211, RAD 231, and RAD 251				
Course Offering Availability: Fall					
This course covers the principles of radiation protection and radiobiology. Topics include the effects of ionizing radiation on body tissues, protective measures for limiting exposure to the patient and personnel, and radiation monitoring devices. Upon completion, students should be able to demonstrate an understanding of the effects and uses of radiation in diagnostic radiology.					
RAD 245	Image Analysis	1	3	0	2
Prerequisites:	State, Take All: RAD 211, RAD 231, RAD 241, and RAD 251				
Corequisites:	State, Take All: RAD 261 and RAD 271				
Course Offering Availability: Spring					
This course provides an overview of image analysis and introduces methods of quality management. Topics include image evaluation, pathology, quality control, and quality assurance. Upon completion, students should be able to demonstrate a basic knowledge of image analysis and quality management.					
RAD 251	RAD Clinical Ed IV	0	0	21	7
Prerequisites:	State, Take All: RAD 122, RAD 131, and RAD 171				
Corequisites:	State, Take All: RAD 211, RAD 231, and RAD 241				
Course Offering Availability: Fall					
This course provides the opportunity to continue mastering all basic radiographic procedures and to attain experience in advanced areas. Emphasis is placed on equipment operation, pathological recognition, pediatric and geriatric variations, and a further awareness of radiation protection requirements. Upon completion, students should be able to demonstrate successful completion of clinical objectives.					
RAD 261	RAD Clinical Ed V	0	0	21	7
Prerequisites:	State, RAD 251				
Corequisites:	State, Take All: RAD 245 and RAD 271				
Course Offering Availability: Spring					
This course is designed to enhance expertise in all radiographic procedures, patient management, radiation protection, and image production and evaluation. Emphasis is placed on developing an autonomous approach to the diversity of clinical situations and successfully adapting to those procedures. Upon completion, students should be able to demonstrate successful completion of clinical objectives.					
RAD 271	Radiography Capstone	0	3	0	1
Prerequisites:	State, Take All: RAD 211, RAD 231, RAD 241, and RAD 251				
Corequisites:	State, Take All: RAD 245 and RAD 261				
Course Offering Availability: Spring					
This course provides an opportunity to exhibit problem-solving skills required for certification. Emphasis is placed on critical thinking and integration of didactic and clinical components. Upon completion, students should be able to demonstrate the knowledge required of any entry-level radiographer.					
REL 110**	World Religions	3	0	0	3
Prerequisites:	Local, DRE 098				
Corequisites:	None				
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the world's major religious traditions. Topics include Primal religions, Hinduism, Buddhism, Islam, Judaism, and Christianity. Upon completion, students should be able to identify the origins, history, beliefs, and practices of the religions studied. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
REL 211**	Introduction to Old Testament	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is a survey of the literature of the Hebrews with readings from the law, prophets, and other writings. Emphasis is placed on the use of literary, historical, archeological, and cultural analysis. Upon completion, students should be able to use the tools of critical analysis to read and understand Old Testament literature. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					
REL 212**	Introduction to New Testament	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course is a survey of the literature of first-century Christianity with readings from the gospels, Acts, and the Pauline and pastoral letters. Topics include the literary structure, audience, and religious perspective of the writings, as well as the historical and cultural context of the early Christian community. Upon completion, students should be able to use the tools of critical analysis to read and understand New Testament literature. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					
SAB 110	Substance Abuse Overview	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides an overview of the core concepts in substance abuse and dependence. Topics include the history of drug use/abuse, effects on societal members, treatment of addiction, and preventive measures. Upon completion, students should be able to demonstrate knowledge of the etiology of drug abuse, addiction, prevention, and treatment.					
SAB 120	Intake and Assessment	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course develops processes for establishment of client rapport, elicitation of client information on which therapeutic activities are based, and stimulation of client introspection. Topics include diagnostic criteria, functions of counseling, nonverbal behavior, collaterals and significant others, dual diagnosis, client strengths and weakness, uncooperative clients, and crisis interventions. Upon completion, students should be able to establish communication with clients, recognize disorders, obtain information for counseling, and terminate the counseling process. <i>This course is a unique concentration requirement of the Substance Abuse concentration in the Human Services Technology program.</i>					
SAB 125	SA Case Management	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides case management activities, including record keeping, recovery issues, community resources, and continuum of care. Emphasis is placed on establishing a systematic approach to monitor the treatment plan and maintain quality of life. Upon completion, students should be able to assist clients in the continuum of care as an ongoing recovery process and develop agency networking. <i>This course is a unique concentration requirement of the Substance Abuse concentration in the Human Services Technology program.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
SAB 135	Addictive Process	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course explores the physical, emotional, psychological, and cultural aspects of the addictive process. Emphasis is placed on addictions to food, sex, alcohol, drugs, work, gambling, and relationships. Upon completion, students should be able to identify the effects, prevention strategies, and treatment methods associated with addictive disorders.					
SAB 210	Substance Abuse Counseling	2	2	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides theory and skills acquisition by utilizing intervention strategies designed to obtain therapeutic information, support recovery, and prevent relapse. Topics include counseling individuals and dysfunctional families, screening instruments, counseling techniques and approaches, recovery and relapse, and special populations. Upon completion, students should be able to discuss issues critical to recovery, identify intervention models, and initiate a procedure culminating in cognitive/behavioral change.					
SAB 240	SAB Issues in Client Services	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces systems of professional standards, values, and issues in substance abuse counseling. Topics include confidentiality, assessment of personal values, professional responsibilities, competencies, and ethics relative to multicultural counseling and research. Upon completion, students should be able to understand and discuss multiple ethical issues applicable to counseling and apply various decision-making models to current issues. <i>This course is a unique concentration requirement of the Substance Abuse concentration in the Human Services Technology program.</i>					
SEC 150	Secure Communications	2	2	0	3
Prerequisites: Local, CTI 120 and NET 125					
Corequisites: None					
Course Offering Availability: Fall					
This course provides an overview of current technologies used to provide secure transport of information across networks. Topics include data integrity through encryption, Virtual Private Networks, SSL, SSH, and IPsec. Upon completion, students should be able to implement secure data transmission technologies. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
SEC 160	Security Administration I	2	2	0	3
Prerequisites: Local, CTI 120 and NET 125					
Corequisites: None					
Course Offering Availability: Spring					
This course provides an overview of security administration and fundamentals of designing security architectures. Topics include networking technologies, TCP/IP concepts, protocols, network traffic analysis, monitoring, and security best practices. Upon completion, students should be able to identify normal network traffic using network analysis tools and design basic security defenses. <i>This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
SGD 111	Introduction to SGD	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course provides students with an introduction to simulation and game development. Topics include setting, storytelling, narrative, character design, interface design, game play, internal economy, core mechanics, game genres, AI, the psychology of game design and professionalism. Upon completion, students should be able to demonstrate knowledge of the major aspects of simulation and game design and development.					
SGD 112	SGD Design	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the fundamentals of simulation and game design. Topics include industry standards and design elements for simulation and games. Upon completion, students should be able to design simple simulations and/or games.					
SGD 113	SGD Programming	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the fundamentals of programming languages and tools employed in simulation and game development. Emphasis is placed on programming concepts used to create simulations and games. Upon completion, students should be able to program simple games and/or simulations.					
SGD 114	3D Modeling	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the tools required to create three-dimensional (3D) models. Emphasis is placed on exploring tools used to create 3D models. Upon completion, students should be able to create and animate 3D models using 3D modeling tools.					
SGD 116	Graphic Design Tools	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces students to computer-based graphic design tools and their use within the context of simulation and game design. Topics include texture creation, map creation, and introduction to advanced level graphic design techniques. Upon completion, students should be able to competently use and explain industry-standard graphic design software.					
SGD 117	Art for Games	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces students to the basic principles of art and how they apply to simulations and games. Emphasis is placed on learning to develop industry quality concept art for characters and other assets, as well as techniques needed to create such art. Upon completion, students should be able to create their own industry standard concept art for use in SGD projects.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
SGD 134	SG Quality Assurance	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides an introduction to software quality assurance as it relates to simulation and game development. Emphasis is placed on designing testing tools, bug databases, and on learning methodologies required for systematic, detail-oriented testing procedures for the simulation and game industry. Upon completion, students should be able to demonstrate the proper skills to obtain a job as a quality assurance tester in the simulation/game industry.					
SGD 159	SGD Production Management	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the techniques and methods used in interactive game production and how to manage a project. Emphasis is placed on scheduling, production plans, marketing and budgeting. Upon completion, students should be able to manage a team, track production, and understand the process of project management.					
SGD 163	SG Documentation	2	3	0	3
Prerequisites: None					
Corequisites: Local, ENG 111*					
Course Offering Availability: Spring					
This course introduces the techniques and methods used to create simulation and game production and design documents. Emphasis is placed on the design document to include scheduling, production plans, marketing and budgeting. Upon completion, students should be able to create design and produce documents for any simulation or game.					
SGD 164	SG Audio/Video	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces various aspects of audio and video and their application in simulations and games. Topics include techniques for producing and editing audio and video for multiple digital mediums. Upon completion, students should be able to produce and edit audio and video for simulations and games.					
SGD 165	SG Character Development	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the concepts needed to create fictional personality for use in digital videos, animations, simulations and games. Topics include aspects of character, developing backgrounds, mannerisms and voice. Upon completion, students should be able to develop characters and backgrounds for simulations and games.					
SGD 167	SG Ethics	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces principles of philosophy and ethics as they relate to simulation and game development. Topics include moral philosophy and ethics. Upon completion, students should be able to discuss philosophical and ethical issues related to simulation and game development.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
SGD 168	Mobile SG Programming I	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the mobile simulation and game programming process. Topics include mobile simulation/game programming, performance tuning, animation, sound effects, music, and mobile networks. Upon completion, students should be able to apply simulation/game programming concepts to the creation of mobile simulations and games.					
SGD 171	Flash SG Programming	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the Flash programming environment for use in simulation and game development. Topics include timeline effects, extensibility layers, alias text, globalization tools, ActionScript and lingo programming. Upon completion, students should be able to create a simple simulation or game using Flash.					
SGD 174	SG Level Design	2	3	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the tools used to create levels for real-time simulation and games. Topics include level design, architecture theory, modeling for 3D engines and texturing methods. Upon completion, students should be able to design simple levels using industry standard tools.					
SGD 212	SGD Design II	2	3	0	3
Prerequisites: State, SGD 112					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the advanced principles of simulation and game design. Topics include advanced design concepts in simulation and game development. Upon completion, students should be able to design an advanced simulation or game.					
SGD 214	3D Modeling II	2	3	0	3
Prerequisites: State, SGD 114					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces the tools used to create and animate advanced 3 dimensional models. Emphasis is placed on identifying and utilizing the tools required to create and animate advanced 3D models. Upon completion, students should be able to create and animate advanced 3D models using 3D modeling tools.					
SGD 288	SGD Portfolio Design	1	2	0	2
Prerequisites: None					
Corequisites: State, SGD 289					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers the organization and presentation of a simulation and game design portfolio and appropriate related materials. Emphasis is placed on development and evaluation of the portfolio, design and production of a resume and self-promotional materials, and interview techniques. Upon completion, students should be able to prepare and professionally present an effective portfolio and related self-promotional materials.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
SGD 289	SGD Project	2	3	0	3
Prerequisites: State, Take One: SGD 212, SGD 213, SGD 214, or SGD 285					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides students with the opportunity to create a functional simulation or game with minimal instructor support. Emphasis is placed upon verbal and written communication, skill documentation, professional presentation and user training. Upon completion, students should be able to create and professionally present a fully functional simulation or game.					
SOC 210*	Introduction to Sociology	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course introduces the scientific study of human society, culture, and social interactions. Topics include socialization, research methods, diversity and inequality, cooperation and conflict, social change, social institutions, and organizations. Upon completion, students should be able to demonstrate knowledge of sociological concepts as they apply to the interplay among individuals, groups, and societies. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This is a Universal General Education Transfer Component (UGETC) course. This course is also available through the Virtual Learning Community (VLC).</i>					
SOC 213**	Sociology of the Family	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course covers the institution of the family and other intimate relationships. Emphasis is placed on mate selection, gender roles, sexuality, communication, power and conflict, parenthood, diverse lifestyles, divorce and remarriage, and economic issues. Upon completion, students should be able to analyze the family as a social institution and the social forces which influence its development and change. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This course is also available through the Virtual Learning Community (VLC).</i>					
SOC 220**	Social Problems	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring, Summer					
This course provides an in-depth study of current social problems. Emphasis is placed on causes, consequences, and possible solutions to problems associated with families, schools, workplaces, communities, and the environment. Upon completion, students should be able to recognize, define, analyze, and propose solutions to these problems. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Social/Behavioral Sciences. This course is also available through the Virtual Learning Community (VLC).</i>					
SOC 242***	Sociology of Deviance	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Summer					
This course provides an overview of deviant behavior and the processes involved in its definition, causation, prevention, control, and treatment. Topics include theories of causation, social control, delinquency, victimization, criminality, the criminal justice system, punishment, rehabilitation, and restitution. Upon completion, students should be able to identify and analyze issues surrounding the nature and development of social responses to deviance. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
SOC 244***	Sociology of Death & Dying	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Spring					
This course presents sociological perspectives on death and dying. Emphasis is placed on analyzing the different death rates among various groups, races, and societies, as well as various types of death. Upon completion, students should be able to discuss the rituals of death, both cultural and religious, and examine current issues relating to death and dying. <i>This course has been approved for transfer under the CAA and ICAA as a premajor and/or elective course requirement.</i>					
SPA 111**	Elementary Spanish I	3	0	0	3
Prerequisites: Local, DRE 098					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces the fundamental elements of the Spanish language within a cultural context. Emphasis is placed on the development of basic listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with grammatical accuracy to spoken and written Spanish and demonstrate cultural awareness. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts. This course is also available through the Virtual Learning Community (VLC).</i>					
SPA 112**	Elementary Spanish II	3	0	0	3
Prerequisites: State, SPA 111**					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course is a continuation of SPA 111 focusing on the fundamental elements of the Spanish language within a cultural context. Emphasis is placed on the progressive development of listening, speaking, reading, and writing skills. Upon completion, students should be able to comprehend and respond with increasing proficiency to spoken and written Spanish and demonstrate further cultural awareness. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					
SPA 120	Spanish for the Workplace	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course offers applied Spanish for the workplace to facilitate basic communication with people whose native language is Spanish. Emphasis is placed on oral communication and career-specific vocabulary that targets health, business, and/or public service professions. Upon completion, students should be able to communicate at a functional level with native speakers and demonstrate cultural sensitivity.					
SPA 211**	Intermediate Spanish I	3	0	0	3
Prerequisites: State, SPA 112**					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides a review and expansion of the essential skills of the Spanish language. Emphasis is placed on the study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate effectively, accurately, and creatively about the past, present, and future. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
SPA 212**	Intermediate Spanish II	3	0	0	3
Prerequisites: State, SPA 211**					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides a continuation of SPA 211. Emphasis is placed on the continuing study of authentic and representative literary and cultural texts. Upon completion, students should be able to communicate spontaneously and accurately with increasing complexity and sophistication. <i>This course has been approved for transfer under the CAA and ICAA as a general education course in Humanities/Fine Arts.</i>					
SST 120	Energy Use Analysis	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the principles of analyzing energy use, energy auditing tools and techniques, conservation techniques, and calculating energy savings. Topics include building system control theory, calibrating digital controls, energy loss calculations, and applicable conservation techniques. Upon completion, students should be able to demonstrate an understanding of energy use, audits, and controls in the analysis of energy consumption.					
SWK 113	Working with Diversity	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course examines and promotes understanding, sensitivity, awareness, and knowledge of human diversity. Emphasis is placed on professional responsibilities, duties, and skills critical to multicultural human services practice. Upon completion, students should be able to integrate and expand knowledge, skills, and cultural awareness relevant to diverse populations.					
TOM 120	Introduction to Trucking	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course provides an introduction to the history, regulations, safety and security of the trucking industry and various regulatory agencies. Topics include the regulations of the Department of Transportation, Federal Motor Carrier Safety Administration (FMCSA), State Police, OSHA, EPA and local police as related to the trucking industry. Upon completion, students should be able to define the audit process, CSA (Compliance, Safety, Accountability) requirements, safety plans, accident investigation, hours of service, security, and the federal regulations for driving or operating a truck or a large commercial vehicle.					
TOM 130	Fleet Maintenance	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course provides an overview of the fleet maintenance management operations in the trucking industry. Topics include trucking regulations, managing a maintenance shop, key performance indicators (KPI), maintenance management systems, and truck/trailer specifications. Upon completion, students should be able to define the requirements of fleet maintenance management skills in a trucking based company.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
TOM 250	Operations of Trucking I	3	0	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course provides an overview of operating a trucking business. Topics include the business, marketing, economics, finance, accounting, freight brokerage and entrepreneurship aspects of operating a trucking business. Upon completion, students should be able to define the skills and personnel needed to operate a successful trucking business.					
TOM 260	Operations of Trucking II	3	0	0	3
Prerequisites: State, TOM 250					
Corequisites: None					
Course Offering Availability: Spring					
This course covers the advanced aspects of operating a trucking business. Topics include the advanced aspects of business, marketing, economics, finance, accounting, freight brokerage and entrepreneurship aspects of operating a trucking business. Upon completion, students should be able to demonstrate the skills needed to operate a trucking business.					
TRN 110	Intro to Transport Tech	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers workplace safety, hazardous materials, environmental regulations, hand tools, service information, basic concepts, vehicle systems, and common transportation industry terminology. Topics include familiarization with major vehicle systems, proper use of various hand and power tools, material safety data sheets, and personal protective equipment. Upon completion, students should be able to demonstrate appropriate safety procedures, identify and use basic shop tools, and describe government regulations regarding transportation repair facilities.					
TRN 120	Basic Transp Electricity	4	3	0	5
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers basic electrical theory, wiring diagrams, test equipment, and diagnosis, repair and replacement of batteries, starters, and alternators. Topics include Ohm's Law, circuit construction, wiring diagrams, circuit testing, and basic troubleshooting. Upon completion, students should be able to properly use wiring diagrams, diagnose, test, and repair basic wiring, battery, starting, charging, and electrical concerns.					
TRN 130	Intro to Sustainable Transp	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course provides an overview of alternative fuels and alternative fuel vehicles. Topics include composition and use of alternative fuels including compressed natural gas, biodiesel, ethanol, hydrogen, and synthetic fuels, hybrid/electric, and vehicles using alternative fuels. Upon completion, students should be able to identify alternative fuel vehicles, explain how each alternative fuel delivery system operates, and perform minor repairs.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
TRN 140	Transp Climate Control	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Summer and Fall					
This course covers the theory of refrigeration and heating, electrical/electronic/pneumatic controls, and diagnosis and repair of climate control systems. Topics include diagnosis and repair of climate control components and systems, recovery/recycling of refrigerants, and safety and environmental regulations. Upon completion, students should be able to diagnose and repair vehicle climate control systems.					
TRN 140A	Transp Climate Cont Lab	1	2	0	2
Prerequisites: None					
Corequisites: State, TRN 140					
Course Offering Availability: Summer and Fall					
This course provides experiences for enhancing student skills in the diagnosis and repair of transportation climate control systems. Emphasis is placed on reclaiming, recovery, recharging, leak detection, climate control components, diagnosis, air conditioning equipment, tools and safety. Upon completion, students should be able to describe the operation, diagnose, and safely service climate control systems using appropriate tools, equipment, and service information.					
WBL 111	Work-Based Learning I	0	0	10	1
Prerequisites: Local, Program Head Approval					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.					
WBL 112	Work-Based Learning I	0	0	20	2
Prerequisites: Local, Program Head Approval					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.					
WBL 113	Work-Based Learning I	0	0	30	3
Prerequisites: Local, Program Head Approval					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course provides a work-based learning experience with a college-approved employer in an area related to the student's program of study. Emphasis is placed on integrating classroom learning with related work experience. Upon completion, students should be able to evaluate career selection, demonstrate employability skills, and satisfactorily perform work-related competencies.					
WBL 115	Work-Based Learning Seminar I	1	0	0	1
Prerequisites: Local, Program Head Approval					
Corequisites: State, Take One: WBL 111, WBL 112, or WBL 113					
Course Offering Availability: Course offered at the discretion of the Dean					
This is a seminar course designed to enrich the student's work-based learning experience.

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
WEB 110	Internet/Web Fundamentals	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces World Wide Web Consortium (W3C) standard markup language and services of the Internet. Topics include creating web pages, search engines, FTP, and other related topics. Upon completion, students should be able to deploy a hand-coded website created with mark-up language, and effectively use and understand the function of search engines. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
WEB 111	Intro to Web Graphics	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces the creation of web graphics, and addressing problems peculiar to WWW display using appropriate software. Topics include web graphics file types, optimization, RGB color, web typography, elementary special effects, transparency, animation, slicing, basic photo manipulation, and other related topics. Upon completion, students should be able to create graphics, such as animated banners, buttons, backgrounds, logos, and manipulate photographic images for Web delivery.					
WEB 115	Web Markup and Scripting	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces Worldwide Web Consortium (W3C) standard client-side Internet programming using industry-established practices. Topics include JavaScript, markup elements, stylesheets, validation, accessibility, standards, and browsers. Upon completion, students should be able to develop hand-coded web pages using current markup standards. <i>This course is also available through the Virtual Learning Community (VLC).</i>					
WEB 120	Intro to Internet Multimedia	2	2	0	3
Prerequisites: Local, CTI 110					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the creation of rich media for the Internet. Topics include the design, production and delivery of interactive content, rich media, digital video, and digital audio. Upon completion, students should be able to create multimedia projects incorporating graphics, text, video, and audio using industry standard authoring software or web standards.					
WEB 125	Mobile Web Design	2	2	0	3
Prerequisites: Local, CTI 110					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces students to web design for mobile devices. Topics include planning an effective mobile Web site, industry standard Mobile Markup Language, CSS3, multimedia, m-commerce, social media, testing and publishing. Upon completion, students should be able to plan, develop, test, and publish Web content designed for mobile devices.					
WEB 140	Web Development Tools	2	2	0	3
Prerequisites: Local, CTI 110					
Corequisites: None					
Course Offering Availability: Spring					
This course provides an introduction to web development software suites. Topics include the creation of web sites and applets using web development software. Upon completion, students should be able to create entire web sites and supporting applets. <i>This course is also available through the Virtual Learning Community (VLC).</i>					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
WEB 141	Mobile Interface Design	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers current design standards and emerging approaches related to the design and development of user interfaces for mobile devices. Emphasis is placed on research and evaluation of standard and emerging practices for effective interface and user experience design. Upon completion, students should be able to design effective and usable interfaces for mobile devices.					
WEB 151	Mobile Application Dev I	2	2	0	3
Prerequisites: Local, CTI 110					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces students to programming technologies, design and development related to mobile applications. Topics include accessing device capabilities, industry standards, operating systems, and programming for mobile applications using an OS Software Development Kit (SDK). Upon completion, students should be able to create basic applications for mobile devices.					
WEB 180	Active Server Pages	2	2	0	3
Prerequisites: State, CIS 115**; Local, WEB 115					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces active server programming. Topics include HTML forms processing and other issues related to developing active web applications. Upon completion, students should be able to create and maintain a dynamic website.					
WEB 211	Advanced Web Graphics	2	2	0	3
Prerequisites: State, WEB 111					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course covers the advanced concepts related to the creation and manipulation of graphic images for web delivery. Topics include graphics acquisition, use of masks and channels, advanced special effects, advanced photo manipulation, and other related topics. Upon completion, students should be able to create, manipulate, and optimize web graphics with advanced techniques and maintain an online coursework portfolio.					
WEB 213	Internet Mkt & Analytics	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces students to Search Engine Optimization (SEO), Search Engine Marketing (SEM) and web analytics. Topics include Search Engine Optimization (SEO), Pay Per Click advertising (PPC), Search Engine Marketing (SEM), web analytics, eye-tracking software and email marketing. Upon completion, students should be able to set up, monitor and maintain SEO optimized websites; and develop strategies for online marketing and advertizing plans.					
WEB 214	Social Media	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces students to social media for organizations. Topics include social media, marketing strategy, brand presence, blogging, social media analytics and technical writing. Upon completion, students should be able to utilize popular social media platforms as part of a marketing strategy, and work with social media analytics tools.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
WEB 220	Advanced Multimedia	2	2	0	3
Prerequisites: State, WEB 120					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This is the second of two courses covering Internet multimedia. Topics include use of advanced Internet multimedia applications. Upon completion, students should be able to create interactive Internet multimedia presentations.					
WEB 225	Content Management Sys	2	2	0	3
Prerequisites: State, WEB 110					
Corequisites: None					
Course Offering Availability: Course offered at the discretion of the Dean					
This course introduces students to Content Management Systems (CMS) designed for the publication of Web content to Web sites. Topics include individual user accounts, administration menus, RSS-feeds, customizable layout, flexible account privileges, logging, blogging systems, creating online forums, and modules. Upon completion, students should be able to register and maintain individual user accounts and create a business website and/or an interactive community website.					
WEB 250	Database Driven Websites	2	2	0	3
Prerequisites: Local, CTI 110					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces dynamic (database-driven) website development. Topics include the use of basic database CRUD statements (create, read, update and delete) incorporated into web applications, as well as in software architecture principles. Upon completion, students should be able to design and develop database driven web applications according to industry standards.					
WLD 110	Cutting Processes	1	3	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces oxy-fuel and plasma-arc cutting systems. Topics include safety, proper equipment setup, and operation of oxy-fuel and plasma-arc cutting equipment with emphasis on straight line, curve and bevel cutting. Upon completion, students should be able to oxy-fuel and plasma-arc cut metals of varying thickness.					
WLD 113	Soldering and Brazing	1	2	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course covers procedures for cutting, soldering and brazing of pipe and tubing. Topics include safety, proper equipment setup, and operation of soldering and brazing equipment. Upon completion, students should be able to solder and braze pipe, tubing, and fittings in various positions.					
WLD 115	SMAW (Stick) Plate	2	9	0	5
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces the shielded metal arc (stick) welding process. Emphasis is placed on padding, fillet, and groove welds in various positions with SMAW electrodes. Upon completion, students should be able to perform SMAW fillet and groove welds on carbon plate with prescribed electrodes.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
WLD 116	SMAW (Stick) Plate/Pipe	1	9	0	4
Prerequisites: State, WLD 115					
Corequisites: None					
Course Offering Availability: Spring, Summer					
This course is designed to enhance skills with the shielded metal arc (stick) welding process. Emphasis is placed on advancing manipulative skills with SMAW electrodes on varying joint geometry. Upon completion, students should be able to perform groove welds on carbon steel with prescribed electrodes in the flat, horizontal, vertical, and overhead positions.					
WLD 117	Industrial SMAW	1	4	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces the SMAW (stick) process for joining carbon steel components for industrial applications. Topics include padding, fillet, and groove welds in various positions with SMAW electrodes. Upon completion, student should be able to safely perform SMAW fillet and groove welds on carbon steel plate with prescribed electrodes.					
WLD 121	GMAW (MIG) FCAW/Plate	2	6	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces metal arc welding and flux core arc welding processes. Topics include equipment setup and fillet and groove welds with emphasis on application of GMAW and FCAW electrodes on carbon steel plate. Upon completion, students should be able to perform fillet welds on carbon steel with prescribed electrodes in the flat, horizontal, and overhead positions.					
WLD 122	GMAW (MIG) Plate/Pipe	1	6	0	3
Prerequisites: State, WLD 121					
Corequisites: None					
Course Offering Availability: Spring					
This course is designed to enhance skills with the gas metal arc (MIG) welding process. Emphasis is placed on advancing skills with the GMAW process making groove welds on carbon steel plate and pipe in various positions. Upon completion, students should be able to perform groove welds with prescribed electrodes on various joint geometry.					
WLD 131	GTAW (TIG) Plate	2	6	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces the gas tungsten arc (TIG) welding process. Topics include correct selection of tungsten, polarity, gas, and proper filler rod with emphasis placed on safety, equipment setup, and welding techniques. Upon completion, students should be able to perform GTAW fillet and groove welds with various electrodes and filler materials.					
WLD 141	Symbols & Specifications	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces the basic symbols and specifications used in welding. Emphasis is placed on interpretation of lines, notes, welding symbols, and specifications. Upon completion, students should be able to read and interpret symbols and specifications commonly used in welding.					

CURRICULUM COURSES

Course No.	Title	Class	Lab	Work Exp/ Clinical	Credit
WLD 151	Fabrication I	2	6	0	4
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall, Spring					
This course introduces the basic principles of fabrication. Emphasis is placed on safety, measurement, layout techniques, cutting, joining techniques, and the use of fabrication tools and equipment. Upon completion, students should be able to perform layout activities and operate various fabrication and material handling equipment.					
WLD 212	Inert Gas Welding	1	3	0	2
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Fall					
This course introduces inert gas-shielded welding methods (MIG/TIG). Topics include correct selection of consumable and non-consumable electrodes, equipment setup, safety, and welding techniques. Upon completion, students should be able to perform inert gas welding in flat, horizontal, and overhead positions.					
WLD 251	Fabrication II	1	6	0	3
Prerequisites: State, WLD 151					
Corequisites: None					
Course Offering Availability: Spring					
This course covers advanced fabrication skills. Topics include advanced layout and assembly methods with emphasis on the safe and correct use of fabrication tools and equipment. Upon completion, students should be able to fabricate projects from working drawings.					
WLD 261	Certification Practices	1	3	0	2
Prerequisites: State, Take All: WLD 115, WLD 121, and WLD 131					
Corequisites: None					
Course Offering Availability: Fall, Summer					
This course covers certification requirements for industrial welding processes. Topics include techniques and certification requirements for prequalified joint geometry. Upon completion, students should be able to perform welds on carbon steel plate and/or pipe according to applicable codes.					
WLD 262	Inspection & Testing	2	2	0	3
Prerequisites: None					
Corequisites: None					
Course Offering Availability: Spring					
This course introduces destructive and non-destructive testing methods. Emphasis is placed on safety, types and methods of testing, and the use of testing equipment and materials. Upon completion, students should be able to understand and/or perform a variety of destructive and non-destructive testing processes.					

FACULTY & STAFF

ADMINISTRATION

Dr. Stelfanie Williams..... President
 Dr. Levy Brown Interim Vice President of Academic Affairs
 Stacey Carter-Coley, Esq...Interim Vice President of Employee and Student Services
 Steven Graham Vice President of Finance and Operations
 Dr. Ken Lewis...Vice President of Institutional Research and Technology

FACULTY

Allen, PatriceInstructor, Medical Assisting
 Franklin County Campus
 A.A.S., Vance-Granville Community College

Alston, Glenn D.Coordinator/Instructor, Basic Skills Lab
 A.A.S., Vance-Granville Community College; B.T. and M.A., Appalachian State University

Alston-Thompson, Valetter R. Department Chair, Mathematics
 B.S., Winston-Salem State University; M.Ed., North Carolina State University

Andrews, John Instructor, Basic Skills
 Prison Programs
 B.S., Elizabeth City State University; M.S., Grambling State University

Ball, Tammy Instructor, Office Administration
 A.A. and A.S., Vance-Granville Community College; B.S., North Carolina State University

Barney, Stephen..... Coordinator/Instructor, Emergency Medical Services Programs
 A.A.S., Coastal Carolina Community College

Beckstrom, Zachary Instructor, Mathematics
 Warren County Campus
 B.S., University of Southern Mississippi; M.S., North Carolina Central University

Bennett, Tracey Department Chair/Instructor, Early Childhood Education
 B.S. and M.S., North Carolina Central University

Bowling, Brandy..... Instructor, Biology
 B.S., University of North Carolina at Chapel Hill;
 M.S., University of North Carolina at Greensboro

Boyd, Glen.....Assistant Coordinator/ Instructor Law Enforcement BLET/ Corrections
 A.A.S., Vance-Granville Community College

Brackett, John, Dr. Instructor, Music
 B.Mus., Ithaca College; M.A. and Ph.D., University of North Carolina at Chapel Hill;

Brewer, Frederick M.Program Head/Instructor, Automotive Systems Technology
 A.A.S., Vance-Granville Community College;
 Master Certification in Automotive Service Excellence, General Motors Corporation

Brockman, Christopher L.....Instructor, Developmental English/Reading
 B.A., Oakland University; M.A., Eastern Michigan University

Bryan, JasonInstructor, English
 B.S. and M.S., North Carolina State University

FACULTY AND STAFF

- Bynum, Phyllis..... Instructor, Basic Skills
Prison Programs
B.A., Shaw University
- Cameron, Derrick.....Instructor, Business Administration
B.S., University of North Carolina at Chapel Hill; M.B.A., University of Denver
- Cease, Susan S. Instructor, Computer Information Technology
B.B.A., Campbell University; M.S., East Carolina University
- Chaves-Smith, Margaret Instructor, Spanish
B.A., University of Costa Rica; M.A., University of Southern Mississippi
- Clark, Tony Instructor, Criminal Justice Technology
B.A., North Carolina Central University; M.A., Trinity Theological Seminary
- Clarke, Betty.....Instructor, English
B.S., Armstrong Atlantic State University and M.A. State University of West Georgia
- Clements, William.....Program Head, Criminal Justice
B.S., College of Liberal Arts and Social Science and M.S., Walden University
- Coburn, EmilyInstructor, Cosmetology
Diploma, Vance-Granville Community College
- Daughtry, Lewis.....Instructor, Radiography
B.S., University of North Carolina at Chapel Hill; M.B.A., Elon University
- Davis, Jillian..... Instructor, Developmental Mathematics
B.S., Winston Salem State University
- Davis, Teresa.....Program Head/Instructor, Culinary Arts
A.A., Culinary Institute LeNotre
- Dawes, Yamika Instructor, Developmental Mathematics
B.S., North Carolina Agricultural and Technical State University
- Debnam, Marque.....Instructor, Paralegal Technology
J.D. Stetson University College of Law; B.A. Elizabeth City State University
- Dekle, TinaInstructor, Early Childhood
Franklin County Campus
A.A., CCBC Catonsville; A.A.S., Vance-Granville Community College; B.A. Mars Hill College;
M.Div., Southeastern Baptist Theological Seminary
M.A. University of Phoenix
- DeZurik, Pamela R.....Instructor, Health/Physical Education
B.S., East Carolina University; M.H.A., Pfeiffer University
- Dickens, Antoinette.....Program Head/Instructor, Paralegal Technology
B.A., North Carolina Wesleyan College;
Paralegal Certification-American Institute of Paralegal Studies
- Dudding, Tammy.....Coordinator/Instructor, Cosmetology
Diploma and Certificate, Vance-Granville Community College
- Edgerton, Markiesha Instructor, Nursing
B.S., Barton College; B.S., Highpoint University;
M.A., Bowling Green State University; M.S.N., Vanderbilt University

FACULTY AND STAFF

- Edwards, Thomas L.Instructor, Office Administration/Computer Education
 A.A. and A.A.S., Vance-Granville Community College;
 B.A., University of North Carolina at Greensboro
- Epps, James Instructor, Basic Skills
 Prison Programs
 A.A., Georgetown Technical College; B.A., Coastal Carolina University;
 M.B.A./HRM, University of Phoenix
- Evans, WallaceInstructor, Cosmetology
 Diploma, Sir Walter Beauty Academy
- Farmer, Delton.....Instructor, Business Administration
 South Campus
 B.S., North Carolina Wesleyan College; M.B.A., Pfeiffer University
- Feezor, Karen D.....Instructor, Accounting
 B.A. and M.S., North Carolina State University
- Fisher, Robinette.....Instructor, Developmental English
 B.A., East Carolina University
- Fleming, Amy L.Instructor, Commercial Cleaning and Employment Readiness
 Prison Programs
 B.S., Virginia Commonwealth University; M.A., Carolina University of Theology
- Fleming, Erica, Dr.Program Head, Pharmacy Technology
 PhD, Howard University College of Pharmacy
- Folz, Erin Instructor, Mathematics
